Departmental Salaries paid from Outside Votes.

Audit Office, Ottawa, April 6, 1891.

Sir,—Let me call your attention to cheque 58487, of March 28, for $1,441.42, being the pay-list of the chief architect's staff.

This pay-list is charged to the vote of $3,200 for "Covering roofs of boiler houses, Parliament and Departmental buildings." The balance left available for actual work and materials on the roofs is $1,758.48.

55 per cent of the vote will thus be spent on out-door work, and 45 per cent on the clerical and drafting office-work corresponding thereto—or the office work is over 80 per cent of the out-door work.

Would it not be well to avoid such an anomaly in future, by taking a special vote for departmental services, as suggested on page B—394 of my last report?

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Audit Office, Ottawa, April 13, 1891.

Sir,—Since writing to you, April 6, concerning the charge of the chief architect's staff for March to the vote for "Covering roofs of boiler houses," I have considered the question generally, with the following results:

It must be acknowledged, I think, and I have not heard it claimed otherwise, that no employé in a Department is engaged, during any one month, on work connected exclusively with the one building, harbour or other vote from which he is paid. In your

Department, as described in your letter shown at page B—394 of my last report, the pay-lists are charged around "as warranted by the state of the appropriation balances."

Under an appropriation audit of any value, the services must correspond accurately, and item by item, with the votes on which they are charged. Section 44 of the Audit Act is in the same line: "The Auditor General shall ascertain whether the money expended has been applied to the purposes for which the grant was intended to provide."

Since your charges are governed by the "state of the appropriation balances," the items fall haphazard on votes taken for entirely different work: the money expended is not applied to the purposes for which the grants were intended to provide; and the Supply Bill might as well be voted in lump, so far as these services are concerned.

If the employés are engaged on general work, their wages should be charged to a general account. I am distributing all of the expenditure as indicated by you in the meantime; but when the vouchers come in, which will enable me to discriminate the items, I shall transfer to a special account the "departmental services at Ottawa not charged to Civil Government."

At the end of the year, if parliamentary authority has not been obtained (under Civil Government or otherwise), the amount of these services will appear in my report as an "unprovided item." It is at least better to charge them to no vote at all, than to charge them to votes with which they have nothing to do.

This method will also be applied to similar expenditure made by other Departments; and will, I think, be a long step in the direction of representing accurately the details of the public expenditure.

I may add that in the English system of audit, on which our own was modelled, the classifying of expenditure against the proper votes is thought important enough to take up a large part of the correspondence in each report of the Comptroller and Auditor General, and receives marked consideration by the Public Accounts Committee.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

NOTE,—The intention of transferring the "Services at Ottawa" to a special account was not carried out for 1890-91. J. L. McD.

PUBLIC WORKS DEPT., OTTAWA, Oct. 22, 1891.

SIR,—I have to request the passing of the following transfer entry in the accounts of 1890–91:—

Sundries Dr. to Ottawa Buildings, Re-covering Roofs of Boiler-houses		$960 94
Ottawa Buildings, New Vault, Finance Dept	$480 47	
Goderich Post Office	480 47	
		$960 94

being, to each of the latter appropriations, one-third of the sum previously charged to the former for the pay-list of the Chief Architect's staff for March last (P.W. cheque No. 58487.) This is necessary to obviate the anomaly referred to in your letter of April 6 last; and a division somewhat similar was intended at the time, but was neglected in drawing the cheque.

I am, Sir, your obedient servant,

The Auditor General. A. G. KINGSTON, *for Acct. D.P.W.*

AUDIT OFFICE, OTTAWA, Nov. 14, 1891.

SIR,—I have received from the Accountant's Branch of your Department a request to transfer $960.94 from the vote for "Re-covering Roofs of Boiler-houses" to the following votes:

New Vault, Finance Department	$480 47
Goderich Post Office	480 47

This is described by Mr. Kingston as being "to each of the latter appropriations, "one-third of the sum previously charged to the former, for the pay-list of the Chief "Architect's Staff for March last. This is necessary to obviate the anomaly referred to "in the Auditor's letter of April 6 last; and a division somewhat similar was intended "at the time, but was neglected in drawing the cheque."

The Department does not appear to have taken any action on my letters of April 6 and 13, beyond the usual formal acknowledgments. I should like to have a reply to the substance of those letters.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A. G.*

PUBLIC WORKS DEPT., OTTAWA, Dec. 17, 1891.

SIR,—In reply to your letter of April 13 last, calling attention to the fact that the expenditure of money by this Department does not apply in the case of salaries to the purposes for which the grants were made, and that the items fall haphazard on votes taken for entirely different work: I have the honour to point out that, as stated in the letter from this Department, to which you refer in your last Report, it has always been the practice to charge the pay-lists of the officers of the Chief Architect's branch, which was the case under discussion, to any of the various works upon which they were engaged, as warranted by the state of the appropriation balances; and as a matter of fact great care is exercised from month to month in determining the appropriation against which to charge these salaries.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

PUBLIC WORKS DEPT., OTTAWA, Jan. 13, 1892.

SIR,—In reply to your letter of Nov. 14 last, having reference to the transfer of payments from the vote for "Covering roofs of boiler houses" to other votes, and calling attention to your letters of the 6th and 13th April last, I have the honour to inform you that steps are now taking with a view to bring about a change in the mode of the payments referred to by you.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

AUDIT OFFICE, OTTAWA, Feb. 8, 1892.

SIR,—Let me acknowledge receipt of your letter of Dec. 17, 1891, continuing the discussion about charging $1,441.42 of extra clerks to the vote of $3,200 for "covering boiler house roofs."

In this letter you state that "it has always been the practice to charge the pay-lists "of the officers of the Chief Architect's branch to any of the various works upon which "they were engaged, as warranted by the state of the appropriation balances; and, as a "matter of fact, great care is exercised from month to month in determining the "appropriation against which to charge these salaries."

It is therefore admitted that, while the officers are engaged upon various works during a month, they are charged to one vote; presumably for the convenience of the Accountant, to save the trouble of calculating and entering the correct distribution of the wages among the different votes.

If the wages of these departmental officers are not charged to Civil Government, the only other charge recognized by Parliament is against "the works upon which they are engaged." Now, if a man is engaged upon several works during a month, and is charged to only one of them, it is plain that that one is taken at haphazard; unless, for

the sake of argument, you take the work upon which he has spent most of the month: in which case, any men on the same pay-list who have put in most of their month on other works are charged at haphazard any way.

Supposing, however, that the pay-list for a month has been analyzed carefully into a division corresponding accurately with the manner in which the services accrued. You now approach a vote with the intention of charging it with services rendered to it, and not rendered to something else. But, if much money has been spent out of this vote during the year, say on contractors' estimates (causing a large amount of departmental services as a necessary concomitant), the vote has run short; you are not "warranted " by the state of the appropriation balance;" some vote must be charged which has an unexpectedly large balance, and hence has consumed none of the clerical work; or some other vote must be chosen arbitrarily, not connected in any manner with the services rendered, and taken therefore at haphazard as before.

I am pleased to be informed by you, under date of Jan. 13, 1892, that "steps are now taking with a view to bring about a change in the mode of the payments."

I am, Sir, your obedient servant,

The Secretary, Public Works Department. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 15, 1891.

SIR,—I beg to acknowledge receipt to-day of a letter from the Accountant of your Department, asking that "St. Lawrence Ship Channel" be credited with $3,664.10, the wages of extra clerks for March; and that the following votes be charged therewith:—

Campbellton Wharf	$	225 00
Digby Pier		1,146 37
Repairs to piers, Prince Edward Island		1,146 37
Shippegan Breakwater		1,146 36

I should like to be furnished with an explanation of the reasons for making the transfer.

I am, Sir, your obedient servant,

The Secretary, Public Works Department. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Nov. 10, 1891.

SIR,—Let me call your attention to the fact that no answer has been made by your Department to my letter of April 15, 1891 (No. 117361), asking for the reasons for transferring $3,664.10 from "St. Lawrence Ship Channel" to four other votes, as follows:—

Campbellton wharf	$	225 00
Digby pier		1,146 37
Repairs to piers, P.E.I		1,146 37
Shippegan breakwater		1,146 36

As the information asked for has not been given, the transfer is still waiting, and the vote for "St. Lawrence Ship Channel" for 1890–91 is charged with the sum of $3,664.10.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Jan. 22, 1892.

SIR,—In reply to your letter of Nov. 10 last, asking for the reasons for transferring $3,664.10 from the vote "St. Lawrence Ship Channel" to four other votes, I have the

honour to inform you that the transfer was not made, as it was subsequently considered not to be required.

I am, Sir, your obedient servant,

The Auditor General. D. A. MACPHERSON, *Asst. Secy.*

Ottawa Employés still paid by Cash.

AUDIT OFFICE, OTTAWA, Nov. 3, 1891.

SIR.—I notice that many of the employés in your Department, and all of the mechanics and labourers charged to "Repairs and Maintenance of Ottawa Buildings," receive their wages on pay-lists through the hands of a paymaster.

This system has been discarded by all the other Departments, without exception—and their employés at Ottawa are now paid by separate cheques—a system which carries several necessary safeguards and has no practical inconvenience.

Please bring your system into uniformity with the other Departments, by issuing a cheque to the order of each employé for the amount of his wages.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Feb. 8, 1892.

SIR,—Let me call your attention to my letter of Nov. 3, 1891, pointing out that many of the Ottawa employés of your Department are paid by cash instead of by cheques; and requesting that your system be brought into uniformity with the other Departments by issuing a separate cheque to each employé for the amount of his wages.

I have received no reply to this communication; and the December wages were paid by you in the customary manner, Dec. 23, by advances of cash to Paymaster Côté.

I am unwilling to share the responsibility of maintaining this system of payment, which was discarded long ago by other Departments as involving unnecessary risk, and securing less satisfactory receipts from the creditors.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

S. L. Girdlestone—Preparing Public Works Report for 1889-90.

AUDIT OFFICE, OTTAWA, Jan. 28, 1892.

SIR,—Let me call your attention to the following payments in 1890-91 to S. L. Girdlestone for "Preparing the Annual Report of 1889-90," amounting to $200:

53547—Aug. 12, 1890	$50 00
54673—Oct. 3, 1890	30 00
55079—Oct. 20, 1890	50 00
55546—Nov. 10, 1890	20 00
56279—Dec. 10, 1890	10 00
56506—Dec. 22, 1890	20 00
56876—Jan. 7, 1891	20 00

No vouchers have been received at this office showing the nature and quantity of the work done, and the rate paid. Please see that this omission is rectified without delay, as the part of my Report which includes the payments in question is now in type.

Any payment on account of services should be made only on a voucher showing that work has been done at least equal in value to the amount of the payment. This voucher should form part of the monthly accounts presented to this office, whether the transaction has been closed finally or not.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Feb. 8, 1892.

SIR,—Let me acknowledge receipt from the Accountant's Office of your Department under date of Feb. 1, 1892, of the voucher of S. L. Girdlestone for $200, as requested by me Jan. 28.

The voucher reads as follows: "Ottawa, Jan. 7, 1891, Dept. Public Works, to S. "L. Girdlestone, Dr.: For preparing Annual Report of the Minister of Public Works "for the fiscal year 1889-90, $200."

The certificate by Mr. Gobeil reads: "As arranged by the late Deputy Minister and the Minister."

My request of Jan. 28 for details showing the nature and quantity of the work done, has been overlooked. The wording, "preparing Annual Report of the Minister," is ambiguous; the ordinary sense of the words would mean a service which could be performed only by the heads of branches in the Department. That the work is merely clerical is rendered probable by the description of similar payments under the same name in previous years:

1888-89—S. L. Girdlestone, copying 1,650 pages at 10c.; correcting proof, 70 hours at 50c.	$200 00
1889-90—S. L. Girdlestone, copying 1,250 pages at 10c.; correcting proof, 150 hours at 50c.	200 00

A closer description is necessary, in order to show whether all of the restrictions of the Civil Service Act, concerning the employment of extra help, have been observed.

Please give me a calculation showing the nature and amount of, and the rate paid for the work. The work should be certified as done, and the rate as fair and just. I should like also to have an explanation of the delay in rendering the voucher to this Office, between Jan. 7, 1891, the date of the account, and Feb. 1, 1892, the day it reached me.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Artizans at Ottawa paid for Sundays.

AUDIT OFFICE, OTTAWA, Nov. 9, 1891.

SIR,—I notice that the employés on the Clerk of Works' Staff at Ottawa are paid for all the calendar days in the month, as shown by vouchers 61063 and 61526, the pay-lists for July and August:

Clerk of Works, F. Breton, 31 days at $3	$93 00
Clerk, J. D. Gareau, 31 days at $2.75	85 25
Foreman carpenter, J. H. Ellis, 31 days at $3	93 00
Foreman mason, V. Labelle, 31 days at $2.75	85 25
Foreman painter, J. H. Derenzy, 31 days at $2.75	85 25
Foreman roofer, F. Tremblay, 31 days at $2.50	77 50
Foreman labourer, L. David, 31 days at $2.25	69 75
Time-keeper, J. B. Lamontagne, 31 days at $2.25	69 75
Store-keeper, C. Laframboise, 31 days at $2.25	69 75

Please explain why these employés are paid for Sundays.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA Feb. 8, 1892.

SIR,—Please let me have an answer to my letter of November 19, 1891, asking for an explanation of your reasons for paying the Clerk of Works' Staff for Sundays.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Nightwatchman paid as a Carpenter.

AUDIT OFFICE, OTTAWA, April 29, 1891.

SIR,—I have in hand a bill of $85 from Mr. J. B. George Samson for clerical services rendered to the Clerk of the Crown in Chancery between Feb. 4 and March 31, in preparing for the General Election. The items are:

Services, 35 days at $2	$70 00
Nightwork, 50 hours at 30 cents	15 00

In your Repairs Pay-lists for the same period, I find Mr. Samson charged as a carpenter in the House of Commons, as follows :—

57705, Jan. 26 to Feb. 7, 140 hours at 20 cents	$28 00
57897, Feb. 9 to Feb. 21, 140 hours at 20 cents	28 00
58239, Feb. 23 to Mar. 7, 140 hours at 20 cents	28 00
58469, Mar. 9 to Mar. 21, 130 hours at 20 cents	26 00

Mr. Samson informs me that he has been employed as a night-watchman for the last three months, from 6 p.m. to 7 a.m., and that his work for the Clerk of the Crown was done between 9 a.m. and 6 p.m. The physical impossibility of this arrangement was obviated, he explains, by substituting his son, H. Samson, as night watchman for part of the period in question.

If you verify this explanation, please let me have a correction of your pay-lists, showing Mr. J. B. Geo. Samson as a night-watchman instead of as a carpenter, for the period of his own services as a watchman ; and showing Mr. Samson as a night watchman, for the time that he was employed.

A pay-list is not sufficiently accurate when only the time and rate columns are correct. The names should be those of the persons actually performing the work, and the description of their capacity should correspond with their actual occupations.

I am holding Mr. Samson's bill for election services until the pay-lists are amended.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Oct. 29, 1891.

SIR,—Having reference to your letter of April 29, referring to an account of $85 from J. B. Geo. Samson for services rendered to the Clerk of the Crown in Chancery in preparing for the general election, and calling attention to the fact that Mr. Samson's name appears in the Repairs pay-list for the same period as carpenter, although his son, H. Samson, has been performing the work as night-watchman in his place, for part of the period in question ; I have the honour to inform you that the Chief Architect reports : "That the party acting for the Clerk of Works, by Mr. Dubé, Chief Messenger, "House of Commons, and by the time-keeper of this Department, that so far as they "know, J. B. Geo. Samson's son did not do his work between the dates referred to (4th "Feb. to 31st March). J. B. Geo. Samson is a carpenter by trade and is employed as "such, and the time-keeper states that the time returned on the paylists between the "dates referred to is correct."

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secretary.*

AUDIT OFFICE, OTTAWA, Nov. 5, 1891.

SIR,—Let me acknowledge receipt of your 117805 of Oct. 29, concerning the work of Mr. J. B. Geo. Samson, charged as a carpenter in the House of Commons.

After further explanation from Mr. Samson himself, to the effect that his hourly patrol as night-watchman occupied only a part of each hour, and that for some nights he slept between times, with H. Samson to wake him up—there appears room for two opinions as to which of the Samsons was the watchman ; and I waive the objection about the change of the employé's name.

The incorrect description of occupation seems to have occurred in good faith all around; in the Public Works Department, from sending a carpenter as by requisition, and leaving him to do whatever work was ordered by the Commons officers; and in the House of Commons, from the Chief Messenger looking mainly to the value of the work, and not understanding the importance of describing accurately its nature.

The difficulty in this instance will be removed entirely by a certificate showing Mr. J. B. Geo. Samson as night-watchman for the time he has acted in that capacity, and giving the dates for such services.

It would be well to take steps to prevent a recurrence of any similar discrepancy. The Repairs pay-list might be prepared with a separate sheet for each Department, and the proper officer of that Department be requested to certify explicitly to the correctness of such features of the pay-list as are under his control.

I cannot impress upon you too strongly the necessity, in a large system of expenditure like that of the Dominion, of making all vouchers record completely and accurately every essential feature of the transactions which they represent.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Feb. 12, 1892.

SIR,—I do not find that any answer has been received from you to my letter of Nov. 5, concerning the Repairs Pay-Lists at Ottawa.

If your present system is unable to prevent a recurrence of cases like that of Mr. Samson, the officers of the other Departments must certify to the correctness of any of the features of the pay-lists which you leave to their control.

Please see that this is done as soon as possible, say in the pay-lists for March, 1892.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A. G.*

Not Enough Information in Vouchers.

AUDIT OFFICE, OTTAWA, Nov. 11, 1891.

SIR,—Let me call your attention to the fact that many of the items in your expenditure vouchers are not described with enough precision. Some instances of this deficiency are to be found in the following items:—

Voucher 59397, from Jacob Erratt, contains a payment of $375 for a "Combination Billiard Table, complete," for the Lieutenant Governor's Residence, Regina.

Voucher 58756, from J. R. Esmonde, is for $45, in payment of a "Copper Carving Table, for Senate Kitchen."

Voucher 59305, from Harris & Campbell, includes an item of $270 for "Speaker's Chair, House of Commons."

There should be sufficient description of the size, material, or quality of these supplies, to enable a judgment to be formed as to the reasonableness of their cost, by persons who are not in the line of seeing the articles themselves.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A. G.*

St. Lawrence Ship Channel—Special Account.

AUDIT OFFICE, OTTAWA, Nov. 14, 1891.

SIR,—I have received a letter from the Accountant's Branch of your Department, asking for several transfers to be made in the accounts of 1890–91.

All the transfers have been passed except the following: "River St. Lawrence Special Account (50–51 Vic., Chap. 43)" Dr. to "River St. Lawrence Ship Channel,"

$51,342.02. Please let me have your reasons for considering that any part of the $375,000, mentioned in 50–51 Vic., Cap. 43, as payable to the Harbour Commission, is available for expenditure by the Department; especially after the annual votes were taken, which limit the yearly expenditure.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A. G.*

PUBLIC WORKS DEPT., OTTAWA, Jan. 13, 1892.

SIR,—Having reference to your letter of Nov. 14 last, referring to the proposed transfer of $51,342.02 *re* River St. Lawrence Ship Channel, and asking to be informed of the reasons for considering that any part of the $375,000 mentioned in 50–51 Vic., chap. 43, as payable to the Harbour Commission is available for expenditure by this Department: I have the honour to state that in 1889-90 (See Auditor General's Report, page A—55), a sum of $21,614.08, being excess of expenditure over amount of appropriation for that year, was charged against amounts "available under special Acts." Our authority for asking the present transfer is the same as that upon which action was taken in the case above referred to, viz.: 51 Vic., chap. 5, sect. 3, which reads as follows:—

"The Government may, in addition to the payment in the next preceding section, "expend through the medium of said Harbour Commissioners or otherwise in the work of "completing the said channel, the amount remaining unexpended of the sums authorized "by any Act heretofore passed." * * * I may add that the amount still available of the $375,000, deduction being made of the $51,342.02 for which transfer is sought, is $600.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

Kingston Graving Dock—Bancroft & Connolly.

AUDIT OFFICE, OTTAWA, Sept. 10, 1891.

SIR,—Let me acknowledge receipt of your application No. 999 of 1890-91, for $18,000 in favour of Bancroft & Connolly, on account of work done to June 30, 1891, pending receipt of an estimate.

The last estimate in hand, that of March 31, for $239,966.29, was paid up to the amount of $236,000 by your application No. 804 of April 12. A subsequent payment of $20,000 was made June 4, 1891, on Mr. Perley's certificate that work to that value had been done in excess of previous payments, and pending the receipt of an estimate from the Engineer's Office, Kingston. It is now proposed to pay $18,000 additional, on a similar certificate from Mr. Coste that the work was done before June 30; while the detailed estimate is still pending, as far as this office is concerned.

I do not feel justified in passing so large a sum as $38,000 without details. Please prepare an estimate for the work done between April 1 and June 30, 1891, as later work must be charged into 1891-92.

A. C. Bancroft having been proved non-existent, it appears to me that payment should be made in the name of the recognized members of the firm. It would be well to obtain the opinion of the Justice Department as to the safety of an alteration of this kind.

I am, Sir, your obedient servant,

The Secretary, Public Works Department. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 6, 1891.

SIR,—Let me acknowledge receipt of your Application No. 81 for $51,000 in favour of Bancroft & Connolly, for balance of estimate to Aug. 20 on the Kingston Graving Dock.

Please send me a copy of the letter which you received from the Deputy Minister of Justice, stating that payments could safely be made in the name of Bancroft & Connolly, notwithstanding any irregularity in the composition of the firm. It was on sight of that letter, and on an understanding that I should have a copy of it without delay, that I passed the certificate for $18,000.

It was mentioned in Parliament that the Government had in contemplation the taking of steps to recover any sums overpaid to Larkin, Connolly & Co. It would be well, I think, to obtain an opinion from the Justice Department, whether, in paying $51,000 to Bancroft & Connolly, we are not giving up some substantial right which might accrue from the prosecution of other firms of which the Connolly Bros. are members.

I should like to have this payment, and others to Bancroft & Connolly, made under authority of Orders in Council.

I am, Sir, your obedient servant,

The Secretary Public Works Dept. J. L. McDOUGALL, *A. G.*

NOTE.—The sum of $51,000 mentioned above has not yet been paid.—J. L. McDOUGALL, Feb. 12, 1892.

JUSTICE DEPT., OTTAWA, Oct. 2, 1891.

SIR,—Referring to your letters of Sept. 18 and 23, enquiring whether payments in future should be made to the firm of Messrs. Bancroft & Connolly or only to the Messrs. Connolly, as the former has proved not to be a member of the firm, I have by direction to advise as follows :—

Subject to a few exceptions not necessary here to be stated, and in the absence of fraud, any individual or association of individuals may carry on business by whatever name they please, whether using their own or fictitious names.

I understand that in the present case, a certain individual, Hughes by name, did actually execute the contract under the name of A. C. Bancroft. It is true that Connolly in his evidence before a Committee of the House of Commons stated that Hughes (Bancroft) had no interest in the contract, but so far as I know Hughes has never made such a statement.

Under these circumstances it seems to me that the cheques in payment of any money due the contractors had better be drawn in favour of the persons named in the contract, viz., Andrew Charles Bancroft, Nicholas Karrel Connolly and Michael Connolly, leaving them to get the money from the bank as best they may.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. R. SEDGEWICK, *D.M.J.*

Order in Council, Jan. 12, 1892.—On a memo., dated Jan. 11, 1892, from the Acting Minister of Public Works, submitting the annexed statement from the Acting Chief Engineer of Public Works, and recommending that authority be given to pay Bancroft & Connolly, in connection with their contract for the construction of the Dry Dock at Kingston, the sum of $32,000, representing the value of the work performed by them since the stoppage of payments by the Department of Public Works on account of the same up to Dec. 31 last ; the Department still owing the contractors on account of work performed and security deposited ($20,000) the total estimated sum of $90,000. The Committee advise that the requisite authority be granted.

JOHN J. McGEE, *C. P. C.*

Memo. attached to Order in Council of Jan. 12, 1892.—On August 25, 1891, Progress Estimate No. 14 was issued in favour of Bancroft & Connolly for work done by them on the Kingston Graving Dock up to Aug. 20. Gross amount of estimate No. 14, $338,901.09 ; payments to Sept. 8, $274,000 ; leaving a balance of $64,901.09 due to the contractors on Estimate No. 14. On Oct. 2 an application was sent by the Public Works Department to the Auditor General for a further payment of $51,000 on.

account of Estimate No. 14 ; but this payment was refused by the Auditor. Since Oct. 2, the date of the refusal of payment by the Auditor General, the contractors have performed work, up to Dec. 31, to the value of about $32,000 ; as shown by Estimate No. 15, rendered in their favour for work done up to Oct. 31, amounting to $361,646.85, and by a report of the Resident Engineer estimating the work done between Oct. 31 and Dec. 31 at about $9,000.—LOUIS COSTE, *Acting Chief Engineer*, Jan. 12, 1892.

Note by the Auditor General—The cheque for $32,000 was drawn in the name of "A. C. Bancroft, N. K. Connolly and M. Connolly."

Three Rivers' Custom House—Insufficient Details.

AUDIT OFFICE, OTTAWA, April 2, 1891.

SIR,—I beg to acknowledge receipt of your application No. 765 for $142.45, in favour of J. C. Boivert, for carpentering at the Three Rivers' Custom house. I find it difficult to obtain a clear idea of the work which has been done. Please let me have a copy of the architect's instructions to the carpenter. From the face of the voucher, and unless other supplies were used, the time seems to be in excess of that warranted by the materials.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, April 15, 1891.

SIR,—In reply to your letter of April 2, asking for particulars respecting application No. 765, for $142.45, in favour of J. C. Boivert for carpentering at the Custom house, Three Rivers, I have the honour to inform you that the Chief Architect states that the quantity of material required in work of this nature is no criterion as to the time involved in performing it.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

AUDIT OFFICE, OTTAWA, April 16, 1891.

SIR,—Let me acknowledge receipt of your 116901 of April 15, in which the chief architect states that, in accounts like the one under discussion, the quantity of lumber used forms no criterion of the carpenter's time while working on it.

As mentioned in my letter of April 2, the voucher is not intelligible as it stands, and it needs further explanation. Please let me see the specification.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Sept. 15, 1891.

SIR,—Having reference to your letter of April 16 last, I have the honour to enclose to you herewith a copy of a report from our local architect at Three Rivers, together with an account in detail in further explanation of our application No. 765, for $142.05, for repairs made at the Custom house, Three Rivers, and to enquire whether this is sufficient to enable you to pass the said application.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secretary.*

Ottawa Printing Bureau—Final Estimate.

AUDIT OFFICE, OTTAWA, Nov. 3, 1891.

SIR,—Let me acknowledge receipt yesterday of your application No. 195 for $2,987.20 in favour of John E. Askwith, being the balance of $175,737.20 for work done on the Printing Bureau as follows:—

Contract, $94,000—less deductions, $3,535.75	$90,464 25
Additional work outside of contract	85,272 95

Of the first thirty-three items of additional work, only four are supported by any description of magnitude, number or rate. Please let me have similar information for the other items.

I notice that the estimate was certified by Mr. Lecourt, March 18, and by Mr. Ewart, Aug. 8; while the application to me for payment is marked "Nov. 2: Please rush." We will make every reasonable effort to facilitate the payment; but if our examination is is to be of any value, and if Mr. Askwith needed his money by Nov. 2, it ought to have been possible to make a more equable division of the available time between the Architect, the Department and the Audit Office.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Regina Industrial School—Final Estimate.

AUDIT OFFICE, OTTAWA, Aug. 14, 1891.

SIR—Let me acknowledge receipt of your application for $310.63 in favour of Williams & Willoughby, being the balance of an amended final estimate for Regina Industrial School, dated June 1, 1891, amounting to $39,749.15.

Please describe the nature of the information which has caused you to consider no longer final the Final Estimate dated Nov. 15, 1890, amounting to $39,438.52.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Aug. 18, 1891.

Memo. re Industrial School, Regina, N.W.T.—On the 11th Dec., 1890, Mr. Peters returned final estimate in favour of Williams & Willoughby, Contractors for the Regina Industrial School amounting to $39,438.52 and a cheque for the sum of $2,438.52, being the balance due on the final estimate, was mailed to Mr. Peters along with final receipt, for the contractors' signature. The contractors refused to accept this amount as full and final payment and would not sign the receipt. Mr. Peters accordingly returned the cheque and unsigned receipt. The contractors then fyled their claim amounting to $39,943.29. This claim was sent to Mr. Peters, who reported and returned an amended final estimate recommending that $39,749.15, be paid the contractors, less previous payments. This amended estimate was examined and found correct.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. THOS. FULLER, *Chief Architect.*

Rideau Hall—Filling Ice-House.

AUDIT OFFICE, OTTAWA, April 27, 1891.

SIR,—In the payments for "Rideau Hall," I notice a voucher No. 57947 for $66.08 in favour of C. A. Christin for filling the ice-house at Rideau Hall with 944 blocks of ice at 7 cents. Please let me have your reasons for considering this as a public service. I regard it otherwise.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Feb. 8, 1892.

SIR,—Please let me have an answer to my letter of April 27, 1891, asking for an explanation of your reasons for considering as a public service the filling of the ice-house at Rideau Hall.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Dominion Buildings—List Wanted.

AUDIT OFFICE, OTTAWA, April 18, 1891.

SIR,—In comparing your expenditure on Dominion Buildings (as shown at pages C—1 to C—11 of my Report for 1889-90), with the expenditure made by Departments occupying the buildings, I find several instances where the services of heating, lighting, and furnishing are charged partly to "Dominion Buildings," and partly to such votes as "Customs," "Immigration," or "Penitentiaries."

The classification of all similar expenses under the same head is both a help in finding the total cost of a given service, and a safeguard against accidental duplicate payment of accounts.

Please let me have a list of the Dominion Buildings for which you assume complete responsibility, and for whose maintenance the "Dominion Buildings" votes are intended to provide. I may infer that for all other buildings the Departments occupying them pay the whole cost.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Feb. 8, 1892.

SIR,—Please let me have an answer to my letter of April 18, asking for a list which would separate the Dominion offices for whose maintenance the Public Works Department contemplates providing, from those whose rent, heating, &c., are left to be paid by the Departments occupying them. In the accounts themselves I have not as yet been able to trace any fixed line of separation.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Belœil Piers—Prices paid for Timber.

AUDIT OFFICE, OTTAWA, March 13, 1891.

SIR,—Let me call your attention to the accounts of Hurteau et Frère for timber supplied for the Belœil Piers in August, 1890. The bills are as follows:—

Hemlock, 12 x 12 :	2,376	running feet at	16c.....	$ 380 16
Hemlock, 10 x 12 :	330	do	16c.....	52 80
Hemlock, 6 x 12 :	1,922	do	13c.....	249 86

Thirteen cents for 6 x 12 timber, compared with sixteen cents for 12 x 12, makes an allowance of ten cents for sawing each running foot.

Please give me any further information you may have in hand concerning the apparent disproportion between the prices.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Oct. 19, 1891.

SIR,—In reply to your letter of March 13 last, calling attention to the accounts of Messrs Hurteau et Frère for timber supplied for the Belœil Piers in August, 1890, and

asking information respecting apparent disproportion between the prices: I have the honour to state that the 12 x 12 timber was delivered in the round and flatted on the work; and the 6 x 12 timber was sawn on the four faces.

I am, Sir, your obedient servant,

The Auditor General. D. A. MACPHERSON, *Asst. Secy.*

Inspection of Electric Light Meters.

AUDIT OFFICE, OTTAWA, March 13, 1891.

SIR,—Let me acknowledge receipt of your application No. 731 for $422.75 in favour of the Chaudière Electric Light Co., for lighting the Ottawa Post Office for January and February, 1891. The bill contains an item of "41,600 hours at 1 cent," the time being taken from a meter. Please inform me of any steps which may have been taken in the direction of testing the meter—similar to the inspection required for gas-meters.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

POST OFFICE, OTTAWA, May 15, 1891.

SIR,—I beg to inform you that on the night of the 14th instant a test was made of the electric meter in this office. At 27½ minutes past eight the index hand of the 10s dial was at 0, and that of the 100s at 7, and there were lighted:—82 16-candle lamps; 1 32-candle lamp; 4 25-candle lamps; 2 50-candle lamps; or say 96½ lamps of 16-candle power. The same lamps were kept lighted, and at 27½ minutes past nine the index hand of the 100s dial had not yet reached 8, and the 10s hand indicated that 94½ ampères (94½ cents) of electricity had been used.

Yours very truly,

The Secretary, Public Works Dept. J. A. GOUIN, *P.M.*

Quebec Water Works.

AUDIT OFFICE, OTTAWA, May 22, 1891.

SIR,—I am passing to-day your Application for $756 in favour of the Quebec Water Works, in view of the fact that the other items of their schedule have gone through heretofore without objection. The resolution of the Quebec City Council dated May 12, 1885, fixes the following water rates on Dominion property:—

Artillery Barracks and dependencies	$1,125
Queen's Wharf and Stores	750
Marine Hospital	800
Commissariat Offices and dependencies	150
Court House and Old Officers' Quarters	600
Post Office	750
Garrison Club	150
Laboratory and Cartridge Factory	150

Please get calculations made, comparing these charges with the sums which private persons would have to pay on equal assessments and rates. If the arbitrary charges against the Dominion exceed those which would be based on the common assessment, the Corporation of Quebec—like that of Toronto—is evading the exemption of Dominion property from general taxation.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

THE OFFICE OF THE CHIEF ARCHITECT,

SIR,—*Re Dominion Public Buildings, Quebec, P.Q., Water Supply.*—On the 7th instant, at Quebec, as per instructions, I called at the Waterworks Office, and was in-

formed that the charges embodied in the resolution of the City Council dated May 12, 1885, were fixed by deliberation of the Waterworks Committee, and were based on the common assessment—*i.e.* a rate of 1$2\frac{1}{2}$ cts. on a rental of 6 per cent of the valuation of the property—and further that no record of the valuations placed on the various premises was made, but the following list of valuations which are quoted from the published list of valuations of unassessed property in the City of Quebec corroborates the statement of the officials :

Artillery Barracks	$150,000 00
Queen's Wharf and Stores	100,000 00
Marine Hospital	100,000 00
Commissariat Offices	30,000 00
Court House, &c	60,000 00
Post Office, &c	100,000 00
Garrison Club	25,000 00
Laboratory, &c	(No valuation in list.)

Of the above the Marine Hospital and the Court House appear to have been rated higher by the Committee than they are in the list, while the Commissariat Offices and the Club have been rated lower. The others agree, excepting the Laboratory buildings, of which I have no data to go upon.

I am, Sir, your obedient servant,

The Chief Architect. WALTER R. BILLINGS.

Coal for Government House, Regina.

AUDIT OFFICE, OTTAWA, April 17, 1891.

DEAR SIR,—Let me acknowledge receipt of your application No. 792, covering a bill for $568.93 from J. A. MacCaul, for 37·677 tons of coal at $15.10 delivered at the New Government House, Regina, to be charged to "Heating Dominion buildings."

Previous payments by your Department for the same service were :—No. 492, $151 for 10 tons delivered Nov. 29, 1890; and No. 660, for 10 tons delivered Jan. 29, 1891.

Among the cheques drawn at Regina by Lieut. Gov. Royal for "expenses of Government in the North West Territories," I find two payments to Mr. MacCaul for coal at $15.10 as follows: Nov. 1, 1890—35·637 tons, $538.12; Feb. 2, 1891—11·7 tons, $176.67. These are marked "Government House," and are presumably for the old residence.

Please let me know of any reasons there may have been for charging these supplies to two different accounts, and arrange with the Interior Department for a transfer one way or the other, to get them under the same head.

When did the Lieut. Governor move into the new residence, and what classes of expenditure may now be looked for on account of the old building?

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Certificates of delivery of Coal.

AUDIT OFFICE, OTTAWA, Oct. 6, 1891.

SIR,—Let me acknowledge receipt of your application No. 87 for $2707.78 in favour of Morrison & Lawlor, for coal delivered at the Dominion buildings in St. John.

I shall need for this, and all other coal vouchers, similar information to that demanded recently in connection with Ray & Co.'s bill, namely, a schedule of delivery, supported by the weighmaster's checks, and certified by the Government officer who took over the coal.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Oct. 13, 1891.

SIR,—Having reference to your request that accounts for payment of coal for public buildings throughout the Dominion should in every case be accompanied by a weigher's certificate: I have the honour to explain that when the caretakers were instructed to receive the coal, this was not considered necessary; and in many cases it will be difficult and perhaps impossible now to obtain them. In order to avoid delay, this Department will be very glad if you can pass the accounts as they come in; and in the meantime we will endeavour to get those certificates, and at the same time instruct all the caretakers to send them in future.

I am, Sir, your obedient servant,

The Auditor General. D. A. MACPHERSON, *Asst. Secy.*

AUDIT OFFICE, OTTAWA, Nov. 11, 1891.

SIR,—Let me acknowledge receipt of your 122402 of Oct. 13, explaining that it has not been considered necessary to preserve the Weighmasters' certificates for coal, but that in future they will be kept and attached to the vouchers. I am passing any coal accounts now in hand, on the understanding that the new system will be brought into operation as soon as practicable.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Sept. 11, 1891.

SIR,—Let me acknowledge receipt of your application No. 53 in favour of Brown & Heming for $220, for 40 tons of coal for the Port Hope Post Office.

The coal is described by Brown & Heming as "delivered at Public Building;" and the voucher is marked "certified correct, Levi Reynolds, caretaker."

As remarked in a previous similar case, it is not enough for the certifier to assume indefinitely the correctness of whatever is written into the bill. He must show that he had the idea of actual delivery specially under consideration, by making explicit mention of "Materials supplied" in his certificate.

The application and vouchers are returned herewith, for the desired alteration.

I am, Sir, your obedient servant,

The Secretary, Public Works Department. J. L. McDOUGALL, *A.G.*

Boucherville Pier accepted instead of Cash Contribution.

AUDIT OFFICE, OTTAWA, July 9, 1891.

SIR,—I beg to acknowledge receipt of your application No. 945 in favour of the Secretary-Treasurer of the Municipality of Boucherville for $400, being the balance of $3,200 for cribwork and approach, work done to the "Boucherville Pier, as per specification and plan accepted by the Department, the cost agreed upon being $3,200."

Please let me have information as to the quantity of work done.

The vote reads: "To complete Boucherville Pier, $1,200; the local authorities furnishing $1,000." Has the local contribution been made?

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, July 19, 1891.

SIR,—I beg leave to give herewith the information asked for in Ref. No. 119824, being a letter from the Auditor General, relative to the "Boucherville Pier."

The work performed by the Municipality of Boucherville, under an agreement with the Department, consisted in building an approach from the shore to the outer block.

This approach is 175 feet in length, 20 feet in width, with an average height of 9½ feet, and consists of solid crib work, sheeted on both sides with 3 in. pine plank.

The block or wharf proper was also raised 2 feet, and the plank covering renewed. The total amount of crib work was 35,849 cubic feet.

With regard to the cost agreed upon with the municipality ($3,200), the amount is made up thus:—The sum of $1,200 was voted in the estimates of 1890-91; and in the Supplementary Estimates, 1890-91, brought down this session, you will find, page 6, item 49—"Boucherville Pier, local authorities furnishing $1,000, revote of lapsed amount "G. G. warrant, $2,000," which two amounts make up the $3,200.

The block at the outer end of the pier, which is built in a depth of 6 feet at low water, has a dimension of 54′ 6″ by 23′, and contains 18,802 cubic feet. This block was built three years ago by the municipality, and was accepted by the Department as the contribution of the municipality in lieu of the $1,000.

I remain, Sir, yours respectfully,

The Acting Chief Engineer, P. W. Dept. F. M. HAMEL, *Asst. Eng.*

Audit Office, Ottawa, July 25, 1891.

Sir,—Let me acknowledge receipt of your 119824, concerning the claim of Municipality of Boucherville for work done on the cribwork and approach to Boucherville Pier.

Mr. Hamel reports: "The block at the outer end of the pier was built three years "ago by the municipality, and was accepted by the Department as the contribution of "the municipality in lieu of the $1,000."

This case presents a difficulty similar to that of the Chesterville dam, discussed on pages B–402 and B–403 of my Report for 1889-90. In preparing the Appropriation Account for the $1,200 vote of 1890, the local contribution of $1,000, to which the vote is to be added, must be construed as money paid in, or work performed after the date of the vote. The transference of ownership of a structure previously in existence is not a contribution which will fulfill the intention of the Supply Bill.

There is also another difficulty, arising from the description of the Supplementary Vote. The two votes read thus:

1890—Boucherville Pier (Local authorities furnishing $1,000), to complete	$1,200 00
1891—Boucherville Pier (Local authorities furnishing $1,000)	2,000 00

I interpret this as meaning that the municipality has to pay two sums, namely: $1,000 as a condition of the $1,200 being spent, and $1,000 more as a condition of the Supplementary Vote of $2,000 being spent.

On this reasoning, and assuming that the $2,000 and the second $1,000 are to be drawn on *pro rata*, the $3,200 of work would be charged as follows:—

Against the vote of $1,200	$1,200 00	
Against the first local $1,000	1,000 00	
Against the vote of $2,000	666 67	
Against the second local $1,000	333 33	
		$3,200 00

But we have paid $2,800 already. Please ask the Municipality of Boucherville for a refund of $933.33. I return the application for $400, which I am unable to pay.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Audit Office, Ottawa, Feb. 8, 1892.

Sir,—Let me call your attention to my letter of July 25, 1891, concerning the claim of the Municipality of Boucherville.

My opinion, that the naming of a local contribution in two separate Supply Bills called for two local contributions, was over-ruled by the Treasury Board in the case of

"Owen Sound"; and the Boucherville claim was paid by one of your Departmental cheques, Sept. 30.

There still remains the objection raised in the third paragraph of my letter of July 5,—that the local contribution called for by the wording of the Supply Bill should be cash paid, or work performed after the date of the vote. It is not enough merely to transfer the ownership of an existing structure. The vote was granted for improvements to the work as it stood at the time, on condition that the municipality should help in the improvement. This the municipality has not done.

I am, Sir, your obedient Servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Cacouna Pier—Wages not receipted.

AUDIT OFFICE, OTTAWA, Nov. 3, 1891.

SIR,—Let me call your attention to Voucher 59645, a pay-list for repairs at Cacouna Pier in April, 1891. The 36 names on the list are entered in the receipt column without remarks, as if all the workmen had receipted in their own hand. At least 24 of the signatures, however, are in the same writing, and are therefore worthless as receipts. Please find out who signed these names, and get valid receipts from the men who earned the money.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Grande Rivière Wharf—Location and Plans Changed.

AUDIT OFFICE, OTTAWA, Dec. 28, 1891.

SIR,—Let me acknowledge receipt of your application No. 284 for $9,143.98 in favor of F. B. Atkinson, for balance of final estimate of work done at Grande Rivière.

Regarding the item of $624 for "Ballast necessitated by heavy settling of wharf all over," I should like to have the Chief Engineer's reasons for considering this as a Government liability, instead of as a risk taken by the contractor.

The main item, 286,000 ft., is paid at $15,350, being the amount of the tender for 266,818 ft.; and the additional work is reckoned at 105,362 ft. over and above 286,000 ft. Am I placing a proper construction on the figures by assuming that 19,182 ft. is not paid for?

Mr. Breen's certificate, that "the value of work performed and materials furnished is $26,433.98," is near enough to the sense of Sec. 33 of the Audit Act to occasion no delay in payment; but it would be better to adhere closely to the Section, and make the certificate apply to the rates or prices, and not to the total value of the work.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Jan. 12, 1892.

SIR,—In answer to the letter from the Auditor General, in connection with an application for $9,143.98 in favour of F. B. Atkinson for balance of final estimate for work done at Grande Rivière, P. Q., I beg to state the following:

The item of $624, for ballast necessitated by heavy settling of wharf all over, is very properly a Government liability, inasmuch at it was placed outside the cribwork to prevent scouring.

The quantity of work on the original plan was figured at 266,818 cubic feet, and the amount of the tender was $15,350; and it might therefore appear that 19,182 cubic feet have not been paid for, inasmuch as the quantity of work actually done is figured at 286,000 cubic feet, and the same amount of $15,350 only is given in payment.

The reason is that the location of the work was changed, which entailed a change in the plan and the building of this extra quantity.

The work on the second location being a little easier in constructing, the contractor did not lose anything by the change.

Hoping this will prove satisfactory to the Auditor General.

I remain, Sir, your obedient servant,

The Secretary, Public Works Dept. LOUIS COSTE, *Act. Chief Eng.*

AUDIT OFFICE, OTTAWA, Jan. 13, 1892.

SIR,—Let me acknowledge receipt of your 125090 of Jan. 12, with explanations concerning Mr. Atkinson's work at Grande Rivière.

Mr. Coste mentions, in his report, that there was a change in the location of the work, which entailed a change in the plan, and the building of an extra quantity ; but that as the work on the second location was a little easier, the contractor did not lose anything by the change.

On account of the departure from the specifications and contract, it will be necessary to have a certificate that the prices are fair and just.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

PUBLIC WORKS DEPT., OTTAWA, Jan. 14, 1892.

SIR,—Having reference to your letter of yesterday returning the application and final estimate in favour of F. B. Atkinson, I have the honour to send those to you again, marked by the Acting Chief Engineer in accordance with your request.

I am, Sir, your obedient servant,

E. F. E. ROY, *Secy.*

The Auditor General.

New Carlisle—Inspector Day paid after close of Contract.

AUDIT OFFICE, OTTAWA, March 14, 1891.

SIR,—In the examination of your expenditure on "New Carlisle Pier" for 1890–91, I notice that whereas the final estimate of Heney & McDonald is dated June 30, 1890, the Inspector, Mr. Oswald Day, was paid to Sept. 6, 1890, being 59 week-days at $2.50.

It would be well to have, attached to the vouchers, a description of the work on which he was engaged after the completion of the final estimate.

In voucher 54784 (cheque for $53.50 to Thomas Breen),—the pay-list for "as certaining repairs to be done,"—the first two items, "Alph. Gagné, $24," and "Ed. Gagné, $16," have not been receipted.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

River St. Louis—Inspector Denault paid after close of work.

AUDIT OFFICE, OTTAWA, Feb. 12, 1892.

SIR,—Let me call your attention to expenditure made on "River St. Louis," in 1890-91.

Exclusive of payments made to Mr. G. B. Denault, the wharfinger at Valleyfield, of $1.50 a day as sustenance while overseeing the works at River St. Louis, the local services accrued as follows :

1890, August :	Pay-lists and accounts.....	$1,053	00
1890, September	do	2,411	85
1890, October	do	572	66
1890, November	do	55	36
1890, December	do	7	00

Although the work ceased about the end of Nov., 1890, Mr. Denault received his sustenance-allowance of $1.50 a day up to June 16, 1891.

Please obtain a statement of the number of days on which Mr. Denault left his home at Valleyfield to visit the River St. Louis works, during the period between Nov. 1, 1890, and June 16, 1891.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Quebec—Engineer Breen's Office Rent.

AUDIT OFFICE, OTTAWA, Nov. 14, 1891.

SIR,—Let me call your attention to the sub-vouchers for $12, a month for office rent, attached to the accounts rendered by Mr. Thos. Breen, the Resident Engineer at Quebec.

The sub-vouchers are made out in the name of C. O'Leary, Mr. Breen's landlord ; but they are in Mr. Breen's own handwriting, and they are not receipted by Mr. O'Leary himself. Recent examples of this are : March, 58771 ; April, 59113 ; May, 59985 ; June, 60527 ; July, 61311 ; August, 61555.

Since part of Mr. Breen's duty is to certify the accounts for the expenditure on works under his charge, he should know the difference between good and bad vouchers. It is difficult to follow Mr. Breen in his notion that bills made out by himself can add any proof to the entries made by him in his accounts.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Jan. 9, 1892.

SIR,—Having reference to your letter of Nov. 14 last, calling attention to the sub-vouchers for $12.00 a month for office rent attached to the accounts rendered by Thos. Breen, the Resident Engineer at Quebec, I have the honour to inform you that the $12 above referred to is an allowance for office rent, Mr. Breen's office being in his own house. This arrangement was made for the sake of economy, as should Mr. Breen have to take an office outside his own house the expense would probably be some $300, including rent, cleaning, taxes, &c.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

Kingsville Harbour—Payments for Overtime.

AUDIT OFFICE, OTTAWA, Nov. 3, 1891.

SIR,—Let me call your attention to Voucher 60581, the June pay-list for repairs at Kingsville Harbour. Some of the payments are as follows :—

Geo. Rumble, foreman, 13 days at $2.50.....	$32	50
do overtime, 10 days at $2.50.....	25	00
Albert Malott, mechanic, 13 days at $1.75.....	22	75
do overtime, $4\frac{1}{4}$ days at $1.75.....	7	43
Geo. Broadwell, labourer, 13 days at $1.50.....	19	50
do overtime, $3\frac{1}{2}$ days at $1.50	5	25
Orlando Bailey, labourer, 13 days at $1.50	19	50
do overtime, $2\frac{3}{4}$ days at $1.50.....	4	12

There should be some explanation of the method by which the overtime was calculated, and of the fact that the foreman made 10 days' overtime in 13 days.

The voucher of $435.57 for David Conklin, for ash, oak and elm, is receipted "David Conklin, per G. R." in the handwriting of Foreman George Rumble. This is valueless. Mr. Paymaster Côté should be instructed to take no receipts of this kind.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Dec. 9, 1891.

SIR,—With reference to a letter from the Auditor General calling attention to the June pay-list for repairs at Kingsville Harbour, I beg to state the following :

During the fiscal year 1890–91, the sum of $1,200 was voted by Parliament for repairs to the piers at Kingsville Harbour ; but owing to some unknown reason the order to commence operations was issued only on June 12, 1891 ; and as the eastern pier had become very much wrecked—in fact, not safe for the landing of passengers and freight— it was important to have as much work done as possible before June 30, and the foreman of the works was accordingly instructed to work overtime, the foreman being allowed double pay after the ordinary working hours. A very large amount of work was done in the time—the amount expended being $747.68.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. LOUIS COSTE, *Act. Chief Eng.*

McGregor's Creek—Damage to Buildings.

AUDIT OFFICE, OTTAWA, Nov. 6, 1891.

SIR,—Let me acknowledge receipt of your application No. 169 for $250 in favour of Taylor & Williamson, of Chatham, for "amount offered by the Department, and accepted by Taylor & Williamson in full and final settlement of all claims for damage to their buildings in the Town of Chatham, on McGregor's Creek."

I shall need more information concerning this claim, sufficient to show that the Government is under a liability. Also, there should be a report from the Government officer who assessed the damage, supported by the statement that he speaks from personal knowledge.

The idea contained in the certificate-form of Sec. 33 of the Audit Act, "prices fair and just," is adapted by Mr. Louis Coste into these words to suit the nature of this transaction : "I certify that the above amount has been offered by the Department, and accepted in settlement of the claim." A little reflection will show that acceptance of settlement by a creditor is evidence rather against, than for, the fairness and justness of the price. The sense of this certificate should be that the allowance is not high—meaning, in the wording, of the Election Tariff (Cons. Stat., cap. 8, sec. 121) that it is a "fair and just, but economical remuneration."

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Owen Sound—Certificate Needed from Local Inspector.

AUDIT OFFICE, OTTAWA, Nov. 5, 1891.

SIR,—Let me acknowledge receipt of your application No. 171 for $792, in favour of Porter, Reed & Canan, for dredging at Owen Sound, being 99 hours at $8.

The bill is certified by Mr. H. A. Gray, the Engineer at Toronto, as "work performed, price fair and just."

It is not probable that Mr. Gray stayed on the spot at Owen Sound during the whole twelve days, to certify the number of hours from personal knowledge. There

should be attached to the voucher a certificate from the Local Inspector, who kept the time of the dredge.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A. G.*

PUBLIC WORKS DEPT., OTTAWA, Nov. 20, 1891.

SIR,—In compliance with the request contained in your letter of Nov. 5, respecting application No. 171, for $792 in favour of Messrs. Porter, Reed & Canan, I have the honour to send you herewith enclosed the Local Inspector's certificate in connection with work, and to request that you will return the same to the Chief Engineer's Office.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

AUDIT OFFICE, OTTAWA, Dec. 1, 1891.

SIR,—Let me acknowledge receipt of your application No. 237 in favour of Porter & Reid for $11,000, leaving $498.43 unpaid on their final estimate of $45,788.43 for Owen Sound Harbour.

The estimate is imperfect in the sense noted in several previous cases, namely: it is not certified by either of the Local Inspectors, Thos. McDowell or Robert Hoath, who would be naturally the persons to watch the materials going into the work, and to make the final measurements.

The estimate in hand, for work up to Oct. 21, is signed by Mr. H. A. Gray, the Engineer, at Toronto Oct. 22. There is no evidence that Mr. Gray has spent time enough on the spot to make him conclusive as sole certifier. And that Mr. Gray sometimes certifies without visiting the works, I demonstrated in my letter to you of March 20, 1890,—a letter which, by the way, has received no notice beyond your formal acknowledgment.

I shall be obliged to hold the present application, pending the Local Inspector's certificate that the work is done, and Mr. Gray's certificate that the rates in the $4,434.09 bill for extras are fair and just. I regret any inconvenience which this may cause to Messrs. Porter & Reid, but the estimate appears to have been in the Public Works Department for over five weeks.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Dec. 4, 1891.

SIR,—No. 124304 contains a letter from the Auditor General in connection with an application in favour of Porter & Reid for $11,000 on account of final estimate for work done by them at Owen Sound.

In that letter the Auditor General states that the Estimate is imperfect, because it is not certified by the local inspectors, who, he says, would naturally be the persons to watch the materials going into the work and to make the final measurements.

I cannot agree with the Auditor General in his contention, and I advance without fear of contradiction the fact that the signature, on an estimate of this kind, of either of the local inspectors would not in any way be additional proof as to the correctness of the estimate, for the following reason:—

The quantities in items Nos. 1 and 2, as well as in item No. 21, amounting in all to about $26,000, had to be measured instrumentally, and neither of the local inspectors are capable to use the instruments required to make these measurements; and it is therefore to be assumed that the resident engineer in charge of the work, who is responsible for the construction of the work, has made these measurements himself, or caused them to be made by his assistant who is responsible to him; in any case the fact that he certified the estimate correct, places the whole of the responsibility on him.

Of what use would the signature of the local inspectors be in this case? These men are employed temporarily and could not after the work is completed, and their services dispensed with, be called by the Department to render an account of their stewardship.

With reference to the other items in the Estimate, Nos. 3 to 20 inclusive, which are for materials placed in the work in accordance with plans and specification attached to a contract with the Department duly signed by Porter & Reid, it is to be presumed that the Resident Engineer in charge of the work, who has visited Owen Sound several times during the progress of the work, has without doubt inspected the materials in question, and measured the work done, and is therefore perfectly qualified in certifying the Estimate. The signature of either of the local inspectors would simply relieve the Resident Engineer of a responsibility which he has assumed when he accepted his position, and which properly belongs to him as Engineer in charge of the work.

In the second paragraph of his letter the Auditor General uses, as an argument, the fact that in his letter of March 20, 1890, he has demonstrated that Mr. Gray sometimes certifies without visiting the works. Admitting that such is the case, it does not follow that Mr. Gray's responsibility, as Engineer in charge of the different works mentioned in the letter in question, should be shifted from him, and it is very probable that Mr. Gray had in his possession, when he certified the accounts, sufficient evidence to warrant his doing so.

In any case, the question of making men temporarily employed on the work, who are generally without any engineering knowledge or ability, although proficient in their trade, responsible for all payments in connection with the construction of a public work, cannot for an instant commend itself to me; and I do not think that it would commend itself to the Auditor General if he considered that question in all its aspects, and with full knowledge of the workings of the Department of Public Works.

With reference to the estimate sheet for extras, which the Resident Engineer has not certified "prices fair and just," I beg to say that I have asked him to forward copies of this sheet duly certified in accordance with the wishes of the Auditor General.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. LOUIS COSTE, *Act. Chief Eng.*

AUDIT OFFICE, OTTAWA, Feb. 9, 1892.

SIR,—Let me acknowledge receipt of your 124304, covering the Acting Chief Engineer's discussion of my letter of Dec. 1, 1891.

The system described by Mr. Coste is as follows:—The Local Inspector gives his certificates to the Resident Engineer, and the Resident Engineer prepares from them an estimate for submission to the Department, and finally to the Audit Office.

The system proposed by this Office is that the Local Inspector's statements and certificates should accompany the Resident Engineer's estimates, in all cases where the latter does not certify from his own personal knowledge.

It will be noticed that the only difference between the two systems is the suppression, in the first system, of the certificate of the man with the personal knowledge, in order to maintain the responsibility of the Resident Engineer when speaking from hearsay. How can the Resident Engineer be responsible in any way for what he does not know,—except for the fact of not knowing it? He may certify something like "approved," to show that he has every confidence in his subordinates and in their methods; but beyond this (for instance, to measurements which he has not taken) his certificate is nugatory.

Let us suppose him to be a witness in court, with no evidence but hearsay to give. Would he gain additional credence by quoting his high official position and responsibility?

In the case of instrumental measurements which are beyond the capacity of the Local Inspectors, the certificate "materials supplied" should, of course, be signed by the measurer, whether the Resident Engineer or his assistant; and this can be inferred from any of my discussions of previous similar instances.

Mr. Coste thinks that, when Mr. Gray has certified without visiting the works, he has had in his possession sufficient evidence to warrant his doing so. On the stricter method of interpreting certificates practised in this office, it does not appear that any evidence will warrant the making of an explicit certificate by an absentee.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A. G.*

Toronto Harbour—Scow hired from C. Edward Swait.

AUDIT OFFICE, OTTAWA, Oct. 7, 1891.

SIR,—Let me call your attention to four payments made in the name of C. Edward Swait, of Toronto, for the hire of a scow used on the Toronto Harbour Works:

59339: April 1 to 30, 1891	$ 75 00
59912: May 1 to 31, 1891	75 00
60384: June 1 to 30, 1891	75 00
61253: July 1 to 31, 1891	75 00

The bills are made out in the handwriting of Inspector F. Hurdon, and they are certified "work performed, prices fair and just" by Superintendent J. C. Swait.

Mr. C. Edward Swait is a letter-carrier on the Toronto Post Office Staff, at $510 a year. The signatures on vouchers 59339 and 61253 are the same as those made by him on the Post Office pay-lists.

Voucher 59912 was receipted originally by J. C. Swait. The "J" was then erased in part, the "C" was left unaltered, and the "Swait:" was scratched off and "Edward" written in its place, followed by "Swait:" the whole signature "C. Edward Swait," as it stands now, being apparently in the handwriting of Supt. J. C. Swait, as is also the signature which receipts voucher 60384.

I am unable to accept the signatures on 59912 and 60384 as receipts from C. Edward Swait, without further inquiry. Please let me have the results of any investigation which you make into this matter.

There should be some details as to the dimensions and value of the scow, to serve as a check upon the price paid for its hire, for the information of those who are not in the line of seeing the scow itself. Also there should be a statement that the demand for a scow could not have been filled as advantageously by some one who is not a Government officer.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Nov. 10, 1891.

SIR,—I notice that you have made no reply to my letter of Oct. 7, regarding the payments to C. Edward Swait for hire of a scow, in connection with the Toronto Harbour Works.

Please let me know whether any steps have been taken to investigate the validity of the receipts on Mr. Swait's vouchers 59912 and 60384.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Dec. 1, 1891.

SIR,—In reply to your letter of Nov. 10, respecting the payments to C. Edward Swait for hire of a scow in connection with the Toronto Harbour works, and asking to be informed of the dimensions of the scow in question, also of the validity of Mr. Swait's claim: I have the honour to inform you, first, that no other scow was available for the work, and that we paid $3 a day instead of the usual $2 per day, because the scow

in question has a capacity more than double that of any other scow employed on the work; and second, that Mr. J. C. Swait was authorized to sign for C. Ed. Swait.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secretary.*

AUDIT OFFICE, OTTAWA, Feb. 12, 1892.

SIR,—In further discussion of the payments for scow-hire at Toronto: Was C. Edward Swait's authority to J. C. Swait, to receipt for him, made out on the prescribed form, as ordered by the Treasury Minute of Feb. 1, 1870? If so, please send it to this office, to attach to the vouchers.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Toronto Harbour—Payments to P. A. Johnson & Co.

AUDIT OFFICE, OTTAWA, Nov. 10, 1891.

SIR,—There is a serious informality in the payments made to P. A. Johnson & Co., of St. Davids, of $1,775.63 for stone supplied to the Toronto Harbour Works between July 1, 1890, and May 31, 1891. The items are as follows:—

July.....	388·37	yards,	less freight.....	$301	11
Aug.....	307·4	do	do	237	11
Sept.....	517·47	do	do	403	69
Oct.....	301·22	do	do	233	15
Nov.....	289·68	do	do	226	97
May.....	474·	do	do	373	60

All these sums are receipted for in the form "P. A. Johnson & Co., per E. B. Temple"—Mr. Temple being the resident Engineer in charge of the Toronto Harbour Works.

If Johnson & Co. had no member of their firm present in Toronto to sign before the Paymaster, they should have left a Power of Attorney on the form prescribed by the Treasury Board, which under no circumstance should be made out in favour of a Government Officer.

Before the accounts of the year can be closed and certified, I shall need the receipts from P. A. Johnson & Co. for the six sums mentioned above, amounting to $1,775.63.

Please ask Mr. Paymaster Coté why he accepted the signature of any one but the creditor; and explain to him that he is not freed from liability for these sums until it is shown that they have reached the proper hands.

I notice that the recent payments to Johnson & Co. have been made by Departmental cheques; and there seems no reason why the same course should not be pursued with all similar accounts.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Dec. 7, 1891.

SIR,—In compliance with the request contained in your letter of Nov. 10, I have the honour to send you herewith enclosed receipts from Messrs. P. A. Johnson & Co. who supplied the stone for the Toronto Harbour Works.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

Toronto Harbour—Sundry Items.

AUDIT OFFICE, OTTAWA, Nov. 23, 1891.

SIR,—Let me call your attention to some irregularities in the pay-lists for Toronto Harbour since April 1, 1891.

No. 59339, the pay-list for April, contains a bill from Hart & Co., of $5.25 for stationery, which should have been ordered through the Stationery Department at Ottawa. $11.25 for "McGraw" is receipted "McGraw, per J. C. S.," by Mr. J. C. Swait, the Superintendent; the employé's first name should be given, and there should be a receipt from his own hand. $20 for Clark Bros., for towing, is receipted "Clark Bros., per J. C. S.;" please get a receipt from Clark Bros. instead of from Mr. Swait.

In No. 59912, the May pay-list, Mr. E. B. Temple should give a sub-voucher for his outlay of $6 for "sinking cribs and taking soundings;" and Mr. Kelly Evans should give a sub-voucher for his outlay of $8 for "six months' washing of sheets and towels at island office during 1890," dated May 29, 1891.

In No. 60384, the June pay-list, the item of $84.50 for F. Hurdon is receipted "F. Hurdon, per E. B. T." by Mr. E. B. Temple, the resident engineer. The items of $36 in May, and $42 in June, both for H. Jackman, are receipted "H. Jackman, per H. H.," by H. Hamilton, the engineman. These should be replaced by valid receipts from the creditors themselves.

I am, Sir, your obedient servant,

The Secretary, Public Works Depart. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Dec. 3, 1891.

SIR,—With reference to file No. 124038, herewith, calling attention to some irregularities in the payments made for Toronto Harbour since April 1, 1891, I beg to state as follows:—

Item No. 59339, a bill from Hart & Co. of $5.25, was for ink, mucilage, half a quire double elephant which was required for working-drawings, and a special book for keeping daily record of dredging.

Item $11.25 for McGraw. This man was a labourer who left the work. When making out pay-roll his Christian name was not known, but it was intended to insert his initial when the wages were to be paid. When the paymaster arrived in Toronto McGraw was working elsewhere, and Mr. Swait signed the pay roll for him, and paid the money over to his wife, taking a receipt which I herewith enclose.

Item $20, Clark Bros. for towing. The paymaster and Mr. Swait called at their office, but they were out. Mr. Swait signed the account and paid over the amount to Clark Bros. Receipt enclosed.

No. 59912, item of $6 in Mr. Temple's account was for $1.25 paid to a man to assist in rowing, and the balance for month's expenses for meals at the island.

Item $8 for washing. Sub-voucher enclosed herewith,

Item $84.50, F. Hurdon, in No. 60384. Mr. Temple signed for Hurdon, this latter not being on hand when the paymaster was present. Receipt enclosed.

Item, of $36 and $42, both for Mr. Jackman. This man is a night-watchman, never on duty during the day. Enclosed his receipt.

These explanations will, I hope, satisfy the Auditor General.

I beg, however, to call the attention of the Department to the fact that these so-called irregularities cannot very well be prevented. The paymaster's duties are very onerous ones, and he cannot spare in each place the time necessary to make all payments himself, especially to a labourer who is employed only for a part of a month, and who happens to have been discharged in the middle of the month; and men so discharged, or whose services have been dispensed with, often insist that they be paid at once. Is not the Superintendent of the work justified in these cases in making payments himself, taking the receipts of these men, showing them to the paymaster, and keeping in his possession these receipts for his own safeguard?

I am Sir, your obedient servant,

The Secretary, Public Works Department LOUIS COSTE, *Act. Chief Eng.*

Toronto Harbour—Works at Western Entrance.

AUDIT OFFICE, OTTAWA, Jan. 4, 1892.

SIR,—Let me acknowledge receipt of your application No. 287 for $10,000 in favour of the Toronto Harbour Commissioners for "aid towards construction of western breakwater, as by Order in Council of Oct. 24, 1891."

I am not in a position to discuss this matter intelligently until Mr. McGee supplies me with a copy of the Order in Council; but I anticipate a difficulty in aiding the western breakwater out of the money at our disposal, which is all assigned to the works at the eastern entrance.

I am, Sir, your obedient servant.

The Secretary, Public Works Department. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Jan. 20, 1892.

SIR,—Having reference to your letter of Jan. 4, respecting application No. 287 for $10,000 in favour of the Toronto Harbour Commissioners for aid towards construction of western breakwater, Toronto Harbour, and stating that you cannot discuss this matter intelligently until you are supplied with a copy of the Order in Council referring to above work, and also stating that you anticipate a difficulty in aiding the western breakwater out of the money at our disposal, I have the honour to inform you that the Clerk of the Privy Council, in his letter to this Department of the 5th instant, states that you have been furnished with a copy of the Order in Council, dated Oct. 24, 1891, *re* payment of $10,000 to the Toronto Harbour Commissioners. I have also to call your attention to *Hansard*, page 6753, where the Hon. the Minister of Finance announced that the appropriation in question was intended to cover work at the western entrance at as well as the eastern.

I am, Sir, your obedient servant,

The Auditor General. D. A. MACPHERSON, *Asst. Secy.*

Toronto, Resident Engineer, H. A. Gray.

AUDIT OFFICE, OTTAWA, Mar. 18, 1891.

SIR,—Let me call your attention to the following payments to Mr. Henry A. Gray in May and June, 1890:—

52048,	Services, May 1 to 31, at $6.85	$212 35
do	Sustenance, 21 days at $3.50	73 50
52891,	Services, June 1 to 30, at $6.85	205 50
do	Sustenance, 26 days at $3.50	91 00

Mr. Gray reached Ottawa May 14, and left for Toronto June 26. He charges his sustenance allowance for the included 44 days, or $154.

I understand that Mr. Gray's accident occurred May 14, and that he was in the hospital here until June 26.

Please ask Mr. Gray to recast his account by separating and describing explicitly the items of expense caused by the accident. The new details should be certified, like the present account, as "incurred on Government business," meaning, of course, in his opinion.

Any person, in whose line of duty it comes to audit the expenditure, will then be in a better position to make an intelligent examination and report.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

ENGINEER'S OFFICE, TORONTO, Dec. 4, 1891.

SIR,—I have to acknowledge receipt of your letter No. 137102 dated 3rd inst.; calling my attention to file 116616 relative to my accounts with the Department during the months of May and June, 1890, as follows:—

52048,	Services, May 1 to 31 at $6.85	$212 35
do	Sustenance, 21 days at $3.50	73 50
52891,	Services, June 1 to 30 at $6.85	205 50
do	Sustenance, 26 days at $3.50	91 00

In explanation of above I would state that on May 14, 1890, I arrived in Ottawa from Toronto, the latter place being my headquarters, as Engineer in charge of Public Works in Western Ontario. My visit to Ottawa was to confer with the Chief Engineer of the Department, relative to the works in my district; and while on duty, returning from seeing the Chief Engineer, I accidentally fell and injured my knee, in Ottawa, and was confined to the hospital, under treatment, from May 14 to June 26, when I returned to my office here. Being an officer of the Department, away from my headquarters, on duty, I was entitled to my sustenance allowance, and charged the same; approved by the Deputy Minister. I have no other details or items to give, or explain, in my accounts.

I may add, however, that during the whole time I was confined to the hospital I attended to the duties of my position in the service, as far as possible under the circumstances; writing reports and carrying on my correspondence.

I did not charge the Department with any of the expenses caused by my accident.

Yours obediently,

The Acting Chief Engr., Ottawa. HENRY A. GRAY, *Engr. in Charge.*

AUDIT OFFICE, OTTAWA, Mar. 20, 1891.

SIR,—Let me call your attention to the dates of some of the estimates certified by Mr. Henry A. Gray, as "Correct in every particular of time, materials and value":—

Ottawa, June 9, 1890: Dresden Estimate, to May 31.

Toronto, July 8, 1890: Midland Estimate, to July 8.

Toronto, July 17, 1890: Wiarton Estimate, to July 17.

Toronto, July 31, 1890: Kincardine Repairs, July .

Mr. Gray's accounts for travelling expenses show that he was in Ottawa from May 14 to June 26; and in Toronto from June 27 to July 17, at which date he went to Goderich. His trip to Kincardine was not made until August 12.

Mr. Gray therefore appears to have held that he could base his certificates on telegrams received from the local Inspectors; there being a telegram charged at the date of each estimate.

As I have mentioned to you frequently, the only conclusive certificate as to work or materials is that made by an officer who actually inspected the work or received the materials. When the Engineer is not able to certify from personal knowledge gained by visiting the place himself, the estimate should be certified by the local Inspector or Foreman and be approved by the Engineer.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Winnipeg—Engineer Gouin's Guarantee.

AUDIT OFFICE, OTTAWA, May 12, 1891.

SIR,—In your expenditure for February, 1890, I find a payment to Mr. W. F. Gouin of Winnipeg for his January expenditure, which includes an item of $87.50 for the London Guarantee and Accident Co., in *re* bond for one year. Please let me know

your reasons for considering this as payable from public funds, and obtain from M Gouin a voucher for the item.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, June 19, 1891.

SIR,—In reply to your letter of May 12, calling attention to a payment ma to W. F. Gouin in Feb., 1890, which includes an item of $87.50 for the London Grantee and Accident Co., in *re* bond for one year, I am directed to explain that the request of this Department Mr. Gouin makes payments, and thus saves the salary of paymaster, say $1,000 per annum. If Mr. Gouin was a paymaster he would, of course, be expected to pay the insurance premium ; but as he is the Resident Engineer at Winnipeg and fills the position of paymaster, which is no part of his duty, at a cost of $87.50 per year, it seems only fair that this premium should not be paid by him.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *ecy.*

AUDIT OFFICE, OTTAWA, June 26 1891.

SIR,—Let me acknowledge receipt of your 118176, concerning the payment on account of Mr. W. F. Gouin's guarantee. Your argument, that Mr. Gouin is acting as paymaster without additional salary, appears sound ; but it should, I think, be addressed to the Governor in Council, since an Order in Council will be necessary as an authority for such an exceptional payment.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Harbour Contracts—Certificates of Local Inspectors Needed.

AUDIT OFFICE, OTTAWA, Nov. 16, 1891.

SIR,—Let me call your attention to four progress estimates now in hand, as examples of an imperfection which I notice frequently in the certificates made by your Resident Engineers. The applications are dated Nov. 11, and are for the following services :

207—Toronto Harbour : Murray & Cleveland.....	$4,170 00
208—J. D. Cameron : River Nicolet Dredging.....	1,726 50
209—Edward Murphy : Cape Tormentine.....	2,750 00
211—McDonald & Moffatt : French River, N. S.....	2,700 00

These four estimates are certified as to work performed and materials supplied, only by the different Resident Engineers in charge. It is obvious that no conclusive certificate as to work or materials can be made except by an officer who has personal knowledge, derived from inspection and measurement by himself. And it can be shown, in each of these four cases, that the Resident Engineer probably relies on some local officer for a large portion of the oversight and measurement, and makes this officer's word a basis for his own Engineer's-certificate "that materials have been supplied." If there is any part of the work for which dependence is placed on the Local Inspector alone, his responsibility therefor should be fixed by getting his signature to the certificate. This is the course followed by the Department of Railways and Canals : in whose estimates both the Measuring Officer and the Resident Engineer certify.

207, Toronto Harbour.—The Toronto staff consists of Engineer E. B. Temple, Assistant Engineer Kelly Evans, Inspector F. Hurdon, and Superintendent J. C. Swait. With a staff of this size, it is unlikely that all the work of measurement falls on Engineer Temple. Whoever takes off the quantities of work or materials should certify over his own name ; and Mr. Temple could then make a general certificate of approval

vithout committing himself to facts of which he cannot have personal knowledge without measuring everything with his own hand.

208, River Nicolet.—This is certified by Thos. Berlinguet, the Resident Engineer Three Rivers. There are "Weekly Reports of Operations" of the Dredge "Niths-e," showing the total number of cubic yards dredged on each day; and these are certi-fi "correct" by Mr. Berlinguet. It is obvious that Mr. Berlinguet could not attend tl Nicolet dredging every day without neglecting the other works under his charge. He relies probably on the vigilance of some Local Inspector,—whose name and certificat should be appended to future estimates.

209, Cape Tormentine.—Here the staff is composed of Resident Engineer, E. T. P. Shewen; Rodman, Whitman Goodwin; Inspector of Timber, E. P. Goodwin; and Inspector of Works, A. W. Dobson. If the measurements are made by any officer other than Mr. Shewen, that officer should certify. This case has an additional complication in the fact that Mr. Shewen signs this estimate, which is to Oct. 31, with the date "Antonish, Nov. 5;" leaving it an open question whether he was at Cape Tormentine Oct. 3 or whether he obtained the figures by mail from one of his subordinates. If he was not there, of course he can have no personal knowledge of the quantities.

21. French River, N. S.—This estimate is made up to Oct. 12, and is signed by Enginee Millidge of Antigonish under the date "Antigonish, Oct. 17." Probably Mr. Millidge as been on the French River works several times; but the continuous supervision of he materials, as they went into the pier, would be left naturally to the Inspector f Works, Mr. Alex. McDonald of French River,—whose responsibility it would hav been well to fix over his signature.

None these payments are delayed this month for the reasons mentioned above; but I wish ou would get all future estimates made out in the manner suggested.

The general principle to be followed in making the certificates "work done" and "materials supplied" is, I think, very simple. They can be made only by the officer who has actual personal knowledge of the facts. Any officer superior to him, who is expected to a x his responsibility, can do so only in some such indefinite terms as "approved" or "correct," meaning thereby that he is satisfied with his subordinate's method and carefulness; but if he has not inspected and measured the materials, he cannot certify hat they have been supplied in full dimensions and quality.

I am, Sir, your obedient servant,

The Secretary, Iblic Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Nov. 23, 1891.

SIR,—Having reference to your letter of Nov. 16, calling attention to progress estimates for work at French River, Cape Tormentine, River Nicolet and Toronto Harbour, and statin that the certificates of the measuring officer and of the resident engineer should be supplied: I have the honour to inform you that our resident engineers have been instructed in accordance with your views in the above letter.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

Harbour Contracts—Work not Described.

AUDIT OFFICE, OTTAWA, Nov. 7, 1891.

SIR,—Let me acknowledge receipt yesterday of your application No. 204, for $928.20, in favour of Sylvester O'Donoghue, for balance of final estimate on his contract for strengthening Georgeville wharf.

The total of $4,528.20 is made up of the following items:—

Work performed as per contract	$4,500 00
Extra bolts in sheathing, 84 at 25 cts	21 00
Extra bolts in timbers, 24 at 30 cts	7 20

I shall need some information concerning the nature and magnitude of the work included in the contract for $4,500.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Nov. 17, 1891.

SIR,—Having reference to our application No. 204, for $928.20, in favour of S. O'Donoghue, and your letter of the 7th inst. asking for information respecting the work included in the contract for $4,500, I have to request that you will state more explicitly the nature of the information you desire.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

AUDIT OFFICE, OTTAWA, Nov. 18, 1891.

SIR,—Let me acknowledge receipt of your 123572 of Nov. 17, asking with reference to Mr. S. O'Donoghue's contract at Georgeville, that I state more explicitly the nature of the information required.

The wording of the final estimate is " Georgeville, N. S., Sylvester O'Donoghue : Amount of work performed as per contract, $4,500." This is certified by Engineer Millidge, as "correct, the total value of work performed and materials furnished by Sylvester O'Donoghue."

You will notice that while the location of the work and the name of the contractor are given, there is absolutely no information whatever concerning the nature and magnitude of the work.

As mentioned very frequently in recent correspondence about similar deficient descriptions, there should be details enough to give to any person in the same line of business an approximate idea of the value obtained for the money expended.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Nov. 26, 1891.

SIR,—Having reference to your letters of Nov. 7 and 18, stating that you require to be supplied with information as to the nature and magnitude of the work included in the contract of Mr. S. O'Donoghue, for the works at Georgeville, N.S., before issuing a certificate in payment of the final estimate on that contract, I am directed to state that the amounts paid to the contractor O'Donoghue are in accordance with the contract entered into with him, after public tenders had been called in the regular way, he being the lowest tenderer. I may add that, in our annual report of each year, there is always published a complete statement of the work done at each place by our Department, so that any contractor, by consulting our report, can satisfy himself of the nature of the work comprised in any contract.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secretary.*

AUDIT OFFICE, OTTAWA, Nov. 14, 1891.

SIR,—Let me acknowledge receipt of your application No. 211 for $2,700 in favour of McDonald & Moffatt, being the total estimate for " Work performed at French River, N. S., as per contract."

This is marked as chargeable to the vote of $3,000 for " French River Pier," but the voucher contains no mention of pier-work.

I shall need details concerning the nature and quantity of the work done, to serve as a check upon the price paid, for the information of those who have not the opportunity of seeing the work.

I am, Sir, your obedient servant,

The Secretary, Public Works Department. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Nov. 18, 1891.

SIR,—In reply to your letter of Nov. 14 respecting application No. 211 for $2,700 in favour of Messrs. McDonald & Moffat, being the total estimate for work performed at French River, N.S., and asking to be supplied with details concerning the nature and quantity of the work done, I have the honour to inform you that this payment is made in accordance with the terms of a contract awarded after a call for tenders, Messrs. McDonald & Moffatt being the lowest tenderers. The plan of the work done can be seen at this office if needed.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secretary.*

Dredging Plant charged to Special Local Votes.

AUDIT OFFICE, OTTAWA, Aug. 10, 1891.

SIR,—Let me acknowledge receipt of the vouchers for Mr. McCordock's expenditure in June, 1891, on "River Sissiboo—improvement of channel—St. Mary's Bay to Weymouth," amounting to $376.04, as follows :—

Steel grips, one pair	$150 00
Winch, derrick-gear and fittings	100 00
Stone-scow	100 00
Repairs to engine and boiler	26 04

All the vouchers are marked "Certified, W. J. McCordock." The certificates should be "Materials received," signed by the officer who took over the supplies; and "Prices fair and just," signed by Mr. McCordock.

The grips, the winch, the derrick-gear and the stone-scow, being articles which probably will survive the work at the River Sissiboo, and be available for work in other places, should be charged to "New Dredging Plant" or "Dredge Vessels Repairs," and not to a grant for any particular river or harbour.

There should be some description, such as the dimensions of the scow, and the size or weight of the grips and winch, to serve as a check upon the prices, for the information of those who are not likely to see the materials.

I am, Sir, your obedient servant,

The Secretary, Public Works Department. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Sept. 23, 1891.

SIR,—Having reference to your letter of Aug. 10, I have the honour to inclose to you herewith, vouchers in connection with the expenditure in June last on "River Sissiboo, improvement of channel," and to explain that the material purchased for this work was required specially therefor, and was therefore charged to that vote, and not to "New Dredging Plant" or "Dredge Vessels Repairs."

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

AUDIT OFFICE, OTTAWA, Nov. 5, 1891.

SIR,—Let me acknowledge receipt of your 120835, explaining that the materials purchased for the improvement of the River Sissiboo were required specially therefor, and consequently were charged to that vote instead of to "Dredging Plant" or "Dredge Vessels Repairs."

My objection, which perhaps was not made sufficiently clear, was that a vote for a particular river should be spent mainly on something which would be used up on the work in question, as for instance, labour, timber or stone. I do not think that Parliament contemplates the spending of any considerable part of the vote on such machinery as scows, derrick-gears, or grips, which will remain after the work is over—practically undepreciated in value and available for some other work which will share no part of their cost.

In the case of the Sissiboo, as there is no vote in 1891-92, the improvement appears to be completed, but it is unlikely that one season's handling has used up the plant.

Machinery of any permanence, which probably will be moved around from one work to another, should be charged to some general vote. This would facilitate the keeping of a stock-list, showing the number and location of each species of property.

I am, Sir, your obedient servant,

The Secretary, Public Works Department. J. L. McDOUGALL, *A.G.*

J. R. Arnoldi—Shed for Storing Dredging-Plant in Ottawa.

AUDIT OFFICE, OTTAWA, May 11, 1891.

SIR,—Let me acknowledge receipt of your application No. 842 for $40, in favour of Mr. J. R. Arnoldi, for "Six months' rent of shed for storage of dredging plant."

The voucher, which is dated May 1, does not mention the particular months included in the period charged, or the location of the shed. Please describe both of these fully.

Mr. Arnoldi certifies the account "Service performed, prices fair and just." Where a Government officer appears as a creditor, in a service controlled by himself, the certificate "Prices fair and just" should be made by some higher authority.

And when the necessity is so urgent as to compel a purchase from a Government officer, especially by his own Department, there should be an explanation showing that the demand would have been filled less satisfactorily by an outsider.

I am, Sir, your obedient servant,

The Secretary, Public Works Department. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Sept. 11, 1891.

SIR,—In reply to your letter of May 11 last, respecting an account in favour of J. R. Arnoldi, for six months' rent of shed for storage of dredging plant, I have the honour to inform you that the Acting Chief Engineer reports that he certified to Mr. Arnoldi's account, as the shed in question had been used for storing dredging plant. I may further add that the articles belonging to this Department have been removed from that lot, and that henceforth no such account will be sent in for payment.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

Moving Cable from Bird Rocks to St. Paul's Island.

AUDIT OFFICE, OTTAWA, March 10, 1891.

SIR,—Let me call your attention to your expenditure in 1890–91 for "Lifting cable from Grosse Isle to Bird Rocks, and relaying same between Meat Cove and St. Paul's Island."

The items charged against the vote are these:

Geo. F. Rogers, London, Eng.:	
Cable No. 2—2 knots at $949	$1,898
Cable No. 7—2 knots at $511	1,022
Thomas Heenan, St. John, N.B.:	
Cedar telephone poles, 100 at 55c	55
Paid I. C. Ry., freight on poles, New Mills to Halifax	37

It does not appear from the wording of the vote that it was intended to cover a payment for new cable. Please let me have further explanation on this point.

I am, Sir, your obedient servant,

The Secretary, Public Works Department. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, March 26, 1891.

SIR,—In reply to your letter of March 10, calling attention to the expenditure in 1890–91 for "Lifting cable from Grosse Isle to Bird Rocks, and relaying same between Meat Cove and St. Paul's Island," and stating that it does not appear from the wording of the vote that it was intended to cover a payment for new cable, I have the honour to inform you that although the wording of the vote might have been more explicit, still it was intended to cover all the items now charged to it.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

Cape Ray Telegraph Line.

AUDIT OFFICE, OTTAWA, Sept. 11, 1891.

SIR,—Let me acknowledge the receipt of your application No. 56 for $250 in favour of the Anglo-American Telegraph Company for maintenance of the Cape Ray line for 12 months to June 30, 1891.

It would be well, I think, to have marked on the voucher the fact that the line was worked for the period under consideration. This certificate should be made by some officer having personal knowledge to that effect. The application is returned herewith. Please let me have a copy of any arrangement that may exist with the company for this service.

I am, Sir, your obedient servant,

The Secretary, Public Works Department. J. L. McDOUGALL, *A. G.*

PUBLIC WORKS DEPT., OTTAWA, Sept. 18, 1891.

SIR,—In reply to your letter of Sept. 11, respecting the Anglo-American Telegraph Company, I have the honour to send to you herewith enclosed a copy of an Order in Council, dated Dec. 3, 1881, respecting the building of a telegraph line from Port aux Basques to Cape Ray lighthouse, also a certificate showing that the line referred to was worked for the period under consideration.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

Telegraphs—Services of 1890-91 paid from Votes of 1889-90.

AUDIT OFFICE, OTTAWA, Oct. 5, 1891.

SIR,—Let me call your attention to the personal accounts of Mr. F. N. Gisborne, the Superintendent of Government Telegraphs.

Mr. Gisborne took out an advance of $500, Aug. 1, 1889, and accounted for $474.79 Nov. 15, 1889, leaving a balance of $25.21 charged against him. On Nov. 18, 1889, he took another advance of $400, of which $250 was charged to "North Shore Construction," and $150 to " Telegraphs Generally."

These were disposed of as follows :—

Telegraphs Generally :

1889, Nov. 18 : Advance	$150 00	
1890, July 22 to to Aug. 23 : Trip to Gulf		$180 26
1891, Feb. 16 : Balance paid to Mr. Gisborne	30 26	

North Shore Construction :

1889, Nov. 15 : Balance from previous accounts	$ 25 21	
1889, Nov. 18 : Advance	250 00	
1890, Jan : Paid to H. F. McCarthy		0 75
1890, Feby : do do		1 40
1890, May : Paid to National Mfg. Co		42 00
1890, June : Paid to Smith & Lapierre		45 00
1890, August : Paid Poulin, Langlois & Smellie		28 00
1891, Jan : Paid Robichaud		30 00
1891, July : Paid Vibert, Langlois & Poulin		80 00
1891, Aug. 15 : Balance refunded by Mr. Gisborne		48 06
	$275 21	$275 21

Please ask Mr. Supt. Gisborne to explain why he drew out $400 in Nov., 1889, when there was no demand made on him until May, 1890 ; and ask him also to describe his disposition of the money in the meantime.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Oct. 8, 1891.

SIR,—Having reference to the inquiry of the Auditor General as to the advances made *re* travelling expenses and North Shore Telegraph Construction accounts, I have the honour to report :—

1st. That when the $150 was, upon application, placed to my credit Nov. 18, 1889, I was about starting for New York upon service duties, when I was notified to delay my departure *pro tem*, consequently the advance remained to my credit, as usual, until expended during the following summer. As I am always liable to be called away on duty, at an hour's notice, I have invariably been credited with a small advance which has been satisfactorily accounted for, in full, prior to my application for any further amount.

2nd. That the $250, placed to my credit Nov. 18, 1889, from the special North Shore construction vote of $3,000, was to meet several small contracts for road and bridge work, on account of which our foreman, Mr. Gallienne, held cash and cheque advances from myself personally, plus an authority to give sight orders upon me, to a limited amount, for other immediate requirements, *i.e.*, as soon as the work, &c., should have been completed to his satisfaction.

Circumstances prevented Mr. Gallienne from inspecting the work until the following spring, when the contractors were engaged in the fisheries. He then made partial payments, and considerately gave the men time until the following fall to complete the work up to specification, although virtually accomplished before the 30th of June in the current year.

With the exception of a disputed $75 claim for incomplete bridges, all contracts were finally completed to Mr. Gallienne's satisfaction, and then only could he send me the required vouchers attached to my account rendered, with the balance of $48.06 paid in by me to credit of the Receiver General.

The foregoing particulars were duly explained to our Accountant as they occurred, and we both considered it proper and advisable that I should retain the balance, rather than allow any portion of a much needed expenditure to lapse.

Instead of to myself, advances are now made direct to Mr. Gallienne, such advances being imperatively necessary for our service on the north shore of the St. Lawrence.

It is almost needless to add that the bank does not allow any interest upon small balances in hand to credit of depositors.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. F. N. GISBORNE, *General Supt.*

AUDIT OFFICE, OTTAWA, Nov. 11, 1891.

SIR,—Let me acknowledge receipt of your 122379 of Oct. 12, containing Mr. F. N. Gisborne's explanation of the advances made to him for outlay on Telegraph Service.

The only part of the explanation which is not quite satisfactory is his arrangement with the Accountant, that he (Mr. Gisborne) should retain the balance over from one year to another, rather than allow any portion of a much needed expenditure to lapse. The objection is that a part of the vote for 1889–90 was used to pay for services rendered in 1890–91, which should not have been done.

Mr. Gisborne states that Departmental cheques are forwarded now to the foremen in their own names. This is a step in the right direction. All of the other Departments have found it both practicable and expedient to pay their accounts by cheques instead of by cash.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Telephone Line at Cascapedia, Charged to Telegraphs.

AUDIT OFFICE, OTTAWA, Nov. 3, 1891.

SIR,—Let me call your attention to voucher 60670, which contains $150.17 marked as "Telephone Line at Cascapedia": being $85.22 for 3 telephones and $64.95 for repairs. The item is charged to "Maintenance of Telegraph Lines, Lower St. Lawrence and Maritime Province:"—a vote which does not appear to be connected with the service in question.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Jan. 14, 1892.

SIR,—In reply to your letter of Nov. 3 last, calling attention to voucher 60670, which contains $150.17 marked as "Telephone line at Cascapedia," and stating that the item is charged to "Maintenance of Telegraph Lines, Lower St. Lawrence and Maritime Provinces," a vote which does not appear to be connected with the service in question: I have the honour to inform you that the line in question is that from New Richmond on the Bay of Chaleurs, to the Governor General's Lodge on the Cascapedia. In previous years the maintenance of this line has been charged sometimes to the above appropriation and sometimes to Telegraph Service Generally. The appropriation "Land and Cable Telegraph Lines, Lower St. Lawrence and Maritime Provinces" has been used in common for all the small lines east of Quebec, and as the line referred to had been paid from the said appropriation before, it seemed advisable to pay it in this way again.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

AUDIT OFFICE, OTTAWA, Feb. 15, 1892.

SIR,—In reply to your 123413, of Jan. 14, concerning the Telephone line at Cascapedia, I beg to explain that the ground of my objection is that a Telephone line is not a proper charge against a vote for Telegraphs.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Grand River Bridge at York, Ont.—Burns & Loughran.

AUDIT OFFICE, OTTAWA, June 12, 1891.

SIR,—Let me acknowledge receipt of your application No. 896 for $2,300 in favour of Burns & Loughran, being the balance of their claim of $6,300 for "constructing an approach to the bridge across the Grand River at York, Haldimand Co., on the west side of said river, consisting of, in part, pine trestle-work, earth embankment and excavation, as per plan and agreement."

I am unable to make payment on an agreement which exceeds $5,000, unless there is a special Order in Council dispensing with the necessity for the usual public tender and contract. See the Order in Council of May 23, 1880, shown on page B—14 of my Report for 1889-90.

Moreover, any rate not fixed by public tender and contract should be certified "fair and just," and there is wanting the customary explicit mention of "work performed."

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, June 24, 1891.

SIR,—Before the matter referred to in your letter of June 12, respecting a payment to Burns & Loughran, for work done on the bridge across the Grand River, can be brought before the Privy Council as suggested by you, this Department would like to be informed of the portion of the Audit Act upon which your refusal to pass this application is based.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

AUDIT OFFICE, OTTAWA, June 26, 1891.

SIR,—Let me acknowledge receipt of your 70840 of June 24, asking for a reference to the section of the Audit Act under which I object to the payment to Burns & Loughran of $6,300 for constructing approach to York Bridge.

My objection is based on Section 32*c*: "The payment is in excess of the authority granted by Council." Your authority to make Departmental contracts without public tenders is limited by Council to expenditures under $5,000.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 9, 1891.

DEAR SIR,—Let me acknowledge receipt of your application No. 784 in favour of Burns & Loughran for $128.02, being the balance on their amended final estimate on the bridge over the Grand River at York.

The difference between the final estimates of January 20 and April 4 is made up as follows:—

Concrete filling in caissons around masonry of piers, 54·51 yards, at $8 instead of $6	$109 02
Taking soundings for fondations of piers on second site	15 00
Men assisting Engineer to set out work	4 00

The rate of $6 allowed in the final estimate of January 20 is covered by Mr. Gray's certificate "correct" as to the "value of work performed and materials delivered." There should be an explanation given of the change.

The items of $15 and $4 appear to be such as would accrue at the beginning of the work. Please let me know whether your contract form includes a provision similar to that in the Railways and Canals Contracts, fixing a limit of time within which extras must be claimed.

I should like to be furnished with a copy of your blank contract form at your early convenience.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

CHIEF ENGINEER'S OFFICE, OTTAWA, Feb. 17, 1891.

SIR,—In their claim—file No. 115205—Messrs. Burns & Loughran prefer claims amounting to $2,328.68 for extra work alleged to have been performed by them in connection with the construction of the abutments and piers, Grand River bridge, at York, Ont.

With regard to these claims, I have to report that of the amount claimed the sum of $1,110.26 was allowed in the final estimate, leaving a balance of $1,218.52 in dispute. Having carefully considered the claim preferred, I have to state that it appears to me that a further sum of $127.82 is due on the claim presented, thus making the account to stand thus :

To Amount as per contract	$6,450 00
do extras allowed in final estimate	1,110 26
Further allowance on extras	127 82
	$7,688 08

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. HENRY F. PERLEY, *Chief Engineer.*

AUDIT OFFICE, OTTAWA, Oct. 3, 1891.

SIR,—Let me acknowledge receipt of your application No. 71 in favour of Burns & Loughran for $1,317.68, on account of repairs to western pier and approaches of York bridge, Grand River.

The first two items are :—

Repairs to western pier, as per agreement	$650 00
Earth embankment, eastern approaches, as per agreement	156 00

There should be detailed descriptions of these services, showing the magnitude of the work involved.

The final estimate for "Constructing abutments and piers for bridge" is dated Jan. 20, 1891, and the item of "Repairs to western pier," mentioned above at $650, is dated August. I would like an explanation of how such a large bill for repairs on a new work accrued so soon after completion of the work itself.

Please put dates to all the items in the bill for $1,317.68, and mark any of them which were included in the amount of $2,328.68 mentioned by Mr. Perley in his letter No. 115979 of Feb. 17, 1891.

I am, Sir, your obedient servant.

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

CHIEF ENGINEER'S OFFICE, OTTAWA, Oct. 8, 1891.

SIR,—In answer to the letter of the Auditor General of Oct. 3, I beg leave to state the following :—

Item 1. The repairs to the western pier of York bridge, Grand River, were necessitated by its being damaged by ice in the early spring. Authority was granted by the Department to accept Messrs. Burns & Loughran's offer to repair the damage for the sum of $650.

Items 2 and 3, $156 and $50, are for the construction of the eastern approach, which was not included in the contract.

Items 4 and 5, $216.20 and $49.34, are for placing flooring on the caissons to prevent the concrete in foundations from being washed out. This was not included in the contract.

Item 6, $4.14, is to continue the railing on the eastern approach.

Item 7, $192, is for extra concrete in the caissons to the level of the flooring placed on them.

The bill for $1,317.68 returned by the Auditor General is not included in the amount of $2,328.68 mentioned by Mr. Perley in his letter of Feb. 17, 1891,—No. 115979.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. LOUIS COSTE, *Actg. Chf. Eng.*

Lévis Graving Dock—Engineer Valiquet's Removal.

AUDIT OFFICE, OTTAWA, Oct. 13, 1891.

SIR,—I notice a payment of $35 to Mr. U. Valiquet in June, 1891 (Voucher 59955), for removal of his family from Ottawa to Quebec.

Mr. Valiquet was drawing $3 a day in the Department at Ottawa until July, 1889, at which time he was transferred to Quebec as resident engineer, at $4 a day as salary and $2 sustenance. Later he was appointed dockmaster at Lévis at $1,800 a year and $200 lodging allowance.

Please inform me whether the authority of the Treasury Board was obtained for payment of the removal expenses of Mr. Valiquet, and if so, whether the attention of the Board was called explicitly to the fact that Mr. Valiquet's salary had been increased. *See* Order in Council of Sept. 8, 1871, shown on page B–12 of my Report for 1889–90.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A. G.*

Public Works Expenditure in February, 1891.

AUDIT OFFICE, OTTAWA, May 16, 1891.

SIR,—Let me offer the following remarks on your February expenditure under letter-of-credit :—

Several of the pay-lists (for instance, No. 57592) do not specify the particular days on which the men worked, but only the total number of days for each man in one month. I objected to this lack of information, Oct. 23, 1890, in a letter indexed by you as 112486. Please get the dates marked on all future pay-lists.

Voucher 57949, from F. Giasson, for $62, is for a cupboard for the Department of Agriculture. There should be some description of the dimensions, material or plan, to serve as a check on the price.

Voucher 57817, from J. Wilson & Co., for $7, is for framing a picture for the Department of Justice. It would be well to guard against accidental double payments of accounts like this, by giving the size and quality of the frame, and the name of the picture.

Voucher 57871, from S. Fraser, reads : "Services copying, Jan. 20 to Feb. 20, 18 days at $1." There is a similar bill for 18 days every month. The particular days should be specified.

Many of the vouchers are still mere copies of the original bills, written in the Department. For instance, No. 57780, $37.15 for I. de Varennes, is a copy made in the Chief Architect's branch ; and No. 57814, $117 for the Canadian Pacific Railway, is in the writing of Mr. Keeley, of the telegraph branch. As I have mentioned previously on several occasions, no voucher is of value which is not made out by the person to whom the money is due.

No. 57505, for $19.75 to B. G. Bacon, is a marked case of this irregularity, as even the signature of Mr. Bacon is copied, along with the rest of the voucher, by a Militia employé at Quebec, with no mark to show that it is only a copy.

The same thing has been done with Mr. Dandelin's certificate No. 57673, $146.35 for L. Cousineau.

No. 57614 for $526.73 is a copy made in the Chief Architect's branch, and pasted on a bill-head of Geo. Philbert, dated Feb. 3, 1891. The pasted heading does not add value to the copy.

Sub-vouchers are needed for the items in Nos. 57672, 57741 and 57806.

The following accounts for travelling expenses have not been certified " Incurred on Government business," as directed by the Order in Council of Dec. 17, 1889 : 57801, Thos. Fuller ; 57872, D. Ewart ; 57668 and 57890, W. R. Billings ; 57595, 57764 and 57895, I. Cote ; 57711, J. B. E. Bedard ; 57809, H. J. Peters.

Voucher 57869 from Jacob Erratt contains an item of $119.20 for making 17 loose covers for furniture at Rideau Hall. The details of the calculation should be given.

Voucher 57763 from Harris & Campbell for $244 is for 106 blinds for the Geological Museum. The calculation should be given.

Voucher 57601 from Morel & Gagnon for carpentering in the Finance Department contains an item " Clear lumber, 3,980 feet at 6 cents, $238.80." The kind of lumber should be specified.

Voucher 57317 from John E. Askwith for $157.50 covers " 2,100 feet of $1\frac{1}{2}$-inch maple flooring at $75," for the corridor in the basement of West Block. Please mention whether this is board measure or face measure, and whether the $75 a thousand includes the laying of the floor.

In voucher 58029, for Mr. Valiquet's February salary and expenses, are such items as the following : " Fare, Quebec to Ottawa, and cabs, $11.25 ; fare, Ottawa to ' Quebec, and cabs, $11.75 ; railway and carter, Quebec to Baie St. Paul, $11.85 ; ' ferries and carters to and from dry dock, $15." These, and the like, should be detailed. The larger payments for horse-hire, such as $5, $10, $11, and the $6 for office-rent at Murray Bay, should be supported by sub-vouchers.

Voucher 57940 is for $74.59, the February pay-list of the Saguenay staff, the cheque being in favour of Mr. Supt. Boulanger. The messenger, Ovide Ouellet, has receipted by a mark, for which there is no third person's name as a witness.

Voucher 57815 includes a bill of $180.26 from Mr. F. N. Gisborne for his travel to the North Shore and Anticosti, between July 22 and Aug. 23, 1890. There should be details for the item of $24.26 for " Fares to and from Ottawa and Quebec, and from Dalhousie to Quebec, including pullmans." If board is included in the item of $29 for " Steamer from Quebec to Natashquan, and back to Mingan, and from Gaspé to Dalhousie," there should be dates to show that the same time has not been reckoned for living allowance at $3.50. The whole bill should be certified as " Incurred on Government business."

Cheque 57829 is for the January expenses of the St. Maurice staff. The vouchers are copies in the handwriting of Mr. Berlinguet ; they should be the originals rendered by the creditors. One is a bill of $11.40 for stationery and map-mounting, which should have been procured from the Queen's Printer and Controller of Stationery. The particular days on which work was done are not specified, as they should be. T. Lamothe's wages are receipted by J. Thompson, and Moïse Godin's wages by Alph. Normand. Neither is valid unless accompanied by a power-of-attorney on the Government form.

Cheque 57953 covers the Chief Architect's staff for February, of which every member, including Mr. Ewart, is described as a draughtsman; also the pay-list for maintenance and repairs headed by Mr. Pruneau, in which the occupation is not described at all. The nature of the services performed by each employé should be described fully and accurately. The item of $104.17 for Wm. Curran is receipted "Wm. Curran, per W. S. C." Please explain this, and let me have Mr. Curran's power-of-attorney on the prescribed form, naming "W. S. C." to receipt for him.

In the pay-lists for carpenters and labourers at Rideau Hall some of the signatures in the receipt column are apparently in the handwriting of Mr. Hutchison, the Clerk of Works, namely: in 57706 the names of N. Laflamme, T. Ambridge and J. Simard; and in 57897, those of N. Laflamme, M. Green and J. Simard. These receipts are not valid unless made under authority of a power-of-attorney on the Government form; and then they should read "N. Laflamme, by his attorney W. M. Hutchison," and similarly.

Cheque 58018 includes $4.50 for Mr. W. M. Hutchison, the clerk of works at Rideau Hall, for "15 hours' extra time preparing for toboggan party." Please define the hours at which you consider that Mr. Hutchison's responsibility for Rideau Hall ceases, and after which he is entitled to extra pay for his services.

Cheque 57576 for $55.70 is for the services and travel of Lucien Tremblay, the paymaster for the Lake St. John slide. There are two trips of 6 days each, for which dates should be given. The two entries of $15 each, for horse-hire, should be supported by vouchers.

Cheque 57799 includes the Ottawa roads pay-list from Feb. 2 to 14. The receipts, with one exception, are in the handwriting of Mr. Côté, with crosses apparently in the same hand; and Mr. Gagnon makes the certificate "Signatures by mark necessary from inability to sign." This note, signed by Widow E. Fink, is attached: "Veuillez payer à M. Foubert ce qui me revient pour charroyage;" yet the receipt is: "Veuve x Fink." The certificate that the Widow Fink is unable to sign is incorrect, since she signed the order; the order should not have been recognized, since it was not on the Government form, and Mr. Foubert should have receipted "Veuve Fink, by her attorney M. Foubert;" or if unable to sign, he should have made his mark in this form himself.

I wish to call particular attention to the very common irregularity of which this pay-list is an example: that a large number of the crosses are made by the paymaster —and without the assistance of the creditor, if we may judge from the uniformity of the marks. The cross should be made by the creditor himself independently; and the certificate should state that he has expressed his inability to sign. It is customary, and preferable, to add to the cross the words "his mark." An effort should be made to induce the men to receipt with their signatures; in this road pay-list 57799, for instance, it is improbable that, out of a gang of 14 labourers taken at random, only one can sign his name.

Cheque 57953, the pay-list of the Chief engineer's draughting office for February, is charged to "Ottawa River Works, Slides and Booms generally." It includes $77 for Mr. Nap. Moffette, for 28 days at $2.75. Cheque 58216, for the February expenses of the Kingston dry dock, includes $56 for Mr. Moffette's sustenance allowance in Kingston. It thus appears that Mr. Moffette's February pay is charged incorrectly to "Ottawa River Works."

Cheque 57952 is the pay-list of the Lévis dock for February. $32 for Narcisse Lemelin is receipted "N. Lemelin, per Louis Moore;" $35 for Alf. Drolet is receipted "Alfred Drolet, per F. L.," apparently Ferd. L'Abbé, the foreman. Without the written authorities, these receipts are inconclusive: there is no evidence that Messrs. Lemelin and Drolet have received their wages.

Cheque 57800 covers the pay-list for "Removing Snow," from February 8 to 14. $7.50 for A. Cameron is receipted "A. Cameron, per J. D. Foisy." The proof of Mr. Cameron's obtaining his money is wanting.

Cheque 57612 is the January pay-list of the River Lièvre works. $42 for G. Macklum is receipted "G. Macklum, by J. S. W.;" and $28.75 for P. Kelly is receipted "P.

Kelly, by J. S. W.," the receiver being apparently the foreman, Jas. S. Wilson. For these, and for all similar cases, the written evidence should be complete that the cash has reached the hands of the workman who earned it, or that he has authorized its receipt otherwise in legal form.

Cheque 57953 includes the February pay-list of the General Repairs Staff at Ottawa, under the supervision of the Mechanical Engineer. The item of $100 for Wm. King is receipted "Wm. King, per J. S. K."; $60 for G. F. Saunderson is receipted "G. F. Saunderson, per J. F.;" and $48 for J. Dunlop is receipted "J. Dunlop, per J. F." The money should be traced, in writing, to those to whom it is due. It would be well to pay all these wages by cheques, instead of by cash; in which case the banks would see that the receipts were up to the requisite standard.

Cheque 57685, in favour of J. E. Burchell for $375, is in payment of his services as clerk of works at the Sydney public building for the five months ended Jan. 31, 1891. Please explain why he was not paid at the end of each month, as his wages accrued.

Cheque 57651, in favour of P. Lamont for $16.05, is in payment of stationery for the use of the clerk of works at Regina. These goods should have been ordered from the Stationery Office at Ottawa. I notice one item of $10.50 for a roll of tracing-cloth; 42-inch rolls are supplied by the Stationery Office at $5.30.

Cheque 57747 for $50 is "an exceptional allowance" to F. Gallienne in consequence of losses sustained on transportation of provisions for working-gangs on North Shore and Anticosti during season of 1889. Please let me have a fuller explanation of this transaction, a reference to the particular vouchers covering the previous expenditure, and a mention of the authority for the exceptional allowance.

Cheque 57539, for the January expenses of the Toronto harbour works, includes an account of $5.65 for stationery, which should have been ordered from the Stationery Office at Ottawa.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Public Works Expenditure in March, 1891.

AUDIT OFFICE, OTTAWA, June 15, 1891.

SIR,—I beg leave to offer the following remarks on your expenditure for March, 1891, under letter-of-credit :—

In voucher 58114, the pay-list of the heating staff of the Halifax Dominion buildings, the item of $62.50 for John Powell is receipted "John Powell, W. R. P." The authority from Mr. Powell on the Government form should be attached, and "W. R. P" should sign in full as Mr. Powell's attorney. John Dunn makes his mark for the receipt of $39, and there is no third person's mark as a witness. The whole pay-list is certified by "John Powell, W. R. P," although Mr. Powell is able to sign his name, as shown by earlier receipts. Please have all these irregularities corrected.

Cheque 58123 is for the January expenses of the Bay of Fundy Telegraph Line. Three payments to Malachi Parker of $4, $3 and $2.50, respectively, are marked "See voucher with original of this return." Please send the three vouchers to this office.

Cheque 58125 covers the pay-list for "Removing Snow" from Feb. 16 to 28. The time column gives only the total number of days worked by each man during the period in question. The particular days should be specified in this and in all similar cases.

Cheque 58131, for the February salary and expenses of Thos. Breen, covers an item of $12 for office rent payable to C. O'Leary. The voucher in support of this item is in the handwriting of Mr. Breen and is not receipted, as are sub-vouchers generally. The same remarks apply to Mr. Breen's rent-vouchers in each month from

July to January. Please get bills from Mr. O'Leary in the future, and ask Mr. Breen to have them receipted at the time of payment.

Voucher 58136, from Adeline Arial for $110.60 for painting, is paid by a cheque drawn in favour of "Thomas Pruneau, for Mrs. Arial." Mrs. Arial's vouchers for the seven previous months of the fiscal year are paid by cheques drawn in the same way, and all endorsed "Thos. Pruneau, for Mrs. A. Arial." Please obtain the necessary receipts from Mrs. Arial, the creditor.

The following accounts for travelling expenses should be certified in accordance with the Order in Council of Dec. 17, 1889, "The whole of this expenditure was incurred on Government business:" 58140, 58476, L. Coste; 58202, J. B. St. Laurent; 58208, 58379, 58449, E. D. Lafleur; 58257, 58367, 58475, I. Côté; 58290, R. B. Rogers; 58366, J. W. H. Watts; 58404, John A. Wills.

Cheque 58142 includes a bill from D. Scott for outlay in connection with the Ottawa River Works Office for February. The items of $7.96 for telegrams, $5.50 for cartage and $8 for cleaning offices should be supported by vouchers.

In voucher 58144, the February pay-list of the dredge shipyard at Ottawa, the item of $48 for Geo. McDonald is receipted "G. McDonald, per Wm. S." A receipt should be obtained from Mr. McDonald himself.

In voucher 58184 the February pay-list of the Montreal heating-staff, the item of $45 for David St. George is receipted by a cross, with no third person's name as a witness.

Voucher 58187, from Morel & Gagnon for $90, is for a cupboard placed in the Langevin Block. I would like to have this, and all vouchers for supplies to the Departments at Ottawa, marked with the name of the particular Department for which the supplies are intended. This is done already on most of the vouchers.

Voucher 58194, for $41, in favour of Thos. Treleaven, for his salary and expenses as clerk of works at Beaverton, is a copy in the handwriting of Mr. Gray, the engineer in charge, instead of an original made out by Mr. Treleaven. The items of stationery, amounting to $1, are irregular.

In voucher 58200, for Mr. G. A. Brown's travel for February, there should be bills in support of the larger items of horse-hire, such as $15, $10 and $10.50.

Voucher 58201 is the St. Lawrence ship channel pay-list for the half month ended Feb. 28. The item of $8.40 for H. Godin is receipted "H. Godin, H.S." This is not a complete discharge of the paymaster's liability. Of the 138 names on this pay-list, 45 are receipted by signatures and 93 by crosses—the crosses not being designated as "his mark." This proportion of mark-makers—namely, two-thirds—is probably larger than is necessary. I would like to see the certificate "Marks necessary from inability to sign" (which is omitted from this pay-list) changed to that originally suggested by me: "Those making marks have declared their inability to sign"; and efforts should be made to induce those to sign who can.

Of the vouchers attached to this ship-channel pay-list 58201, Nos. 7, 8 and 11, and twenty of the twenty-nine sub-vouchers attached to No. 12, are in the handwriting of Mr. Dorais, the agent of the Public Works Department at Sorel. They should be originals made out by the creditors. Of these 29 sub-vouchers, Nos. 1, 7, 8, 9, 10, 11, 12, 14, 15, 16, 17, 20, 21, 22, 23, 25, 26 and 27, amounting to $81.85 in all, are receipted by crosses for which the witness is Mr. Dorais, who also appears to have made the crosses himself, judging from their uniformity. The combination in the same person of the two duties of voucher-copier and mark-maker or witnesser takes away one of the formal safeguards which are seldom too numerous. This subject is discussed at greater length under Voucher 58288.

Voucher 58204 is for $300 in favour of Rev. P. A. Milot, of Olscamp, as follows: "Pour la confection de 65 bouées, et le service du bateau durant 9 jours en 1889, pour sonder et baliser le chenal entre les Grandes Piles et la Tuque, distance de 75 milles, $225; pour le service du bateau durant 4 jours et avoir fourni et posé 85 bouées dans le dit chenal durant l'été de 1890, $75." The calculation of the two items should be given, as well as an explanation of the delay in paying the service of 1889; and the voucher

should be made out by Mr. Milot himself, instead of by Mr. Berlinguet, the officer who certifies it.

Voucher 58205, in favour of Thos. Keaough, is for "Hacking, reglazing and painting skylights of boiler houses in East and West Blocks: 102 lights of rough rolled plate glass, 6 x 1 ft., at $7—$714." The certificate "Work done; prices fair and just," is signed "Thos. Pruneau, J.D.G." in the handwriting of Mr. J. D. Gareau, Mr. Pruneau's assistant. The essential point about these certificates is that they should be made by the officers who have personal knowledge of the particular facts certified, and by no one else. In this case, if it was Mr. Gareau who inspected and measured the work, he should certify over his own name, since Mr. Pruneau is involved no more than any other officer.

In the account No. 58207 of Mr. George L. Bourchier for travelling expenses, the following items should be supported by vouchers: Box for chains, $2; testing box, $1.50: tide gauge, $2.50. The certificate "incurred on public business" is signed by initials, instead of by a full signature.

Voucher 58215, for $51 in favour of A. McBride, for hardware for the Calgary Court House, is certified by Mr. H. D. Johnson, "goods supplied, prices as agreed." Unless the prices are fixed by contract under advertised tender, the certificate should be "prices fair and just."

Voucher 58216, the pay-list of the Kingston Dry Dock Staff for February, contains an item of $8.60 for stationery, which should have been ordered from the Government Stationery Office at Ottawa.

Voucher 58233, for $10.25 in favour of E. St. Aubin for copying, is made out by Mr. J. P. Prudhomme, the officer who certifies it as correct; and there are several similar instances. The claim for the money should be made by the person who earned it.

Vouchers 58237 and 58457 cover pay-lists for "removing ashes and rubbish" from the Departmental Buildings from Feb. 23 to March 21. The four labourers in each pay-list receipt by marks; and Mr. Robertson signs his name underneath. After Mr. Robertson's signature there is stamped: "Undersigned certify to each signature and payment as above. Signatures by mark necessary from inability to sign." This certificate cannot be considered as Mr. Robertson's, who is not the undersigned. Mr. Robertson should sign after the words above-mentioned have been written, and under them.

In pay-list 58239, for "Ottawa Buildings, Repairs," the item of $27 for H. Philion is receipted "H. Philion, L. Coté." A receipt should be obtained from Mr. Philion.

In the Rideau Hall pay-list of the same number, the signatures of G. Reid and W. Wende appear to be in the handwriting of Mr. W. M. Hutchison, the Clerk of Works, who witnesses the receipts.

Vouchers 58241 to 58244, in favour of Jos. Patry, Dan'l Roy, H. Proulx and Chas. Potvin respectively, appear to be in the handwriting of Mr. J. D. Gareau, the officer who certifies them in the name of Mr. Pruneau as "work done, prices fair and just." Vouchers 58245 to 58248, in favour of Theo. Bussière, Tel. Pruneau, E. St. Pierre and John Keays, respectively, appear to be in the handwriting of Mr. J. H. Derinzy, the officer who certifies them "Work done, correct." The creditors should make out their own bills, even if they have to be corrected afterwards by the examiner.

Voucher 58259, for $56 in favour of G. A. Derome, is for "services in Secretary's office during month of February, 28 days at $2." The cheque is drawn "A. Gobeil, for the late G. A. Derome," and is endorsed in the same words. Please let me know whether this disposition of the money was sanctioned by the Treasury Board, as required by their Minute on the subject of "Balances due to Estates," dated June 19, 1888, and shown on page B–15 of my Report for 1889–90. I would also like to be informed of the date of Mr. Derome's death. If it occurred in February, his salary should have ceased on that day, and the wording of the account is inaccurate.

No. 58271 is for timber to the amount of $599.86, supplied by Geo. Lebel, of Cacouna. The kind of timber should be specified.

Nos. 58266, 58267, 58269, 58272, and 58273 are vouchers for wages, all made out by Government officers other than those to whom the wages are due.

In voucher 58276, for February expenses of the Port Arthur Staff, the bills of Messrs. Mann and Clarke are made out by Mr. Murdoch, the Engineer who certifies them.

Voucher 58277, from the Bell Telephone Co. for a telephone for Cheney Island, is marked by Mr. Keeley "original hereof certified as to delivery, by W. Cheney." The vouchers supplied to this office should carry the original certificates of the persons who have actual knowledge of the facts which they certify.

The item of $10 for Mr. C. E. Michaud's office rent, in No. 58286, should be accompanied by a voucher from the person to whom the money is due. The same remark applies to three items in Mr. Rosa's account No. 58287, namely those for $1.80, $2.50 and $4.

I call your particular attention to 58288, the February pay list for repairs at the Shawenegan slide, as showing a combination of irregularities which destroys every safeguard against the local officer. The four vouchers for timber (Onésime Caron, $95.26 ; Elie Gerbeau, fils, $47.04 ; Narcise Lampron, $12 ; Hector Bellemare, $35.22) are in the handwriting of Mr. Arthur Rousseau, the Slidemaster ; and they are certified by him "Arthur Rousseau," without describing the facts which his certificate covers, such as "materials received" or "prices fair and just." The Superintendent, Mr. Lajoie of Three Rivers, affixes his name, "C. Lajoie," also without describing what his certificate means. The vouchers for the previous months of the fiscal year are made out in the same manner : in Mr. Rousseau's handwriting, and with no certificate but the two names of Messrs. Rousseau and Lajoie. For the value to be attached to the examination by Mr. Superintendent Lajoie, as based on his personal knowledge of transactions at the Shawenegan Slide, we search for his acccounts of travelling expenses while away from his headquarters at Three Rivers between June 1, 1890, and March 31, 1891 ; and we find nothing but an item of $1 in July for a trip to the Booms. As far therefore may as be inferred from his having no travelling expenses, he has not been at the Shawenegan Slide, and has not seen the timber. The accounts, after approval at Ottawa, were cashed in one cheque to Mr. Nap. Dagneau of Three Rivers, the paymaster, who took the money to Shawenegan to pay the creditors—and he secured no better receipts on the vouchers than these : "Reçu paiement, Onésime Caron, per A. R. ;" "Reçu paiement, Elie Gerbeau, fils, per A. R. ;" "Reçu paiement, Narcisse Lampron, per A. R. ;" and "Reçu paiement, Hector Bellemare, per A. R. ;" all these receipts being written by Mr. Slidemaster Arthur Rousseau, and no authority from the creditors being attached. Here again the previous months' accounts are treated in the same way. I know nothing about Mr. Rousseau—it is not for this Office to know persons, but systems. And this system is so bad that it can be stated in these words : "On the vouchers there is no 'evidence that anyone but Mr. Rousseau has seen the materials, or the creditors who 'supplied them ; and there is also no evidence that the money has passed beyond the 'hands of Mr. Rousseau, who made out, certified and receipted the accounts." Please obtain receipts from the creditors for all of this expenditure since June 1, 1890, the period charged in the present fiscal year.

These remarks apply also to three items of wages in the same pay list, namely, those receipted "Onésime Gelinas, per A. R. ;" "Charles gros Gelinas, per A. R." and "Victor Hamel, per A.R." 17 of the workmen receipt by mark, for which there is no third person's name as witness. The particular days on which each man's work was performed should be specified.

The St. Maurice staff pay list for Feb., No. 58288, has the following defects : $84 for J. B. Normand is receipted "J. B. Normand, per J. L. N." : $28 for Louis St. Onge is receipted "Louis St. Onge, per A. Rousseau" : $36 for Francis Lacroix is receipted "Francis Lacroix, per U. C." ; and two men sign by marks which no third person witnesses. Mr. Dagneau should give dates for the days on which he makes his trips up the river. The account of Antoine Bernier for $15 is made out by Théophile LaRue, the officer in charge at Grand'Mère, instead of by the creditor. The last two remarks apply also to previous months.

In 58294, a Gatineau repairs pay-list, the dates on which work was done by each man should be given.

No. 58298 should be supported by a voucher from H. Carr.

In 58300, the February pay-list at Cape Tormentine, the item of $42.50 for Inspector E. P. Goodwin is not certified by Mr. Shewen, the resident engineer.

No. 58301 covers $7.45 for stationery for John B. Bright, the Clerk of Works at Lethbridge. This should have been ordered through the Government Stationery Office.

In 58291, the February pay-list of the Yamaska Lock, the item of $11.25 for Onésime Mineau is receipted "Onésime Minot, par A. L.," by Mr. Antoine Labbé, the lockmaster. A receipt should be obtained from Mr. Mineau.

Voucher 58310 for $168.21 from the G. N. W. Telegraph Company, and voucher 58311 for $194.02 from the C. P. R. Telegraph, for telegrams at Ottawa in February, should be supported by detailed accounts, giving the names of the persons sending and receiving the telegrams, as is done with the accounts charged to Civil Government Contingencies. Of the total $362.23, the sum of $12.45 for two bills marked "Telegraph Branch" is charged to "Telegraph Service Maintenance"; and $394.78 for two bills marked "Public Works Department," is charged to "Dredging Generally." I would like to have an explicit certificate that the manner in which the month's telegrams accrued corresponds accurately with the distribution of their expense among the votes, namely: $349.78 for dredging; $12.45 in the telegraph branch; and nothing at all for public buildings, harbours and rivers, slides and booms, or roads and bridges.

Voucher 58315, from Lucien Tremblay, should show dates for the trips charged, and a sub-voucher for the $15 horse-hire.

In Mr. Millidge's account for Feb., No. 58352, there is an item of $4.50 marked "paid for tracing plan of Pictou," for which a sub-voucher is needed. The 5 yards of drawing paper should have been ordered through the Stationery Office at Ottawa.

The stationery described in 58358, purchased from R. D. Richardson, should have been ordered through the Stationery Office, Ottawa.

Mr. F. M. Hamel, in No. 58374 and other vouchers, gives only the first and last day of each trip. The date of each item should be marked.

No. 58383 is a pay-list for "breaking stone on Ottawa roads" from March 3 to 12. The item of $6.13 for Dan. Gleason is receipted "Thomas Gleason."

Voucher 58410 from A. R. Parent, of Ottawa, reads "Pour services du mois de février, 28 jours à $1.50." The nature of the services should be described in this and in all similar cases.

Voucher 58411, from John Shepherd, for $308.86, is for "cleaning and tinting walls and ceilings in Public Buildings, and painting woodwork." Please mention the Departments in whose offices the work was done.

Voucher 58547 from Ahearn & Soper for 6 cases of zincs, is marked "Original hereof certified 'Goods Received,' by H. J. McHugh." The original certificate should be on the voucher for the Audit Office.

Voucher 58455 from Harris & Campbell for $90, is for "one large case for Post Office Department." There should be some description of the case, as a check upon the price, for the information of those who are not in the line of seeing the furniture itself.

Voucher 58457 is the repairs pay-list for Rideau Hall from March 8 to 21. The names of T. Ambridge and J. Simard in the receipt column are apparently in the handwriting of Mr. W. M. Hutchison, the clerk of works. Please procure receipts from Messrs. Ambridge and Simard.

Voucher 58459 from P. H. Chabot is for "101 yards of linoleum" at $1.30, for the House of Commons." There should be some description of the grade or quality, as a check upon the price,

Cheque 58469 covers the repairs pay-list at Ottawa, from March 9 to 21. The item of $30 for F. Breton, a carpenter at $2.50, is receipted "F. Breton, L. C."; and the item of $27 for H. Philion, a carter at $2.25, is receipted "H. Philion, L. C."; the initials resembling those of L. Coté, the second name on the list. The item of $18 for F. Perchard, a labourer in the Justice Department at $1.50, is receipted "F. Perchard, J. B. L.," apparently by Mr. J. B. Lamontagne, the timekeeper. Please obtain good receipts for these three payments.

Voucher 58473 is the pay-list for repairs between March 6 and 18, at Chute aux Iroquois on the St. Maurice. The voucher from Alphonse Normand for $140.25, (which should be in his writing, instead of in that of Mr. Berlinguet, who certifies it), contains an item of $119 for board of men at 50 cents a day, for 238 days in all. The days charged in the pay-list add up to 215. Please explain the difference of 23 days.

No. 58476 covers the travel of Mr. Coste, for three trips, namely : Jan. 14 to 16, March 3 to 5, and March 16 to 20. The date of each item should be given, and the voucher should be certified " The whole of this expenditure was incurred on Government business."

In 58483, the clerk of works' pay-list for March, the item of $100.75 for Mr. Pruneau is receipted " Thos. Pruneau, per J. D. G." Please obtain a receipt from the legal representative of the late Mr. Pruneau. The description column, which is blank, should be filled up with a statement of the nature of each man's duties.

Voucher 58486 is the pay-list of the Chief Engineer's draughting branch for March, 1891, and is charged to " Port Arthur breakwater." This pay-list contains the usual item of $2.75 a day for Nap. Moffette, mounting to $85.25. Voucher 58722 for March expenses of the Kingston dry dock includes $62 for Mr. Moffette's living allowance in Kingston from March 1 to 31. It therefore appears that Mr. Moffette's salary for March is charged wrongly to " Port Arthur breakwater." The previous month's pay-lists are signed for Mr. Moffette by some other person, the initials being given. The signature " N. Moffette " in March is so radically different from that on his vouchers for living expenses that I am unable to accept it in receipt, without an explicit assurance that it was made by his own hand.

No. 58487, the pay-list of the Chief Architect's staff for March, repeats the two irregularities noticed in February. All the employés, including Mr. Ewart, are described as "draughtsmen" ; and Mr. Curran's salary is receipted " Wm. Curran, W.S.C." Mr. Curran's own receipt will be necessary.

Cheque 58552 includes the March pay-list of the general repairs staff under the control of the Mechanical Engineer, The item of $100 for Wm. King is receipted " Wm. King, per J. S. K." The item of $48 for J. Dunlop is receipted " J. Dunlop, per J. F." Please obtain receipts from Messrs. King and Dunlop.

I am, Sir, your obedient servant,

The Secretary Public Works Dept. J. L. McDOUGALL, *A. G.*

TEMPORARY CLERKS.

MARINE DEPT., OTTAWA, July 27, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of the 13th instant, in further reference to temporary clerks employed in this Department, and in reply I am to inform you that Mr. Burpee is a stenographer and type-writer employed solely under Mr. Anderson, Engineer of the Department, and paid out of the vote for construction. A report to council in his case will be made. Mr. Weir has not passed the qualifying examination yet but intends presenting himself for examination the coming fall. He intended trying last year, but found he was too late, and Mr. LeSueur would not let him try until this year. He is much required at present as an extra clerk, but your objection seems to be well taken, and I have notified him, so that at the end of this month his services will end. In reference to Mr. B. H. Fraser : after drawing attention to Section 31, Clause 2, C. S. Act, viz. :—"Graduates of the Royal Military College, and of any University in Canada, shall be exempt from the qualifying examination." Also Section 47, Clause 2 :—"The rate of remuneration to be paid for temporary service shall not exceed the minimum salary of a 3rd class clerk, unless the service performed is technical, and requires special qualifications," he informs me that he has a diploma of graduation from the Royal Military College of Canada of date 27th June, 1889, and this fact in connection with the above quoted sections and clauses he considers fully covers the circumstances of his employment. Mr. Lampey states that he has been continuously employed since the 14th of June, 1881, and consequently is exempt under Sub-section 3 of Section 37. Mr. Cox also draws attention to Clause 2 of Section 47. Therefore, it would appear from these statements that Messrs. Cox, Fraser and Lampey, employed as draughtsmen and technical officers in the engineer's office, do not come under the meaning of the Act relating to extra clerks.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Oct. 3, 1891.

SIR,—I beg to acknowledge the receipt of your letter of the 27th July in further reference to the temporary clerks employed in your Department. The continued employment of Mr. Fraser, he being a graduate of the Royal Military College, at his present rate of payment, is legal, provided he possesses technical qualifications and is engaged on technical work. Please ask Mr. Anderson to certify his salary vouchers accordingly. With regard to the other clerks—Messrs. Cox, Lampey, Burpee and Weir—it appears to me that under the Civil Service Act as amended they are obliged to pass the qualifying examination. The section of the Act quoted in your letter (37), plainly has reference to permanent clerks. Section 47 deals with temporary service, and sub-section (2) which permitted the continued employment of clerks who were in the service of the several Departments on the 1st July, 1882, has been repealed by the Act of 1888.—*See* 51 Vic., Chap. 12, Sec. 11.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Oct. 15, 1891.

SIR,—I beg to acknowledge receipt of your letter of the 3rd instant, in further reference to the employment of certain temporary clerks, and stating that your consider that Messrs. Cox, Lampey, Burpee and Weir should pass the qualifying examination required by the Civil Service Act. In reply I beg to inform you that Mr. Weir is not now in the employ of the Department, and with reference to the others I may observe that they are not clerks in the ordinary sense but are employed in connection with the construction and maintenance of lighthouses, and I do not consider that they should come under the provisions of the Civil Service Act. I may observe, however, that Mr. Cox is a professional architect and land surveyor, that Mr. Lampey is a mechanical

engineer, and Mr. Burpee, is a shorthand writer and type-writer, so that they may all be considered as possessing technical qualifications.

Yours very truly,

The Auditor General. WM. SMITH, *D.M.M.*

P.S.—If you do not agree with me the subject will be submitted to the Treasury Board in the usual way.

AUDIT OFFICE, OTTAWA, Nov. 6, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 15th ult., in further reference to the continued employment in your Department of the temporary clerks Cox, Lampey and Burpee, who have not passed the Civil Service qualifying examination, and stating that, as they are not clerks in the ordinary sense, but are paid from the appropriation for the construction of lighthouses, they are not subject to the provisions of the Civil Service Act. I beg to point out with reference to your view of the case that the Treasury Board, acting on the opinion of the Department of Justice, has, in a minute dated 6th June last, decided differently, and that it was in consequence of this decision I called your attention to the employment of Messrs. Cox, Lampey and Burpee.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 4, 1891.

SIR,—I beg to acknowledge the receipt of your letter of the 2nd inst., enclosing a certificate from the secretary of the Board of Examiners of Land Surveyors for the Province of Ontario to the effect that C. F. Cox now employed, in the Marine Department, is a Provincial Land Surveyor, and claiming because of this qualification it is not necessary under the Civil Service Act that he should have passed the qualifying examination before being employed in his present capacity. I am not aware of any provision in the Civil Service Act to this effect, Certainly section 4, which you quote, does not so provide. Section 31, as amended by 51 Vic., chap. 12, sec. 5, provides that graduates of the Royal Military College, or of any University of Canada, shall be exempt from the qualifying examination, and under sub-sec 4 of sec. 39 it is provided that in the case of land surveyors, &c., the promotion examination may be dispensed with, when such are employed or seeking promotion in the line of their profession. Neither of these sections applies to the case of Mr. Cox, and I shall be obliged if you will point out the section of the Act under which you claim he may be continued in the employment of the Government as a temporary clerk because he is a land surveyor.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

INCOMPLETE VOUCHERS.

MARINE DEPT., OTTAWA, Sept. 29, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of the 22nd inst., in regard to vouchers 4053, 4462, 5830, 6104 and 7188, furnished by Messrs. Noonan and Davies, being insufficient on account of no receipts being furnished from the men to whom the money was paid. In reply I have to inform you that it is found very difficult to procure vouchers from men who only work in some instances a few hours loading or unloading the vessel as found necessary; but the Department will endeavour in future to get such vouchers if possible. With reference to the accounts of Dawson & Gordon, John Munro, Thos. Meagher and Pope Bros., being sent for payment in the usual way, and not paid from the cash advanced to our agents, I have to inform you that for some time past the Department has paid such accounts direct to the parties after they have

been rendered by Messrs. Noonan and Davies in the same manner as followed by the other agents of the Department.

I am, Sir, your obedient servant,

The Auditor General. JOHN HARDIE, *for D.M.M.*

STEAMER "STANLEY."

MARINE DEPT., OTTAWA, Nov. 11, 1891.

SIR,—I have to acknowledge receipt of your letter of the 4th instant, asking for explanation of certain payments made during last year, for the board of the captain and certain seamen of the Government str. "Stanley," and in reply I beg to inform you that the captain, engineers and firemen were employed by this Department while the steamer was undergoing repairs on the marine slip. At the time the rest of the crew were discharged, and no provision being made for the maintenance of these men on board the ship, the officers and firemen were boarded on shore.

I am, Sir, your obedient servant,

The Auditor General. WM. L. MAGEE, *for D.M.M.*

CONSTRUCTION OF LIGHTS.

AUDIT OFFICE, OTTAWA, Dec. 10, 1891.

SIR,—I beg to bring to your notice the vouchers sent me in support of expenditure connected with the construction of certain works at the following places and which is charged against the Vote for Construction of Lighthouses:—

Cap de la Madeleine.

There is no certificate attached to Voucher 7444 that the work has been performed and that the amount paid is according to contract.

Cap Normand.

The vouchers furnished by T. Routhier for labour, amounting to $1,860.57, are not receipted by the men to whom the different sums were paid.

Carmanah Point.

Vouchers 1189, 2664 and 6783 for advances to the contractor, G. H. Frost, are not supported by certificates from the officers of your Department having immediate supervision of the work that sufficient progress had been made at the time of payment to justify these advances. The only evidence to this effect sent me is contained in memos. initialled by Mr. W. P. Anderson. In one instance it is stated that "the agent's report of material on the ground and work done would indicate that over $2,000 worth of material are on the ground and $300 or $400 worth of work done." On another account Mr. Anderson states that on account of the reports received respecting the progress of the work it would be safe to make the advance asked for. I beg to point out that intimations of this kind as to the information in the possession of the Department relative to items of expenditure submitted to me for audit are not sufficient for that purpose. The original certificate of the supervising officer should be attached to all applications upon which advances have been made to contractors during the progress of the work. These certificates should state that the work in question had been sufficiently advanced to warrant the Department in making the payment asked for.

No details are furnished for payments for Indian labour and fish oil, &c., amounting to $138.75—vouchers 754 and 2507.

Centre Brother Island.

The owners of the str. "Khartoum" were paid $2 for freight by cheque 1541, which seems to have been previously paid to U. J. Leonard by cheque 320. There is no certificate as to the satisfactory completion of the work done by Mr. Leonard attached to this voucher (320).

Charlottetown.

Please send me the certificates on which $350 and $60 were allowed Messrs. Haszard & Howlan, respectively, as fair and just compensation for the land obtained from them for lighthouse purposes.

Cheticamp Range.

The certificate "fair and just" is not attached to voucher 7394, rendered by Fulgence Aucoin for damage done to his house by storms.

By cheque 2492 M. McFadyen was paid $750.93, balance of contract, and by cheque 7450 a further sum of $102.07 in full settlement. There are no other particulars or information given me relative to these two payments, and neither is supported by the certificate required by sec. 33 of the Audit Act. By cheque 860 Dr. N. Fiset was paid $99.88, for which he furnished vouchers, and by cheque 6074 a further amount of $34.19 as balance of claim in connection with construction. There are no details given in support of this amount. A memo. attached gives the amount of the contract, $200. The total amount paid, including an item of $10 to Dr. Fiset, for inspecting is $312.07. Please let me have your explanation of the two payments made to Mr. McFayden and of the payment of $34.19 to Dr. Fiset.

Narrow Island.

Voucher 4064 is not certified at all, and vouchers 575 and 2576 are not certified as to the performance of the work for which payment was made.

Coldspring Head.

The necessary certificate as to the price paid is not attached to vouchers 289 and 740.

Point Peter.

Vouchers 1156 and 2930 are not certified as to the performance of work.

Yellow Island.

An advance of $1,000 was made to the contractor, J. A. Bittancourt, but the necessary certificate is not attached to the voucher.

I should like to have your explanation of the different payments to which I have called your attention at your early convenience, that I may be able to publish them if necessary in my report for the year 1890-91.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

SUPERANNUATION.

AUDIT OFFICE, OTTAWA, Jan. 7, 1892.

SIR,—I beg to point out with reference to the Order in Council sent me for the appointment of Mr. Robert Allan as messenger in the office of the agent of Marine at St. John, N.B., that under sub-section (*b*) of section 2 of the Superannuation Act it is necessary, in the case of officers of the Outside Service to whom the Civil Service Act does not apply, that the Governer in Council should designate the persons whom it is intended to bring under its provisions. In the case of lightkeepers, when it is intended to bring them under the Superannuation Act it is the rule to state so in the Orders in Council appointing them. It appears to me the same course should be followed in regard to all other officers in the Outside Service of the Marine Department. I am not aware of any general Order in Council dealing with cases of this kind.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

SALARIES MESSRS. POPE AND MORGAN.

MARINE DEPT., OTTAWA, Dec. 21, 1891.

SIR,—Referring to the Order in Council of the 24th of October last, appointing Messrs. George H. Pope and E. B. Morgan inspectors under the authority contained in the 4th section of the Act 54 Victoria, chapter 36, respecting the shipping of live stock from Canada, I have the honour to inform you that two months' salary will be due these inspectors on the 31st instant, amounting to $333.33. As the fees collected by them

under the Act referred to in the Order in Council, only amounted to $169.36, and as these fees were deposited to the credit of the Receiver General, as required by the Act, I will be obliged if you will inform me how the inspectors are to be paid for November and December, and also how they are to be paid until the opening of navigation, when fees will again be collected. I enclose herewith for your information a copy of the Act.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Dec. 28, 1891.

SIR,—I beg to acknowledge the receipt of your letter of the 21st inst., requesting to be informed how the Inspectors appointed under 54 Vic., chap. 36, are to be paid their November and December salaries, the fees collected not being sufficient for that purpose, and having been deposited to the credit of the Receiver General. It seems to me that under the Act in question only the amount deposited as fees may be paid in salary, and I shall be glad to issue cheques accordingly upon your application, supported by a statement showing the amount of fees collected by each inspector and deposited by him to the credit of the Receiver General. I have not received the Order in Council appointing Messrs. Pope and Morgan and determining the salaries to be paid them.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A. G.*

COMPENSATION TO H. D. TROOP.

AUDIT OFFICE, OTTAWA, Dec. 29, 1890.

SIR,—With reference to your application for the issue of a cheque in favour of Howard D. Troop for $1,400, compensation for damage done to a schooner owned by him by the str. "Lansdowne," I beg to request that you will cause to be sent me the evidence upon which you decided the amount in question to be a liability of the Government and a fair and just compensation for the damage sustained. I have not been furnished with the Order in Council authorizing the payment of the sum you ask from unforeseen expenses. I beg to inform you that I have been holding over for some time an application for the payment of a gratuity to the wife of the late Wm. Ross, and one or two other applications, because the Orders in Council authorizing the payments have not been sent me.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A. G.*

MARINE DEPT., OTTAWA, Jan. 3, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of the 29th ultimo, in regard to the application made for the issue of a cheque in favour of Howard D. Troop, for $1,400 and with reference to your request that the evidence might be sent you upon which it was decided to pay the amount. I beg to enclose the papers in the case, together with the Order in Council authorizing payment. I have to request, however, that these papers, including the Order, be returned as soon as the cheque has issued, as they are required for record in this Department. I regret the delay which has occurred owing to your holding over applications because you had not been furnished with Orders in Council authorizing the payment, but I cannot accept any responsibility for such delay, as I cannot give the Orders in Council to be filed in your Department. I am informed by the Clerk of Council that he furnished you with a copy of the Order authorizing the gratuity to the widow of the late William Ross, on the 17th ultimo, so that there would appear to be no reason for deferring the payment of this gratuity to this late date.

I am, Sir, your most obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

Note by the Auditor General—A memo. stating that an Order in Council granting a gratuity to Mrs. Ross was received at this office from the Clerk of the Privy Council on Jan. 10, 1891, and the cheque issued immediately thereafter.

Extra Pay, Distributing Bounty—Incomplete Vouchers.

AUDIT OFFICE, OTTAWA, April 9, 1891.

SIR,—I have the honour to bring to your notice the voucher sent me in support of a payment of $1,500 to the clerks of your Department who were employed in connection with the issuing of fishing bounty cheques. This voucher is numbered 2735 to 2747 and contains merely the names of those employed and the amounts paid to each, with a certificate by Mr. Kent that the work was performed in accordance with agreement with the Minister. I beg to point out that the particulars given are not sufficient to meet the requirements of Section 33 of the Audit Act. The clerks in question should be called upon to furnish separate accounts, giving the number of days or hours for which charge is made, with dates of employment, and the accounts so furnished should be certified by the proper officer that the work was in connection with the fishing bounty, that it was duly performed, and that the price charged is fair and just.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries. J. L. McDOUGALL, *A.G.*

FISHERIES DEPT., OTTAWA, April 24, 1891.

SIR,—I beg to acknowledge the receipt of your letter of the 9th instant, having reference to the payment of $1,500 to the clerks in this Department who were employed in connection with the issuing of fishing bounty cheques, and to enclose as requested the certificate of the proper officer who had charge of the work, which, in view of the authority of an Order in Council sanctioning the arrangement, would seem to fully meet the requirements of Section 33 of the Audit Act, to which you refer.

I am, Sir, your obedient servant,

The Auditor General. JOHN TILTON, *D.M.F.*

AUDIT OFFICE, OTTAWA, May 5, 1891.

DEAR SIR,—I have the honour to acknowledge the receipt of your letter of the 24th ultimo, with reference to the payment of $1,500 to certain permanent and temporary clerks in your Department for services rendered in connection with the issuing of fish-

ing bounty cheques, in which you state that as the arrangement made by the Minister with regard to the payment in question was sanctioned by Council, the requirements of Section 33 of the Audit Act were complied with when the proper officer certified that the work had been performed. It does not appear to me that the sanction of Council relieves your Department of the responsibility of obtaining accounts showing the length of time each clerk was employed at the particular work for which he was to receive extra pay, as in the absence of such information, it is clear the certificate required by Section 33 of the Audit Act as to the reasonableness of the price charged cannot be given. I understand though from the Order in Council to which you refer that the amount therein sanctioned was not to be paid until it had first been submitted in the estimates for the consent of Parliament, and consequently has not been authorized fully even yet.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries. J. L. McDOUGALL, *A.G.*

Fisheries Dept., Ottawa, July 16, 1891.

Sir,—Having reference to your letter of May 5 last, in connection with the payment of the sum of $1,500 to the clerks of this Department (Parliament having made the necessary appropriation in such form as to permit this being done), for extra services in connection with the distribution of the fishing bounty for the year 1890, I observe you are of the opinion that in the absence of an account showing the length of time each clerk was employed at the particular work for which he was to receive extra pay, the certificate required by Section 33 of the Audit Act, as to the reasonableness of the price charged, cannot be given. In reply I beg to invite your attention to the fact that the agreement under which the work in question was performed was sanctioned by His Excellency in Council, upon a report of the Minister of Marine and Fisheries, after a very careful consideration of the clerical labour involved in the distribution of the bounty in question, and I may also point to the fact that the average cost of this work for the five years previous to 1890 was $3,667 per year, while the cost for 1890 was $3,717, with the result that the bounty was distributed at a much earlier date than under the old system. Under these circumstances it would appear to me that the officer under whose superintendence this work was done, was amply justified in giving the certificate which accompanied my letter of April 24, and fully complies with the requirements of Section 33 of the Audit Act.

I am, Sir, your obedient servant,

The Auditor General. JOHN TILTON, *D.M.F.*

Audit Office, Ottawa, Oct. 5, 1891.

Sir,—I have the honour to acknowledge the receipt of your letter of July 16 last in further reference to the payment of $1,500 to clerks in the Fishery Department for extra work in connection with the issuing of the fishing bounty cheques, and regret that owing to the pressure of work during the Session of Parliament I have not been able until now to attend to it. I fail to see any good reasons why the clerks to whom payment was made should not furnish vouchers in detail. The fact that the agreement under which the work was performed was sanctioned by Council, and that the amount spent was less than the average of the last five years, does not, in my opinion, dispense with the necessity of such accounts. The vouchers required should show the length of time each clerk was occupied at the work in question, or the total quantity of work performed by him, together with the rate at which payment was made in either case.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries. J. L. McDOUGALL, *A.G.*

FISHERIES DEPT., OTTAWA, Oct. 15, 1891.

SIR,—I have the honour, by direction, to acknowledge the receipt of your letter of the 5th instant, with further reference to your request for vouchers in detail, for the payment of $1,500 to the clerks in this Department, for extra work in connection with the fishing bounty for 1890. Having laid the correspondence before the Minister, I am, by direction, to inform you that he is of opinion that the system sanctioned by Minute of Council does not admit compliance with your request as to an exhibit of the total quantity of work performed by each clerk, inasmuch as under the contract with the staff of his Department a specific amount is mentioned, and is earned by all and divided on the satisfactory completion of the work, and within the time mentioned in the Order in Council.

I am, Sir, your obedient servant,

The Auditor General. JOHN TILTON, *D.M.F.*

AUDIT OFFICE, OTTAWA, Nov. 6, 1891.

SIR,—I beg to acknowledge the receipt of your letter of the 15th ult, refusing, under direction of the Minister, to forward to this office for audit the vouchers required in connection with the distribution of $1,500 paid permanent employés of your Department for work done outside of office hours, issuing fishing bounty cheques during last year. I am still of opinion that the particulars asked for in my letter of the 5th ult. should be sent me, and I fail to see any reason for not doing so in the Order in Council sanctioning the agreement made by the Minister with the clerks in question. I notice that the number of cheques issued was 40,038, for the issue of which $1,500 was paid, or about $3\frac{3}{4}$ cts. per cheque, which at an ordinary rate of work would be at least $1.50 per hour.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries. J. L. McDOUGALL, *A.G.*

FISHERIES DEPT., OTTAWA, Nov. 19, 1891.

SIR,—I beg to acknowledge the receipt of your letter of 6th instant, having further reference to the payment of $1,500 to permanent and temporary employés of this Department for services in connection with the distribution of the fishing bounty for 1890, and stating that in your opinion the particulars previously requested *re* hours worked by the staff should be furnished you; also that you "notice that the number of cheques issued was 40,038, for the issue of which $1,500 was paid—or about three and three-quarters cents per cheque, which at an ordinary rate of work would be at least $1.50 per hour." In reply I would state that your calculation as to the cost of the work per hour appears to be based upon the impression that the bare issuing of cheques was the only work performed by the clerks of this Department in carrying out their agreement with the Minister to complete the fishing bounty distribution by a fixed date. In this you are in error, as more than three times the labour involved in issuing the cheques, is necessary before the cheques themselves can be prepared. The claims to bounty reach the Department on forms prepared for that purpose—in the case of boat claims, each form containing but two or three names—in vessel claims, from five to sixteen or twenty. In dealing with a vessel claim five or six times the amount of labour is involved as in a boat claim. These claims before being entered must be sorted by localities, then alphabetically arranged, and after being entered are again examined and checked. Schedules are then prepared, these are again checked before the cheques are made. The latter are again compared and must pass through two hands for signature. From this you will see that the clerks in question did more than three times the amount of work for which you have given them credit in your letter of 6th instant. As the exact time engaged, however, was not kept, this Department is willing to accept your calculation, based upon the actual work performed, which would make the rate per

hour one-third of that named by you, or 50 cents. I am to state that in the Minister's opinion it does not appear to be necessary for the purposes of the Audit Act that the above information should be given you.

I am, Sir, your obedient servant,

The Auditor General. S. P. BAUSET, *Acting D. M. F.*

AUDIT OFFICE, OTTAWA, Nov. 30, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 19th inst., stating that no record has been kept of the time during which the permanent and temporary clerks, among whom $1,500 was evenly divided, were employed in connection with the issuing of fishing bounty cheques for the fiscal year 1890–91; but that judging from the amount of work done the rate in your opinion was not more than 50 cents per hour. It is clear to me that for the purposes of audit detailed accounts should have been furnished by the clerks in question setting forth the time given by each or the amount of work performed and the rate at which payment was made. The certificate as to the price paid required by Section 33 of the Audit Act should be given in addition to any other voucher or certificate which may be necesssry. It appeared to me, in the absence of any information to the contrary, that the rate at which payment was made in the present instance was much higher than that you mention. I found that apart from the amount paid—$1,500—$1,911.25 had been paid to temporary clerks from the Vote for distributing bounty to March 31, which I presumed was paid for the performance of the incidental work you point out as necessary before the cheques may be issued. The whole amount paid in 1889–90 to clerks in the Department from this Vote was only $2,578.30 whereas last year the amount paid was over $3,700 while the number of cheques issued in one case was about the same as in the other. I would point out also that the Order in Council to which you refer as your authority is dated February 7 and stipulates that the whole work is to be completed by February 28, an interval of 18 working days, supposing the work to have commenced when the agreement was authorized. As each clerk received as his share of the whole amount $115.38, he must have worked on an average over 12 hours per day at the rate you give, in addition to his regular office hours.

I am, Sir, your obedient servant,

The Acting Deputy Minister of Fisheries. J. L. McDOUGALL, *A. G.*

FISHERIES DEPT., OTTAWA, Dec. 12, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of 30th ultimo, with further reference to the payment of $1,500 to the permanent and temporary clerks of this Department, for extra work performed in connection with the distribution of the fishing bounty for 1890; and to inform you, by direction, that while the Minister does not consider that you are, as Auditor General, entitled to any information other than that already furnished, he sees no objection to the following being given upon points on which it is considered you are in error:—1st. Respecting the number of working days mentioned in your letter: I may state that although the Order in Council authorizing the work in question is dated 7th February, the clerks began working on the 2nd of the same month. A statutory holiday intervened, and I regret to add that work had to be performed on Sundays, in order to finish the distribution by the time fixed. It will thus be seen that at least nine or ten additional days should be credited to the clerks, as well as the eighteen mentioned in your communication. I must also remind you that the rate of 50 cents an hour, accepted by this Department as the cost of the services rendered by the fisheries staff in distributing the fishery bounty of 1890, was based upon your own figures, and not upon data furnished by this Department; no record of the time engaged in this work having been kept—the staff not considering it necessary to do so,

in view of the special arrangement made by Council for the performance of this work.

I am, Sir, your obedient servant,

The Auditor General. S. P. BAUSET, *Actg. D.M.F.*

Incomplete Vouchers.

AUDIT OFFICE, OTTAWA, Dec. 9, 1891.

SIR,—I wish to bring to your notice the following remarks on your expenditure for 1890-91 :—

By cheque 280 McPhee Bros. were paid $300 for building steam launch. The voucher covering this amount is not certified.

2452—$100 paid A. Ogden, balance salary Lobster and Oyster Commission. Mr. Ogden's account for services on this Commission was settled in 1887-88. Certain deductions were then made by your Department. Would you please send me the information on which this further amount was paid.

Voucher 3401 is in support of a payment of $167. Thos. McKeen, fishery overseer, while in the discharge of his duty assaulted J. R. McKeen who brought an action against him. Thos. McKeen's counsel fees and other expenses amounted to $167. This amount, it seems to me, should have been paid by Mr. McKeen himself and not by the Department.

By cheque 3507, $800 is paid McQueen and Cameron "On account of contract building Bay View Lobster Hatchery." The certificate of Inspector Hudson that the work was sufficiently advanced to warrant this amount being paid has not been sent me. The final payment to the same contractors on completion of the work is made by cheque 4692. The voucher sent in support of this payment is certified by S. Wilmot that the work has been performed to the satisfaction of Inspector Hudson." Why has not Mr. Hudson's certificate to this effect been sent me?

3515—A payment of $25 to Hugh Fleming. Please send further information, as I have now merely a copy of the letter from Borden, Ritchie, Parker & Chisholm, advising that this amount be paid.

4515 and 4516—George Burden, police magistrate for Algoma, $84.80 for expenses in connection with prosecution for infraction of Fishery Act. Should not this amount have been paid by the losers in the trial?

An advance of $200 was made D. O'Connor in 1889-90 (see my report for that year, page C—134). No details have yet been sent me for this amount. If Mr. O'Connor has accounted for the advance, please forward vouchers.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries. J. L. McDOUGALL, *A.G.*

FISHERIES DEPT., OTTAWA, December 18, 1891.

SIR,—In answer to your letter of 9th inst., requesting certain explanations with reference to payments made by this Department during the fiscal year 1890-91, I have the honour to offer the following explanations :—

1. The certificate of Mr. R. Collister, inspector of hulls, covering a payment of $300 to Messrs. McPhee Bros. is herewith ;

2. A letter from the Department of Justice authorizing payment of a sum of $100 to Mr. Ogden, being balance due him for services in connection with the Lobster and Oyster Commission of 1887 is also attached ;

3. The sum of $167 for expenses incurred by Overseer Thos. McKeen in defending an action brought against him for assault whilst engaged in the performance of his official duties, was paid on the authority of the Department of Justice. The above named officer whilst performing certain duties was assaulted by J. R. McKeen, and being in danger, defended himself. An action was brought against him by J. R. McKeen for assault, but a Jury of the Supreme Court found him "not guilty" ;

4. The certificate of Inspector Hudson, stating that the contract of Messrs. McQueen and Cameron was sufficiently advanced to warrant the payment of a sum of $800 on account, is attached. The original certificate from the same inspector, stating that McQueen and Cameron had completed their contract, is also enclosed ;

5. Hugh Fleming was fined for illegal fishing. The conviction was subsequently quashed, and the costs, taxed at $25, were paid on the report of the Dept. of Justice ;

6. The account of Police Magistrate Burden is for travelling expenses, incurred while prosecuting violations of the Fisheries Act at Spanish River, Ontario, and is consequently a proper charge against this Department ;

7. The Department of Justice has been written to, and requested to procure vouchers to cover the advance of $200 to Mr. O'Connor.

I am, Sir, your obedient servant,

The Auditor General. S. P. BAUSET, *Acting D.M.F.*

AUDIT OFFICE, OTTAWA, Dec. 31, 1891.

SIR,—By cheque No. 2, $300 is paid M. Pickett for land. Please send me Mr. Pickett's account certified by your agent in the sale that the price is fair and just.

Vouchers 355, 1218, 1548, 2685, 3803, 4695 and 4771 (for advertising) are not certified as required by Chap. 27, sec. 3, of the Revised Statutes.

Voucher 4478, a payment of $35 to Wm. Walsh "for loss of property while discharging duty as fishery officer." I would ask for the information upon which this was assumed as a liability by your Department ; also for Wm. Walsh's and any other certificate that the amount paid was not in excess of the value of the lost property.

C. Semande is paid as engineer at Sandwich Hatchery from Nov. 10 to June 15. In Mr. Parker's disbursements (2213) a further payment of $37.40 is made him for 25 days work at Hatchery. The receipt for this amount is dated Dec. 12, but the dates between which this work was performed are not given. Please send me the information.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries. J. L. McDOUGALL, *A. G.*

FISHERIES DEPT., OTTAWA, Jan. 5, 1892.

SIR,—In reply to your letter of 21st ultimo, I have the honour to furnish the following explanations regarding certain payments made by this Department :—

1. The certificate of the Superintendent of Fish Culture required in connection with the purchase of land from Mrs. Pickett is enclosed ;

2. The payments covered by vouchers Nos. 355, 1218, 1548, 2685, 4695 and 4771 are for advertizing the Manitoba Fishery Regulations, and were authorized by Order in Council at $25 per annum ;

3. The payment of $35 to Wm. Walsh was for loss of property sustained by him in connection with, and during the performance of his duties as fishery overseer. The claim was originally made for $75, but it was reduced to $35 by Inspector Chapman, and paid in accordance with his recommendation ;

4. The duties on which C. Semande was engaged were performed between the 22nd August and the 20th September.

I am, Sir, your obedient servant,

The Auditor General. S. P. BAUSET, *Acting D. M. F.*

Audit Office, Ottawa, May 22, 1891.

Sir,—I notice that you are in the habit of purchasing books for the Geological Survey Library direct from the dealers. This practice is contrary to the "Act respecting the Department of Public Printing and Stationery," as amended by 51 Vic., chap. 17. Section 3 of that Act enacts that "the proper officer of the Department shall superintend and execute the purchase and distribution of all paper, books and all other articles of stationery of whatsoever kind," the only exceptions to this regulation being books purchased for the Library of Parliament and books required for the chaplains, libraries, or schools in the Penitentiaries. Please see in the future that all purchases of books required for your Department are made through the Department of Public Printing and Stationery as required by the Act referred to above.

I am, Sir, your obedient servant,

The Director, Geological Survey. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, June 24, 1891.

SIR,—On the monthly pay-list of the Geological Survey I notice the names of Mathew Esdale, employed as a carpenter, and David A. Esdale, employed as assistant carpenter. Under section 7, sub-section 2, of the Public Works Act, the Minister of Public Works has charge and direction of the maintenance and keeping in repair of the Government Buildings at Ottawa, and any alterations required and the supplying of furniture and fittings or repairs to the same. In accordance with this Act any carpenters required in connection with any of the public buildings here should be employed and paid by the Department of Public Works.

I am, Sir, your obedient servant,

The Director, Geological Survey. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, Dec. 22, 1891.

SIR,—As the majority, if not all of your surveyors have now returned from their work of the last season, I beg to ask that their accounts be made out and forwarded to this office with as little delay as possible. Is there any serious obstacle to these accounts being closed within a month after the return of the surveyors ?

I am, Sir, your obedient servant,

The Director, Geological Survey. J. L. McDOUGALL, *A. G.*

GEOLOGICAL SURVEY DEPT., OTTAWA, Dec. 30, 1891.

SIR,—In reply to your letter of 22nd, I beg to say there is, in my opinion, as a rule, no obstacle whatever to accounts being closed within the period you name, and in accordance with written instructions. The want of power to enforce attention to instructions is the only obstacle.

I am, Sir, your obedient servant,

The Auditor General. A. R. C. SELWYN, *D.G.S.*

AUDIT OFFICE, OTTAWA, March 9, 1891.

SIR,—Kindly explain the following items contained in the statement of moneys expended by the Deloraine Committee in connection with the well-boring operations there, said statement forming part of voucher No. 200, paid in October last :—

June 17.	Wm. Ward on account damages against Deloraine Well Committee	$ 75 00
do 28.	Wm. Strong on account of Wm. Ward's claim for loss of time	15 00
do 28.	R. Robinson on account of Wm. Ward's claim for loss of time	10 00
July 31.	R. Robinson, on account of balance of Wm. Ward's claim for loss of time	35 50
Aug. 27.	A. C. Mackay, on account of balance of Ward's claim for loss of time	14 50
do 30.	L. E. Thompson, on account of Ward's claim for loss of time	100 00
		$250 00

I am, Sir, your obedient servant,

The Director, Geological Survey. J. L. McDOUGALL, *A. G.*

DELORAINE, Sept. 4, 1890.

DEAR SIR,—As Chairman of the Deloraine Well Finance Committee, I beg to enclose statement of expenditure in connection with the continued work upon said well since

the exhaustion of the previous grant of two thousand dollars made by the Dominion Government toward the prosecution of this work. As vouchers for said expenditure I also send you the cheques paid on account of the same, together with accounts rendered for moneys still to be paid, certified to by the Finance Committee. I would also call your attention to items 1, 2 and 3, and Note No. 2 of statement amounting to $250, and in connection therewith attach "Agreement, Ward *vs.* Well Committee" which will account for the expenditure of this amount. In explanation of which I have to state that on account of delay in receiving casing, time lost in patching boiler until its final collapse, and delay in placing another boiler in its stead, your Committee by and with the advice of their solicitor considered his—Ward's—claim as reasonable, hence the agreement. Your Committee had either to take chances of this delay and its consequences or purchase a new boiler which would have been infinitely more costly, and would not have saved us entirely from a claim for damages for delay. The total amount of claims as per accompanying statement for moneys paid and due to date amounting to $695.43 for which amount a cheque will be gladly received by

Yours truly,

J. ALEXANDER, *Chairman Finance Committee.*

A. R. C. Selwyn, Esq., C.M.G., &c., Director, Geological Survey, Ottawa.

Memorandum of Agreement made this 25th day of June, A.D. 1890, between William Ward, of the Village of Deloraine, Contractor, and the Deloraine Well Committee.

Whereas certain delays have been occasioned to the said William Ward in the prosecution of his work on the "Deloraine Well" in pursuance of his contract with the said Committee, and whereas the said Ward alleges that he has suffered damages through the neglect of the said Committee on account of delay in procuring certain casing and through defects in boiler, a bill of which damages has been rendered by the said Ward to the said Committee amounting in all to $249.50.

And whereas the said Committee while denying all and any responsibility for such delays and all legal liability for said account or any part thereof, have agreed to settle with the said Ward for the said alleged damages.

Now this Agreement witnesseth that in consideration of the sum of seventy-five dollars now paid to the said William Ward by the said Committee, and the said Committee's agreement to assume payment of certain accounts due or accruing due by Ward and his men for board, to wit, an account to John McKillop for $100, which the Committee are to agree to pay in sixty days, and to assume board bills of Robert Robinson and William Strong to the amount altogether of $75, which sums amount in all to $250, he the said William Ward releases and discharges the said Deloraine Well Committee and each individual member thereof from all and every liability to him the said Ward for loss and damages of any kind and description resulting out of the contract with the said Committee, assigned by A. P. Stuart, he the said Ward accepting the said payment and assumption in full settlement of all his claims against the said Committee.

In witness whereof the said William Ward has hereunto set his hand and seal the day and year first above written.

(Signed) WILLIAM WARD. [L.S.]

Signed, sealed and delivered in presence of

W. C. Hunter.

AUDIT OFFICE, OTTAWA, May 27, 1891.

SIR,—Voucher No. 43, Farm Wages, Battleford Agency, is for a payment of $120 to Joseph McKay, being for two months' wages during June and July, 1885, at $60 per month. Kindly state the nature of the services rendered by Mr. McKay and the reason of the delay of five and one-half years in the settlement of his account.

I am, Sir, your obedient servant,

The Deputy Supt. General of Indian Affairs. J. L. McDOUGALL, *A.G.*

OFFICE OF THE INDIAN COMMISSIONER, REGINA, Feb. 2, 1891.

SIR,—I have the honour to refer to letter No. 471, dated Nov. 24, 1885, from my predecessor to the Department, and to subsequent correspondence, relative to wages of Jos. McKay, as farming instructor in the Battleford district, and to inform you that Mr. McKay has never abandoned his claim for wages for the months of June and July, which were at the time refused to him. In support of his claim he has filed with me a statutory declaration, setting forth the grounds upon which the same is based. His main argument is that while not actually engaged in work immediately connected with the duties of a farming instructor, owing to the unsettled state of the country at the time, he never ceased to consider himself, and to be considered by the agent as being in the employ of the Indian Department, and that in so far as the circumstances permitted his services being availed of, the instructions of the latter to him were faithfully obeyed. The facts mentioned in his declaration confirmatory of this contention were doubtless unknown to my predecessor when he declined to approve of the payment of the wages claimed. The facts, as stated by Mr. McKay, have since been carefully enquired into, and as they prove to be substantially correct, I think it my duty to submit the whole case for your favourable consideration. I enclose herewith a copy of Mr. McKay's declaration, with full marginal notes showing how far the statements made therein are corroborated by documents on file in this office

I am, Sir, your obedient servant,

The Deputy Supt. General of Indian Affairs. HAYTER REED, *Commissioner.*

AUDIT OFFICE, OTTAWA, Dec. 12, 1891.

SIR,—Indian Consolidated Fund voucher No. 285, Vote 13, Miscellaneous, is for a payment of $200 for demurrage in waiting at Swift Current for seed wheat. This voucher is dated Dec. 12, 1884. Kindly explain the delay in the settlement of this account.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Supt. General of Indian Affairs.

DEPT. OF INDIAN AFFAIRS, December 22, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 12th instant, enquiring the cause of delay in the settlement of Indian Consolidated Fund voucher No. 285 for demurrage in waiting at Swift Current for seed wheat; and in reply I beg to inform you that the claim had been before the Department since August, 1887, but owing to insufficient evidence it was not allowed until March last. For your further information in the matter, I beg to enclose copy of a letter from the Indian Commissioner for Manitoba and the North-West Territories, dated February, 25, 1891.

Your obedient servant,

L. VANKOUGHNET, *D.S.G.I.A.*

The Auditor General.

OFFICE OF INDIAN COMMISSIONER, REGINA, Feb. 25, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of 4th inst., and in reply to your request for report on certain matters connected with the claim made, and now revived by Mr. G. Marchand, on account of alleged demurrage in connection with the freighting of seed wheat from Swift Current to Battleford in 1884, to inform you as follows:—

1. At this distance of time, and in consequence of Mr. Rae, then agent at Battleford, who arranged the bargain, having left the country, it is not possible to state positively whether there was an agreement with Mr. Marchand that he should not be delayed at Swift Current. Marchand claims that the season was so far advanced that every freighter refused to take the freight, and that consequently it must have been understood that there was to be no delay. The inference to be drawn from the following extract from a letter written by the agent in January, 1885, in defence of his action in issuing a voucher on account of demurrage, appears to support Marchand's contentions:—"As to the charge for demurrage, my advices were that the wheat was to be at Swift Current by the 1st November, while it may seem from the enclosed telegram (one from his freighters at Swift Current to Marchand) it had not arrived on the 11th; and I think it was some five days later when it actually did arrive; and owing to this delay the freighters were unable to cross the river, owing to the ice running in it."

2. With regard to the exact number of men and horses employed on the service, it is probable that the number stated on the voucher is correct, it having been made shortly after the event. The claim by Marchand as mentioned in letter of 8th ultimo, reached here through his lawyer recently in re-opening the claim, and was doubtless Marchand's version from memory.

3. Marchand's freight reached Swift Current on Nov. 7. The seed wheat reached there early on 14th of that month; so having allowed the balance of that day for loading up the sleighs the detention was one of six days.

4. The only evidence we have as to the day upon which the freighters arrived at Battleford is contained in a letter from the agent, date Nov. 27, in which he says some of the wheat has arrived and the balance is expected within a day or two.

5. With Purdy there does not appear to have been any written agreement; and since the transaction was arranged by Mr. McGirr, doubtless under the then Commissioner's instructions, when I was absent from headquarters, I am not in a position to state the nature of it; but Mr. McGirr informs me that the only agreement, in so far as he can recollect, was to pay the price agreed upon for the wheat delivered f.o.b. the cars here.

I may add that Mr. Marchand originally made a much larger claim, including delays upon the road, attributed by him to the first one at Swift Current, but he afterwards reduced it, in the hope of getting an early settlement. He expresses himself as still willing to accept this reduced amount, but without prejudice to the original claim, in case of the matter being appealed to the courts for decision.

I am, Sir, your obedient servant,

The Deputy Supt. General of Indian Affairs. HAYTER REED, *Commissioner.*

AUDIT OFFICE, OTTAWA, May, 11, 1891.

DEAR SIR,—In looking over the payments during the current year on account of the Indians of Prince Edward Island, I notice that voucher No. 4 covers two accounts for medicines purchased from Wm. R. Watson of Charlottetown. The first of these accounts for the sum of $18·05 covers the period from July 1, to September, 30, 1889, and was rendered on the 1st October of the same year; the second of these accounts amounting to $7.65 covers the three months October, November and December, 1889, and was rendered on the 1st January, 1890. Kindly explain why the payment of these accounts has been so long delayed.

I am, Sir, your obedient servant,

The Deputy Supt. General of Indian Affairs. J. L. McDOUGALL, *A.G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, May 20, 1891.

SIR,—In reply to the enquiry made in your letter of the 11th instant, as to the cause of delay in paying the accounts of W. R. Watson, of Charlottetown, Prince Edward Island, for drugs supplied to Indians, I have the honour to inform you that the accounts were first received by the Department of the 27th June last; but payment was deferred pending the receipt of explanations which the Indian Agent was called upon to furnish. The explanations were received on the 30th September following; and then payment was made. The Indian Agent has been instructed to have all accounts forwarded to the Department more promptly in future.

I am, Sir, your obedient servant,

The Auditor General. L. VANKOUGHNET, *D. S. G. I. A.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, Nov. 11, 1891.

SIR,—I have the honour to call your attention to the method of treating the balances of appropriations voted annually for certain purposes, which fall within the care or management of the Indian fund. These appropriations were formerly considered as grants to supplement the Indian fund, and for many years they were credited to the account which they were supposed to be intended to aid; but as this method was obviously wrong, inasmuch as the expenditure upon these appropriations could never be kept or shown separately, and as the special function of the grants became involved and obscured in the fund account to which they were credited, it has been altered, and at present a distinct ledger is kept for the purpose of recording the expenditure on these appropriation accounts. One result of this practice was that it was difficult to say when the appropriation was exhausted, and frequently over-expenditure occurred, which was carried forward as a debit balance at the close of the fiscal year. Ever since the

appropriations have been separated from the expenditure of the fund they have been so far made exceptions to the rule which govern grants voted by the House that where an appropriation proved insufficient for the purposes for which it was voted the balance unprovided was not included with other similar liabilities to be voted by the House as unprovided items, but was carried forward into the next year, and made a charge against that year's vote. I am aware that the appropriation should not have been over-expended, but sufficient reasons were given for each case as it occurred, and the practice was so general, as your report from year to year shows, that it seems unnecessary to make a special defence of the action of this Department.

The appropriations to which I refer are "Surveys," "Relief of Destitute Indians, Ontario," "Blankets for Indians of Ontario and Quebec" "Province of Quebec Seed, Grain and Relief Accounts," "Indian Schools," "Agent Boucher's travelling expenses," "Oka Indians Removal Accounts." It will be readily perceived that these votes could not be credited to any existing account within the Indian fund, as they provided for Indians who have no funds, who are in fact destitute. The only exceptions are Surveys, Agent Boucher's travelling expenses, and Oka Indians Removal Account. These are special votes, which are not intended for the benefit of needy Indians, but as the surveys are outline surveys, which are undertaken as much for the protection of white communities as the Indians themselves, they could not be called on to bear the expense, and the special nature of the two last-named votes is sufficiently explained by their titles.

The debit balances of these accounts on June 30 last were:

Survey	$ 17 73
Relief of destitute Indians, Ontario	13 78
Blankets, Indians Ontario and Quebec	165 20
Province of Quebec seed grain and relief	1,389 49
Indian schools	47 51

The credit balances were:—

Agent Boucher's travelling expenses	$ 61 71
Oka Indians Removal Account	4,835 68

I have the honour to request that these debit balances be considered as unprovided items and included with others of a similar nature to be voted by the House. If this is not done, and if the votes for the current year are compelled to carry these balances, it will be with extreme difficulty that an over-expenditure can be avoided, and it is to limit the possibility of such an occurrence that the present request is made.

The unexpended balances have always lapsed, and it would seem only just that the appropriations should be similarly treated and the balances, either debit or credit, be cancelled at the close of the present year.

Your obedient servant,

The Auditor General. L. VANKOUGHNET, *D.S.G.I.A.*

AUDIT OFFICE, OTTAWA. April 6, 1891.

SIR,—Vouchers No. 64 and 65 for general expenses for the Blood Agency are for payments amounting to $12.60, being the fare of Sam Bedson from Winnipeg to Lethbridge, on his release from the Manitoba Penitentiary. Sec. 63, sub-sec. 4 of the Penitentiary Act, enacts that every convict upon his discharge shall receive at the expense of the penitentiary such sum of money as is sufficient to pay his travelling expenses to the place at which he received his sentence. In accordance with this enactment, this Indian received $15 from the warden of the penitentiary. I have therefore to enquire why these travelling expenses were paid by your Department when the amount paid by the penitentiary is supposed to cover all necessary expenses.

I am, Sir, your obedient servant,

The Deputy Supt. General of Indian Affairs. J. L. McDOUGALL, *A.G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, May 6, 1891.

SIR,—Referring to my letter of the 20th ultimo, I have the honour to enclose herewith a copy of a letter dated 25th ultimo, from the Indian Commissioner for Manitoba and the North-West Territories, in respect to the payment of expenses, as per vouchers 64 and 65, of Sam Bedson's transport from Winnipeg to Lethbridge, from which you will observe that the Commissioner states the warden of the penitentiary applied to him for the same.

Your obedient servant,

The Auditor General. L. VANKOUGHNET, *D.S.G.I.A.*

OFFICE OF INDIAN COMMISSIONER, REGINA, April 25, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 20th instant, and in reply to say that while I was aware that Indians received a sum of money from the warden of the penitentiary upon discharge, I was unaware that it was intended to pay their transport to their reserve; and the fact of the warden applying for transport confirmed the impression; and as I feel they could not be left to roam about the country or town friendless, I thought it proper, upon my part, to defray expenses of their transport. May I request the Department to inform me whether I am in error, and should discontinue the practice. If so, may I request that notification to that effect be sent to the warden by the Department of Justice.

I am, Sir, your obedient servant,

The Deputy Supt. General of Indian Affairs. HAYTER REED, *Commissioner.*

AUDIT OFFICE, OTTAWA, Dec. 15, 1891.

SIR,—I beg to draw your attention to the following statement of advances to Mr. Fortescue for contingent expenses, and of the expenditure under these advances :—

Month.	Expenditure.	Advance.	Date of Advance.	Balance at end of Month.
1890.	$ cts.	$ cts.		$ cts.
July	16 45	50 00	July 17.	33 55
August	1 00			32 55
September	5 60			26 95
October	17 40	100 00	October 30	109 55
November	5 90			103 65
December	11 65			92 00
1891.				
January	8 05			83 95
February	29 85	200 00	February 5	254 10
March	27 30			226 80
April	7 65			219 15
May	4 25			214 90
June	51 40			163 50
July	15 00			148 50

The balance, $148.50 was refunded to the credit of the Receiver General on Sept. 7, 1891.

The items paid in July, 1891, belong to the current fiscal year, and should not have been included in the accounts for the year 1890–91. This would make the proper amount to be refunded $163.50.

The total expenditure for the twelve months (excluding the July payments) is $186.50, or an average of about $16.50 each month. A glance at the "Balance" column will, however, show balance on hand very disproportionate to the amount actually necessary for the current contingent expenses. In fact, in the beginning of February, when Mr. Fortescue had $80 on hand, he obtained a further advance of $200, of which $163.50 was left unexpended at the end of the fiscal year. The $80 would have been sufficient for his expenditure to the end of May, when $50 more would have sufficed to carry him through June. The balance on hand at the end of the year should also have been refunded promptly, instead of being retained for a further period of two months.

I would suggest that in future the advances for contingent expenses be not greater than sufficient for say a month's expenditure, and that an account of the expenditure under each advance be required before another advance is granted..

I am, Sir, your obedient servant,

The Comptroller N.W.M. Police. J. L. McDOUGALL, *A.G.*

COMPTROLLER'S OFFICE, N.W.M.P., OTTAWA, Jan. 13, 1892.

SIR,—Referring to your letter of the 15th ultimo, on the subject of advances made to Mr. Fortescue for contingent expenses during the fiscal year 1890-91, the following are the circumstances respecting the advance of $200. In February last 30 recruits for the police were engaged in Nova Scotia. While *en route* to the North-West they were detained in Montreal for several hours, and having been allowed to disperse, a number of them missed the train by which they should have proceeded westward. I was informed of this early the following morning; also that the car which had been put on for the convenience of these men had been cut off the Winnipeg train and left at Carleton Place the officer in charge of the men having also missed the train. Fearing that the officer was to blame, and that it might be deemed desirable to relieve him

of charge of the detachment, Mr. Fortescue left by the first train for Carleton Place to make inquiries, and if found necessary, to take charge of the recruits and go through to Regina with them. He was then furnished with $200 to enable him to pay for meals and other expenses of the recruits during their journey. The men who had missed the train in Montreal came through later on, and the whole proceeded on their journey after a delay of 24 hours, Mr. Fortescue returning to Ottawa. Instead of the $200 being at once deposited to the credit of the Receiver General it was placed in the safe with other contingency money, and although the statement included in your letter of the 15th ultimo shows a balance exceeding $200 as being on hand at the end of each month from February to May, there was not, as a matter of fact, so large a sum. It has been customary to advance small sums from our contingency funds to members of the force who happen to be in the east, the amounts being repaid from Regina and portions of the $200 were so used.

I would further add that during the current fiscal year only one sum of $100 has been drawn at Ottawa for contingencies, and, in future, no amount will be drawn larger than may be estimated as necessary for one month.

I am, Sir, your obedient servant,

The Auditor General. FRED. WHITE, *Comptroller.*

AUDIT OFFICE, OTTAWA, Dec. 17, 1891.

SIR,—I notice among the expenditure by Mr. Fortescue on account of the contingencies of your office a payment of $2 as Christmas gratuity to the C. P. R. telegraph messengers. I beg to say that payments of this nature are not proper charges against Government moneys. The messengers are not in the employ of the Government, but in that of the telegraph company which pays them for their services. Any payment out of public funds must be either for materials supplied, or for work performed. The payments under discussion, however, come under neither of these heads, and therefore are irregular. Kindly see that in future similar payments be not made.

I also notice that the Toronto papers, viz., the "Empire," "Globe" and "Mail," are obtained through a local dealer and paid for at the rate of 60 cents a month or $7,20 a year. The regular rates of subscription for each of these papers is $5 a year, a difference of $2.20 each, or of $6.60 altogether. Please explain why these papers are not obtained at the regular rates of subscription.

I am, Sir, your obedient servant,

The Comptroller N.W.M. Police. J. L. McDOUGALL, *A.G.*

COMPTROLLER'S OFFICE, N.W.M.P., OTTAWA, Jan. 13, 1892.

SIR,—Referring to your letter of the 17th ultimo, respecting a payment from the Mounted Police appropriation of $2 as a Christmas gratuity to the C. P. R. telegraph messengers, and also payments for the Toronto newspapers, viz., "Empire," "Globe" and "Mail."

With regard to the first item, viz., the Christmas gratuity to telegraph messengers, I beg to say that similar payments were made when I entered the police service more than twenty years ago and have been repeated annually to the present time. As you consider that payments of this nature are not proper charges against Government moneys I shall be governed by your decision in the future.

With regard to the Toronto newspapers, the extra charge is for delivery at my residence, by which means I am able to see the papers during the evening of the day on which they are published. I have not time to read them during the day, and a daily paper twenty-four hours old is not very satisfactory. If there is any objection to the payment of the extra charge I will discontinue it at once.

I am, Sir, your obedient servant,

The Auditor General. FRED. WHITE, *Comptroller.*

AUDIT OFFICE, OTTAWA, April 3, 1891.

SIR,—Among the payments during the fiscal year 1889–90 by Lieut.-Governor Royal on account of Government in the North-West Territories is one of $60 for a sewing machine.

Kindly explain why this is made a charge against the Dominion Government.

I am, Sir, your obedient servant,

A. M. BURGESS, Esq., Deputy of Interior. J. L. McDOUGALL, *A.G.*

LIEUTENANT-GOVERNOR'S OFFICE, REGINA, N.W.T., April 22, 1891.

SIR,—I am directed by His Honour the Lieutenant-Governor of the North-West Territories to acknowledge the receipt of your letter of the 16th instant, transmitting therewith copy of letter from the Auditor General, dated 3rd instant, respecting payment of $60 to P. Lamont for a sewing machine, and requesting such explanation as His Honour may desire to give the Auditor General respecting this purchase.

I am to state in reply that the sewing machine in question was supplied to Government House under the same circumstances as other necessary articles of furniture have been provided for the residence of the Lieutenant-Governor.

I am, Sir, your obedient servant,

The Secretary, Dept. of the Interior. R. B. GORDON, *Lieut.-Govs'. Sec.*

AUDIT OFFICE, OTTAWA, May 9, 1891.

SIR,—I beg to acknowledge receipt of your letter of the 1st instant enclosing copy of a letter from the Secretary of Lieut.-Gov. Royal, respecting the purchase of a sewing machine for Government House, Regina.

In reply I beg to state that I think the price of the sewing machine should be refunded by the Lieut.-Governor.

I am, Sir, your obedient servant,

Deputy Minister, Interior Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 23, 1891.

SIR,—In looking over the expenditure by Lt.-Governor Royal on account of Government in the North-West Territories during the current fiscal year, I note the following particulars in which the vouchers rendered differ from those required from other branches of the service.

1st. The greater number of the vouchers appear to be simply copies of the original accounts made out in the Regina office. In all cases the original accounts should be sent me, as it is impossible to make a satisfactory audit from mere copies of them.

2nd. None of the vouchers bear the necessary certificate as to price and delivery. Sec. 33 of the Audit Act is as follows: "No payment shall be authorized by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer under whose special charge such part of the public service is, certifies that such work has been performed, or such material supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just." The proper officers to make these certificates are those who have personal knowledge of the facts in each case.

3rd. In sec. 3 of the Act respecting the Department of Public Printing and Stationery it is enacted that "all printing, stereotyping or electrotyping, lithography or binding work, or work of a like nature, and paper and other material therefor, required for the use of the Senate and the House of Commons, and of the several Departments of the Government of Canada—whether for the Inside Service or the Outside Service—shall be procured and executed subject to the superintendence and audit of the proper officer of the Department; the proper officer of the Department shall also superintend and execute the purchase and distribution of all paper, books and all other articles of

stationery of whatsoever kind, and the distribution and sale of all books or publications issued by order of either or both Houses of Parliament, or any Department of the Government of Canada, and also the audit of all accounts for the advertising required for the public service; and all work and supplies in this section before mentioned shall be done, purchased and distributed through the Department exclusively, except that books which are procured for addition to the Library of Parliament may be procured as before the 2nd June, 1886." It follows from the above that all printing should be ordered through the Department of Printing and Stationery, that all books and stationery of whatsoever kind should be purchased through the same Department, and that all advertising accounts should be forwarded to the same Department for audit.

4th. The Order in Council of April 12, 1879, requires that all the accounts for legal services in connection with any of the Departments be submitted to the Department of Justice for examination and approval before payment.

5th. The vouchers for telegraphing only mention the total amount of the month's telegrams. Those accounts should be rendered in detail, specifying the persons by whom the telegrams were sent and to whom they were sent.

Kindly see that in the future the vouchers are rendered in accordance with the regulations cited above.

I am, Sir, your obedient servant,

A. M. BURGESS, Esq., Dep. Minister of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, April 29, 1891.

SIR,—I am directed to acknowledge the receipt of your letter of the 23rd instant, having reference to the vouchers required by you in connection with the expenditure accounts of the Government of the North-West Territories, and to say that a copy of your communication has been forwarded to His Honour the Lieutenant Governor for his information.

I am, Sir, your obedient servant,

The Auditor General. LYNDEWODE PEREIRA, *Asst. Sec.*

AUDIT OFFICE, OTTAWA, Nov. 30, 1891.

SIR,—Let me call your attention to two payments charged to "North-West Government" in 1890–91 for Private Secretaries to Governor Royal while in Eastern Canada.

Attached to voucher 171 for travelling expenses of Lieut.-Gov. Royal is a sub-voucher for $80.45 for "clerical assistance rendered by A. Lesage accompanying me to Rimouski" made up of the following items:—

Railway fare, Montreal to Rimouski and return.....	$19 95
Services, 11 days at $2.....	22 00
Board allowance, July 15 to 25, 1890, at $3.50.....	38 50

Voucher 1171 is for $47.50 for services rendered by A. Lesage as "private secretary to the Lieut. Governor at Ottawa from Dec. 8 to 26," or 19 days at $2.50.

The voucher for $80.45 appears to have been receipted at first "L. A. Lesage," the name of a permanent employé in the Montreal canal office in handwriting very similar to that of Mr. A. Duchesneau, another employé in the same office; and the first initial has been scratched off imperfectly. The date "Montreal, Sept. 1, 1890," is filled out in the same handwriting.

The voucher for $47.50 is signed "A. Lesage" in another hand, with which I am not familiar; and the date "Ottawa, Jan. 7, 1891" appears to be in the handwriting of Mr. L. A. Lesage, the permanent employé aforesaid. Please obtain for me the full name of A. Lesage in both instances.

I am, Sir, your obedient servant,

The Secretary, Interior Dept. J. L. McDOUGALL, *A.G.*

Beauharnois Canal:—Watchman on Derrick.

SUPERINTENDING ENGINEER'S OFFICE, MONTREAL, Jan. 19, 1891.

SIR,—In reply to your letter of 14th inst., having reference to a query by the Auditor General, whether Bridge-keeper de Groseillier at St. Timothée, Beauharnois Canal, could not at the same time perform the duties of watchman of the steam-derrick and dredge-scows in winter quarters, at the above-mentioned place,—

I beg to state, that it might have been possible to have this extra work performed by Mr. de Groseillier and thereby save the expenditure of a watchman, had he been an able-bodied man. As it is, de Groseillier is minus one leg, and, beyond clearing the bridge and approaches during the winter, could not properly perform watchman's work, which consists, in this case, in cutting ice around the vessels, clearing the upper decks of snow, pumping the hulls when found leaking, and otherwise seeing that everything is kept in good order and that no portion of the machinery is injured or stolen.

These are the reasons why Mr. S. Leduc was specially detailed to perform that duty, and under the circumstances, I am of opinion that he should continue to act.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. E. H. PARENT, *Supt. Engr.*

Carillon and Grenville:—Claims for extra work.

AUDIT OFFICE, OTTAWA, Feb. 12, 1892.

SIR,—Let me acknowledge receipt of your application No. 327 for expense of Quebec Canals for January, 1892.

There are six entries in "Carillon and Grenville Staff," of $10 each to labourers for "Extra pay for lighting and cleaning lamps, season of 1891." I should like to have an explanation, at some length, of your departure in this instance from the established principle that a man's pay is to cover all of his work. A precedent like this would call in an unlimited number of claims for extras, from those whose duties are in any degree heterogeneous.

Since Wm. Poirier is on the permanent list at Lock No. 1, his $10 should be struck out. The pay-lists are returned herewith for that purpose.

It would be well to have the Departmental examination of these and the Welland Canal accounts attested explicitly by the certificate of the Examining Officer, Mr. Mothersill, as is done for the Cornwall, Williamsburg and Rideau Canals.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

Chute à Blondeau:—Superannuation of Horatio Hartley.

PRIVY COUNCIL DEPT., OTTAWA, June 17, 1891.

By an Order in Council dated June 1, 1891, authority was given for the superannuation, on account of ill health, of Mr. H. E. Hartley, lockmaster on the Chute à Blondeau lock, one of the Ottawa River series, from August 1, 1890, with an annual allowance of $228.48, calculated as follows:—Age, 40 years; service 23 years; present salary, $496.67; average salary for past three years, $496.67; annual allowance, $228.48.

The Auditor General. JOHN J. McGEE, *C. P. C.*

AUDIT OFFICE, OTTAWA, Oct. 10, 1891.

SIR,—In taking up the case of Horatio Hartley, the lockmaster at Chute à Blondeau, who was relieved from duty July 4, 1890, and concerning whose superannuation an Order in Council was passed June 1, 1891, I offer as an explanation of any delay in this

office since the latter date the fact that this case presents a combination of circumstances which has not occurred previously in working the Superannuation Act, as far as I can remember, and that it has been found impossible during the Session of Parliament to consider with the requisite deliberation a calculation which might establish a new and unsafe precedent.

Let me refer you to Consolidated Statutes, cap. 18, Sec. 3B : "If the service has not "been continuous, the period or periods during which such service has been interrupted "shall not be counted."

When lockmen, who are employed only for the navigation season, have been superannuated, it has been customary to count each season as a year, and to measure the last three years' salary by the cash earned and paid. The strictly logical method would have been to add up only the months of actual work, and to calculate the last three years' salary by the amount which would have been paid if the lockmen had worked for 12 months in the year, as a lockmaster does.

Where one has always been a lockman, working only for the season, it is plain that the two calculations will give closely similar results, differing only on account of one season being longer or shorter than another. But the results are widely different if a season-lockman has been promoted to the position of lockmaster at 12 months' pay in each year : of which Mr. Hartley's case appears to be the first instance under the Superannuation Act.

Suppose for instance that two lockmen work for 22 seasons of 230 days each, at the end of which time one is made a lockmaster ; and that both are superannuated in three years more, or 25 years in all. Their times of actual work are 5,060 and 5,465 days respectively, which compare as 100 to 108 ; but their pensions would be $143.75 and $228.12 respectively, on the method by which you propose to retire Horatio Hartley,—or in the ratio of 100 to 158.

The time lost by Horatio Hartley while a lockman, including the whole season of 1870, during which Elijah Hartley's name replaces Horatio's on the pay-list, amounts to about four years, as nearly as I can calculate from the imperfect figures at my disposal. The exact figures can be obtained probably from Mr. Sippell's pay-lists before 1880, on record in the Engineer's office at Montreal. Striking off four years would reduce Mr. Hartley's pension by $39.72.

The pension as calculated by Order in Council is based on a salary of $1.25 a day for 12 months, and $40 a year on account of the perquisite of occupying the government house at Chute à Blondeau lock : or 23 years on $496.67. From whatever allowance may be paid, there should be deducted the sum of $40 a year for any time during which Mr. Hartley may have occupied the government house after the date of his superannuation ; since his pension as fixed by Order in Council is the limit of the compensation which can be made to him legally after his services ceased.

The certificate of Dr. Robertson, dated Dec. 22, 1890, is "Horatio Hartley is unable "to attend to the duties of lighting lamps situated at any great height, owing to severe "dizziness which comes on after ascending a short distance, and his liability to fall at "any moment." I understand from the documents in hand that Mr. Hartley is retiring, not on account of inability to perform the duties of lockmaster at Chute à Blondeau, but because there have been few or no duties to perform at that place since the lock was submerged by the Carillon dam. The position for which Dr. Robertson certifies him unfit, that of keeper of the range-lights, carries emolument for the open season only, and not for the entire year. This certificate appears to be extraneous—unless the Department states definitely that it would have substituted Hartley for Gaston at the range lights, if Hartly had been able to light them. And then it would only be reasonable to calculate the pension on the salary of the position which he would have accepted if physically competent to perform its duties. In any case a pension cannot antedate the medical certificate.

Since Hartley is not leaving the Chute à Blondeau Lock on account of illness, but on account of the lock itself having survived its usefulness, his superannuation is more properly a subject for Section 11 : "If any person is removed from office in consequence

"of the abolition of his office, the Governor in Council may grant him such gratuity or "superannuation-allowance as will fairly compensate him for his loss of office." And the word "fairly" might be construed with his age of 40 years, with the fact that no claim is made of having acquired his infirmity in the discharge of his duties, and with his enjoyment (at $496.67) of practical superannuation on full wages for the several years he has been living at the Chute à Blondeau Lock with no vessels passing through the gates.

These last objections may be summed up as follows:—Mr. Hartley retires either from illness or from abolition of office. If from abolition of office, then an illness which does not affect him as lockmaster has nothing to do with his pension, and he does not come under Section 3-B. If from illness, then it is the range-light he is resigning and not the lock; his pension should be based on a lightkeeper's wages, and not on a lockmaster's; and the pension cannot accrue before the date of the medical certificate.

Although it is outside of my line to recommend any particular sum as a fair compensation, I think that the amount of such a compensation can be deduced from the figures themselves. The English Government Annuity Tables give 27·02 years as the Expectation of Life for a man 40 years old. Assuming that the Chute à Blondeau Lock were not closed up, and that Mr. Hartley's illness did not interfere with his duties, he naturally would be superannuated after about 35 years' service, or in 16 years from now, at the age of 56. His Expectation of Life, from the English Tables, would be then 16·57, or say 16½ years. His pension would be calculated at 35 years on $496.67, of which 19 years has been earned by his work up to the present time, and 16 years is yet to be earned by his work in the interval. Since he has not put in the 16 years' work, his claim now is confined to the 19 years' part; and here comes in the difference between Sec. 3-B and Sec. 11. If he were retiring from an illness which prevented the discharge of his duties, he would get 38 per cent. of $496.67 for the rest of his life—which would be about 27 years by the English Table. But not being incapacitated as lockmaster by illness, and retiring because his office is abolished, the Government can only be expected to recognize the claim for 38 per cent. of $496.67 as he would have it in 16 years from now, when his Expectation of Life would be only 16½ years. 38 per cent of $496.67 is $188.73. Discounting 16½ years of this allowance, at say 6 per cent. gives a present value of $1,943·36. And $1,943.36 distributed as an annuity over 27 years at 6 per cent. gives $147.11 a year. That is to say, a life-pension of $147.11 granted at the age of 40 will approximate closely to a life-pension of $188.73 granted at the age of 56.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Nov. 20, 1891.

SIR,—With reference to the objections raised by your letter of Oct. 10, in the case of Mr. H. E. Hartley, formerly lockmaster on the Chute à Blondeau Lock, whose superannuation has been granted by an Order in Council of June 1, based on a report of the Treasury Board, such objections being in the direction of reducing the authorized annual allowance of $228.48,—

I have the honour, in reply, to say that while fully appreciating the careful review of the position given by your letter and the calculations by which you reach the conclusion that his pension should be no more than $147.11, the Department does not see in what way it can intervene (save as hereinafter mentioned) to alter the deliberate decision of the Treasury Board, a decision conveyed in the words of the Order, by which the pension is granted Mr. Hartley, "on account of ill-health and in consequence of the "construction of the dam across the Ottawa River at Carillon, which has rendered "unnecessary the single lock at Chute à Blondeau," the Board, further, finding Mr. Hartley "eligible within the meaning of the Civil Service Superannuation Act, and that his "retirement would be to the public interest." The Board would thus appear to have been fully apprised of the essential facts of the case, and to have comprehended in their memorandum of advice to the Governor in Council its salient features, including the

combination—the abolition of the office and the inability of Mr. Hartley, through physical defect, to perform the special work allotted him subsequently. The amount of pension allowed him (subject to a deduction to be made for periods aggregating 4 years, during which his service was interrupted) is strictly that authorized by the 3rd section of the Superannuation Act, as it is the *salary* enjoyed for the 3 years previous to retirement, and not the *work* performed, which is thereby fixed as the datum for pension. I may add that the Department did not see its way to utilizing Mr. Hartley's services in another capacity, and that if it had done so, it would have been manifestly unfair to reduce his previously-enjoyed salary. This view you will probably be willing to recognize as meeting the suggestion of your letter, that his pension should be based on the salary of a light-keeper—not on that of a lockmaster.

It is proposed to ask for the amendment of the present Order, so as to reduce the amount of pension authorized thereby, $228.48, to $188.74 on the basis following, his actual service being 19 years in place of 23 :—

Age	40 years.
Service	19 do
Average salary and house-rent for the past three years	$496 67
Superannuation allowance	$188 74

With regard to your suggestion that the sum of $40 a year should be deducted from Mr. Hartley's allowance for any time subsequent to superannuation during which he may continue to occupy the lock-house, I may say that while Mr. Hartley's services were dispensed with in August, 1890, and he has received no pay since that date, he has not yet been superannuated, though through no fault of his own, and his occupancy of this house may perhaps be regarded as an offset to the inconvenience he may thereby have suffered. The Department will deal with the question hereafter as may seem to be most desirable.

I would ask that your consideration of the foregoing be given, in order that, should you see your way to concurrence with the views of the Department, it may take steps to have the proposed amendment carried out.

I am, Sir, your obedient servant,

T. TRUDEAU, *Acting Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Feb. 2, 1892.

SIR,—With reference to your letter of Nov. 20, in reply to mine on some points in connection with the superannuation of H. E. Hartley, I beg to suggest that in recommending to the Treasury Board, as you purpose doing, a reduction of the allowance, you attach my letter to the recommendation.

This office has been so much occupied with the preparation of the annual report for Parliament, that an answer to your communication has been too long delayed.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

Chambly Canal—Hormisdas Martial.

AUDIT OFFICE, OTTAWA, Sept. 11, 1891.

SIR,—I am passing your application in favour of Mr. Paymaster Bussières, for August expenses of the Quebec canals.

Let me call your attention to three items on the Chambly Canal pay-list :

Repairs :	E. Deschamps, storekeeper and watchman	$ 31
do	Noel Scott, night watchman	30
Staff :	Hormisdas Martial, watchman	38

I would like to have, for publication in my report, similar information to that given for the lockmen and bridge-tenders, namely, a description of the location and extent of each watchman's duty.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 9, 1891.

SIR,—I am passing your application in favour of Mr. Paymaster Bussières for September expenses of Quebec canals, after making interim deductions as follows :—

* * * * * *

Chambly Canal staff—Hormisdas Martial.....$ 38

* * * * * *

I do not find that any answer has been received from you to my questions of last month concerning the property guarded by the different watchmen on the Chambly Canal.

Mr. Supt. Benoit this month, however, omits from Martial's name the word "watchman," and leaves the "capacity" column unfilled, showing merely the entry, "Hormisdas Martial, one month, $38," with Mr. Benoit's certificate, "correct in all particulars and details," and Mr. Parent's certificate, "correct in every particular of "time, materials and value."

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

SUPERINTENDING ENGINEER'S OFFICE, MONTREAL, Oct. 13, 1891.

SIR,—Mr. Martial's case has been dealt with at length in my report of Sept. 25, in reply to your letter dated Sept. 14, enclosing a copy of a letter from the Auditor General, concerning the employment of watchmen on said canal ; wherein I gave full explanations as to the reasons why Mr. Martial was returned as watchman, although not actually performing such work.

The capacity-column blank opposite Martial's name should have been filled, as intended, with the following wording : "Order in Council April 14, 1890 ; incapacited by injuries received on works."

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. E. H. PARENT, *Supt. Engr.*

AUDIT OFFICE, OTTAWA, Nov. 5, 1891.

SIR,—In Mr. Parent's letter of Oct. 13, he says, concerning the September item for Mr. Martial of the Chambly Canal : "The capacity-column blank opposite Martial's name should have been filled, as intended, with the following wording : 'O. C. April 14, 1890—Incapacitated by injuries received on works.'"

Parliament is the only authority which can sanction payment for anything but services rendered. The money paid to Mr. Martial since his work ceased should be refunded.

Mr. Martial was entered in the June pay-list for arrears of wages from July 4, 1890, to June 30, 1891, as a watchman ; but this was struck out by the Department. The July and August entries are for $38 each as watchman, and these were paid. In view of the fact now recorded, that he was not working at all, I shall need a statement of the reasons which induced the local canal authorities to describe him as a watchman, rather than as a lockman, a bridge-tender, a carpenter, or a labourer.

And since this discussion arose from the accident of noticing that Mr. Martial's field of duty as a watchman was not specified on the pay-list, it is possible that other

similar cases may be covered by an erroneous interpretation of their certificates by the officers in charge. Please ask Mr. Benoit whether his certificate "Correct in all particulars and details"—and Mr. Parent whether his certificate "Correct in every particular of time, materials and value"—is attached to any other payments or allowances accruing in a manner different from their explicit description on the face of the pay-list.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A. G.*

Lachine Canal: Celestin Bergevin.

AUDIT OFFICE, OTTAWA, Mar. 13, 1891.

SIR,—In the Lachine Canal pay-list for February, 1891, I notice an entry for a new officer, as follows:—

Celestin Bergevin, Inspector of Supplies.....$85 00

For an officer of this rank, unless the employment is to be temporary, it would be better to have the appointment made by Order-in-Council.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

Order in Council, March 24, 1891.—On a memorandum dated March 19, 1891, from the Minister of Railways and Canals, representing that at the beginning of the month of February last Mr. Celestin Bergevin was appointed as Inspector of Supplies on the Lachine Canal at a monthly salary of $85, as to which the Auditor-General is of opinion that this appointment should be made by an Order in Council. The Minister recommends that it be confirmed accordingly, it being understood that Mr. Bergevin will not contribute to the Superannuation fund.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE, *C.P.C.*

AUDIT OFFICE, OTTAWA, Oct. 6, 1891.

SIR,—Let me call your attention to the Order in Council of March 24, 1891, appointing Mr. Celestin Bergevin "Inspector of Supplies on the Lachine Canal."

Since the receipt of supplies is still attested by the different foremen, I infer that Mr. Bergevin's oversight is exercised mainly in the line of controlling the quality of the goods purchased. Would it not be well to have his certificate of approval marked on the vouchers for the materials which he inspects, and to make his approval a condition of payment of the accounts?

Since Mr. Supt. Parent certifies Inspector Bergevin on the "pay-list of the persons employed in the Superintending Engineer's office," and since the payments of his wages are marked "witnessed" by one or other of the clerks in that office, I conclude that Mr. Bergevin's headquarters are at Montreal; but I do not find that he has any accounts for travelling expenses. How does he inspect supplies received and consumed at other parts of the canal?

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 9, 1891.

SIR,—I am passing your application in favour of Mr. Paymaster Bussières, for September expenses of Quebec Canals, after making interim deductions as follows:—

* * * * * *

Superintending Engineer's office, Montreal :
Celestin Bergevin, Inspector of Supplies, Lachine Canal $85 00
Beauharnois Canal staff :
Celestin Bergevin, travel 14 45
* * * * * *

Celestin Bergevin's Salary.—This deduction is explained at length in a separate letter. It is, of course, outside of my audit to see that an officer performs his duty ; but I must call the Department's attention to facts which appear to prove that he cannot be performing it.

Celestin Bergevin's Travel.—There should, I think, be some reference to whatever Departmental authority exists for making use of Mr. Bergevin as land valuator ; the voucher should be certified by Mr. Superintendent Beique ; and it does not appear at first sight to be a proper charge against "staff." Please let me have more information concerning the damages referred to in the account, to show whether it should not be classed under the income vote for "fences, ditches and repairs to drains."

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A. G.*

SUPERINTENDING ENGINEER'S OFFICE, MONTREAL, Oct. 13, 1891.

SIR,—Referring to your letter No. 86,302, dated October 12, transmitting for report thereon a copy of a letter from the Auditor General, *re* interim deductions in September pay-lists of Quebec Canals, and asking explanations in connection therewith, I beg to make the following remarks :—

C. Bergevin, Inspector of Supplies, Lachine Canal, $85.—I enclose herewith copy of Departmental letter No. 83,978, dated February 5, 1891, conveying the information that Mr. C. Bergevin had been instructed to call upon me for employment in connection with the Lachine Canal, and that his salary had been fixed at $85 per month. There being no mention of the capacity in which he was to act, and as there were several claims for damages to private properties on the Beauharnois Canal, from leakages of said canal waters, Mr. C. Bergevin was instructed to visit the locality, to appraise such damages, and to report to this office ; and thus the claims of Messrs. M. Brunet and J. J. Poirier, forwarded with Departmental letter of March 24 last, as well as those of Messrs. Durocher, Bougie, Jos. Julien and F. Grenier, were referred to him for valuation. His report on the above claims was received here September 29, and will be forwarded to the Department within a few days. Therefore the work performed by Mr. Bergevin would, it seems to me, justify the entry of his name in the pay-list, for services rendered in the capacity of inspector or valuator of damages.

Celestin Bergevin's Travel.—Mr. Bergevin having acted as above stated, he was therefore obliged to visit the locality ; and, as customary, was allowed his actual travelling expenses, which were charged to staff, as usually done in similar cases by other officers of the Department. However, as suggested by the Auditor, the certificate of the Canal Superintendent (Mr. Beique) might be attached to said account, in so far as it regards the work performed by Mr. Bergevin on the Beauharnois Canal.

* * * * * *

I am, Sir, your obedient servant,

The Secretary Railways and Canals. E. H. PARENT, *Supt. Engineer.*

RAILWAYS AND CANALS DEPT, OTTAWA, Feb. 5, 1891.

SIR,—I am instructed to inform you that Mr. Celestin Bergevin, of Beauharnois, has been instructed to call upon you for employment under you, in connection with the Lachine Canal. His salary has been fixed at $85 a month.

I am, Sir, your obedient servant,

E. H. PARENT, Esq., Supt. Engineer, Montreal. A. P. BRADLEY, *Secretary.*

AUDIT OFFICE, OTTAWA, Oct. 9, 1891.

SIR,—Since writing my letter of Oct. 6 concerning Mr. Celestin Bergevin, the Inspector of Supplies on the Lachine Canal, I have received your Application No. 111 for September expenses of the Quebec Canals. In the pay-list for Beauharnois Canal (Staff) I find an account for $14.45 as follows :—

Celestin Bergevin, Beauharnois : Examining Damages. –

March 11—Trip to Montreal for instructions *re* damages, cars $1.40 ; hotel, $2	$ 3 40
April 4—Trip to Valleyfield, *re* property of M. Brunet, horse-hire, $2.50 ; hotel, 85 cts	3 35
April 7—Trip to St. Timothy, *re* property of D. Bougie, horse-hire, $2 ; hotel, 85 cts	2 85
June 3—Trip to St. Timothy, *re* property of J. Julien, horse-hire, $2 ; hotel, 85 cts	2 85
August 4—Trip to St. Timothy, *re* property of F. Grenier, horse-hire, $2	2 00

I infer from these details, particularly from the items of $2 for horse-hire to St. Timothy, that Mr. Bergevin does not reside in Montreal, but in Beauharnois, as is indicated by the heading of his account. The question asked in my previous letter, "How does he inspect supplies at Lachine, if he lives in Montreal and has no travelling expenses?" becomes now the more comprehensive question, "How does he inspect supplies anywhere on the Lachine Canal, if he lives at Beauharnois?"

I shall be obliged to hold in suspense the item of $85 for Mr. Bergevin's salary as Inspector of Supplies on the Lachine Canal, until you obtain from Mr. Parent, the Superintending Engineer, an explanation of his reasons for entering Mr. Bergevin each month on the "Pay-list of Persons employed in the Superintending Engineer's Office."

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, Nov. 3, 1891.

SIR,—To simplify any further discussion concerning Inspector Celestin Bergevin, of the Lachine Canal, I now group together on one sheet the salient points of evidence :

Mr. Parent, the Superintending Engineer, explains as follows, in his letter of Oct. 13 : "I enclose herewith copy of Departmental Letter dated Feb. 5, 1891, conveying "the information that Mr. C. Bergevin had been instructed to call upon me for employ-"ment in connection with the Lachine Canal, and that his salary had been fixed at $85 "per month. There being no mention of the capacity in which he was to act, and as "there were several claims for damages to private properties on the Beauharnois Canal "from leakages of said canal waters, Mr. C. Bergevin was instructed to visit the locality, "to appraise such damages, and to report to this office ; and thus the claims of Messrs. "M. Brunet and J. J. Poirier forwarded with Departmental Letter of March 24, as well "as those of Messrs. Durocher, Bougie, J. Julien and F. Grenier, were referred to him "for valuation. His report on the above claims was received here Sept. 29, and will be "forwarded to the Department within a few days. Therefore the work performed by "Mr. Bergevin would, it seems to me, justify the entry of his name in the pay-list for "services rendered in the capacity of Inspector or Valuator of Damages."

The departmental letter of Feb. 5, 1891, referred to by Mr. Parent, was addressed to him by the Secretary in these words : "E. H. Parent, Esq., Sir :—I am instructed "to inform you that Mr. Celestin Bergevin, of Beauharnois, has been instructed to call "upon you for employment under you, in connection with the Lachine Canal. His "salary has been fixed at $85 a month. Your obedient servant, A. P. Bradley."

The third document to be considered is Mr. Bergevin's account for travelling expenses, which is shown in detail in my letter of Oct. 9, 1891, and which may be inferred to cover all of his services between Feb. 1 and Aug. 31, 1891 :

March	11 :	Trip,	Beauharnois to	Montreal	$3 40
April	4 :	do	do	Valleyfield	3 35
April	7 :	do	do	St. Timothy	2 85
June	3 :	do	do	do	2 85
Aug.	4 :	do	do	do	2 00

Setting aside for the present the question of charging "Lachine Canal" with services rendered to the Beauharnois Canal, and the question of dating a salary from Feb. 1 when the appointment was notified only Feb. 5, there remain these facts: that Mr. Bergevin, in listing his services between Feb. 1 and Aug. 31, finds only five days' work, and that Mr. Parent considers that "the work performed by Mr. Bergevin," (viz.: five days in seven months) "justifies the entry of his name in the pay-list."

I ask the Department either to declare explicitly that they differ from me, and think the salary paid to Mr. Bergevin "has been applied to the purposes for which the grant was intended to provide," that is to say, to "Lachine Canal," to "Canals" at all, or even to the Public Service generally; or to inform Mr. Parent that he should apply with more discrimination his certificate of "correct in every particular of time, materials and value," if he wishes to have it accepted without hesitation.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL. *A.G.*

PRIVY COUNCIL DEPT., OTTAWA, Jan. 29, 1892.

By an Order in Council dated Jan. 7, 1892, it was ordered that the appointment of Mr. Celestin Bergevin as Inspector of Supplies on the Lachine Canal, made by an Order in Council dated the 24th March last, be cancelled from Dec. 5, 1891.

JOHN J. McGEE, *Clerk Privy Council.*

AUDIT OFFICE, OTTAWA, Jan. 29, 1892.

SIR,—I am passing to-day your application No. 312 for $268.71, to pay Mr. Celestin Bergevin his salary up to Dec. 5, 1891, the date from which the Order in Council removes him from the pay-list. This covers the following amounts:

Pay for September, withheld by Audit Office	$ 85 00
Pay Oct. 1 to Dec. 5, withheld by Department	183 71

Let me exhibit at some length the similarity between Mr. Bergevin's case and that of Mr. Hormisdas Martial, of Chambly.

Mr. Martial, while employed on repairs works, was injured by the falling of a defective derrick. It was thought expedient to give him a compassionate-allowance of $38 a month; but instead of describing the facts explicitly on the face of the pay-list, for Departmental approval and subsequent audit in this office, he was entered as a watchman doing full time, over the usual certificate "Correct in all particulars and details." The fact of the allowance being merely a compassionate one was brought to my knowledge only as an answer to the extraneous question, "What property does he watch?"

Mr. Bergevin was appointed "Inspector of Supplies" on the Lachine Canal, and was paid on Mr. Parent's customary certificate of the pay-list being "Correct in every particular of time, materials and value." We, of course, supposed that Mr. Bergevin performed the duty of inspecting the supplies purchased for the Lachine Canal; although the absence of any charges for travel along the canal between Montreal and Lachine gave rise to remark in my letter of Oct. 6, 1891. When Mr. Bergevin's bills came in with the September pay-lists, presumably for all of his travel since his appointment, it was noticed that he lived in Beauharnois, at some distance from the Lachine Canal, and that he gave no evidence of having travelled along the canal at all.

The similarity between the cases of Messrs. Martial and Bergevin is this, that the evidence which elicited each irregularity was apparently irrelevant to the question of

whether or not the work charged for was performed : that is to say, the system of certificates, as worked by Mr. Parent, unless construed with extraneous facts, has been defective enough to let two men be paid for services which they did not render.

I repeat therefore the unanswered question in my letter of Nov. 5, *re* Martial : "Is "Mr. Parent's certificate of 'Correct in every particular of time, materials and value,' "attached to any other payments or allowances accruing in a manner different from "their explicit description on the face of the pay-list ?" ; and I generalize the Bergevin discussion into the additional question "Is Mr. Parent still certifying any officers who "do not perform the work for which they are paid ?"

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

St. Ours Lock—Jos. Grenier.

AUDIT OFFICE, OTTAWA, March 13, 1891.

SIR,—On your February expenses for Quebec Canals I am holding an item of $30 from Jos. Grenier, on the St. Ours pay-list.

Mr. Grenier's February work is returned by the resident-engineer as follows :—

Carpenter, 24 days at $1.25	$30
do 24 nights at $1.25	30

Continuous night-and-day work for a month is such a near approach to physical impossibility, that there is probably some other explanation of the figures, which I would like to obtain.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

SUPERINTENDING ENGINEER'S OFFICE, MONTREAL, March 19, 1891.

SIR,—Adverting to your communication dated 14th instant, enclosing copy of a letter from the Auditor General, withholding an item of $30 from Joseph Grenier, and asking explanations of the figures.

I beg to state that Mr. Grenier has been employed during 24 days of 16 hours, in various capacities, such as carpenter, caretaker of tools, and in charge of the lamps and Wells-light required to carry on the work, until midnight.

As carpenter, he was paid $1.50 per day, but considering that the work he had to perform as such was lighter than that of the other carpenters, he was only rated at $1.25 per day of 10 hours.

Between 6 o'clock p.m. and midnight, he was employed as above stated, but more specially attending to the lighting of the works, being paid $1.25 for the six hours. I may further state that Mr. Grenier being the only diver on the spot, his presence is continually required close to the works, and he therefore does not enjoy the liberty other workmen have after their day's work. Trusting the above explanations will be satisfactory.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. E. H. PARENT, *Suptg. Eng.*

AUDIT OFFICE, OTTAWA, April 1, 1891.

SIR,—Let me acknowledge receipt of Mr. Parent's letter of March 19, concerning the items of 24 days and 24 nights for Joseph Grenier, in the February pay-list at St. Ours.

The fact of 6 hours being called a night's work should have been marked explicitly on the face of the pay-list. Otherwise it is a fair presumption that a working-day and a working-night are of equal length.

Please ascertain how far this insufficiency of definition extends through the other pay-lists.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

SUPERINTENDING ENGINEER'S OFFICE, MONTREAL, April 7, 1891.

SIR,—I beg to acknowledge receipt of your letter dated 6th instant, enclosing copy of a letter from the Auditor General, commenting on my report of 19th March last, *re* items of 24 days and 24 nights for Joseph Grenier, in St. Ours income pay-list for February.

In reply I beg to state that it would have been no doubt more satisfactory in the first instance, had the six hours night-work been marked on the face of the pay-list, or a note to the same effect inserted at the bottom of the list; but the matter is satisfactorily disposed of in my letter of 19th of March last.

I may further state for the information of the Auditor that this was the only case, through all the pay-lists, where the insufficiency of definition existed.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. E. H. PARENT, *Suptg. Eng.*

Rideau Canal—Close of Navigation.

AUDIT OFFICE, OTTAWA, Dec. 7, 1891.

SIR,—Let me acknowledge receipt of your Application No. 226 in favour of Paymaster Abbott, for November expenses of the Rideau Canal.

I notice that all of the lockmasters and lockmen are paid for the whole of the month of November. Please let me have, for this and for the other canals, the date at which navigation closed, and the reasons of the responsible officer for allowing wages to run on after that date, if any such payments are claimed.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Dec. 11, 1891.

SIR:—With reference to your letter of the 7th instant *re* application of Department in favour of Paymaster Abbott for November expenses, Rideau Canal, I have the honour to say that the Government Canals are kept open until closed by frost. The canals were still open at the end of last month.

I am, Sir, your obedient servant,

The Auditor General. T. TRUDEAU, *Acting Secretary.*

AUDIT OFFICE, OTTAWA, Dec. 12, 1891.

SIR,—Let me acknowledge receipt of your 137,325 of December 11, stating that the canals are kept open until closed by frost, and that they were still open at the end of November.

On this explanation I am passing the application for Rideau Canal expenses for November.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

Tay Canal—Bridge Tenders at Perth.

AUDIT OFFICE, OTTAWA, Oct. 10, 1891.

SIR,—I am passing your applications in favour of Paymaster Abbott for September expenses of the Rideau Canal, after making temporary deductions of $7.50 each from Messrs. W. J. Crosbie and Robt. Stone, the bridge tenders on the Tay Canal at Perth.

It was not noticed, when the August pay-list went through, that these officers had been appointed at $1.25 a day, instead of at $1—the rate paid to the other bridge tenders on the Rideau Canal.

There is no mention on the pay-list that this difference has been considered and approved by the Department of Railways and Canals, and I have passed Messrs. Crosbie and Stone at $1 a day pending explanation.

The subject is discussed generally in another letter of this date.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Oct. 29, 1891.

SIR,—In reply to your letter of Oct. 10, in which you state you were making temporary deductions of $7.50 each from the monthly pay of W. J. Crosbie and Robt. Stone, bridge tenders on the Tay Canal at Perth, I am to state that the Superintending Engineer of the Rideau Canal was authorized by this Department to employ these men at the rate of $1.25 during navigation; and as they are not provided with dwellings by the Government, that rate includes an allowance for house rent. The other bridge tenders who are paid $1 per day are provided with dwellings.

I am, Sir, your obedient servant,

The Auditor General. T. TRUDEAU, *Acting Secretary.*

Welland Canal—Travel of Supt. Ellis.

AUDIT OFFICE, OTTAWA, May 8, 1891.

SIR,—I have received a copy of an Order in Council, dated April 17, 1891, authorizing a refund to Supt. Ellis of all deductions hitherto made from his salary, and wiping off the balance against him, for horse-hire charged in addition to travelling allowance.

It is still my opinion that the terms of an allowance cannot be re-arranged at a period subsequent to the service. This particular allowance was described as for travelling expenses; and it cannot be defined anew to have excluded horse-hire, so long after the travel was performed.

I regret having to hold your application for Supt. Ellis' refund, until you obtain a ruling from the Treasury Board, as provided by the Audit Act, if you think it advisable. I would like to know if an appeal is to be made, to save delay in giving my reasons to the Treasury Board, as the matter has been under discussion for some time.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Nov. 2, 1891.

SIR,—In explanation of the deduction of $30 recently made from the September salary of Supt. Ellis, I beg to point out that I have not heard of the Treasury Board taking any action on the appeal in Mr. Ellis' behalf. It therefore appears necessary to set again in motion the machinery for collecting the arrears of overpayments on account of travelling expenses. Further, unless the Board rule in favour of Mr. Ellis in the

meantime, a deduction will be made from his October salary, sufficient to make $30 a month for the time that the previous arrangement was suspended, namely: April, May, June, July and August.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

Welland Canal :—Insufficient Description of Supplies.

AUDIT OFFICE, OTTAWA, Nov. 18, 1891.

SIR,—Let me acknowledge receipt of your application, No. 209, in favour of Paymaster Dunn for $16,114.39, the October expenses of the Welland Canal.

I am passing the application at $15,725.62, having made the following deductions:

Staff: Supt. Ellis	$150 00
Repairs: Coy Bros	238 77

The deduction from Supt. Ellis' salary is in accordance with my letter to you of Nov. 22. It is calculated at $30 a month for April, May, June, July and August.

The account of Coy Bros. contains an item of $180 for "Steel rope for lock-gates, 1,000 feet at 18 cents." In such a large system of expenditure as that of the Dominion, where it is impossible for each one of the succession of officers who handle an account to examine the materials on the spot, the descriptions of the larger supplies should be full enough to allow a comparison with catalogue prices; and the same information would enable the readers of my report to form an opinion on the rates paid. Please ask the Coy Bros. in this instance, and all dealers in future, to describe their goods fully.

The same account mentions 48 gallons of signal oil at 85 cents a gallon. I have information to the effect that signal oil can be placed in St. Catharines by the barrel at 67 cents a gallon. It would be well to investigate this question further.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Nov. 30, 1891.

SIR,—Referring to your letter of Nov. 18, in which you state that you have withheld the sum of $238.77 charged against repairs, Welland Canal, in application No. 209, upon the ground that the goods purchased are insufficiently described, I am directed to transmit to you, herewith, an extract from a letter from Mr. W. G. Thompson, Superintending Engineer, which fully explains his reasons for approving the items referred to therein.

I am, Sir, your obedient servant,

The Auditor General. T. TRUDEAU, *Act. Secy.*

WELLAND CANAL, ST. CATHARINES, Nov. 24, 1891.

SIR,—I beg to acknowledge the receipt of your letter No. 86674 enclosing No. 137085 from the Auditor General, on the subject of deductions from the Welland Canal staff and repairs pay-lists and accounts for the month of October, 1891.

With reference to the items of steel rope for lock-gates, at 18c. per lb., and signal oil at 85c. per gallon, the Messrs. Coy Bros. inform me that such are their retail prices for the articles mentioned, the signal oil being "XXX Special" brand and costing them 71c. per gallon at St. Catharines, with no allowance for wastage; the steel rope is $\frac{5}{8}$-inch in diameter.

Both the steel rope and oil have been selected, after many trials of different brands, as being best adapted for the respective purposes.

* * * * *

I am, Sir, your obedient servant,

W. G. THOMPSON, *Supt. Engr.*

The Secretary, Railways and Canals Dept.

AUDIT OFFICE, OTTAWA, Dec. 17, 1891.

SIR,—Let me acknowledge receipt of your 137085 of Nov. 30, enclosing Mr. Thompson's report on the account of Coy Bros. for signal oil at 85 cents, and steel rope at 18 cents, supplied to the Welland Canal.

The Coy Bros. inform Mr. Thompson that 85 cents a gallon is their retail price for the "XXX Special" brand of signal oil, for which they pay 71 cents without allowance for waste. The figure which I gave you in my previous letter, of 67 cents for putting their best brand into St. Catharines, was quoted by the Ottawa agent of the * * * * * * Oil Co., for supplies by the barrel. On such large quantities as are purchased by the Government, the retail prices fixed for small consumption should not be considered a final test of fairness.

The remark made by me concerning the steel chain, that "the description should be full enough to allow a comparison with catalogue prices," has elicited from the Coy Bros. only the information that it was $\frac{5}{8}$-inch chain. I need the description as given in trade terms in the wholesale catalogues, for this and all other large purchases; which please obtain. The account is going through in the meantime, with the reservation of future recourse if warranted by the full description.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Jan. 2, 1892.

SIR,—I am directed to inform you, in reply to the request in your letter of the 17th ultimo for a more specific description of the $\frac{5}{8}$ inch steel rope purchased from Messrs. Coy Bros. for the Welland Canal, that the Superintending Engineer reports that it is obtained from the "Warrington Wire Rope Works, Liverpool, England," and is described as "best improved patent steel rope," which, after trials of other brands, has been found to give the best results.

I am, Sir, your obedient servant,

The Auditor General. T. TRUDEAU, *Act. Secy.*

Williamsburg Canals:—June, 1891.

AUDIT OFFICE, OTTAWA, July 25, 1891.

SIR, Let me acknowledge receipt of your Application No. 594 in favour of George Reid, for June expenses of Williamsburg Canals.

I notice that the Sunday labour is entered this month at the full amount of nine hours every Sunday. For Williamsburg, in previous seasons, charges were made only for the actual number of hours during which the lockmen were engaged in letting vessels through. I enclose a statement from which may be calculated the difference in cost of the two systems:—

Actual Sunday labour, July to Nov., 1890, five months	$120 90
Sunday time, June, 1891, at nine hours a Sunday	97 20
Approximate cost, six months for actual work	145 08
Approximate cost, six months, for nine hours a Sunday	583 20

If it is proposed to alter the former system, it would be well to attach to the pay-list the explicit sanction of the Department for the change.

Against the account of Kerr Bros., of Farran's Point, for 4,000 lin. feet of pier timber at 15 cents, amounting to $600, there are the following objections:—

1. The only date given is "1888 and 1889" for the whole supply. The day and month of each delivery should be mentioned.

2. The account is dated "Sept. 24, 1890." There should be an explanation of the delay in presenting the bill after the timber was supplied, and of the delay in settling the bill after it was presented.

3. The description "4,000 lin. ft. of pier timber at 15 cents" is not sufficient. The kind of timber should be mentioned, and there should be a specification of dimensions, showing how the 4,000 ft. is made up.

4. Mr. Superintendent Hickey certifies: "The above timber, I believe, was ordered by the late Superintendent, A. G. Macdonell." In view of the modification of the certificate, it would be well to have a statement of the information on which Supt. Hickey bases his belief.

5. Mr. Weaver, the lockmaster at Farran's Point, certifies: "Materials supplied, as to the best of my judgment." Such a cautious certificate is valuable chiefly as indicating a ground for caution. Please ask Mr. Weaver why he was unwilling to make the simple certificate "materials supplied," as provided by Section 33 of the Audit Act.

6. The receipt of repairs materials is certified usually by Mr. Robt. Armstrong, the foreman of repairs, under whose superintendence the materials are worked into the canal. Please get him to certify the account now under discussion.

The pay-lists are returned herewith. I can pass the other items in the meantime, if the application is amended.

I am, Sir, your obedient servant,

The Secretary Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, July 28, 1891.

SIR,—In acknowledging your letter of July 25, *re* application for June expenses of Williamsburg Canals, I am directed, in reply thereto, to say that all the canals on the St. Lawrence have been paid for nine hours on Sunday (midnight Saturday until 6 a.m., and from 9 p.m. until midnight), with the exception of the Williamsburg Canals, whose men have hitherto been paid only for hours actually employed in locking, although on duty the nine hours. The change was made to assimilate the Williamsburg Canals with the others.

The application has been amended by deducting the account of Kerr Bros. for $600, and is herewith enclosed as amended.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Secy.*

AUDIT OFFICE, OTTAWA, Aug. 1, 1891.

SIR,—I am passing the Williamsburg Canal pay-lists for June, 1891, including 9 hours each Sunday for the lockmen, on your explanation that the change was made in order to assimilate the Williamsburg Canals with the others.

My reason for supposing that a difference might be made in this case was that a portion of the traffic which has to pass through the rest of the St. Lawrence navigation system can evade the Williamsburg Canals by going outside through the rapids, thereby lessening the work of the lockmen.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

Williamsburg Canals—Back Pay for Sundays.

AUDIT OFFICE, OTTAWA, Oct. 5, 1891.

SIR,—Let me acknowledge receipt of your application No. 603 for $413.70 in favor of Geo. Reid, paymaster on the Williamsburg Canals, to pay the lockmen for Sunday time previously unpaid, as follows:

	Charged before.	9 hrs. a Sunday.	Charged now.
July, 1890	$ 30 60	$ 97 20	$ 66 60
Aug., 1890	17 10	121 50	104 40
Sept., 1890	20 10	97 20	77 10
Oct., 1890	23 85	97 20	73 35
Nov., 1890	29 25	121 50	92 25

Charged before: Time occupied by vessels going through locks.. $120 90
Full time: 9 hours each Sunday for 22 Sundays to 18 men ... 534 60
Charged now: Time not occupied by vessels going through locks. 413 70

I passed the charge of full time of $97.20 for Sunday labor for June, 1891, after your explanation that it was intended to bring the Williamsburg Canals into uniformity with the others in this respect; or that the men this season would attend to the locks for 9 hours each Sunday, understanding that both their pay and their duties ran on together for the whole time.

But since the men worked in 1890 under the arrangement that they would be paid only during the transit of vessels, it is now too late to go back and remunerate them for the rest of the time; that is to say, for intervals during which they did not consider themselves as under either pay or obligation.

I hope that you will reconsider this application, and see your way clear to withdrawing it.

There are two other subjects for reflection in this pay-list: Why are the arrears calculated only for 1890–91, thus arbitrarily excluding similar figures for 1889–90? And how can Mr. Superintendent Hickey certify "Work performed," on paylists running from July to November, 1890, when he did not come on to the Canal till May 11, 1891?

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

Railways and Canals Dept., Ottawa, Oct. 24, 1891.

Sir,—In acknowledging the receipt of your letter of Oct. 24, *re* application No. 603 for $413.70 in favor of Geo. Reid, paymaster on the Williamsburg Canals, to pay the lockmen for Sunday time previously unpaid, I am in reply thereto, in deference to your suggestion therein made, directed to withdraw the application above referred to.

I am, Sir, your obedient servant,

The Auditor General. T. TRUDEAU, *Acting Secretary.*

Williamsburg Canals—Building not Described.

Audit Office, Ottawa, Oct. 10, 1891.

Sir,—I am passing your application No. 120 in favor of Paymaster Reid for September expenses of the Williamsburg Canals, after deducting the account of John Mallon for $248, made up of the following details:

Brick, 6,000, at $5	$30 00
Hemlock, 3,000 ft. at $10	30 00
Shingles, 6,000 at $2.50	15 00
Scantling, 1,500	15 00
Flooring, 1,000 ft	18 00
Plastering	40 00
Windows, 6	15 00
Doors, 6	9 00
Work, 38 days at $2	76 00

There should be mention made of the location and use of the building on which this work was done; there should be dates for the items; and the days included in the charge of $76 for work should be specified, as well as the names of the workmen.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

Canals, other than Welland:—Lockmasters paid for 12 months.

AUDIT OFFICE, OTTAWA, Jan. 14, 1892.

SIR,—Let me acknowledge receipt to-day of your application for payment of December, 1891, expenses of the Cornwall and Williamsburg Canals. The lockmen's wages are charged up to the following dates:—

Cornwall,	Locks 16–17	Dec. 10
do	Locks 18, 19, 20	Dec. 13
do	Lock 21	Dec. 21
Williamsburg,	Locks 22 to 27	Dec. 12

On the back of the Cornwall repairs pay-list there is a note made by Supt. Ross: "Canal closed to navigation Dec. 5." There should be an explanation of the payment of lockmen's wages after that date.

I notice that Mr. A. B. Robertson, the lockmaster at Rapide Plat, who replaces Mr. Toye, is to be paid from Dec. 14th. Please give me a copy of the Departmental order appointing him, and fixing the date of the commencement of his services.

Let me draw your attention to the difference in your practice on the Welland Canal, where the wages of the lockmasters are paid for the open season only, and cease like those of the lockmen when the Canal is closed.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Railways and Canals Dept.

CORNWALL, Jan. 16, 1892.

SIR,—In reply to No. 87175 enclosing a letter from the Auditor General, asking for certain explanations, *re* the application for payment of the Cornwall and Williamsburg Canals, for the month of December, 1891.

I beg to forward herewith a copy of a letter from Mr. Supt. Ross, on the subject, also a copy of the Cornwall pay-list for December, 1891, with explanatory notes thereon.

With reference to Mr. A. B. Robertson, the lockmaster at Rapide Plat guard lock, who replaced Mr. Toye, I have no information other than that contained in Departmental letters Nos. 86869 and 86881, informing me of Toye's retirement and Robertson's appointment, of which I at once, 16 Dec. last, notified Mr. Supt. Hickey, as requested.

And as regards the practice on the Welland Canal where wages of lock-masters are paid for the open season only, I desire to state that those employed on the Cornwall and Williamsburg Canals have always been paid for every day in each year.

I am, Sir, your obedient servant,

TOM S. RUBIDGE, *Supt. Engr.*

The Secretary, Railways and Canals Dept.

CORNWALL, January 16, 1892.

SIR,—In answer to letter referred to me for explanation, *re* time allowed men on staff of Cornwall Canal for month of December, 1891, on locks 16-17, Canal closed on Dec. 5, but two days extra were allowed for work done by men on those days on

gate of lock 17. Remaining three days allowed ten men were for watching water at these locks to see that proper level was maintained. .

The man who got full time was acting as watchman on lock-gate-lifter "John Page."

The men on locks 18, 19 and 20 worked to Dec. 7 locking contractor's boats through. Balance of time, six days each, was for watching water as above.

At lock 24 contractors were using lock until Dec. 18 and balance of time was for watching as above, viz. :—for three days each.

The above explains cause for allowing extra time to men.

I am, Sir, your obedient servant,

T. S. RUBIDGE, Esq., Suptg. Engineer. A. P. ROSS, *Supt.*

AUDIT OFFICE, OTTAWA, Jan. 27, 1892.

SIR,—I have passed the December pay-lists for the Cornwall and Williamsburg Canals, on the explanations contained in your letter of Jan. 23, 1892.

Mr. Rubidge's last paragraph is: "As regards the practice on the Welland Canal, where wages of lockmasters are paid for the open season only, I desire to state that those employed on the Cornwall and Williamsburg Canals have always been paid for every day in each year."

This may be a reason for continuing payment to officers who have served for some time in an established capacity. But unless natural causes make the difference in the systems inherently essential, it might be well to consider whether paying all new appointees for the open season only is not an economy which it would be practicable to introduce on the Beauharnois, Carillon, Chambly, Cornwall, Lachine, Rideau, Ste. Anne's, St. Ours and Williamsburg Canals.

This is the idea which I had in view when opening the discussion.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

Canal Accounts should be Examined in Department.

AUDIT OFFICE, OTTAWA, Sept. 3, 1891.

SIR,—Let me call your attention to the two following sections of the Consolidated Revenue and Audit Act:

"42. The Deputy Heads of the several Departments, or the officers, clerks or other persons charged with the expenditure of public moneys, shall respectively audit the details of the accounts of the several services in the first instance, and be responsible for the correctness of such audit."

"46. If the Auditor General is satisfied that the accounts bear evidence that the vouchers..... have been allowed and passed by the proper departmental officers, he may admit the same as satisfactory evidence of payment."

In accordance with Section 42, the accounts for the outside services of the other branches of the Government are audited in the Departments before they come to this office.

The examination of the accounts for maintenance and repairs of Canals appears therefore to be incomplete without a Departmental audit at Ottawa. This audit should be in the line of giving or withholding authority, and the auditing officer should sign or initial each voucher approved, to fix his responsibility.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 9, 1891.

SIR,—Let me call your attention to the deductions made by this Office in the September pay-lists for Beauharnois and Rideau Canals, on account of salary-increases for which no Departmental authority is quoted.

The responsibility of the Department should be fixed explicitly for these and similar increases; either in each separate case, as is the custom of other Departments, or by some general rule defining clearly the salaries which are left to the Superintending Engineers to change, and assuming in advance the responsibility for any action the Engineers may take under this rule.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

Canal Pay-lists—Time-sheets needed from Foremen.

AUDIT OFFICE, OTTAWA, Nov. 18, 1891.

SIR,—I would like to see our copy of the canal pay-lists supported by time-checks prepared by the different foremen and lockmasters.

This is the system proposed by Engineer Rubidge, at page 188, part II, of the evidence taken by Commissioner Wood at the Carillon and Grenville Canal Investigation.

Mr. Rubidge thinks that the time-checks should go from the foremen to the engineer, without passing through the superintendent's hands.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

Extra Clerks in Department, paid from Outside Votes.

AUDIT OFFICE, OTTAWA, Jan. 29, 1892.

SIR,—I have not seen any Order in Council authorizing the employment of the extra clerks of your Department. By referring to the Order in Council of July 27, 1882, you will observe that no extra clerks can be legally retained in a Department longer than one month without the authority of Council. You are aware that all extra clerks, no matter from what appropriation they are paid, are subject to the Civil Service Act and the regulations of the Government based on it.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

Beauharnois Canal: Wages.	Staff.	Repairs, &c.
	$ cts.	$ cts.

AUDIT OFFICE, OTTAWA, Feb. 14, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of Feb. 12, calling my attention to the fact that the vouchers rendered by R. Macdonald and the Charlottetown Steam Navigation Co., for $1,000 and $3,536 respectively, are certified by the local inspectors of your Department, and asking to be informed if there is any special form which the certificate should take. I beg to refer you for the information you require to Section 33 of the Audit Act, which plainly defines the form of certificate to be attached to all vouchers before I may authorize payment. In the case of the accounts in question, the local inspectors have merely marked them "certified," which, under Section 33, is not sufficient. The certificate required should state that the trips specified on the vouchers, or the services as stated in the contract, were performed ; and that the prices charged are fair and just, or according to contract, whichever may be the case.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, Feb. 20, 1891.

SIR,—I have the honour to bring to your notice two monthly payments of $20 each to Messrs. Walmsley and Fairman, Railway Mail Clerks attached to the office of the Post Office Inspector at Montreal, and one of $13.33 to C. Bedard of the Quebec division, in addition to their statutory salaries and mileage earnings, I have not been able to find in the Estimates submitted to Parliament or in the Supply Bill that any distinct provision has been made for these allowances, and I beg to point out that in the absence of such provision the payment of the amounts in question was irregular.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A. G.*

POST OFFICE DEPT., OTTAWA, March 6, 1891.

SIR,—Referring to your letter of the 20th ultimo, respecting the allowances to Messrs. Walmsley and Fairman and to C. Bedard, I beg to say that these allowances have always been given. Mr. Walmsley's from December, 1857, Mr. Fairman's from August, 1872, Mr. Bedard's from April, 1881 ; and have been considered to come within the 54th Section of the Civil Service Act.

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *Dy. P. M. G.*

AUDIT OFFICE, OTTAWA, March 20, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 6th instant, stating that, as Messrs. Walmsley, Fairman and Bedard were in receipt of the allowances to which I called your attention on the 20th ultimo, prior to the 1st July, 1882, such allowances may now be paid legally to them under Section 54 of the Civil Service Act. It appears to me that this section is applicable only to salaries and emoluments which were authorized and paid under competent authority previous to the date mentioned, and I have not been able to find that the amounts in question have ever received parliamentary sanction.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A. G.*

POST OFFICE DEPT., OTTAWA, April 2, 1891.

SIR,—With reference to your letter of the 20th ultimo, respecting the allowances to Messrs. Walmsley, Fairman and Bedard, I beg to state that all salaries and emolu-

ments of officers of the Post Office service, prior to the 1st July, 1882, were fixed by the Postmaster General, under the provisions of the Act for the "Regulation of the Postal Service."

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *Dy. P.M.G.*

POST OFFICE DEPT., OTTAWA, Sept. 14, 1891.

SIR,—Referring to your communication of the 10th instant, in which you ask for explanation of certain payments made to Messrs. Walmsley and Fairman, British mail officers, I beg to say: 1. That the reason these officers were paid a per diem allowance during the time they were *en route* in December last, was that the minute of the Treasury Board directing that the per diem allowance should only be granted for the days of detention at Halifax and Rimouski awaiting arrival of the mail steamer, was not received by this Department in time to admit of its being carried conveniently into effect earlier than January last.

2. Although this Department discontinued sending letter and newspaper mails by the Allan steamers in April last, the parcel mails continued to be forwarded by that line, and the British mail officers were required to be in attendance at Quebec in connection with the parcel mails. The payments made to these officers for days spent at Lévis and Quebec are thus accounted for.

3. From April last until last week the Ottawa mails containing the Governor General's despatches were sent and received *viâ* New York, and the British mail officers accompanied them to and from New York. The Order in Council authorizing the new arrangements directed that a per diem allowance should be granted these officers for every day of absence from Ottawa on duty.

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *Dy. P.M.G.*

AUDIT OFFICE, OTTAWA, Sept. 24, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 14th instant, in which you state, with reference to the living allowance paid Messrs. Walmsley and Fairman for the month of December, 1890, that the Treasury minute directing that such allowances should be paid only for days of detention at Halifax and Rimouski, was not received at your Department in time to admit of its being conveniently carried into effect before the month of January.

The date on which you were informed of the decision of the Treasury Board on this matter does not, it appears to me, enter into the question. The minute referred to, under date Nov. 22, 1890, affirms, as I read it, that the payment of the mileage allowance and the per diem allowance for the same period not only will be illegal for the future, but was illegal. I think that all the payments made during the last fiscal year, and which were illegal under this minute, should be refunded.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 30, 1891.

SIR,—The vouchers sent to me in support of payments made for advertising Money Order regulations in the anniversary number of the Toronto *Empire*, $350; in the Ottawa Christmas *Citizen*, $100; and for advertising Post Office time tables in various newspapers, are not certified by the Queen's Printer.

With reference to these payments I beg to direct your attention to Section 3 of the Act of Parliament respecting the Department of Public Printing and Stationery. This section states clearly that all advertising required for the public service shall be per-

formed through the Department mentioned exclusively, and that the accounts shall be audited by the proper officer.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, July 13, 1891.

SIR,—I beg to call your attention to the enclosed list of Post Office clerks who, as far as I am informed, have not passed the Civil Service Examinations.

In the case of any of these clerks who were appointed previously to the date of the last Qualifying Examination, their continued employment is plainly illegal. As regards those whose appointment was subsequent to that date, a certificate, stating that the lists of qualified candidates did not furnish a person qualified for the service in question, should be appended to the pay-list.

I notice in some cases that salaries in excess of the minimum for third class clerks are paid to temporary employés. In all such instances a certificate should be given, stating that the clerk so paid is employed at technical work, and possesses the technical qualifications required for the work.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEP., OTTAWA, July 29, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of July 8, calling attention to a payment made to Mr. Frederick Champness for conveying postal packages between the Lethbridge Post Office and the Custom House for four years to December, 1890.

The reason this service was not paid for annually was that Mr. Champness demanded a larger sum than the Department was willing to give, and it was only on the occasion of a visit made by Mr. Champness to Ottawa in the autumn of 1890 that this matter was finally settled, a rate agreed upon, and payment authorized.

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *Dy. P. M. G.*

AUDIT OFFICE, OTTAWA, Sept., 16, 1891.

SIR,—I beg to bring to your notice the payments made during last year, amounting to $65, to J. H. Bartlett for winding and care of Tower clock, Ottawa Post Office.

As Mr. Bartlett is a permanent employé of the Ottawa Post Ottawa the payment to him of any extra salary or additional renumeration of any kind is contrary to Section 51 of the Civil Service Act as amended in 1888.

I would remind you that I called your attention to the irregular nature of similar payments in 1889–90, under date of Nov. 27, 1890.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Feb. 12, 1891.

SIR,—I beg to bring to your notice the rate at which the mileage paid to the mail clerks in the postal divisions of Manitoba and British Columbia is calculated. I find from the pay-lists sent to me for these two divisions that the rate allowed is one cent per mile for day duty, and half a cent additional for night duty. The rate allowed in the other divisions, and which is sanctioned by Statute, is half a cent per mile for day duty, and half a cent additional for night duty. I have not been able to find that there

is any exception in favour of Manitoba and British Columbia made in the Act of Parliament under which the rate of mileage is fixed. Please let me have your explanation.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

Post Office Dept., Ottawa, March 7, 1891.

Sir,—In reply to your letter of the 12th ult., with reference to the rate at which mileage is paid to mail clerks in Manitoba and British Columbia, I beg to say that the mail clerks in these divisions have been in receipt of an additional allowance of a half cent. per mile since Dec. 1, 1881, and that it has been considered that, under the 54th section of the Civil Service Act, the authority given in 1881 was sufficient.

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *Dy. P.M.G.*

Audit Office, Ottawa, June 20, 1891.

Sir,—The pay-lists from the inspectors of the Manitoba and British Columbia postal divisions for February and March show that the Railway Mail Clerks of these divisions were paid mileage at the rate of one cent per mile for day duty and one cent and a half for night duty, notwithstanding that the rate allowed by Act of Parliament, as pointed out in my letter of Feb. 12, is one-half cent and one cent respectively. In your letter of March 7 you hold that the higher rate is legal under section 54 of the Civil Service Act, but I think you will find, on further consideration of the section in question, that it does not cover the present case. I should like to have, at your early convenience, the explanation for continuing payment at the higher rate. Please do not make any similar payment until the question has been settled.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

Audit Office, Ottawa, March 20, 1891.

Sir,—I have the honour to bring to your notice the payments made to Messrs. Vickers and Ottaway during the three months ended Sept. 30 last, for services as letter carriers in the town of Barrie. I understand from the vouchers sent to me that Mr. Vickers is the regular carrier, but owing to his illness the employment of an extra carrier was necessary. I presume the delivery of letters from the post office at Barrie by carrier is made under sections 37 and 38 of the Post Office Act. If so, I beg to request that you will cause to be sent to me the account of the receipts obtained from the letters and papers so delivered, which the Act requires should be rendered to your Department. I have not been able to find that these carriers have been appointed under Order in Council and I should like to have the authority for their employment, and also for the payments made to Mr. Vickers during his illness.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

Audit Office, Ottawa, May 23, 1891.

Sir,—I beg to acknowledge the receipt of a voucher from Jacques Fiset, captain of the steamer "Contest," in support of $25 paid Mr. A. Walmsley from "Post Office—Miscellaneous," to defray expenses connected with the transfer of British mails at Rimouski. Captain Fiset's voucher is not sufficient, as it does not include the receipts of the men to whom the money was paid, or state the nature of the services rendered. In connection with this matter, I should like to direct your attention to cheque 14265 for $6,900, issued in favour of the Intercolonial Railway for the services of the "Contest"

as mail tender at Rimouski. Did not the services for which this payment was made include all necessary labour incurred in the transfer of the mails from the British mail steamer to the postal car on the Intercolonial train, and, if so, why was any additional remuneration granted ?

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A. G.*

POST OFFICE DEPT., OTTAWA, April 27, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 24th inst., pointing out that vouchers Nos. 816 and 934, furnished by Messrs. A. Walmsley and J. Evarts, the former for $25, which was paid to five labourers for services in connection with the British mails at Rimouski, and the latter for $100 for services of the same nature at Lévis, are not sufficiently explicit. With reference to the latter, I beg to say that the duties involved in attendance on the British mails consist in going across to Point Lévis, waiting for the arrival of the mail trains and accompanying the mails until their delivery at Quebec post office, and that these duties have frequently to be done at night. Regarding the payments made by Mr. Walmsley, I will see that your suggestions are carried out in the case of any future payments of this kind, but as the contract with the Allan Line for mail service has expired, it is not anticipated that any more such payments will require to be made for some time to come.

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *Dy. P. M. G.*

POST OFFICE DEPT., OTTAWA, May 16, 1891.

SIR,—I have the honour to acknowledge your letter of the 24th ult., with reference to voucher 676, rendered by the Tilbury Centre "Times" for publishing the time-table of the Tilbury Centre post office for five years, in which you call the Postmaster General's attention to the fact that the voucher is not accompanied by a copy of the advertisement, is not certified by the Queen's Printer as to the price charged, nor by a responsible officer of the Department that the advertisement was published as required ; and add that an explanation of the delay in rendering the account for· payment should be given.

In reply, I beg to enclose a copy of the advertisement in question, together with a statutory declaration on the part of the publisher that the advertisement was duly published during the time for which it is charged. You will observe also that the voucher, which is returned herewith bears the initials of the Postmaster General as authority for its payment.

The explanation of the delay in rendering the account would seem to be that the publisher neglected to render it at an earlier date.

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *Dy. P.M.G.*

AUDIT OFFICE, OTTAWA, May 19, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of May 16, enclosing an affidavit by the proprietor of the Tilbury Centre "Times," in which he affirms that the advertisement for which payment was made by cheque 676 was continuously published in his paper during the whole time set forth in his rendered account, and that its insertion in the first instance was authorized by the Post Office Department at Ottawa. I beg to point out, with reference to the objection raised to this account in my letter of the 24th ult., that the omissions to which I called your attention were the certificates of the Queen's Printer and of a responsible officer of your Department. The former official should certify that the price charged was not in excess of the usual contract rates,

and the latter that the advertisement ordered before publication was duly published as required. I return the account that it may be completed in this direction.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, Nov. 17, 1891.

SIR,—I beg to bring to your notice two payments of $100 each made to F. H. O'Brien during last year for inspecting post offices on the north shore of the Gulf of St. Lawrence during the years 1889 and 1890. The payments are not supported by detailed vouchers, and seem to have been granted as allowances. It appears to me that the Department is not at liberty to employ a person in the capacity of Post Office Inspector, except in accordance with the Civil Service Act. Mr. O'Brien, as far as I know, has not been so employed, and I am not aware of any authority for making him a specific allowance for work of the nature he has performed.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 14, 1891.

SIR,—I have the honour to call attention to the omission, from the vouchers for "Post Office—Miscellaneous," of the certificates required by section 33 of the Audit Act. This section requires that all vouchers should be certified as to the performance of the service, or the receipt of the articles purchased, and the price paid. In the case of accounts for travelling expenses, the travelling officer should certify that the whole expenditure was incurred on Government business.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPT., OTTAWA, July 8, 1891.

SIR,—Referring to your communication of June 20, calling attention to the requirement of the Audit Act, that pay-lists and accounts should be accompanied by a certificate that the service has been rendered, materials supplied, &c., I beg to say that the necessary instructions to have this done in future have been issued.

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *Dy. P.M.G.*

POST OFFICE DEPT., OTTAWA, July 24, 1891.

SIR,—Referring to your letter of June 8, asking to be furnished with certain information respecting the payment of $230.84 to the Charlottetown Steamship Company for the board of a clerk engaged in postal duties on the steamer running between Summerside and Shediac, I have the honour to inform you that the clerks who at different times during the year have attended to the distribution of correspondence on these steamers are O. R. Crabbe, J. W. Haszard and D. J. Macdonald; that the service is carried on during the whole season of navigation from May to December; and that the account in question is for meals, fuel, light and rent of mail room, the rate of payment being $1.16 per day. This rate has been paid since the service commenced in 1875.

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *Dy. P.M.G.*

AUDIT OFFICE, OTTAWA, July 28, 1891.

SIR,—I beg to acknowledge the receipt of your letter of July 24, stating that the payment of $230.84 to the Charlottetown Steamship Company was for rent of mail room,

light, fuel, and board of mail clerks O. R. Crabbe, J. W. Haszard and D. J. Macdonald. With reference to this expenditure, I beg to point out that a subsidy of $13 per trip is paid to this company for carrying the mails, including, as a matter of course, all necessary provision for their safety while *en route*. As regards the payment for board of mail clerks, I would call your attention to the fact that these clerks have been paid the regular mileage allowance which is intended to cover incidental expenses of this nature. In view, then, of the facts that the Charlottetown Steamship Company is paid a stated subsidy for carrying the mails, and that the clerks named by you are paid mileage allowance, I beg to ask for further explanation of the payments in question.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A. G.*

POST OFFICE DEPT., OTTAWA, Nov. 4, 1891.

SIR,—Referring to your letter of Oct. 6, inquiring what is doing in the matter to which you drew attention some time ago, of the payment by this Department of the board of the mail clerks running between Prince Edward Island and the main land during the time when they were in receipt of the regular mileage allowance, I am to say that the report of our Inspector on the matter has just been received, in which it is stated that the mileage allowance does not cover the expenses for board on the steamer. We could not therefore limit the clerks to their allowance, and as the double payment would seem to be irregular, it is suggested that we continue to pay their board and hereafter withhold the mileage allowance. I would be glad to hear your views on the matter.

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *Dy. P. M. G.*

AUDIT OFFICE, OTTAWA, Nov. 6, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of Nov. 4, stating that it has been suggested to you, with reference to the mail clerks travelling between Summerside and Shediac, that as the mileage allowance is not sufficient to cover the expenses incurred for board, it should be withheld in future and the board bills paid by the Department. It appears to me that under the statute the Department is not at liberty to adopt the suggestion. Schedule B of the Civil Service Act, as amended, provides that mail clerks may be allowed certain rates per mile for every mile travelled on duty in addition to their salaries, but there is no provision made in case the rates in question should be insufficient to meet expenses. In my view, no discretionary power in the matter, has been left to the Department.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A. G.*

POST OFFICE DEPT., OTTAWA, July 29, 1891.

SIR,—I beg to acknowledge the receipt of your letter of July 8, respecting the payment of Mr. L. Renois. The amount given to Mr. Renois was in compensation for the accommodation which he had for himself and family in the basement of the post office, which it was found necessary to utilize for public purposes. Mr. Renois' occupation extended over a term of years, and payment has been made to him since, it having been duly authorized by the Postmaster General at that time, and sanctioned by Parliament in the Estimates.

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *Dy. P. M. G.*

AUDIT OFFICE, OTTAWA, June 8, 1891.

SIR,—I beg to bring to your notice the payments made to the street car companies at Toronto, Hamilton, London and Ottawa for the conveyance of letter carriers. At Toronto payment is made at the rate $2,400 per annum, at Hamilton $600, and London $400. At Ottawa the Postmaster is allowed to purchase $10 worth of tickets each month. I should like to be informed how these amounts have been arrived at as fair and just compensation for the services performed. For instance, how many carriers at at each place need to use the cars, and how often each day in the discharge of their duty is it necessary for them to do so? It seems to me that any agreement of this kind should be sanctioned by Order in Council, unless otherwise provided in the Post Office Act.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE, OTTAWA, July 29, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of June 8, respecting payment made to the street car companies at Toronto, Hamilton, London and Ottawa. These amounts have been arrived at by negotiations between the street railway companinies and the Chief P. O. Inspector. It is quite impossible for me to give you in detail the number of men using the cars daily in a city like Toronto without having a memorandum kept for that special purpose. The men are constantly on duty, and the requirements of the service vary from time to time in consequence of the alterations in the frequency and hours of delivery.

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *Dy. P.M.G.*

AUDIT OFFICE, OTTAWA, May 22, 1891.

SIR,—I beg to bring to your notice a payment of $1,782 made to the Bras d'Or Steam Navigation Co. (Ld), by cheque 14285, from the appropriation for mail service, to supplement the subsidy voted for steam communication between Port Mulgrave and East Bay. With reference to this payment, I desire to point out that the subsidy of $4,000 for the service in question was voted under the heading "Mail Subsidies and Steamship Subventions," and consequently the amount so appropriated was the maximum authorized by Parliament to be paid for this particular service, both for mail communication and as a subvention during the current financial year. It appears to me that cheque 14285 should not have issued.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 5, 1891.

SIR,—I wrote you May 22 last, with reference to an amount paid the Bras d'Or Steam Navigation Company from the vote for mail service to supplement the parliamentary appropriation for steam communication between Port Mulgrave and East Bay, calling your attention to the fact that, as the subsidy for the service in question was voted under the heading "Mail Subsidies and Steamship Subventions," the amount so appropriated was evidently intended by Parliament as the maximum amount available for expenditure during the fiscal year 1890-91 for the service between Port Mulgrave and East Bay. I notice that you have made payments of a similar kind to the contractors for mail service between Canada and the United Kingdom, and St. John, Digby and Annapolis, the former having been paid $1,533.33 in addition to the vote, and the latter $1,000.

It appears to me that there was no parliamentary authority for any of these payments.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A. G.*

NOTE BY AUDITOR GENERAL :—Also, $1,001 has been paid for "Canso, Arichat and Guysboro" service, in addition to the subsidy voted. J. L. McD.

AUDIT OFFICE, OTTAWA, Sept. 29, 1891.

SIR,—I find on examination of the pay-lists of the Quebec Post Office Inspector's office for the fiscal year 1890-91 that C. Vohl, a Railway Mail Clerk of the first class, was transferred to the Inspector's staff on 1st February, 1891, and paid from that date at the rate of $1,200 per annum. His salary as railway mail clerk was $960, and I beg to point out that under section 46 of the Civil Service Act the transfer in question should have been made without increase of salary. The authority of Council for this transfer has not been sent me.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A. G.*

POST OFFICE DEPT., OTTAWA, Oct. 1, 1891.

SIR,—In reply to your letter of Sept. 29, stating that you had not received the authority of Council for the transfer of Mr. C. J. Vohl, formerly a Railway Mail Clerk in the Quebec division, to the Quebec Inspector's office, and for the increase of his salary from $960 to $1,200 per annum, I have the honour to enclose herewith a copy of the Order in Council passed Feb. 7 last, authorizing Mr. Vohl's transfer and increase of salary, as above mentioned.

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *Dy. P. M. G.*

AUDIT OFFICE, OTTAWA, Oct. 3, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 1st instant, enclosing a copy of an Order in Council authorizing the transfer of C. J. Vohl from the Railway Mail Service to a second class clerkship in the office of the Post Office Inspector, Quebec, at a salary of $1,200 per annum. In my letter of the 29th ultimo I pointed out that under section 46 of the Civil Service Act the transfer of Mr. Vohl should have been made without increase of salary. His legal salary is $960, at which rate he should now be paid, and the overpayments made him to date refunded.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, Aug. 26, 1891,

SIR,—I beg to bring to your notice the salary payments made to J. L. Anctil and S. T. Green of the Post Office Inspector's office at Quebec during the fiscal year ended June 30 last. The former was paid as Assistant Inspector at the rate of $1,500 per annum to March 31, though he was superannuated by Order in Council dated Feb. 7, 1891, and drew for March $71.66 superannuation allowance. As the Order in Council does not otherwise indicate the date, his superannuation should have commenced Feb. 7, the day on which it was authorized, and he should now be called upon to refund the amount overpaid him. S. T. Green was appointed Assistant Inspector *vice* Anctil by Order in Council of Feb7, and paid from that date at the rate of $1,200, the mini-

mum salary for that position—though Mr. Anctil remained on the pay-list until March, both receiving pay as Assistant Inspectors to the end of the month. Please let me have your explanation.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, Nov. 4, 1891.

SIR,—I beg to inform you that I have, on the application of the Accountant, transferred from the debit of "Post Office, Miscellaneous" to the debit of "Post Office Revenue" the sum of $55, rent of the post office at Kentville, N.S. I have authorized this transfer because it seems to be in accordance with an established practice in your Department of making certain payments from revenue, but I do not wish to be understood as thereby endorsing the practice, the objections to which it may be necessary to point out shortly.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, July 14, 1891.

SIR,—Enclosed please find a statement of the payments for extra work made to temporary clerks in your Department during the fiscal year 1890–91.

In view of the evidence given before the Public Accounts Committee on Wednesday, the 8th instant, to the effect that the amounts paid to temporary clerks for extra work were divided with certain of the permanent employees, I have to ask for a statement showing in detail what permanent clerks shared in the division of these amounts, and how much they respectively received, in order that the amounts of these illegal payments may be deducted from the August pay lists.

I have limited this statement at present to the fiscal year just ended; but probably I shall be obliged to communicate with you soon with regard to similar irregular payments during previous years.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

DEPT. OF INTERIOR, OTTAWA, July 21, 1891.

SIR,—I am directed to acknowledge the receipt of your letter of the 14th instant, enclosing a statement of payments for extra work made to temporary clerks in this Department during the fiscal year 1890–91, and asking that a statement, showing in detail what permanent clerks shared in the division of these amounts, and how much they respectively received, be furnished to you, in order that the amounts of these payments may be deducted from the August pay list.

In reply I have to inform you that the Minister of the Interior is now conducting an enquiry into the subject of these payments to extra clerks for extra work, and any information which may be elicited by this investigation will be furnished to you at the earliest possible moment.

I am, Sir, your obedient servant,

The Auditor General. JNO. R. HALL, *Acting D.M.I.*

AUDIT OFFICE, OTTAWA, Nov. 24, 1891.

SIR,—As I am on the point of closing the accounts for expenditure for your Department for the last year, I should like to obtain from you a statement of payments made during the period in the Department of the kind to which objection was raised by the Public Accounts Committee last Session.

I am, Sir, your obedient servant,

The Acting Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPARTMENT, OTTAWA, Dec. 8, 1891.

SIR,—I beg to acknowledge the receipt of your letter of the 24th ultimo, and to enclose herewith a statement of payments made indirectly to permanent clerks of the Department for services performed during the year 1890-91.

I am, Sir, your obedient servant,

The Auditor General. A. M. BURGESS.

AUDIT OFFICE, OTTAWA, Sept. 15, 1891.

SIR,—In the December accounts for outlay by Mr. J. McTaggart, on account of the timber office at Prince Albert, I notice a payment of $50 to Mr. E. Brokovski, Dominion lands agent at Battleford, and one of $50 to Mr. McTaggart himself, for commission on collections for the year.

I beg to ask if these amounts are calculated on the actual amount collected, or if they are merely of the nature of a round amount payable each year. I would also ask for the authority for these payments, as both gentlemen appear to be debarred by the Civil Service Act from receiving any pay or allowances over and above their actual salaries.

I also notice that R. S. Cook, forest ranger at Prince Albert, received, in addition to his regular salary of $800, the amount of $86.68 commission on seizures. Please inform me under what authority this commission is allowed.

I am, Sir, your obedient servant,

The Acting Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, Dec. 12, 1891.

SIR,—In reply to your letter of the 15th September last asking whether the payments of $50 each to Mr. E. Brokovski, agent of Dominion lands at Battleford, and to Mr. J. McTaggart, Dominion lands agent at Prince Albert, in the last fiscal year, for commission on collections, are calculated on the actual amount collected, or if these payments are merely of the nature of a round amount payable each year, I beg to inform you that those payments were in the nature of a round amount allowed to these Dominion lands agents as some compensation for work done by them in connection with the Crown timber service. Those payments were stopped by the Minister of the Interior some time ago, but for reasons entirely unconnected with the Civil Service Act, the outside branches of this Department not being included in the schedule to that Act.

As to the payment to Mr. R. S. Cook, forest ranger at Prince Albert, as commission on seizures, I have to inform you that this payment constituted a portion of Mr. Cook's salary, and not an addition thereto. All the forest rangers are paid commissions on seizures as a portion of their regular salaries under an agreement made at time of appointment.

I have the honour to be, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA, *Asst. Secretary.*

AUDIT OFFICE, OTTAWA, Sept. 15, 1891.

SIR,—I beg to call your attention to the following trips made by Mr. T. S. Higginson, Timber Agent at New Westminster, during the fiscal year 1890-91, in which it appears to me that he has charged more than the allowance authorized by Order in Council :—

October, 1890 : New Westminster to Field and Banff—12 days' allowances at $5—$60. Banff is in the District of Alberta and during the time he was there only $3.50 a day should be charged instead of $5.

April, 1891 : New Westminster to Calgary and return. 10 days from office at $5—$50 ; and May, 1891 : New Westminster to Calgary and return—14 days at $5—$70. For both these trips only $3.50 is allowable when east of the summit of the Rocky Mountains.

On December 24 Mr. Higginson appears to have left for Ottawa, and that month there is a charge for 8 days' allowance at $5. In the succeeding month—January—the regular rate of $3.50 was charged when in Ottawa. I would like to ascertain the exact date when Mr. Higginson crossed the boundary of British Columbia. I might remark that these accounts do not contain sufficient information as to the exact dates on which the different charges were incurred.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Deputy Minister of Interior.

NEW WESTMINSTER, Oct. 7, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of the 19th ultimo, 255,031 T. & M., enclosing copy of letter from J. L. McDougall, Esq,, Auditor General, pointing out some possible slight inaccuracies in my disbursements account for the fiscal year of 1891 and 1890. In reply, I regret to say that my accounts for April and May last are liable to slight corrections, viz. : 1 day at Calgary in April and 2 days in May last at $3.50 per day instead of $5, as charged in my accounts, the overcharges amounting to $4.50, which amount I have this day deposited to credit of the Receiver General.

All the other items alluded to in Mr. McDougall's letter are correct. That of October, 1890, Westminster to Banff, my intention was to go only as far as Hector, the summit of the Rockies and dividing line between this Province and the North-West Territories, but on reaching there in the evening, found there was no stopping place, therefore went on to Banff a few miles further, returning next morning. Then as to the December account, that is also correct, as I took Christmas dinner at Kamloops, worked my way eastwards crossing the line out near this Province and the North-West Territories the last day of the year.

These slight unintentional errors annoy me much, as I take pride in keeping my cash matters faultless. I will endeavour in future to avoid giving the Auditor General any similar cause of complaint.

I am, Sir, your obedient servant,

The Secretary, Interior Dept. T. S. HIGGINSON, *C.T.A.*

AUDIT OFFICE, OTTAWA, Sept. 22, 1891.

SIR,—Voucher No. 140 of Commissioner Smith's homestead inspection account for June, 1891, is for a payment of $14.50 to Thomas Lee for harness supplies and repairs. This account bears the following certificate :—" We do hereby certify that the above is a correct account of what goods were required by Mr. Bedford, School Land Inspector, the others having been used up. Signed, John J. Arsenault, Homestead Inspector." The receipt on the other hand is filled up "to replace outfit used by Homestead Inspector Arsenault."

I should like to be informed definitely whether these goods were obtained for Mr. Arsenault or for Mr. Bedford, in order that I may determine whether the item is a proper charge against the Homestead Inspection account, or whether it should be transferred to the Manitoba School Lands account.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Deputy Minister of Interior.

DOMINION LANDS OFFICE, WINNIPEG, Oct. 6, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of Oct. 2, enclosing copy of a letter from the Auditor General, and to say in reply that with a view to saving the expense of keep of the School Lands pony, permission was given to Mr. Homestead Inspector Arsenault to drive it with the horse supplied to him by the Department, without any allowance for keep of the pony.

Under this arrangement the harness supplied from the School Lands fund was worn out, and, as the Homestead Inspection service benefited, it was thought reasonable that that service should bear the expense of providing new harness for Mr. Bedford.

I am, Sir, your obedient servant,

The Secretary, Interior Dept. R. A. RUTTAN, *Asst. Secretary.*

AUDIT OFFICE, OTTAWA, Sept. 23, 1891.

SIR,—I beg to call your attention to the following remarks on the expenditure by the Dominion Lands Commissioner at Winnipeg on account of Contingencies, during the past fiscal year.

F. F. Dixon received sums amounting to $19.25 for 38½ hours' work preparing plans; R. Dolbear received $6 for 12 hours' work repairing indexes; and H. C. Jacobson was paid $75 for translating foreign letters during the year 1890. The two former gentlemen are employees in the Commissioner's office, while the latter is an employee in the Immigration office at Winnipeg. They are all debarred by Section 51 of the Civil Service Act from receiving remuneration of any kind in addition to their salaries. The amounts paid should be refunded.

Stationery was purchased direct from the dealers in the following cases:—Ferguson & Co., 25c.; O'Loughlin Bros. & Co., $2.80; R. D. Richardson, $5.85; T. W. Taylor, 75c. Why were not these supplies obtained through the Government Stationery Office, as required by the Public Printing and Stationery Act, 51 Vic., chap. 17?

I am, Sir, your obedient servant,

The Acting Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, Dec. 15, 1891.

SIR,—Referring to your letter of the 23rd of September last, I have to say that as the outside service of this Department has not been included in the schedule to the Civil Service Act, it does not appear that the provision of section 51 of that Act applies to the cases of the officers mentioned in your communication.

As to the purchase of stationery mentioned, the Commissioner of Dominion Lands has been requested to explain why he purchased stationery direct from the dealers instead of through the Government Stationery Office.

I have the honour to be, Sir, your obedient servant,

The Auditor General. JOHN R. HALL, *Secretary.*

DOMINION LANDS COMMISSION, WINNIPEG, Dec. 29, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of 15th instant, Ref. 256508, and to say that the following appears to have been the supplies procured concerning which the Auditor General enquires :—

1890—Mar. 31..	Ferguson & Co.....	Box leads.....	$0 25
July 13..	R. D. Richardson.....	Pint red ink.....	1 13
do 23..	do	Shipping tags for gopher traps.....	0 75
Dec. 8..	do	3 typewriter ribbons.....	3 00
do 26..	do	1 do	1 00
Oct. 24..	O'Loughlin Bros. & Co..	Index for schedule of seed grain advances	0 80
do 24..	do ..	Letter-book for Commissioner.....	2 00
Mar. 31..	T. W. Taylor.....	Leather case for shorthand notes	0 75

I am directed to say in explanation that the six first-mentioned items were urgently required and there being none in stock, they were purchased from local dealers. A requisition for the typewriter ribbons was sent to the Department on the 26th Nov., 1890, but as they had not come to hand and the correspondence of the office would have been at a standstill without them, the purchase was made here.

As regards the two last-mentioned items, the leather case was not regarded as being an article of stationery, strictly speaking, and was obtained to preserve shorthand notes ; the letter-book was got for the Commissioner's unofficial correspondence with the Department, the ordinary letter-books being of too large a bulk for this purpose.

He will be glad to pay these two last items out of his own pocket if, after this explanation, the expenditure is deemed inadmissible.

I may say that the effort is made, as far as possible, to procure every article of stationery through the regular course, except in cases of emergency.

I have the honour to be, Sir, your obedient servant,

The Secretary, Interior Dept. R. A. RUTTAN, *Asst. Secretary.*

INTERIOR DEPT., OTTAWA, Nov. 14, 1891.

SIR,—Mr. Robert Ruttan, a clerk in the office of the Commissioner of Dominion Lands at Winnipeg, was sent to Edmonton Nov. 25, 1890, to act as agent of Dominion Lands during the illness of the agent. Mr. Ruttan continued to act as agent of Dominion Lands for the Edmonton district from the above date until Aug. 10, and the Commissioner now raises the question whether Mr. Ruttan's salary for that period, amounting to $990, should not properly be charged to the appropriation for the Dominion Lands Agents, instead of to the expenses of the Land Board. Please advise this Department whether you think the Commissioner's contention is correct.

I am, Sir, your obedient servant,

The Auditor General. JOHN. R. HALL, *Secy.*

AUDIT OFFICE, OTTAWA, Nov. 30, 1891.

SIR,—Referring to your letter of Nov. 14, raising the question as to whether Mr. Ruttan's salary should be charged to the appropriation for the Dominion Lands Agents or to the appropriation for the Commissioner's Office, Winnipeg, for the period during which he was acting as Dominion Lands agent for the Edmonton district, I beg to reply as follows :—

Mr. Ruttan is a permanent officer in the Commissioner's office, being employed as Assistant Secretary at a salary of $1,400 per annum. He was appointed to this position under Order in Council, and the salary is specifically voted year by year. Under these circumstances I am of opinion that his salary cannot be charged to any other appropriation than that for the Commissioner's Office, even although he was acting as Dominion Lands agent at Edmonton for a part of the time.

I am, Sir, your obedient servant,

The Acting Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

AUDITOR GENERAL'S REPORT

1890-91

REVENUE AUDIT

AUDITOR GENERAL'S REPORT

FOR 1890-91.

EXAMINATION AND AUDIT OF THE REVENUE.

Treasury Minute, June, 21 1886.—The Board had under consideration a communication from the Auditor General to the address of the secretary of the Board, requesting to be informed whether the revenue accounts generally are to be submitted to him for examination and audit, and if so, under what regulations.

The Board direct that these accounts be submitted to the Auditor General for examination and audit.

J. M. COURTNEY, *Secy.*

The Auditor General.

FINANCE DEPT., OTTAWA, Dec. 30, 1889.

SIR,—With reference to our recent conversation respecting the submission to the Treasury Board of the rules and regulations drawn up in your office, I have now to state that I have found on enquiry that your letter of the 31st December, 1886, was submitted to the Treasury Board in due course, but as it did not ask for confirmation of the rules enclosed, but only stated what your intentions were in auditing revenue accounts and requesting any directions that the Treasury Board might deem fit to give,—as the Treasury Board had no directions to give, the letter was unanswered ; but in order that the law may be complied with, I have now to state that the rules are approved of.

It will be better to have a formal approval of the other rules to which I drew your attention ; and in future we had better adhere strictly to the law, *i.e.*, for you to send all rules to the Treasury Board for approval before their issue, and for the Treasury Board to give a decision in due course.

Yours very truly,

The Auditor General. J. M. COURTNEY, *D. M. F.*

RULES AND REGULATIONS *in reference to the Receipt, Entry and Accounting for Public Moneys.*

(1.) Receipt books with printed consecutive numbers should be used.

(2.) A receipt should be given for each payment.

(3.) All receipts should be entered in a Cash Book, and each entry should bear the same number as the receipt.

(4.) The counterfoil of the receipt should bear its number, the name of the payer, the amount, and a short memo. of the object for which payment was made ; and it should be signed by the collector, and when payment is made in person, by the payer.

(5.) A deposit should be made to the credit of the Receiver General daily, if the receipts amount to $25. If the daily receipts do not amount to $25, a deposit should be made whenever that sum or more is on hand.

(6.) As soon as possible after the close of each month, and not later than the 10th of the succeeding month, a copy of the Cash Book should be transmitted to the Audit Office, with the corresponding counterfoils of receipts granted, and also the blank when a receipt has been spoiled or cancelled.

Treasury Minute, May 23, 1890.—The Board had under consideration a communication from the Auditor General, submitting certain regulations embodying general principles for the Audit of the revenue accounts; also a copy of the regulations and forms of returns drawn up in accordance with the general regulations applicable to certain classes of revenue coming under the control of the Department of Marine, which regulations and forms were submitted to exemplify the carrying out of the general regulations.

After careful consideration the Board approve of the general regulations for the Outside Service for the audit of the revenue accounts, as follows:—

Revenue Audit—General Regulations for the Outside Service.

1st. Where possible, every officer or agent employed in the collection of public moneys shall make a daily deposit, if the receipts amount to $25: otherwise, whenever that sum is on hand; and he shall furnish regularly to the proper Department a return of his collections.

2nd. This return shall be made monthly, or at less frequent intervals, to be fixed by the Department, when desirable.

3rd. It shall be a copy in detail of the Collector's Cash Book showing the different deposits made in acquittance; and shall be certified by him and mailed to the proper Department within five days after the close of the period which it covers, and be accompanied by the corresponding vouchers or papers.

4th. It shall be fully examined and audited in the Department and certified by the Accountant and examining officer.

5th. When examined and certified, all returns for each period shall be forwarded to the Audit Office, accompanied by a summary certified by the Deputy Minister and the Accountant.

And they direct that the particular regulations and forms applicable to each Department be submitted to the Board for approval.

J. M. COURTNEY, *Secy.*

The Auditor General.

Revenue Audit.

AUDIT OFFICE, OTTAWA, Jan. 15, 1892.

SIR,—I have to submit, for the information of the Treasury Board, and such further action as may be deemed proper, the following memorandum, showing the progress that has been made towards carrying out the instructions of the Board, to examine and audit the revenue accounts.

On taking up this duty I found it was necessary to construct a complete system. This task was rendered still greater, as the same system would not apply to all classes of revenue. It must also be borne in mind that there are elements of difficulty in auditing revenue which do not exist in auditing expenditure. The gross expenditure is known in the Audit Office, because it is the aggregate of amounts, all of which passed through the Audit Office; but the gross revenue cannot be established in any such certain way.

To reach an efficient audit of the revenue, three special points have to be determined: 1. Has revenue been collected in every case in which it should have been collected? 2. Are the amounts that were collected the amounts which should have been collected? 3. Has all the revenue that was collected come to account, and as promptly as it should?

With the exception of revenue arising from the sale of stamps, or from licenses, it has not been contemplated for the present, if at all, that the first and second points should be gone into directly and generally in this office, and in this we follow the English practice. These points must be determined by the Department in charge, and to secure that this has been done it has been a principal care in this office to frame regulations under which each Department is to render certified statements and summaries at frequent and regular periods.

With the object of determining that all the revenue that was collected had come to account, and as promptly as it should, regulations were drawn up, which were submitted to the Treasury Board, December 31, 1886.

These regulations provided that receipt books with counterfoils, and bearing printed consecutive numbers, should be used, a receipt given by the collector for each payment made to him, and a detailed return with the counterfoils furnished to this office.

The following Departments are now carrying out these regulations, viz. :—

Agriculture—As to Patent Fees and Sales at Experimental Farms.

Justice—As to Penitentiary revenue.

Indian Affairs—As to Indian Fund.

Interior—As to Dominion Lands.

Printing and Stationery—As to *Canada Gazette* and Sales of Publications.

Secretary of State—As to Fees on Commissions, &c.

Senate—As to Fees.

Regulations for the Outside Service were prepared, which were approved by a Treasury minute, dated May 23, 1890. These regulations provided that a detailed copy of each collector's cash-book, properly certified by him, should be furnished regularly to the proper department, and after being audited and certified all the returns for each period should be forwarded to this office, accompanied by a summary certified by the Deputy Minister and the Accountant.

The following Departments are now furnishing monthly returns :—

Fisheries—As to Fisheries revenue.

Marine—As to Examination Masters and Mates, Dominion Steamers, Wharves and Piers.

Militia and Defence—As to Militia revenue and Military College fees.

Public Works—As to Slides and Booms, Telegraph revenue, and Dock charges.

The Department of Fisheries has agreed to furnish a list of all licenses issued in order to audit the agents' returns.

The Department of Militia and Defence have been asked to furnish all requisitions for stores, &c., but so far these have not been received.

The revenue of the Finance Department arises principally through the financial transactions in England, returns of which are furnished as the separate entries are passed.

The revenue of the Post Office Department arises in the main from the sale of postage stamps and cards, and it is practicable to make a complete audit of it. For this purpose returns are now furnished showing the stamps and cards received by the stamp branch from the manufacturers, and those issued to postmasters. Returns are yet needed from the accounting postmasters. Correspondence has taken place with the department in reference to those returns, and I have been informed that the necessary forms have been prepared for the use of the accounting postmasters.

The return of railway revenue asked from the Department of Railways and Canals, a memorandum on which was submitted to the Treasury Board, October 13, 1889, are now furnished from the Prince Edward Island Railway. None have yet come to hand from the Intercolonial Railway. I wrote to you in reference thereto on May 27 and June 5 last.

When asked for returns of collectors of canal tolls in accordance with the Treasury minute, the department replied on January 7, 1891, that returns were received in the department giving details under the heads of "Tolls, Wharfage, Hydraulic Rents and other accounts," together with "Let-passes and receipts for each class of revenue," all of which were at my disposal. It was also stated, that to comply with my request that each collector should furnish a copy of his cash-book, would entail a very considerable expense. In my reply, dated January 13, 1891, I pointed out that the Treasury Board had passed a minute directing all collectors to make a copy of the cash-books kept by them ; that the returns now furnished to the department were but summaries ; that the "Let-passes" and receipts referred to, to be of any use, would have to be set down on a statement according to dates, added up, &c.—in other words, a copy of the

cash-book would have to be prepared in this office ; that a copy of the cash-book showing the date of each payment, the name of the payer, the number of the entry, the service or object of the payment, and the amount paid, would be *prima facie* evidence that all the collections made had been entered, and it could serve as a basis for checking the passes and entries, if such was deemed advisable ; that the extra cost of furnishing the return asked for could not be much, as there were only four or five offices in which the staff now engaged would not have ample time to make them out, and in these large offices it would take a clerk not more than three days each month to make the necessary copy ; that the work of the staff being greatly reduced after the close of navigation, any part of the returns in arrears could then be made out.

I have had no reply to this letter, and as far as I am aware no steps have been taken to furnish the returns.

The Departments of Customs and Inland Revenue now furnish the returns of their collectors, but these returns only give summaries of the receipts, instead of details. It is claimed in effect by the officials of both these departments that their system of auditing the revenue accounts is as complete as it is possible to have it ; that it would entail considerable expense to furnish the copies of the collectors' cash-book ; that the copy when furnished would not afford this office the means of making any efficient audit ; and they suggest that the auditing be done by clerks from the Audit Office working in the respective departments.

An impression that the system of auditing the revenue by these departments must be thorough led me, when I first took up the work of examining revenue accounts, to devote the available energies of this office to the accounts of these departments, which, being disbursing departments, might not have as thorough a system of auditing the revenue accounts.

With regard to the extra expense the furnishing these returns would cause, it should be borne in mind that they are only copies, and the work, even in a large office, cannot be very great if done day by day. An examination was recently made at the Custom house, in Montreal, at which port there are probably more cash entries each day than in any other revenue office in the country, and it was found that the return asked for could be prepared by an officer in the Surveyor's branch without any additional expense.

As the returns asked for must agree in the totals with the returns now furnished, I do not understand why additional work would be thrown on the Department to check them.

It is not claimed that with this return a complete and effective audit of the revenue could be made ; but with such a statement, showing in detail the collections and the deposit made in acquittance, certified by the collector, an audit as to point 3 can be made. It would show the date of each payment, the name of the payer, the number of the entry, the service or object of the payment, and the amount paid, and be *prima facie* evidence that all the collections made had been entered. It would also serve as a basis for checking the entries covering any particular period, if it should be deemed advisable to have such further test made by this office.

In my opinion, there is very great objection to accepting the suggestion that, instead of getting this return, clerks should be sent from this office to do the work in the respective departments. To do so would be altogether foreign to the whole practice of the office so far, which is that the auditing shall be done by clerks stationed in the Audit Office, under my direct supervision and control. It is advisable, and indeed necessary, on occasions, that a clerk from this office should be sent to a department or to an outside office, to prosecute an enquiry ; but I am very strongly of the opinion that, if the whole work of auditing were to be done in that way, it would be attended with very unsatisfactory results.

The early attention of the Treasury Board is requested to the present position of these departments, as without these returns I am unable to carry out the instructions of the Board.

I have the honour to be, Sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

Audit Office, Ottawa, Jan. 9, 1891.

Sir,—No returns covering the revenue of the current fiscal year, nor the expenditure chargeable to revenue, have been received at this office yet from your Department.

I shall be favoured if you can arrange to have these returns forwarded with more promptitude. Any vouchers in reference to the charges against revenue, not to hand at the time of sending the returns of a month, can be forwarded with the next return, accompanied by a separate memorandum.

I am, Sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 4, 1891.

SIR,—I received yesterday from your Department the revenue returns for July, August and September last. According to the return of the Collector at the Port of Montreal, the total receipts were $963,474.79. Of this $896.32 was for Sick Mariners' Fund, and $58.92 for Steamboat Inspection, of which detailed statements are furnished. I have to ask you to procure a detailed statement of the items that make up the balance of this amount, giving date, name of payer, service and amount ; in other words a copy of the Collector's cash book.

I am, Sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 4, 1891.

SIR,—I wrote to you June 7, pointing out that it would facilitate greatly the examination of Steamboat Inspection Revenue were the name of the inspector entered on the return of the Collector of Customs opposite the name of each vessel. If you have not done so already, I have to request that you will issue instructions to your Collectors.

I am, Sir, your obedient servant,

The Collector of Customs. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 1, 1891.

SIR,—I return herewith the statements of Steamboat Inspection for the six months to June 30 last. The statements for the previous months of the year were returned Feb. 27. I have received the revenue statement of your Department for July, August and September last. I have to ask for the statements for the subsequent months. The only statement of charges against revenue yet received, is that for July. To enable me to have the auditing of these accounts done in proper time, the returns should be furnished regularly as soon after the close of each month as possible.

I am, Sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 1, 1891.

SIR,—On the returns of Steamboat Inspectors for July, August and September last, the following payments appear, which I do not find entered in the returns of Collectors of Customs :

Date.	Port.	Name of Vessels.	Amount.
June 26....	Amherst, N.S	Mary Ann	$ 6 00
do 23....	Gore Bay	Purvis *	6 04
do 23 ...	do	Advance *	10 76
July ...	Peterboro'	Sunbeam *	6 05
do 22....	do	Bella Fair *	5 56
do 25...	do	Mary Ellen *	8 60
do 25....	do	Cruiser	8 12
do 26....	do	Dawn *	6 60
do 26....	do	Undine *	5 40
do 28...	Ottawa	D. McLaughlin *	6 76
Aug. 12 ...	Digby	Maude *	5 96
do 27 ...	Charlottetown	M. A. Starr *	27 52
Sept. 12....	Pugwash	Clammon	6 84
do 17....	Gore Bay	George Dean	5 64
do 18....	Smith's Falls	Nellie	5 56

* Paid in April, 1891.

The Collector at Toronto in his return for August has deducted $13.88, which he refunded to the Muskoka and Georgian Bay Nav. Co., they having paid fees twice on ss. "Imperial" for 1889, at Collingwood in April and at Toronto in June. This proceeding is contrary to sections 27 and 78, chap. 29, Revised Statutes.

In order to make a satisfactory audit of the returns of certificates issued by Steamboat Inspectors, and of the fees collected for these inspections by your collectors, I asked the Dept. of Marine that Inspectors should retain the Collectors' receipts and forward them with their returns. But it seems this receipt must be left with the payer for his protection. Mr. Meneilly, Chairman of the Board of Steamboat Inspectors, has suggested that receipts issued by Collectors of Customs might have a coupon attached which could be detached by the Inspector and forwarded with his return. Not being able to have the receipt, this coupon is necessary, and I ask you to have such a form of receipt furnished to your Collectors.

I am, Sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, July 17, 1891.

SIR,—*Re* Sick Mariners' Fund.—Very many of the returns of receipts on account of this fund, made by Collectors of Customs, do not give all the information called for by the form, all of which is needed for auditing purposes, The number of the payment, whether 1st, 2nd, or 3rd, should be entered in the proper column after each item, and if the payment is either 2nd or 3rd, the date of the last payment and port where paid should be entered in their respective columns. I would suggest that the certificate of the Collector should be changed to the following:—"I hereby certify that fees on account of Sick Mariners' Fund were collected from all vessels, entitled to pay, that entered the Port of during the month of and that the above is a true account of all fees that were collected." I have to ask that the counterfoils of the receipts issued by the Collectors should be furnished with each return, and that the returns should be examined and certified in the Department. I observe that in some cases refunds have been made by Collectors out of their receipts. This practice is irregular and should be discontinued. Section 27, chapter 29, provides that all Collectors shall deposit the gross revenue of their offices; and section 78 of the same Act provides that no refund shall be made unless recommended by the Treasury Board and sanctioned and ordered by the Governor in Council. As the Department of Marine is interested in this class of revenue, I am sending a copy of this letter to the Deputy Minister of that Department.

I am, Sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 11, 1891.

SIR,—*Re* Crown Seizures Customs.—I have to ask for explanations in respect to the following items:—

Voucher No.	656,	Est. late Special Agent Wolff.....	$325 00
do	1,135,	Item of expenses....., ...	10 00
do	1,151,	W.M. Kelly.....	6 74
do	1,738,	J.W. Howry & Son.....	157 15

The first item appears to have been charged to Crown Seizures, Customs, in the accounts of 1889-90 by a transfer-entry applied for by your Department on the 26th August, 1890. The papers in connection with the other items indicate that they were refunded and deposited to the credit of the Receiver General. All these items form part of the sum entered in the returns as the total expenditure, and will have to appear in the published accounts as if paid, and I desire to have your explanations of them for publication also.

I am, Sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 16, 1891.

SIR,—Referring to your letter of Aug. 6, 1889, in connection with a surplus of $25{,}712\frac{68}{100}$ proof-gallons of spirits which arose at the distillery of Messrs. Gooderham, of Toronto, and the conclusions subsequently arrived at in respect to the same, I have to ask you what action has since been taken. In the last paragraph of your letter you intimated that the subject would appear in your report for 1889–90. I do not notice any reference to it in the report.

I am, Sir, your obedient servant,

The Commr. Inland Revenue. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 17, 1891.

SIR,—On page 57 of your report for 1890, showing the Spirit Warehouse return for the year, $69{,}205\frac{4}{10}$ galls. appear in a column headed "Legal Allowance." I have to ask you for the details of this amount, with the reasons for making the allowance in each case.

I am, Sir, your obedient servant,

The Commr. Inland Revenue. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Nov. 11, 1891.

SIR,—I have not received any reply to my letter of March 16 last, enquiring as to the conclusions arrived at in reference to the surplus of spirits at the distillery of Messrs. Gooderham, of Toronto. I should like to hear from you at an early date, as the manuscript of my annual report is now preparing, and I need the information asked for to determine whether it will be necessary to publish the correspondence.

I am, Sir, your obedient servant,

The Commr. Inland Revenue. J. L. McDOUGALL, *A.G.*

INLAND REVENUE DEPT., OTTAWA, Nov. 13, 1891.

SIR,—I am requested by the Commissioner, who is just leaving the city for New York, to acknowledge the receipt of your communication of Nov. 11, enquiring as to the conclusions arrived at in reference to the surplus of spirits at the distillery of Messrs. Gooderham, of Toronto. In reply thereto he desires me to state that a report thereon was made to the Hon. the Minister of Inland Revenue, which has been referred for the consideration of the Hon. the Premier. The Commissioner has not yet been advised of his concurrence or otherwise.

I am, Sir, your obedient servant,

The Auditor General. W. J. GERALD, *Asst. Commr.*

AUDIT OFFICE, OTTAWA, Nov. 18, 1891.

SIR,—In reply to my enquiry of Nov. 11, as to the question of the surplus of spirits at the distillery of Messrs. Gooderham, of Toronto, I have received a letter from Mr. Gerald, Asst. Commissioner. He states that you had reported on the matter to the Minister of Inland Revenue, that the Minister had referred the report to the Premier, and that you had not yet been advised of the Premier's concurrence or otherwise. Shortly after the receipt of your first communication in reference to this subject, in August, 1889, I sent a clerk of this office to Toronto to enquire into it. On his return I informed you that the decision I came to, based on his report, was that the Government was entitled to duty on the whole surplus. At an interview had afterwards with yourself, Mr. Gerald and Inspector Davis, this decision was agreed to by all as correct. In view of these facts, I cannot understand the submission of the matter to the Premier.

I am, Sir, your obedient servant,

The Commr. Inland Revenue. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 14, 1891.

SIR,—Referring to previous correspondence on the subject of the examination and audit of the Revenue accounts of your Department, I have now to call your attention to the fact that your Department is not complying with the provisions of the Treasury Minutes of May 23 last. The only returns furnished to this office are those of the Collectors of Excise, which do not give a detailed statement of the receipts, a Departmental statement of them, and statements and vouchers in reference to refunds and charges against revenue. Please have the provisions of the Treasury Minute carried into effect, in regard to all the Revenue accounts coming under the control of your Department, at as early a date as possible. In the meantime, I should like to be informed what action you are taking in reference thereto. If I am not furnished with the material to carry out the directions of the Treasury Board to audit the Revenue accounts, it will be my duty to report to the Board accordingly.

I am, Sir, your obedient servant,

The Commr. Inland Revenue. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 11, 1891.

SIR,—I have to point out that no returns of the collections made for Cullers' Fees have been furnished this office. These returns should be furnished monthly, and show the date of receipt, name of the payer, and the amount. In reference to the return of arrears due for Cullers' Fees, received with your letter of Dec. 2, I have to ask for a copy of the regulations in respect to payment of these fees, and any explanations for the existence of these arrears that can be given. I have also to ask for a statement showing which, if any, of these arrearages are for the fees on timber yet unsold; also of any payments that have been made since Sept. 30, or may be made up to the end of this month.

I am, Sir, your obedient servant,

The Commr. Inland Revenue. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 1, 1891.

SIR,—Some time ago I received from your Department a revenue return of the port of Quebec for the month of December, 1889. There is a copy of a memorandum of the Deputy Collector attached, referring to a balance of $849.12 and a shortage of $2{,}584\frac{57}{100}$ gallons spirits, both of which he suggests might as well be written off. There was no covering letter received with this return. I have to ask if any decision has since been reached, and what action you desire me to take in reference thereto.

I am, Sir, your obedient servant,

The Commr. Inland Revenue. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, Jan. 15, 1891.

SIR,—Referring to your communication of Nov. 18 last, in regard to the non-collection of certain balances due by Postmasters who have retired since July 1, 1888, I beg to enclose a statement showing the action taken by this Department in some of these cases, and the reason in the other cases why the amounts have not been obtained.

I am, Sir, your obedient servant,

WM. WHITE, *Dy. P.M.G.*

The Auditor General.

Office.	Postmaster.	Amount	Remarks.
		$ cts.	
Elm Grove	Geo. Hussey	7 91	Only Acting P.M. ; no bond ; not good for amount.
Fargo	W. H. Hunter	12 50	Suit entered and judgment obtained for a balance which, through error in Accountant's certificate, did not include this amount ; no further action could be taken.
Humber Bay	M. L. Carlisle	6 50	Every effort to obtain without success.
Marathon	H. Schloman	21 50	Promised to settle ; correspondence in progress.
Broughton	C. J. H. Hall	5 00	No bond ; not good for amount.
Norcliffe	A. Watson	0 96	Effort to obtain still being made.

Morden	J. M. Grover	16 13	Case in hands of Dept. of Justice.
Mountain City	C. C. Chapman	22 50	Not collectable ; no bond.

AUDIT OFFICE, OTTAWA, March, 7, 1891.

SIR,—In connection with the examination and audit of the Revenue of your Department, I have to ask you to send me monthly detailed statements showing the receipt and issue of postage stamps, commencing with the month of January last. I have also to ask for statements of the stamps in stock in the Department, and in hands of postmasters on 31st December last.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

AUDIT OFFICE, OTTAWA, May 20, 1891.

SIR,—I have received your letter of May 3 enclosing statements of the stamp account for January and February last. Please add, in future, to this statement, the stamps on hand at the close of the period. I have also to ask for details of the several items that make up this statement, as follows : (1.) A statement showing the quantity, denomination and value of the stamps received from the manufacturers. (2.) A statement of the stamps returned by postmasters, showing the name of the office and the amount. (3.) A statement of the stamps unfit for use and destroyed. (4.) A statement of the stamps issued, showing the names of the offices and the value of the stamps issued to each. These statements should be certified by yourself and the officer in charge of the Stamp Branch, and may be rendered weekly, monthly or quarterly as you may find

it most convenient. Whenever an inventory is taken of the stamps on hand, a copy should be furnished to this office which should be certified by yourself, the officer in charge of the branch and the inspector.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

AUDIT OFFICE, OTTAWA, May 20, 1891.

SIR,—I have to acknowledge the receipt of your application for a transfer from Post Office expenditure to Post Office account, with the object of becoming a debit against Revenue, of certain sums paid to postmasters for stamps and funds claimed to have been destroyed by fire, or stolen. I have also received the official reports and papers in support of these payments. I do not find affidavits of the Postmasters of the following offices: Fargo, $18; Cobden, $8.72; Willowdale, $3.80; Brockton, $67. I observe that some of the cheques are written "Credit Receiver General." All cheques should be issued in favour of the person entitled thereto in order to secure evidence of payment. The payee can endorse the cheque to the Receiver General if he desires to use it in payment of stamps or in liquidation of an indebtedness to the Government. Please inform me under what authority these refunds are made. In accordance with Section 78, Chapter 29, Revised Statutes, all refunds, remission or charge against revenue should be authorized by an Order in Council. Unless there is some other statutory authority, I have to ask you, for the future, to have these refunds so authorized. In the meantime I have passed an entry making the desired transfer, and I am returning the official reports in reference thereto, as requested, though the rule followed in this office is to retain vouchers and papers for one year.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

AUDIT OFFICE, OTTAWA, July 8, 1891.

SIR,—I have received your letter of June 2, enclosing returns for the March quarter, in reference to the receipt and issue of postage stamps by your Department. I should like to have these returns as early as possible after the close of each quarter.

To audit them, and the summary furnished quarterly, on which the transfers to post office revenue are based, returns of accounting postmasters are required. As the returns now furnished by them to your Department include transactions relative to money order and savings bank business, I would suggest that all accounting postmasters, should be asked to furnish quarterly returns showing: 1. The value of the stamps on hand at the beginning of the quarter. 2. The value of the stamps received during the quarter, specifying the date and value of each quantity received. 3. The value of the stamps on hand at the end of the quarter. 4. The amounts received in cash for postage, rents of letter boxes and drawers, and miscellaneous receipts, the latter two items in detail. 5. The salary warrants paid, specifying the postmasters paid, the period covered, and the amount. Departmental summaries of these returns making up the amounts on which the transfer is based, should also be furnished. If it be found more convenient, the information asked for above may be given on three separate returns, one covering stamp transactions, a second covering receipts in cash, and a third covering salary warrants paid.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

POST OFFICE DEPT., OTTAWA, Sept. 1, 1891.

SIR,—With reference to your letter of July 8, regarding the quarterly returns to be furnished by accounting post offices, I am directed to state that the necessary forms for the purpose you indicate are preparing, and that proofs of them will shortly be sent to you for examination.

I am, Sir, your obedient servant,

WM. WHITE, *Dy. P.M.G.*

The Auditor General, Ottawa.

AUDIT OFFICE, OTTAWA, Nov. 30, 1891.

SIR,—In reply to my letter of July 8 last, asking that certain returns needed for auditing purposes should be furnished by accounting post offices, you wrote Sept. 1 that the necessary forms for the purpose were being prepared and that the proofs would be sent me for examination. This has since been done. It is desirable that the postmasters should be instructed to make out returns on these forms for the September quarter, in order that the whole of the present financial year may be covered. In accordance with the minute of the Treasury Board in that respect, I now purpose submitting to the board for its approval the whole regulations in connection with the auditing of post office revenue, and have to ask you for a set of the forms above referred to.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

AUDIT OFFICE, OTTAWA, Dec. 4, 1891.

SIR,—I have received lately from your department a statement of the receipts during 1890-91 for rents of letter boxes and drawers at city post offices. I notice a great difference between the amounts collected at the several cities: for instance at Toronto it was $910.38; at Montreal, $5,744.01; at Hamilton, $801; at Halifax, $1,841.83; at Ottawa; $437.20; at Winnipeg, $2,336.50; and so on. I would like to know how this is explained. Brantford is the only one of the city post offices from which there are no collections. I have also to ask in respect to the other post offices in which letter boxes and drawers have been placed at the expense of the Government, from none of which have any receipts come to account. In order that this class of revenue may be audited, a statement should be furnished regularly showing the collections in detail, with the counterfoils of the receipts issued. What are your regulations with reference to the rent of boxes, limiting the rates, time of payment, &c.?

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

AUDIT OFFICE, OTTAWA, Jan. 15, 1892.

SIR,—I have not had any reply to my letter of Nov. 30, asking for copies of the forms prepared in your office on which accounting officers are to make their returns of revenue. I need these forms for submission to the Treasury Board, and would like to have them as early as would be convenient.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

Audit Office, Ottawa, May 27, 1891.

Sir,—Referring to my letter of Oct. 13, 1890, enclosing a memo. of returns of railway revenue required for purposes of audit, I have to state that I have not been informed of the action of the Treasury Board in regard thereto. Returns of the revenue of the Prince Edward Island Railway, in accordance with this memorandum, are now furnished, but so far I have not received any returns of the revenue of the Intercolonial Railway, other than a couple of summaries previously given. It is desirable that arrangements be made so that the returns of this railway may be furnished, commencing not later than the 1st July next, in order that I may have complete returns covering the whole fiscal year.

I am, Sir, your obedient servant,

The Secretary Treasury Board. J. L. McDOUGALL, *A. G.*

Treasury Board, Ottawa, May 29, 1891.

Sir,—I have the honour to acknowledge the receipt of your letter of May 27, in regard to a memorandum of returns of railway revenue required for purposes of audit, which was submitted by you to the Treasury Board in October last. I find the memorandum in question was referred to the Department of Railways and Canals, Oct. 27 last, for a report in connection therewith ; and an answer has not yet been received.

I am, Sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

Audit Office, Ottawa, June 5, 1891.

Sir,—I have to acknowledge receipt of your letter of May 29, informing me that the memo. of returns of railway revenue required for purposes of audit, which I forwarded to you Oct. 13, 1890, had been referred to the Department of Railways and

Canals for a report and that no answer had yet been received. I presume that you are now reminding the Department of Railways and Canals that an answer has not been given to you. It is important that the matter should be settled before the beginning of another fiscal year.

I am, Sir, your obedient servant,

The Secretary Treasury Board. J. L. McDOUGALL, *A. G.*

TREASURY BOARD, OTTAWA, June 11, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of June 5, with reference to the memo. of returns of railway revenue, required for purposes of audit, which was submitted by you to the Treasury Board and which was referred by the Board to the Department of Railways and Canals for report.

The attention of the Department of Railways and Canals has again been called to the matter and an early answer requested.

I am, Sir, your obedient servant,

The Auditor General. W. FITZGERALD, *Acting Secretary.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Jan. 7, 1891.

SIR,—With reference to your letters of May 14 and Nov. 27 last, respecting the regulations adopted by the Treasury Board June 11, as to returns to be made by collectors of public moneys, I have in answer by direction to say that at the present time the collectors of canal tolls, &c., send in each month their accounts current, giving details under the heads of "Tolls, Wharfage, Hydraulic Rents, and other accounts." They also furnish the let-passes and receipts for each item of revenue. These are at your disposal at any time for examination, and you will observe they are *original* documents. To furnish, as you request, a copy of the collector's cash book, not only would entail a very considerable expense, but in view of the fact that the originals are here from which the cash book entries are made, would be, perhaps, a work of doubtful utility. I am to submit the foregoing for your consideration, the explanation being one which may have the effect of modifying your view of this matter.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Jan. 13, 1891.

SIR,—I am in receipt of your letter of Jan. 7, in reference to the revenue returns from collectors of canal tolls, required for the purpose of audit. As you are aware, the Treasury Board have, after full consideration, passed a minute directing that every officer or agent employed in the collection of public money shall make a monthly return, and that this return shall be a copy in detail of the collector's cash book, showing the different deposits made in acquittance, &c. The Treasury Board having passed a minute, it might be considered sufficient reply to your letter merely to quote it, as I am directed by sec. 50, chap. 29, Revised Statutes, to audit this and other accounts in accordance with any regulations prescribed by the Treasury Board. However, with the view of putting the matter fully before your department, I refer to the argument of your letter. Mr. Inspector Whitton and Mr. Teakles, of your Department, visited this office some months ago and explained very fully the class of returns and vouchers now furnished to your department by collectors, and to which you refer in your letter. As I explained to them, these returns are summaries; and details are needed for auditing purposes. You state that the vouchers are furnished and are at my disposal. But to be of any use in effecting an efficient and complete audit, these vouchers should be set down on a state-

ment according to their dates, added up, &c.—in other words, a copy of the cash-book would have to be prepared in this office from the vouchers, and it is unnecessary to specify the objections to following that course. Three special points need to be determined to effect an efficient audit of the revenue accounts : 1. Has revenue been collected in every case in which it should have been collected ? 2. Are the amounts that were collected the amounts which should have been collected ? 3. Has the revenue that was collected come to account, and as promptly as it should ? A department is responsible in the first place that revenue as well as expenditure accounts are fully examined and audited. Revenue accounts should be certified by the proper departmental officers in the same manner as the expenditure accounts are. So far, it has not been contemplated that accounts, such as those of collectors of canal tolls, shall be examined and audited in this office as to points 1 and 2. In lieu thereof, a certificate is required that this has been done in the department, this office reserving the privilege of examining more fully any particular period or periods as to those two points. If a certified copy of each collector's cashbook be furnished, and a statement of the deposits made in acquittance, an audit as to the third point can be made in this office. As the cashbook should contain the date when each payment is made, the name of the payer, the number of the entry, the service or object of the payment, and the amount paid, it bears *prima facie* evidence that all the collections made have been entered. It also serves as a basis for checking the passes and entries, if it is deemed advisable to enter into that point in this office. I trust the foregoing will satisfy you that a copy of the cashbook is needed for auditing purposes, and that the proper person to prepare and certify to it is the collector. The gentlemen who visited this office with reference to this subject referred to the considerable expense connected with furnishing these returns ; but further discussion on the point elicited the fact that the collectors or the staff now engaged have ample time to make out the returns, except, in, say four or five offices ; and in respect to the largest of these four or five offices, it would only take an ordinary clerk three days at most each month to make the necessary copy, and I assume that from the close until the opening of navigation the work of the collectors and their assistants is greatly reduced, so that if any of the revenue returns fell into arrears towards the end of the season there would be ample opportunity to have them prepared and furnished in the early part of the winter. To enable me to examine and audit the returns of the current year, it is necessary that I should have them as early as possible, and in order that progress may be made with the work I would ask that the returns for each month be forwarded as soon as ready, commencing with July last.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary Railways and Canals Dept.

AUDIT OFFICE, OTTAWA, NOV. 3, 1891.

SIR,—I have to ask you for a copy of the departmental or other regulations, on which passes are issued on the Government railways ; a list of the classes of persons to whom passes are issued ; and whether passes are issued to any persons not included in the said classes, and if so, under what circumstances.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister, Railways and Canals.

AUDIT OFFICE, OTTAWA, July 30, 1891.

SIR,—In your letter of Oct. 15 last, you enclosed statements showing indebtedness to June 30, 1890, for Interest on certain Investments as follows:—

Three Rivers Harbour Commissioners (including Sinking Fund)	$ 13,822 62
Albert Railway Company	2,196 10
St. John Bridge and Railway Extension Company	4,000 00
Fredericton and St. Mary's Bridge Company	12,000 90
Quebec Harbour Commissioners	127,110 14

The interest for the fiscal year 1890–91 has now to be added to these amounts.

Nothing has come to account from the Three Rivers Harbour Commissioners, the Albert Railway Company, nor the Fredericton and St. Mary's Bridge Company

The St. John Bridge and Railway Extension Company paid the $4,000 on Nov. 15 last, and recently $16,000 on account of interest for 1890–91.

The Quebec Harbour Commissioners. The only payment since made by the Commissioners was $14,460, on Nov. 7 last. This was six months' interest to June 30, 1890, on $723,000 the debt of the Commissioners at the time the Government commenced to make advances. As I have previously pointed out the interest on this portion of the debt has always been paid in cash, but the payments due Jan. 1, 1891, and July 1, 1891, have not yet been received.

I have not yet received the statements which I asked for, showing the revenue and working expenses of the North Shore Railway.

I am, Sir, your obedient servant.

The Dy. Minister of Finance. J. L. McDOUGALL, *A.G.*

FINANCE DEPARTMENT, OTTAWA, Dec. 16, 1891.

SIR,—Referring to your letter of Oct. 19, asking for a statement of the arrears due June 30 last, remaining unpaid Sept. 30, (1) By Collectors; (2) By persons not Collectors, I have to state that the following amounts remained so unpaid:—

Albert Railway Company	$ 3,079 62
Quebec Harbour Commissioners	259,319 31
Fredericton and St. Mary's Bridge Company	24,000 00
Three Rivers Harbour Commissioners	18,509 96

I am, Sir, your obedient servant,

The Auditor General. C. W. TREADWELL, *Secy.*

AUDIT OFFICE, OTTAWA, July 15, 1891.

SIR,—I have to remind you that I am yet without the accounts in reference to the Bank of Upper Canada Liquidation account promised in your letter of Oct. 17, 1888. The sum of $1,889.86 was deposited Oct. 16, 1888, and including that amount there has since come to account at various dates the sum of $23,944.18. I have to ask you for a statement showing in detail the receipts that go to make up this amount.

I am; Sir, your obedient servant,

The Dy. Minister of Finance. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Jan. 15, 1892.

SIR,—I have not yet received the statements in reference to the accounts of the Bank of Upper Canada. The material for my report is now preparing for the Printers, and I would like to have these statements at your earliest convenience.

I am, Sir, your obedient servant,

The Dy. Minister of Finance. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 23, 1891.

SIR,—It is provided in the rules and regulations governing the collection and accounting for the revenue, that a daily deposit must be made if the collections amount to $25; otherwise whenever that amount is on hand. It is important that this rule should be enforced strictly. The receipts in acquittance of the June returns should be to hand early in July, and should be credited to the fiscal year 1890–91. If this arrangement were carried out, the sum of the agents' collections from July 1 in one year to June 30 of the next, would appear as the revenue of the year. It would also facilitate greatly the auditing and publishing of these accounts. I have to ask your attention to this matter.

I am, Sir, your obedient servant,

The Deputy Minister of Public Works. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Aug. 6, 1891.

SIR,—As promised in your letter of Nov. 26 last, monthly returns of the Dockmasters at Esquimalt and Lévis Graving Docks are now furnished to this office. The form of the return and the information entered on it are satisfactory, but it should be certified by the Dockmaster. The following is the customary form of certificate: "I certify that fees, as per tariff, were collected from all vessels that used the dock during

the month of ; that the above is a correct statement of all fees collected, and that deposits to the credit of the Receiver General were made in acquittance." As the returns have been received for part only of the year, I have to ask for a return of all collections during the last fiscal year, made out on the form for the monthly return and certified as above. The counterfoils of the receipts issued should be furnished. I had previously received a copy of the rules and regulations for the management of the Esquimalt dock. Please send me a copy of the rules and regulations for the management of the Lévis dock.

I am, Sir, your obedient servant,

The Deputy Minister of Public Works. J. L. McDOUGALL, *A.G.*

Public Works Dept., Ottawa, Oct. 8, 1891.

Sir,—Having reference to your letter of Aug. 6 last, I am directed to inform you that the Dockmasters at the Esquimalt and Lévis Graving Docks have been instructed to certify their monthly accounts in accordance with your request. I enclose herewith copies of rules and regulations for the management of the Dry Dock at Lévis.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

Audit Office, Ottawa, Dec. 19, 1891.

Sir,—In the revenue returned by your Department for 1889–90, there appears "earnings of dredges and scows," amounting to $3,504.43. In the returns for 1890–91 I do not find that anything has come to account from this source, and I have to ask for an explanation.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Public Works Dept., Ottawa, Dec. 31, 1891.

Sir,—In reply to your letter of Dec. 19, respecting revenue from dredges and scows, and stating that in 1889--90 the revenue from this source amounted to $3,504.43, and in 1890–91 nothing has been received : I have the honour to inform you that during 1890–91 no outside work has been done by the dredges and scows, and consequently there is no revenue.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

Audit Office, Ottawa, Dec. 22, 1891.

Sir,—Referring to the return of slide and boom dues in arrears, I have to ask for information on the following points :—

Ottawa Slides.—(1.) What is the regulation in reference to persons withholding payment of dues on the grounds of a counter claim for damages or any other cause ? How is the matter finally determined, as to the fact and the amount to be allowed ?

St. Maurice Slides.—(2.) What are the circumstances in connection with the indebtedness of Hall, Neilson & Co. ; and why has the bond of the Banque du Peuple not been realized on ? (3.) Opposite the entry, "Ross & Co., $627.68," there is written "refuse to pay." Have any steps or proceedings been taken to enforce payment ? (4.) Wm. Ritchie & Co., with an indebtedness of $1,111.35, claim overcharges of $754.20. How is this to be settled, and why have they not paid the difference ? (5). Opposite the last three items on the list of arrears for St. Maurice works is entered, "I know of no reasons why these amounts have not been paid." Whose duty is it to insist on payment ? Are the same regulations in force with respect to the collection of all slide and boom dues ?

Saguenay Slides.—Price Bros. & Co. are entered as owing $17,235.38 for dues accrued from 1877 to 1890. I should like to have some explanation why this large amount has been allowed to accumulate.

Newcastle District.—There does not seem to have been anything come to account for dues in this district during 1890–91. I have also to ask for an explanation of the circumstances connected with the arrears due at these works, which amount to $6,040.20; whose duty it is to see to the collection of them; and what steps, if any, have been taken to enforce payment?

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Memorandum on the Auditor General's letter of Dec. 22, 1891, asking information respecting arrears of Slide and Boom Dues.

Ottawa Slides.—(1.) As to the first part of the question I am not aware of any regulation governing such cases. Respecting the latter part of the question, such matters were formerly decided by the Department of Inland Revenue (and before Confederation by the Crown Lands Department) on the report of the collector of slide dues or the superintendent of the works or both. It is due to this Department to explain that all these disputed items are accounts prior to the transfer of the collection of slide and boom dues from the Department of Inland Revenue to the Department of Public Works on the 1st July, 1889, excepting the charge in 1889-90 for Chaudière boomage which was left in abeyance pending the decision of the whole question which has been referred to the Treasury Board.

St. Maurice Slides.—(2.) This is also an accrual prior to 1st July, 1889. This firm having become insolvent all their lumber at Three Rivers was seized for the non-payment of slide and boom dues owing by themselves and on logs purchased or acquired from others, among the latter being an account for $1,440.90 standing in the books of the collector in the name of Hall Bros. On the 26th June, 1890, the manager of La Banque du Peuple settled the account of Hall, Neilson & Co. with this Department, omitting the Hall Bros. item which he claimed was not due by the former firm inasmuch as there was no lumber in their yard the produce of Hall Bros.' logs and that the latter firm was solvent and should be made to pay. On these representations and the settlement of the balance of the account the seizure was raised, but immediate enquiry by telegraph and letter failing to find any such firm as Hall Bros., and the collector insisting that there was lumber still in the yards, the produce of their logs, on which these dues had accrued, the collector was again instructed not to allow any of the lumber to be shipped until this $1,440.90 was paid. The bank manager, however, persisting in his contention, induced the collector to accept a bond from the bank and allow the lumber to be shipped pending the investigation of his claim. As no satisfactory evidence has been produced in support of the assignee's contention steps are being taken to obtain payment of the bond.

(3.) The Department is taking the necessary steps to do so.

(4.) The matter of alleged overcharges was before the Treasury Board in 1890 and the rate of toll for that year and the future reduced to the figure which they claimed to be a just one, but the Treasury Board declined to recommend the reduction for preceding years, being of opinion that it could not be done without first obtaining the sanction of Parliament. The Department is adopting measures to obtain an early settlement of this matter.

(5.) In answer to the first part of this question it is the duty of the collector. In reply to the second part of this enquiry, I have to say that the general regulations are the same with respect to the collection of all slide and boom dues.

Saguenay Slides.—Payment of this account was demanded, but Mr. Price stated that he had a counter claim before the Government and that he was willing to pay the difference between the account and the amount of his claim. As the bulk of the account, viz., the dues from 1877 to 1889, had accrued previous to the collection being transferred to this Department the explanation should be had from the Department of Inland Revenue.

Newcastle District.—There seems to be some misapprehension as to this, for, included in the amounts opposite the names of M. Boyd, A.W. Parkins, John Dovey, and Saddler and Dundas, are dues of 1890-91. Up to year 1883 it was the duty of the slide master at Fenelon Falls to collect these dues; the present slide master, John Ingram, was appointed 1st April, 1883, his predecessor having resigned, but it appears that Mr. Ingram was never instructed to collect the dues by the Inland Revenue Department, which oversight was not discovered till shortly before the collection was transferred to this Department and the returns and papers relating to these dues did not come to me until the latter part of the year 1890. This Department has now under consideration the appointment of a collector and the adoption of measures to collect the accounts which have been rendered to the parties concerned.

OTTAWA, 8th January, 1892. EDW. T. SMITH, *Coll. S. and B. Dues.*

AUDIT OFFICE, OTTAWA, March 26, 1891.

SIR,—Returns of Steamboat Inspectors St. John, Johnston, Adams, Burgess, Samson and Stevens, for July, Aug. and Sept., 1890, of Abell for July and Aug., and of Thompson for Sept. have reached this office, and have been checked with the returns of Collectors of Customs. It would facilitate greatly the auditing of these returns were Inspectors instructed to make (1) a return of all inspections made during the month, in the order of date, adding up the columns of tonnage and inspection fees ; and (2) a separate return of any certificates issued during the month, the inspections for which were made during a previous month. The Departmental summary should specify the number of vessels inspected during the month by each Inspector and the total fees chargeable thereon, whether the same were collected or not ; also the number of certificates issued by each Inspector during the month, and the total fees thereon.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 1, 1891.

SIR,—Referring to my letter of Mar. 26, in reference to returns of Steamboat Inspectors, I have to state that Mr. Meneilley, Chairman of the Board of Inspectors, called at this office to-day with two forms : the one headed "A Statement of Certificates issued to Steam Vessels in . . . . . Division for the month ended . . . . . ;" and the other "A Statement of Steam Vessels Inspected but not Certificated in . . . . . Division for the month ended . . . . . ." Returns made out on these forms with a corresponding Departmental summary and certificate will suit the requirements of this office. Mr. Meneilley explained the reason why Inspectors cannot retain the receipts issued by Collectors of Customs, which I asked for in a former letter. In lieu thereof he suggested that the receipt issued by the Collector might have a coupon attached, which could be detached by the Inspector and forwarded to the Department with his return. As the receipt cannot be furnished, it is very necessary for auditing this revenue efficiently that a coupon should be, and I have to ask that you will take steps to have this form adopted by the Customs Department.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, April 6, 1891.

SIR,—In reply to your letter of April 1, relative to returns made by the Inspectors of Steamboats, I have the honour to inform you that the forms as agreed upon by yourself and the Chairman of the Board are in the printer's hands, and will be distributed as soon as received. In regard to the Collectors of Customs giving a receipt in duplicate for the inspection fees paid, one copy of which should be given to the Inspector to be attached to his monthly statement, I have to say that as the matter of giving receipts for fees in duplicate is one that rests with the Customs Department, and as one of the statements made by the Inspectors will give a list of the certificates actually issued and as the law requires the Inspector to see the receipt for the fees before he issues a certificate, would it not answer your purpose if the Inspector certifies on the form giving the list of certificates of inspection issued for the month, that he has actually examined the receipt for the fees and dues for the current year for each of the steamers certificated.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, April 2, 1891.

SIR,—I have to-day received a memorandum of the Order in Council of Jan. 31, authorizing a refund of $108.17 to the Yarmouth Steamship Company. It is not stated

in the memorandum nor in your application, why this amount should be refunded, and I have to ask you to inform me.

I am, Sir, your obedient servant.

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, April 6, 1891.

SIR,—In reply to your letter of April 2, relative to the Order in Council of January 31 last, authorizing the refund of $143.52 to the Yarmouth Steamship Company, I have to inform you that the reason for refunding the amount is because it was paid under the impression that the steamship "Boston" was subject to the Canadian Steamboat Inspection Law, but as she is not subject to that law until brought under its operation by an Order in Council, and as no such Order has as yet been passed, it was decided to refund the amount. The payment was made to the Collector of Customs at Yarmouth, Nov. 28 last, and the Department holds the collector's receipt for the same.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

CUSTOMS DEPT., OTTAWA, April 13, 1891.

SIR,—At your request circular as per enclosed (No. 456 B.) was issued, that the monthly return of Steamboat Inspection should show in each case the name of the Inspector. I have now before me a letter from the Collector of Customs at Hamilton, in which he states "that as the fees for inspection of steamboats are paid in before the "inspection takes place and the certificate of inspection is rarely received within the "month the fees are paid, we cannot show in the monthly returns (Form K4) the name "of the inspector making the inspection, "and asks what shall we do?'" I foresaw this difficulty when issuing the circular, but as you requested, it was done. I can see no way out of the difficulty unless the Collector is instructed to hold his returns and the money until the inspection has actually taken place. Will this answer your purpose?

I am, Sir, your obedient servant,

The Auditor General. W. G. PARMELEE, *Asst. Com.*

AUDIT OFFICE, OTTAWA, May 13, 1891.

SIR,—Referring to your letter of April 13, I do not think it would be advisable for the Collector to hold his returns and the fees paid him for Steamboat Inspection, till the inspection should be made. My object in asking to have the name of the Inspector entered on the Collector's return, was to facilitate the comparing of the returns of the Inspectors and Collectors. As it is not practicable to have this done, would there be any objection to the receipt issued by the Collector to the steamboat owner, either being in duplicate, or having a coupon attached which the Inspector could detach and transmit to Department, with his monthly return?

I am, Sir, your obedient servant,

The Asst. Commissioner of Customs. J. L. McDOUGALL, *A.G.*

CUSTOMS DEPT., OTTAWA, May 18, 1891.

SIR,—Referring to your letter of May 13, further *in re* returns of Steamboat Inspection; I note the suggestion you make with reference to duplicate receipts, but cannot see in what manner that would serve as a check or be of any benefit, as the same man who issues the receipt sends in the return, and the one is just as apt to be correct as the other. I think you have been misled, or perhaps, in other words, have misunderstood the reason why there appears to have been discrepancies between the returns furnished by this Department and those furnished by the Department of Marine. Perhaps a word

of explanation would set the matter to rights. If you will examine the complete Customs' returns for any given month in which such discrepancies occur, you will find invariably that where there has been a short return of Steamboat Inspection fee, there has been a corresponding over return on some other collection and *vice versa*. This has simply resulted through carelessness, errors having been made in dividing the total amount deposited, erroneously crediting some account with what does not belong to it, and showing a shortage on the account to which the amount did belong. Our ledgers in the Department here will show this invariably at the end of each month, and you will always find that the amount is rectified in the month following that in which the error has occurred. It really appears to me at the present time there is a sufficient check to ensure the eventual deposit of all amounts collected on account of this or any other funds passing through the hands of our officers.

I am, Sir, your obedient servant,

The Auditor General. W. G. PARMELEE, *Asst. Com.*

AUDIT OFFICE, OTTAWA, May 21, 1891.

SIR,—I have to acknowledge the receipt of your letter of May 18, in reply to mine of May 13, *re* Steamboat Inspection fees. The explanation you give of the discrepancies between collectors' returns and fees paid, and inspectors' returns is no doubt correct, but I do not think it will account for all the differences that arise. Payments of fees are sometimes made months before the inspection, and the name of the place of payment is entered on the inspector's returns, and if this place is an outport, the item will appear in return of the port to which it is connected. These and other causes render the labour of auditing and comparing these two sets of returns much greater than it should be. It is with the object of having a connecting link between the two that I suggested the issuing of duplicate or coupon receipts by your collectors. If this were done the steamboat inspector could furnish to the Marine Department, with his monthly return, the collector's receipts corresponding to the certificates issued by him. If these receipts were issued by a collector at an outport, it would facilitate the audit still further were the port entered on the receipt also. I have to ask your further consideration of this matter.

I am, Sir, your obedient servant,

The Asst. Com. of Customs. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 23, 1891.

SIR,—Referring to the returns of steamboat inspectors for the six months to the 31st Dec. last, I have to call your attention to the following observations:—

The following vessels are entered as inspected and certificated, the fees on which I do not find accounted for on the returns of the customs officers:

* * * * * *

The following vessels are entered as inspected, but I do not find it stated that certificates were issued, and no fees have come to account:

* * * * * *

I enclose a list of 58 vessels, the fees on which have come to account through the Customs Department, and which do not appear on the inspector's returns. (List not printed.)

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, June 25, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of June 23, enclosing a list of steamboats inspected and certificated by Inspectors but for which no returns of fees have been made by Collectors of Customs; and in reply I am to inform you that it

will, I presume, be a matter for the Customs Dept. to enquire into. I have, however, forwarded the list to the Chairman of the Board of Steamboat Inspection, who is at present in Toronto, for his remarks or report thereon, and I will communicate the same to you when received. In regard to the list of steamers which paid the fees but which do not appear in the reports from Inspectors, I may state that there may be several reasons for the omissions. The vessels may not yet be inspected, or, being inspected their certificates may be withheld on account of defective outfit or machinery. I will, however, send this list also to the Chairman for the information of the Inspectors.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Nov. 11, 1891.

SIR,—I am in receipt of your letter of Oct. 16, in reply to my letter of June 23 last, calling attention among other things to certain steamers entered on Inspectors' statements as inspected but not certificated, and for which no fees had come to account. The reply given in several cases is that "no receipt for fees being produced, the certificate was not issued." I have to ask whose duty it is to see that fees have been paid on all vessels inspected ?

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Nov. 16, 1891.

SIR,—In reply to your letter of Nov. 11, in regard to certain steamers entered on Inspectors' statements as inspected but not certificated, and for which no fees had come to account, and requesting to be informed whose duty it is to see that fees have been paid on all vessels inspected : I have the honour to inform you that until the fees are paid, no certificate of inspection is issued, and Collectors of Customs should detain steamboats without certificates of inspection.

I am, Sir, your obedient servant,

The Auditor General. WM. L. MAGEE, *for D.M.M.*

AUDIT OFFICE, OTTAWA, March 18, 1891.

SIR,—No returns of wharfingers appertaining to the present fiscal year have yet reached this office. Please let me have them, accompanied by a certified departmental summary. The only returns of Steamboat Inspectors received are those for July, Aug. and Sept. A departmental summary and certificate was received with July returns, but not with those for Aug. and Sept. I should like to have the further returns of this revenue. The departmental statements of certificates granted to Masters and Mates, and to Engineers to Jan. 12, have been received. It will be more satisfactory to have these statements monthly. If a certificate has been spoiled or cancelled it should be entered on the return and be forwarded with it, in order that the consecutive number may be maintained. The number of certificate granted in each case should be entered on the Inspector's return by the officer of your Department who examines these returns. When no fee is exacted on account of its being a second examination, the date of the first examination should be given.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, March 31, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of March 18, relative to wharfage returns, steamboat inspectors' returns and statements of certificates granted to masters and mates. In reply I have to inform you that the wharfingers do

not send returns for the fiscal year, which accounts for no returns having reached you for the present fiscal year. The returns for the calendar year are in course of examination, and when completed will be forwarded to you with a summary thereof. I may observe, with reference to these returns, that errors occur very often which necessitate correspondence with the wharfingers, and consequent delay in forwarding returns to your office. As regards statements of certificates granted masters and mates, the returns will in future be sent to you monthly as requested.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

MARINE DEPT., OTTAWA, April 3, 1891.

SIR,—I have to request that you will be good enough to inform me as to whether there is any regulation by which wharfingers are required to furnish bonds for the faithful performance of the duties of their office.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, May 13, 1891.

SIR,—I have received your letter of the 3rd ultimo, enquiring as to whether there is any regulation by which wharfingers are required to furnish bonds. I beg to inform you that an Order in Council passed in August, 1869, provides in general terms that, every person collecting or receiving revenue in cash to be by him paid over to the Receiver General, must give security. I wrote to the Treasury Board on this subject, May 21, 1890 (see copy of my letter published in Audit Report, 1890, page A–6); and I have written again with the view of having an early consideration of the matter by the Board.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 3, 1891.

SIR,—The first returns received from Mr. A. Monck, Wharfinger at Cockburn Island, were those recently furnished by your Department and covered the collections during July, Aug., Sept., Oct. and Nov., 1890. According to your report this Wharfinger was appointed May 30, 1889. I have to ask in reference to the collections made from that date to July, 1890. In his return for November Mr. Monck states that the officers of the Str. "Atlantic" refused to pay dues and that he had sent the account to the manager of the company at Collingwood. I do not find that anything has since come to account in payment, and I have to ask what action has been taken in reference thereto.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, June 3, 1891.

SIR,—I have to call your attention to following statements in the returns of the wharfingers at Maitland and West Pubnico, in reference to uncollected items:

Maitland, Yarmouth County.—"There are some items I have not collected yet. I will try and get them in a few days and send the year's report. I did not get my appointment till May and there are two entries in March and April that the parties will not pay."

West Pubnico.—"Some merchandise was landed from small packets from Yarmouth, but no wharfage yet collected. The captains of the packets add the wharfage

to the freight bills, which are not paid till autumn, at which time full returns will be made. I had to agree, if not, the goods would have been landed elsewhere."

I do not find that anything has come to account in satisfaction of the above, and I have to ask what action has been taken in reference thereto.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A. G.*

MARINE DEPT., OTTAWA, June 4, 1891.

SIR,—I have the honour to acknowledge receipt of your letters of June 3, making certain enquiries *re* wharfage collections; and in reply I have to state: 1. The appointment of A. Monck as Wharfinger, Cockburn Island, was May 20, 1890, and not May 30, 1889. The latter date published in Departmental Report is a typographical error. 2. As regards the amount claimed from Str. "Atlantic" and for which Mr. Monck has sent an account to the manager of the company, the wharfinger has been directed to report whether amount has been paid, and, if so, to account to Department. If not yet settled to forward a detailed statement of claim so that the Department may take such action as is deemed necessary. 3. The wharfingers at Maitland, Yarmouth County, and West Pubnico have been directed to collect amounts still due.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, June 3, 1891.

SIR,—I do not find that anything has yet come to account from the lessees of the wharf at Goderich for the year 1891. You stated in your letter of May 19, 1890, that the rent was payable in advance. In your letter of Oct. 7, 1890, you stated that the claim against Mr. Dyment for rent of Lot D for 1890 had been placed in the hands of the Justice Department. I have not since been informed of the result. Who is the lessee of this lot for the present year, and what is the rental?

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, June 4, 1891.

SIR,—I have to acknowledge receipt of your letter of June 3, with reference to revenue from the wharf at Goderich for 1891; and in reply beg to inform you that Messrs, Bearman and McVicar owe rent on Lots B and C, $800, due Feb. 23, 1891. On March 10 last they were requested to pay the amount due, and on May 4 Mr. T. N. Dancey, Harbourmaster at Goderich, who had been directed to collect amount, forwarded a letter from the lessees, requesting to be allowed time to make the payment, and on June 1 the Department advised them that they would be allowed until June 19 to pay the rent.

On Lot A, Mr. T. E. McBride owes $315, due on March 23, 1891. Mr. Dancey was instructed May 4 last to collect this amount and Mr. McBride was directed June 1 to remit amount due at once.

The claim for rent against estate of Mr. Dyment is still under the consideration of the Department of Justice, and the lot is not at present rented.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Aug. 4, 1891.

SIR,—I have to call your attention to the following lists of wharfs, on account of which nothing has come to account during the fiscal year 1890–91, and no returns have been received:—

Ontario :—Goderich, Sault Ste. Marie, Summerstown, Inverhuron.

Quebec :—Cascades, Isle aux Grues, Pointe aux Orignaux, Rivière Ouelle, Rivière du Loup, St. Alphonse de Bagotville, St. Jean d'Orléans, St. Laurent d'Orléans, Tadousac, Anse St. Jean, Baie St. Paul, Chicoutimi, Les Eboulements, Murray Bay.

Nova Scotia :—Arisaig, Avonport, Belliveau's Cove, Delap's Cove, East Bay, Grand Narrows, Point Brulé, Port George, Salmon River, Tracadie, Port Greville.

Prince Edward Island :—Campbell's Cove, Hickey's Wharf, Mink River, Nine Mile Creek, Tignish River.

New Brunswick :—Buctouche, Clifton.

The returns from Church Point, Cow Bay, Digby and Salmon River, referred to in your letter of May 26 last, have not yet reached this office. Referring to your letter of June 4, in regard to the lessees of the Goderich wharf, I may point out that nothing has yet come to account.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, August 8, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of Aug. 4, calling attention to certain wharves for which nothing has come to account during fiscal year 1890–91, and no returns have been received by you. In reply I have to state that at the following wharves there are no wharfingers, but that the appointment of wharfingers is under the consideration of the Department: Inverhuron, Ont.; Cascades, Pointe aux Orignaux, Rivière du Loup, Anse St. Jean, Baie St. Paul, Que.; Port Greville, N. S.; Hickey's Wharf, P.E.I.; and Buctouche, N.B.

That at the undermentioned wharves, wharfingers were only appointed in July, 1891, so that no returns have been received yet:—St. Alphonse de Bagotville, St. Jean d'Orléans, St. Laurent d'Orléans, Tadousac, Chicoutimi, Les Eboulements and Murray Bay, Que.

That at Arisaig, Avonport, Belliveau's Cove, Delap's Cove, East Bay, Grand Narrows, Point Brulé, Tracadie, N.S., Campbell's Cove, Mink River, Nine Mile Creek, P.E.I. and Buctouche, N.B., the wharfingers were asked for returns May 21 last, and that another notice was sent them Aug. 4. As soon as received, the returns will be forwarded you.

As regards wharfage and rent of wharves at Goderich, I have to inform you that by Order in Council the collection of wharfage has been in abeyance for some years, and that the accounts for rent due for use of wharves have been transmitted to the Department of Justice to allow of legal proceedings being taken to recover the amount from the lessees.

With reference to Mr. Plummer, wharfinger at Sault Ste. Marie, it appears he has expended the surplus collections, over the salary allowed him, on repairs to the wharf. He has been required to pay collections to credit of Receiver General, and no attention being paid to the request, the matter has been transferred to the Department of Justice, to take legal proceedings against him.

At Summerstown, Ont., and Salmon River, N.S., no collections were made by the late wharfingers, and the new wharfingers are but recently appointed. At Tignish River, P.E.I., the affairs of that office are at present undergoing investigation by the Sub-Collector under an Order in Council.

I may observe that wharfingers do not report for the fiscal year, but for the calendar year, and that detailed returns are not due from them until after Dec. 31 in each year.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Aug. 12, 1891.

SIR,—I have received your letter of Aug. 8, in reply to mine of Aug. 4, and I have received therewith returns for the calendar year 1890, of wharfingers at Cow Bay,

Church Point, Digby and Port George. You state that wharfingers report for the calendar year and not for the fiscal year; and that detailed returns are not due from them until after Dec. 31 in each year. In your letter of May 19, 1890, you stated that on July 1, 1890, it was proposed to have monthly returns. It seems to me that this regulation should be observed by the wharfingers at Cow Bay and Digby, and that the other wharfingers should be required to report twice each year, viz., Dec. 31 and July 1. I have to ask your attention to this matter. The regulation as to depositing whenever $25 or more is on hand is, of course, not to be interfered with. The returns of the wharfinger at Digby, Mr. Watt, for the year 1890, call for some explanation. The gross receipts were $853.50; deducting the commission of 20 per cent to which he was entitled according to your report, balance to be deposited was $682.80. Only $498.02 has come to account, leaving $184.78 accounted for as follows:—Error in account of 1888, $12.17; repairs to wharf, $3.05; clerical assistance and stationery, $28.50; commission charged, $254.68; commission due, $170.70—$83.98; wharfage uncollected and outstanding uncharged in accounts rendered, $57.08. With reference to the item of $12.17 I find that it was allowed to him in settlement of collections for the half year ended Dec. 31, 1888. The item of $3.05 for repairs to wharf is irregular, and is not supported by a voucher. The item of $28.50 for clerical assistance and stationery requires explanation, as no such charge is made by any other wharfinger. The commission allowed this wharfinger was entered in your report for 1889 as 10 per cent. You subsequently stated in your letter of Nov. 3, 1890, that his allowance was 20 per cent, and that was the rate he charged in making up his return for 1889. In the return for 1890, now under examination, he charges commission at the rate of 25 per cent on collections of the year, and he also charges 5 per cent on collections of the previous year, making together $83.98 of a difference. A memorandum with the return indicates that Mr. Watt was directed to furnish authority for expenditure on wharf and clerical assistance, and also for charging 25 per cent instead of 20. I have to ask what further action has since been taken? With reference to the item of $57.08 uncollected, I have to ask if this has been allowed, and if so for what reasons? In any case a list of persons indebted should be furnished. The last deposit that has come to account from Mr. Watt was for $88.02 to balance the return to Dec. 31, 1890, according to his way of treating it. The first deposit made by Mr. Short was for $30, and dated April 9. I find that the receipts during January, February and March, 1890, amounted to $196. I have to ask how the receipts during January, February and March last were accounted for?

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Aug. 17, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of Aug. 12, relative to certain wharfage returns; and in reply have to observe that owing to the small amount collected by most of the wharfingers, in many cases no moneys being received, it was deemed sufficient by the Department for the returns to be rendered annually. As, however, you desire half yearly returns, excepting Cow Bay and Digby, which you are of opinion should forward monthly returns the wharfingers at Cow Bay and Digby have been directed to furnish monthly and the remaining wharfingers half yearly returns.

Respecting the statement for the year 1890, forwarded by Mr. Watt, late Wharfinger at Digby, I have to inform you that much difficulty was experienced in obtaining a return and that it only reached the Department in the end of May, 1891. On examination it was found that while Mr. Watt was only authorized to retain 20 per cent of collections as remuneration, he had charged 25 per cent, on the plea that the latter rate was allowed his successor, the difference being $41.30 for 1889 and $42.60 for 1890, $83.90. In addition he took credit for $28.50, cost of books, stationery and clerical assistance, the total being $112.40 which he was immediately required to refund and deposit to the credit of the Receiver General, at same time giving his authority for crediting himself as above. No reply having been received, the Department has again

written him, insisting on an immediate settlement and also to furnish a voucher for $3.05 expended on repairs to wharf. The item of $57.08, uncollected wharfage for the year 1890, has not been allowed and should be accounted for by the present wharfinger. He has been directed to furnish a detailed statement from 1st January to 31st July, 1891, and thereafter to give monthly returns.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Dec. 29, 1890.

SIR,—I have the following observations to make on the Harbour Masters' returns for the calendar year ending Dec. 31, 1889, lately received at this office:—

1. No returns have been furnished from the following ports, although sums are entered in your Departmental report for 1889 as having been collected:—Collingwood, Rondeau, Chatham, Sackville, Annapolis, Apple River, Cape Canso, Hantsport, Petite Rivière Bridge, New London, Souris East and West, and Vancouver, including Burrard Inlet.

2. Nothing appears in your report as having been collected at the following ports, neither have any returns been furnished:—Port Arthur, Sarnia, Carleton, Chicoutimi, House Harbour, Oak Bay, Rimouski, Rivière Ouelle, Sorel, Cocagne, Grand Manan North, Great Shemogue, Ledge of St. Stephen's, Advocate, Big Harbour, Bras d'Or including New Campbelltown, Cheticamp, County Line to Grand Narrows, Crow Harbour, East Bay, Fourchie, Guysboro', House Harbour, North Bay of Ingonish, Isaac's Harbour, Lingan, Little Bras d'Or Lake, McNair's Cove, Maitland, Margaretsville, Merigonish, Mills Harbour, Musquodoboit, Neil's Harbour, New Haven, Northwest Cove, Coleman's Cove and Asptogan Harbour, Plaster Harbour, Port George, River John, Sambro, Sheet Harbour, Smith's Mountain, Tusket, Cardigan Bridge, Cardigan River from head of river to north bank Mitchell River, Cascumpec, Cove Head, Grand River, Hillsboro' River, Miminigash, Montague Bridge, Rustico, St. Peter's Bay, Tracadie, Tryon, Vernon River Bridge. For the year 1888 the receipts at Sorel were $39 over and above the allowance of $300.

3. No Departmental summary and certificates were furnished with these returns, though I asked that this should be done in my letter of May 9, 1889.

4. In the following instances the amount entered in your report differs from the amount as given by the Harbour Masters' statements:

Barrington, N.S.	You have	$ 24.50	instead of	$ 34.50
Cow Bay, "	"	144.50	"	145.50
Gaberouse "	"	nil	"	4.50
Little Narrows and Cranberry Pt.	"	200.00	"	2.00
Margaree, N.S.	"	3.00	"	2.00
St. Mary's River, N.S	"	10.00	"	10.50
St. Peter's, N.S	"	84.50	"	84.00
Shelburne, N.S.	"	141.50	"	139.50
Torbay and Whitehaven, N.S.	"	32.00	"	33.00
Yarmouth, N.S.	"	245.00	"	245.50
Victoria and Esquimalt, B.C.	"	297.50	"	297.00

5. Some of the statements are not sworn to, and some are not even signed. In my letter above referred to, I stated that it would be well to have the form of oath printed on the back or at the foot of each blank form of return.

6. I would also call your attention to Treasury Minute of May 23, 1890, which provides that the statement for the Audit Office should be a copy of the Collector's Cash book, and I would ask that in future the returns be sent in under the following headings: date of payment, name of payer, name of vessel, tonnage and amount of fee. The furnishing of returns in this form to this office need not interfere with the furnish-

ing for your Department of returns as now prepared if you deem it necessary to have them.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Feb. 23, 1891.

SIR,—Referring to your letter of December 29 last, in regard to Harbour Masters' returns for 1889, I have the honour to inform you that the returns, when received, were entered in the books of the Department; but that in moving the Department from the rooms formerly occupied to those now in use, some of the returns appear to have been mislaid. I am also to state that where harbours have been entered in the supplement to our Report as blank, no collections were made, and also that the differences in some instances between the Supplements and the returns are typographical errors, which do not however affect the revenue, as the amount in every case is under the remuneration allowed the Harbour Masters. I may add that the instructions contained in your letter will be carried out.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

MARINE DEPT., OTTAWA, June 4, 1891.

SIR,—Referring to your letter of May 23, respecting rules and regulations governing collection and accounting for revenue, I have the honour to inform you that the rule is strictly enforced, that collections over and above $25 are at once deposited to the credit of the Receiver General. I have further to state that the agents of this Department have been directed to deposit all moneys received in June as early as possible in July, in order to close accounts for the fiscal year 1890-91.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, July 17, 1891.

SIR,—Very many of the returns of receipts on account of Sick Mariners' fund made by collectors of Customs do not give all the information called for by the form, all of which is needed for auditing purposes. The number of the payment, whether 1st, 2nd or 3rd, should be entered in the proper column after each item, and if the payment is either 2nd or 3rd, the date of the last payment and port where paid should be entered in their respective columns.

I would suggest that the certificate of the Collector should be changed to the following :—" I hereby certify that fees on account of sick mariners' fund were collected from all vessels, entitled to pay, that entered the port of during the month of , and that the above is a true account of all such fees that were collected."

I have to ask that the counterfoils of the receipts issued by the Collectors should be furnished with each return, and that the returns should be examined and certified in the Department.

I observe that in some cases refunds have been made by collectors out of their receipts. This practice is irregular and should be discontinued. Sec. 27, chap. 29, R.S., provides that all collectors shall deposit the gross revenue of their offices; and Sec. 78 of the same Act provides that no refund shall be made unless recommended by the Treasury Board and sanctioned and ordered by the Governor in Council.

As the Department of Customs is interested in this class of revenue, I am sending a copy of this letter to the Deputy Minister of that Department.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, July 23, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of July 17, enclosing copy of a letter with reference to the returns made by Collectors of Customs, covering fees collected on account of Sick Mariners' Fund; and in reply I beg to inform you that I consider the suggestions made most satisfactory and should the Department of Customs see fit to carry them out, a much better audit of that revenue will be secured.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

MARINE DEPT., OTTAWA, Nov. 18, 1891.

SIR,—Referring tc your letter of Oct. 19, relative to arrears of revenue for last fiscal year, I have the honour to inform you that Captain Wm. Watt, late Wharfinger at Digby, N.S., has to account for $169.48 for which he took credit in error in his return for calendar year 1890, and that the matter is in course of settlement. I have further to inform you that Mr. W. H. Plummer, Wharfinger, Sault Ste Marie, expended wharfage collections without authority on repairs to wharf and having failed to remit amount of such collections as directed, matter has been referred to Department of Justice. As Mr. Plummer has sent no returns, the Department cannot at present give amount collected by him. I have further to state that this Department claims from the St. Lawrence Steam Navigation Company $1,160 wharfage dues, with interest to Nov. 1, 1889, $765.60, in all $1,925.60, but that the Company has a contra claim against the Department of $2,175, which would leave a balance in favour of the Company of $249.40 and that no settlement has yet been reached. The above are the arrears of revenue for the period you mention.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

MARINE DEPT., OTTAWA, Dec. 18, 1891.

SIR,—Referring to your letter of Oct. 19 last, requesting the usual statements showing in detail the arrears due Sept. 30, by Collectors or other Government Officers, and my reply of the 18th of November in regard to Captain William Watt, late Wharfinger at Digby, N.S., and stating that he had to account for $169.48 for which he took credit in error in his return for the calendar year 1890, I have the honour to inform you that Mr. Watt has paid to the credit of the Receiver General the sum of $107.40 on account of his indebtedness and promises to pay the balance shortly. The $107.40 will appear in the next return transmitted to you.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, March 16, 1891.

SIR,—I have received the revenue returns that reached your Department during the six months to Dec. 31 last. I am unable, however, to make any efficient audit of them until I receive the statements of licenses issued both by the Department and by your agent in British Columbia. In the meantime I have to call your attention to the following observations:—

Deposit of Collections:—Return of A. McQueen for October: Collections in July, $100; in August, $4; in September, $14; in October, $245; deposited Nov. 10. Return of W. Wakeham for October: Collections on the 5th, $40; on the 10th, $120; on the 30th, $34.40; deposited December 1. George Rawlings: Collections entered on November return, as received October 20. deposited December 4. Ed. Hacket, October return: Collections, $20; deposited December 11. F. G. H. Fraser: Collections in September, $337; in October, $155; deposited December 30. In this and other returns the day of the month on which the money was received is not entered.

Sales:—D. C. Stewart: lobsters, $160.68, vouchers for $5.28 and $24.30 only furnished. W. A. Garrison: lobsters, $29.58, no voucher. R. J. Devlin: trout fry, $33.75, no voucher. The return of R. A. Chapman to December 20 gives a statement of amounts received from agents and overseers for license fees collected by them. The date of the receipt by Mr. Chapman is not given and the agents' returns are not furnished. The statement amounts to $1,170.64, of which $426.13 was deposited on August 26, and $744.51 on December 20. If it is desirable that the returns and remittances of these agents should be furnished in the first place to Mr. Chapman, he should make a deposit immediately on receipt, and forward to the Department a monthly statement, and deposit receipts to cover. Agents who make deposits of their collections should enter on their returns a memo. of the deposits made, giving date, bank, number of receipt and the amount. Those who make remittances should enter the date of each remittance; and the date of receipt in Department should also be entered.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 12, 1891.

SIR,—Referring to the revenue accounts for 1890-91, I find that the returns of R. A. Chapman and J. H. Pratt are composed of the collections of sub-agents, and the returns of these sub-agents have not been furnished. These returns are needed in order that an audit of them may be made, and I have to ask that they may be forwarded regularly, commencing with the present fiscal year.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries. J. L. McDOUGALL, *A.G.*

FISHERIES DEPT., OTTAWA, Jan. 15, 1891.

SIR,—I beg to enclose a schedule of licenses issued to United States' fishing vessels under the Act entitled "An Act respecting fishing vessels of the United States of America" during the fiscal year ended June 30 last. Referring to your request to be furnished with a list of arrears due Sept. 30 last, I am to inform you that as fishery licenses are issued for the calendar year, there are therefore no arrears on that date.

I am, Sir, your obedient servant,

The Auditor General. S. P. BAUSET, *Actg. D. M. F.*

AUDIT OFFICE, OTTAWA, Sept. 25, 1891.

SIR,—I am in receipt from your Department of a statement of the collections on seed grain account during the fiscal year 1890-91. A deposit of $67 through the Finance Department, included in your revenue statement of March 9 last, is not included in these returns. I have to ask for the details of the payments which this deposit covers. Deductions amounting to $302.19 have been made from the total sum collected, for sundry outlay, including $190 for travelling expenses of Mr. Lynch, the accountant of your Department. Sec. 27, chap. 29, Revised Statutes, directs that the gross revenues of the several departments shall be deposited to the credit of the Receiver General. Consequently, any expenses in connection with the collection of balances due on this account should be a charge against expenditure. Mr. Lynch's travelling expenses should be charged to Civil Government Contingencies (see decision of Treasury Board in a case of the Department of Indian Affairs, quoted in my report of 1890, page A–8). The other outlay might be charged to unforeseen expenses by procuring the necessary Order in Council, if there is no other vote to which they could be charged legitimately. As these items affect last year's accounts, your early attention to this matter is requested.

I have also to point out that the regulation of the Treasury Board as to prompt deposit, has not been observed. (See my report 1890, page E–4.)

I have not yet received the statements referred to in your letter of 6th January last.

I am, Sir, your obedient servant,

The Deputy Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 23, 1890.

SIR,— * * * * * * *

Department of Agriculture cheque 366 is in favour of Mr. J. B. Lynch for $58.80, being balance of his travelling expenses to British Columbia in July last. I observe that the whole of the expenses of this trip has not been charged to contingencies. As the travel of all inside departmental officers on Government business should be charged to this vote, I have to request that the portion of Mr. Lynch's expenses which has been placed against another appropriation be transferred.

I am, Sir, your obedient servant,

The Accountant of Contingencies. J. L. McDOUGALL, *A.G.*

CENTRAL EXPERIMENTAL FARM, OTTAWA, Jan. 12, 1891.

DEAR MR. LOWE,—I beg to acknowledge your favour of Jan. 7, enclosing a letter from the Auditor General of Dec. 26, in which observations are made in reference to six different points bearing on returns made to the Receiver General, for sales of produce from the Experimental Farms, which I will endeavour to reply to in the order in which they are given.

1st. As the counterfoils referred to require my signature they were not sent in on account of my absence. I send them herewith as far as it has been possible to obtain them, and hope to be able to forward them regularly in future with the number of the receipts and will instruct the Supt. at Indian Head to do likewise.

2nd. The present practice is to make returns of produce sold at the Experimental Farms monthly, and this has been the practice at the Central Farm ever since its organization. I find that last year some of the Supts. of the branch farms did not understand this matter fully, and delayed their returns considerably; but I have explained it fully to them, and their returns are now also made monthly. I had supposed that this was quite satisfactory to the Auditor General. As it is necessary, when such deposits are made, for the Accountant or one of the Supts. to go with the money to the bank or nearest money order office, and this in most instances involves a journey of several miles, it would add materially to the labour connected with this account if the Supts. of the several farms have to leave their workmen and make special journeys several times a month in order to make this remittance as soon as the sum amounts to $25.00. If the Auditor General thinks it absolutely necessary that this particular rule be strictly enforced, I will endeavour to have it carried out, although it will necessarily entail additional expense in management which I desire to avoid.

3rd. It has been the custom ever since we had berries to dispose of on the Experimental Farm, to pay the berry pickers out of the proceeds from the berries sold before returning the receipts to the Receiver General. In many instances the pickers have been paid in berries instead of money, the berries beeing charged to them at wholesale rates. Until now no objection has been made to this practice, and I was not aware that it was contrary to the provisions of the Audit Act. Another year some arrangement can no doubt be made to dispose of the berries at a lower figure to some dealer who will find the pickers.

4th. Officers and employés of the several farms who have been furnished with any products of the Farms have been charged for these at such wholesale rates as could be realized for such products at the several farms from dealers. This principle has been acted on throughout, under instructions of the Minister of Agriculture. The price charged for milk was fixed by myself at the outset, at the same figure as that at which milk was sold by the Experimental Farm at Guelph to the Agricultural College, viz., 12 cts. per gallon. Subsequently, it was ascertained that higher figures could be had here, when the price was advanced to the highest wholesale winter rate, 20 cts. per gallon. This is still the winter rate and the rate charged during the summer is 16 cts. per gallon. Higher figures can be got by peddling the milk to retail purchasers in the city; but the expense attending this would far more than consume the difference in price gained. Most of the milk produced on the farm has been given as feed to the young stock, and the prices obtained for that portion which has been sold are higher than those realized by any farmer in the Province.

The management of the berry crop was in the hands of the horticulturist, Mr. John Craig, who has consulted with me regarding their disposal before selling any of the berries. It has been the practice to ask for offers from two or more of the leading fruit men of the city, the bulk of the product being sent to the highest bidder. Those sold for consumption at the farm have been charged at one cent per quart less than the wholesale price in town, for the reason that the baskets were returned and the labour and expense of crating and packing avoided. Some berries were sold at the farm at lower prices, but these were damaged berries and culls, which the dealers refused to purchase.

The price of eggs has been fixed from time to time, under my instructions, by the accountant, who was told to consult the market quotations and arrange the prices in accordance with wholesale figures given. I find the prices which have been charged are as follows :—August and September, 12½ cents ; October, 18 cents ; November, 20 cents ; December, 22 cents ; January, 25 cents and 20 cents ; February, 20 cents ; March, 15 cents ; April, 15 cents : May, 20, 15, and 14 cents, and June 14 cents. I think that those who are conversant with the egg market will regard these as fair wholesale rates.

6th. The house occupied by James Helem in October, 1889, was a frame building, which was on the Farm when purchased. This was vacated by Mr. Helem, and has since been pulled down, as it was not needed, and interfered with the carrying out of the general plan of the Farm. In Mr. Anderson's case, the rents received subsequently were applied to wages account. In future this rent will be added to the revenue account as desired.

Yours very truly,

The Deputy Minister of Agriculture. WM. SAUNDERS, *Director.*

AGRICULTURE DEPT., OTTAWA, Jan. 6, 1891.

SIR,—In your letter of Sept. 25 last, in relation to the expenses of collection connected with seed grain advances, you ask to be furnished with information respecting the difference between $31,765.16 and $18,132.71 deposited. In answer I enclose you herewith a statement giving the details of the disbursements.

I am, Sir, your obedient servant,

The Auditor General. J. LOWE, *D.M.A.*

(For statement *see* page E—114.)

AUDIT OFFICE, OTTAWA, Dec. 4, 1891.

SIR,—The sum of $2,911.32 has come to account during the year 1890–91 for sales of seed barley. During 1889–90, $13,054.24 came to account, and was treated as a refund of the expenditure. I have now to ask for a detailed statement of the sales made, specifying date, names, quantity, price and amount ; also for a memorandum showing the quantity purchased, quantity sold and the disposition made of the balance if any.

I am, Sir, your obedient servant,

The Deputy Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AGRICULTURE DEPT, OTTAWA, Dec. 21, 1891.

SIR,—I have to inform you, in reply to your letter of Dec. 12, referring to your letter of Oct. 19, that all arrears of collections in relation to this Department have been accounted for so far as known.

I am, Sir, your obedient servant,

The Auditor General. J. LOWE, *D.M.A.*

INTERIOR DEPT., OTTAWA, Jan. 15, 1891.

(Re seed grain.)

SIR,—Referring to your letter of Dec. 22, I have the honour to transmit to you, by separate enclosure, the following account books and statements which contain the information in connection with the amounts expended during 1886-87 and 1887-88 to make advances of seed grain to settlers in certain parts of the North-West Territories, asked for by your communication of Feb. 7, 1889:—Register of seed grain advances; Register of seed grain repayments made up to Nov. 7, 1889. Statement marked "1," in blue pencil, of seed grain repayments made up to Oct. 23, 1888; Statement, marked "2," in blue pencil, endorsed: "Statement of deposits made for credit of the Receiver General on account of seed grain repayments;" Copy of an abstract of Orders in in Council, &c., under which the seed grain advances were made.

The information respecting repayments of seed grain advanced received during the last fiscal year, asked for in the last paragraph of your communication of Dec. 22, will be found in the statements marked "3" and "4," in blue pencil, which accompany the books and documents already described. I beg to state in explanation of the delay that has occurred in furnishing you with the information asked for in your two communications referred to, that as the Commissioner of Dominion Lands at Winnipeg made the seed grain expenditure, the procuring of the required information entailed a great deal of correspondence with this officer, particularly in regard to several matters which appeared to me to require explaining before I finally submitted the accounts to you. Moreover, at the time the enclosures were received from the Commissioner, the Accountant of the Department was occupied in connection with the Departmental Estimates, and consequently obliged to defer, until a more favourable opportunity, the checking of these accounts which you will observe are somewhat complicated as well as numerous. They were rendered all the more complicated by the unfortunate mixing up of the seed grain repayments in connection with the Grasshopper Relief advances made by the Department of Agriculture with repayments of seed grain advances made at a later period by this Department. An adjustment, however, is now in progress, and will no doubt be completed very shortly. I may add that in the future you will be furnished monthly with statements showing repayments on account of seed grain advances. When you no longer require the books and statements which accompany this letter, please return them to this Department, as copies of them have not been prepared for record here.

I am, Sir, your obedient servant,

The Auditor General. A. M. BURGESS, *D.M.I.*

AUDIT OFFICE, OTTAWA, Jan. 26, 1891.

SIR,—I am in receipt of your letter of the 15th instant with certain statements in reference to the advances of seed grain to settlers in the North-West in 1886–87 and 1887–88. No summaries accompanied those statements, and I have now to ask for the following:—

(1.) A summary of the grain purchased, showing the classes of grain and the quantities.

(2.) A summary of grain distributed by districts, showing the classes of grain and quantities for each district, and giving an explanation of the differences if any, between the quantities purchased and the quantities distributed.

(3.) A summary of the grain returned or repaid to the 31st December, 1888, showing the districts, classes of grain and quantities.

(4.) A summary by districts of the cash payments received since the 31st December, 1888. A like summary should be entered on each monthly statements of receipts furnished.

(5.) The counterfoils of the receipts issued.

I have also to make the following observations arising out of such examination as I have been able to make of the statements furnished :—

In accounting for the grain, &c., received to the 31st December, 1888, credit was taken as follows :—

(1.) Battleford, 2,142,28 bush. oats delivered to N. W. M. P. ; 532.17 bush. potatoes delivered to N. W. M. P.

(2.) Prince Albert, 206 bush. wheat and 169 bush. barley delivered to N. W. M. P.; for destitute Indians, 758 bush. wheat ground into flour ; 2,208 bush. oats delivered to N. W. M. P. ; 2,220 bush. barley on hand ; 2,676 bush. oats on hand, with a memo. that Police agreed to take them.

(3.) Moose Jaw, 2,215 bush. oats delivered to N. W. M. P. ; 428 bush. wheat sent to Edmonton ; 300 bush. barley sent to Edmonton.

(4.) Maple Creek, 1,378 bush. oats delivered to N. W. M. P.

(5.) Moosomin, 1,500 bush. wheat shipped to Edmonton ; 281 bush. barley shipped to Edmonton ; 1,000 bush. oats shipped to Police at Regina.

(6.) Whitewood, 948 bush. oats shipped to Police at Regina ; 359 bush. of barley shipped to Police at Edmonton.

In November, 1889, $2,871.98 came to account in settlement of the following quantities :—Prince Albert, $2{,}262\frac{10}{34}$ bush. oats at 50 cts. $1,131.14 ; Maple Creek, 1,378 bush. of oats at 45 cts., $620.10 ; Battleford, $2{,}114.\frac{31}{34}$ bush. oats at 53 cts., $1,120.74 ; and in May, 1889, $285.60 in settlement ; Prince Albert, 1,904 bush. barley sold Hudson Bay Co.

Please inform me when the other quantities stated above were accounted for. If any of the statements furnished are required to prepare the summaries asked for, I shall return them.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A. G.*

MEMORANDUM.

Battleford,—$2142\frac{28}{34}$ bush. oats, delivered N. W. M. Police and paid for ; $532\frac{17}{34}$ bush. potatoes, of which 504 bush. were delivered Police, not yet paid.

Prince Albert,—206 bush. wheat distributed to destitute halfbreeds ; $169\frac{1}{3}$ bush. barley, distributed to destitute halfbreeds ; 758 bushels wheat ground into flour and greater part distributed to Indians, balance sold ; 2,208 bush. oats delivered N. W. M. Police and paid for ; 2,676 bush. oats, of which $1{,}974\frac{32}{34}$ were delivered, N. W. M. Police not yet paid for ; $701\frac{2}{30}$ stolen ; 2,220 bush. barley, of which 1,904 were sold Hudson Bay Co'y.

Moose Jaw,—2,215 bush. oats, delv'd N. W. M. Police and paid for ; 428 bush. wheat, sent to Edmonton for distribution to settlers ; 300 bush. barley sent to Edmonton for distribution to settlers.

Maple Creek, 1,378 bush. oats, delv.'d N. W. M. Police and paid for.

Moosimin, 1,500 bush. wheat sent to Edmonton for distribution to settlers ; 281 bush. barley sent to Edmonton for distribution to settlers ; 1,000 bush. oats delivered N. W. M. Police and paid for.

Whitewood, 948 bush. oats delivered N. W. M. Police and paid for ; 359 bush. barley sent to Edmonton for distribution to settlers.

The grain sent to Edmonton for distribution to settlers is accounted for in the statements of advances to be returned or paid for.

E. H. TAYLOR, *Acct.*

INTERIOR DEPT., OTTAWA, Feb. 5, 1891.

SIR,—I am directed to acknowledge the receipt of your letter of January 26, asking to be furnished with further information in reference to the advances of seed grain to settlers in the North-West Territories in 1886-87 and 1887-88, and I am to say that as the Commissioner of Dominion Lands made the expenditure in question, a copy of your

communication has been forwarded to him with a request to have the necessary statements prepared and sent here for transmission to you.

I am, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA, *Asst. Secy.*

AUDIT OFFICE, OTTAWA, Sept. 15, 1891.

SIR,—I wrote to you Jan. 26 last, asking for certain summaries in connection with the seed grain advances of 1886-87 and 1887-88; and information as to the disposal of certain quantities of grain received from the settlers. You replied on Feb. 5 that the Commissioner at Winnipeg had been directed to prepare the statements asked for, I have not since had any communication on the subject. $5,115.60 has come to account during the fiscal year 1890-91 in repayment of these advances. I may add that these advances are classed under the heading of "Territorial Accounts."

The seed grain advance of 1889-90, as directed by Parliament, is kept as a special open account and showed a debit of $30,833.50 on June 30, 1890. This amount has since been reduced by a refund of $46.66. The sum of $270 is the only amount credited as repayment during fiscal year 1890-91, and it is for grain furnished to the North-West Mounted Police in August and September, 1890.

I have to ask for copies of the regulations governing these advances, and a statement alphabetically arranged, of the settlers to whom the advances were made, specifying class of grain, quantities, price and amount. As receipts will now probably be coming in on both this and the previous advances account, care should be taken that on each deposit the account to which it should be credited is endorsed.

The provision of the Treasury Board Minute in reference to the daily deposit when the receipts amount to $25 should be observed. Has interest been added to the amounts due for advances?

The returns furnished to this office do not specify how much if any of the payments made are for interest. I should like to have that information on future statements.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A. G.*

INTERIOR DEPT., OTTAWA, Sept. 24, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of Sept. 15 regarding seed grain repayments; and to say that a copy of it has been transmittod to the Commissioner of Dominion Lands, who is in charge of this branch of the business of the Department.

I am, Sir, your obedient servant,

The Auditor General. FRANK S. CHECKLEY, *Actg. Asst. Secy.*

INTERIOR DEPT., OTTAWA, Sept. 24, 1891.

SIR,—Referring further to your letter of Jan. 26 last, asking for certain statements relating to seed grain repayments, I am directed to enclose herewith copies of letters received from the office of the Commissioner of Dominion Lands dated respectively April 14 and June 8 last, regarding the progress of the work of preparing the required statements. You will see that in the first-mentioned letter the Commissioner asks whether one of the statements may be omitted for the reasons which he gives. Please advise me on this point for his information.

I am, Sir, your obedient servant,

The Auditor General. FRANK S. CHECKLEY, *Act. Asst. Secy.*

DOMINION LANDS OFFICE, WINNIPEG, April 14, 1891.

SIR,—With reference to your letters of Feb. 5 and April 4, concerning further statements required by the Auditor General in connection with the seed grain advances of 1886 and 1887, I am directed to inform you that the statements are in course of preparation, but the work required is of considerable magnitude and will involve much expenditure of time in searches among old records.

If it is required that the work should be speedily completed, it would be advisable that the employment of extra clerical assistance for that purpose should be authorized, as the pressure of work upon the staff of this office at present permits very little time to be given to this work.

Please advise the Commissioner whether it is desired that such assistance should be procured.

I am to enquire whether it is absolutely necessary that the summary of repayments under the head of districts required in clause 4 of the Auditor General's letter should be prepared, this will involve considerable work and I may suggest that, as in the schedules of repayments since Dec. 31, 1888, the nature of the security is stated, the obligation on account of which payment is made can be readily traced.

With reference to clause 5 of the Auditor General's letter, I may say that no counterfoils were kept of the forms of receipt given by the agents who were authorized to receive repayment in grain during the year 1888, and since repayment was made direct to this office no receipts have been given.

If the payment sufficed to discharge the settlers' indebtedness, the lien or bond is cancelled and returned to him by letter; if the payment is only a partial one, it is acknowledged by letter and the amount paid noted on the security.

The statements of repayments will in future be made in duplicate, as desired.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. T. R. BURPÉ, *Secy.*

DOMINION LANDS OFFICE, WINNIPEG, June 8, 1891.

SIR,—With reference to my letter of April 14, concerning the statements required by the Auditor General regarding the distribution and repayment of seed grain advances in 1886 and 1887, I am directed to inform you that the schedule of quantities distributed will be completed so soon as some information required from the agent at Battleford has been received. This schedule will then be forwarded, together with the book which contains details of all repayments made both before and after Dec. 31, 1888.

It will be some little time before it is possible to forward the statement of grain purchased and other abstracts required to be prepared by the accountant of this office in this connection and I am to enquire whether it is desired that extra clerical assistance be employed in order that these remaining statements may be prepared without delay.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. T. R. BURPÉ, *Secy.*

DOMINION LANDS OFFICE, WINNIPEG, Sept. 24, 1891.

SIR,—With reference to your letter of Feb. 5, enclosing copy of the Auditor General's letter of Jan. 26, I am directed to inform you that two books have been sent to you under separate cover, one containing a schedule of the various seed grain advances of 1886, 1887 and 1888, and the other of the repayments which have been received.

In the former book will be found schedules of the sums paid for grain in 1886 and 1887, and the quantities distributed to settlers, and in the latter statements of the sales of grain and of the method by which grain not disposed of for cash is accounted for.

Copies are also enclosed of the Commissioner's report of Sept. 2, 1886, and Dec. 12, 1887, to the Department on the distribution of grain in 1886 and 1887.

I am, Sir, your obedient servant,

The Secretary, Interior Dept. R. A. RUTTAN, *Asst. Secy.*

DOMINION LANDS OFFICE, WINNIPEG, Oct. 9, 1891.

SIR,—I have the honour to acknowledge the receipt of a copy of your letter of Sept. 24, addressed to the Auditor General with reference to his communication of Oct. 15, and to say that in my letter of Sept. 24, you were advised of the transmission of two books and copies of two reports which contained the information required by the Auditor concerning the seed grain advances made in the years 1886, 1887 and 1888.

Owing to the fact that the staff of this office has been reduced during the holiday season and very busy it was impossible to complete these statements at an earlier date.

The statements of repayments of advances of 1886, 1887 and 1888 have in the past included the repayments of the advances of 1890, but it is now learned for the first time that these repayments should have been kept separate, and that the amounts collected for interest should be shown separately from the principal of the advance.

This will be done in the future, and a statement is now preparing showing the repayments of the 1890 advances separate from those of the previous advances ; it is presumed from the Auditor's letter that it will not be necessary to ascertain the respective proportions of interest and principal so far as concerns the advances already repaid, as this would involve a very large amount of work in referring to the fyle on each piece of land upon which the seed grain encumbrance has been paid.

The alphabetical list of the advances made in 1890 is in course of preparation for the Auditor General, and will be forwarded in a short time.

As regards his request for a copy of the regulations which govern these advances, as payments for the cost of the grain were not made through this office, no copy of the Order in Council authorizing the advances was sent here.

The advances were made on condition that grain of a quality equal to that which was supplied should be repaid before April 1 last, and this time was extended by the Minister to May 22 last, for the settlers in the Yorkton and Saltcoats districts.

In lieu of incurring the expense of appointing agents to receive the grain, the Department allowed a rebate of $2\frac{1}{2}$ cents per bushel to these settlers who made repayment at the current price before the date above-mentioned, and since then the cost price of the grain has been charged, being 85 cents for wheat and 45 cents for oats, with interest at 6 per cent from April 1 last.

I am, Sir, your obedient servant,

The Secretary, Interior Dept. R. A. RUTTAN, *Asst. Secy.*

AUDIT OFFICE, OTTAWA, Nov. 23, 1891.

SIR,—I am in receipt of your letter of Oct. 21, accompanied by two account books, and copies of certain communications from the Commissioner at Winnipeg.

The total expenditure for seed grain to June 30 last was $181,853.10, and the total deposits in repayment to the same date was $45,804.45. The statements furnished show the following quantities in bushels of grain were distributed : In 1886, 4,534 wheat, 4,850 oats, 2,992 barley ; and in 1887, 44,670 wheat, 61,738 oats and 12,888 barley. The quantities purchased in 1889 were 24,861 wheat, 13,701 oats and 64 barley, but no statement of the distribution has yet reached this office. A statement is furnished showing the districts and quantities making up the distributions in 1886 and 1887.

The repayments up to Dec. 31, 1888, are shown in the same manner, and I asked in my letter of Jan. 31 last that subsequent repayments should be so classified. It is stated in the letter of the Commissioner of Apr. 14, received here with your letter of Sept. 24, that this would involve considerable work. The object in asking for this statement was to show the issues and repayments by districts, in order to indicate the balance due. In the meantime please furnish a statement by districts of the sums yet due.

I may add that I have no means of making any efficient audit of this revenue. I asked for the counterfoils of the receipts issued, and the reply of the Commissioner was that no counterfoils were kept of receipts given by the agents, and that no receipts are issued for payment at head office, the practice being, if the payment was in full, to cancel and return the lien or bond ; if only partial payment, to endorse the amount on the

security and acknowledge receipt by letter. Would it not be advisable that books of receipt-forms with printed consecutive numbers should be brought into use for all further receipts?

The receipts, that have come to account since June 30 last, amount to $1,121.50, all of which has been returned on account of territorial account. As I stated in a previous letter, any repayments of advances made in 1889 should be dealt with apart from the other repayments, as that advance has been treated as a special open account by direction of Parliament. I have only received one statement of these receipts, covering $127.35, the first deposit.

I am, Sir, your obedient servant,

The Acting Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, Nov. 27, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of Nov. 23, with reference to seed grain advances. I would call your attention to the fact that the staff, both at headquarters and at the Commissioner's office, is organized with the view of conducting merely ordinary departmental business. The distribution of the seed grain and the collection of the repayments have already rendered necessary, on the part of the officers, who are fully employed in the performance of their regular duty, a large amount of extra work; and unless there is some very distinct advantage to be gained by making the classification which you desire, I would ask you to consider whether it cannot be dispensed with.

In regard to your suggestion about receipts for repayments, it would no doubt have been desirable had the system of using numbered receipts been adopted from the beginning, and I have asked the Commissioner to report whether it would not be well even now to act upon your suggestion.

I am, Sir, your obedient servant,

The Auditor General. A. M. BURGESS, *D.M.I.*

INTERIOR DEPT., OTTAWA, Dec. 11, 1891.

SIR,—I am directed to transmit to you herewith a copy of a statement, alphabetically arranged, of the settlers to whom seed grain advances were made during the spring of 1890, which statement you asked for in your letter of Sept. 15 last. A copy of a statement showing the repayments which have been received on account of these advances is also enclosed. Hitherto these repayments were included with the repayments of advances made in 1887, in the deposits to the credit of the Receiver General.

I am also directed, at the same time, to say that the Commissioner of Dominion Lands has advised this Department that there is no objection to using numbered seed grain receipts hereafter, and that therefore such receipts will be printed at once.

In regard to your request for copies of the regulations governing seed grain advances, I am to say that a copy of an abstract of Orders in Council, &c., under which such advances have been made, was sent to you with the Deputy Minister's letter of Jan. 15 last.

I am, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA, *Asst. Sec.*

DOMINION LANDS OFFICE, WINNIPEG, Dec. 5, 1891.

DEAR MR. BURGESS,—With reference to your letter of Nov. 27, enclosing copy of a letter from the Auditor General on the subject of seed grain advances: I telegraphed you last evening that I have no objection to use numbered receipts for repayments, if the Auditor desires.

When agents were appointed at the various distributing points to receive the grain returned during the winter of 1887-88, the receipts which were furnished to them were not numbered. These agents ceased to receive grain on the 1st April, 1888, and repayments in cash have since been made direct to this office. In such cases the settler ordinarily pays in full and the return of his bond or lien is his receipt for the payment of his indebtedness.

With reference to the remark of the Auditor General that he is unable to make any efficient audit of this revenue, I may point ont that I have furnished schedules giving particulars of each security held by the Department for the advances made in 1886, 1887 and 1888. The totals of these securities, with the surplus grain sold and deposited to credit of Receiver General, are shown to equal the total grain purchased.

He has also been furnished with statements of all repayments received, containing particulars of each security, whether paid in full or in part; credit is given for such payments on the original security and the securities still on hand represent the balance of indebtedness to the Government.

If the Auditor desires, I can, at a time when repayments are not numerous, send by express all the securities which are still on hand to be examined and checked over, or he can arrange with some independent official here, say the Assistant Receiver General, to examine and certify to the securities on hand; but if the latter course is desired I should like the action to be taken at once before Mr. Taylor takes the leave of absence which he hopes to obtain, and if further information is required by the Auditor, I hope, for the same reason, that it will be asked for now.

In the fourth paragraph of the Auditor's letter he refers to the advances made in 1889, by which I presume he means the advances which were made by your Department through Mr. Angus McKay in the spring of 1890, and concerning which I was only required to take custody of the securities, a schedule of these securities was sent for his information in my letter to your Department of 24th October last, No. 207207, which also enclosed a statement of the repayments of the 1890 advances, which had been included with those of 1886, 1887 and 1888.

The statement of sums not yet paid, by districts, is now preparing for the Auditor and will be sent in a week or two.

Yours truly,

A. M. BURGESS, Esq., Interior Dept. H. H. SMITH.

INTERIOR DEPT., OTTAWA, Dec. 23, 1891.

SIR,—In relation to the matter of seed grain about which we have had some correspondence, I have asked Mr. Taylor, the Accountant in the office of the Commissioner of Dominion Lands, to come to Ottawa for the purpose of discussing this whole subject, and arriving at some settlement which will be satisfactory to you.

I am, Sir, your obedient servant,

The Auditor General. A. M. BURGESS.

INTERIOR DEPT., OTTAWA, Jan. 31, 1891.

SIR,—Referring to your letter of Dec. 22, drawing attention to the fact that the Registrars of the Land Titles Offices in the Territories still continue the practice of depositing, in one amount at the end of each month, the fees received by them as Registrars, instead of daily whenever $25 or more is on hand, and also drawing attention to the fact that Mr. T. A. McLean, Registrar at Calgary, was also again in arrears, as he had not up to the date of your letter deposited the amounts received by him during November and December last, I have now the honour to state that the Inspector of Land Titles Offices has lately forwarded deposit receipts for the following amounts:—For November, 1890, $318.22; December, $379.20; January, 1891, to the 23rd day thereof, $200.

I have also to state that the attention of the Registrars has again been drawn to the provisions of an Order in Council which was passed on the 1st October last, of which a copy is enclosed herewith for your information. Every effort will be made by this Department to have these provisions strictly carried out. As a matter of fact the Registrars at Calgary and Regina are the only Registrars who have left themselves open to censure for non-compliance with the terms of the Order in question.

The amount of the fees received by the Registrar at Battleford or the Registrar at Edmonton has not as yet more than averaged $25 per month, and as there is yet no chartered bank at Prince Albert, it is of course impossible for the Registrar there to deposit his fees in the manner provided for by the Order in Council of the 1st October last. On the 28th of that month the Inspector, who was then at Prince Albert, explained this in a letter to me, and on the 20th November following, shortly after the receipt of such letter, I brought the matter to the attention of the Deputy Minister of Finance. A copy of my letter to Mr. Courtney is enclosed herewith for your information.

In conclusion I may state that the Registrars at Regina and Calgary have been given to understand that if the provisions referred to are not strictly complied with in future extreme measures will be taken.

I am, Sir, your obedient servant,

The Auditor General. A. M. BURGESS, *D.M.I.*

INTERIOR DEPT., OTTAWA, March 3, 1891.

SIR,—With reference to the matter of the depositing of fees by the Registrar for the South Alberta Registration District, I beg to enclose for your perusal a copy of a letter which has been received from the Registrar, giving his explanation of the delay in depositing.

I am, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA, *Asst. Secy.*

CALGARY, N.W.T., Feb. 18, 1891.

SIR,—I have received a letter, reference No. 256820, asking an explanation as to payment of fees under the late Order in Council by which I am directed to deposit to credit of Receiver General as soon as fees entered amount to twenty-five dollars or upwards on the particular day of such receipt. In answer to the direction to state if there is anything to prevent such payment, my reply is, I know of none. I at first imagined it would fulfil all the necessary requirements were I to keep a sufficient balance at my own banker's (The Imperial); this I was informed by the Department was not sufficient. I have since been depositing with the Bank of Montreal, though not, it appears, as closely to dates as directed by Order in Council. At this moment all fees are paid up, and after this date so long as I hold the position of Registrar, I shall see that as closely as possible the Order in Council shall be obeyed. Though I beg leave most respectfully to state that I considered and now consider the Order itself as a positive insult offered to me for a state of affairs brought about in some degree by my remissness, but certainly the result of the remissness of the Department in this, that in the face of my continued request for more assistance in the office (we are doing the largest business of any office in the Territories, and did we do the duty as it is done in Regina, our returns yearly would be at least a fifth larger) no such assistance was given me. This led to such a rush of work that I ran one month into another and so the returns were not made with proper regularity. I feel the Order to be an offensive one to me personally, but I am, of course, prepared to carry it out.

I am, Sir, your obedient servant,

The Auditor General. T. A. McLEAN, *Regr.*

AUDIT OFFICE, May 14, 1891.

SIR,—The Registrar's return of South Alberta for the month of February last, calls for $479.65; it should have been $480.65. The deposits in acquittance only amount to $478.65, as follows:—

Feb.	6	part No. of	140	$ 50 00
do	12	No.	151	50 00
do	18	No.	159	100 00
do	20	No.	161	75 00
do	24	No.	165	50 00
do	27	No.	172	57 37
Mar.	9	No.	185	96 28
				$478 65

The same Registrar's return for March calls for $942.42. The deposits in acquittance only amount to $938.42, as follows:—

Mar.	9	No.	186	$ 28 72
do	13	No.	192	62 35
do	17	No.	200	55 00
do	20	No.	204	50 00
do	23	No.	207	513 75
do	24	No.	208	28 00
do	26	No.	215	30 90
do	31	No.	221	50 25
Apr.	1	No.	224	54 60
do	3	No.	229	64 85
				$ 938 42

The Registrar's return of North Alberta for the month of March calls for $55.07. A deposit has come to account dated March 31, for $36.70, and another dated April 14, for $37.62, but it is not stated that a part of this $37.62 is in acquittance of the balance due on the March return.

It might prevent discrepancies of the above kind if Registrars were instructed to enter on their returns a memo. of the deposits made in acquittance.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, May 20, 1891.

SIR,—Referring to the first paragraph of your letter of the 14th instant, I am directed to say that Mr. Barker, the acting Registrar for South Alberta, has been requested to make a special deposit of 10 cents to balance the fees received during the month of February. In regard to the fees received at the same office during March, Mr. Barker has also been informed that although the return for that month calls for $942.42 only $938.42 has been deposited in acquittance, leaving a balance of $4, which has been deducted from the first deposit made on account of fees received during April. I am also directed to say that Mr. Roy, the Registrar for North Alberta, has been requested to furnish the explanation required by you respecting the balance due on his March return.

I am, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA, *Asst. Sec'y.*

AUDIT OFFICE, OTTAWA, Aug. 7, 1891.

SIR,—The return of the Registrar for Assiniboia for June amounted to $430.07. On the 27th June $338.13 was deposited, leaving a balance of $91.94, which should have been deposited first days of July. The next deposit that has come to account from this Registrar is one for $317.83, dated 18th July. If part of this is in acquittance of June return it should be transferred to 1890–91. I have to point out that this registrar is not observing the rule as to prompt deposit of receipts.

The return of the Registrar for West Saskatchewan for June amounted to $6.80, the deposit in acquittance has been carried to current fiscal year. It should also be transferred to 1890–91.

There seems to be something amiss with the returns of the registrar for South Alberta, the receipts being seemingly some $6 or $7 more than called for by the returns. Would it not be well that each return should contain a memo. of the deposits made in acquittance, as is done by Land and Timber Agents?

I am, Sir, your obedient servant,

The Acting Deputy Minister of Interior. J. A. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, Sept. 11, 1891.

SIR,—I am directed to inform you that the necessary instructions will at once be given to the Inspector of North-West Land Titles Offices, and to each of the registrars to carry out the suggestion made in the closing paragraph of your letter of the 7th ultimo, by inserting in the remarks column of the statement, or in a sheet to be attached to it, the date, bank number and amount of each and every deposit made in acquittance of that month's fees. I am also to state that the other matters referred to in the above mentioned communication will receive immediate attention.

I am, Sir, your obedient servant,

The Auditor General. FRANK S. CHECKLEY, *Act. Asst. Secy.*

AUDIT OFFICE, OTTAWA, April 6, 1891.

SIR,—I have to acknowledge the receipt of your letter of the 10th ult., enclosing an extract from a letter of the Commissioner of Dominion Lands at Winnipeg, in regard to the trust account, and referring to an intention of your Department to issue a letter of credit to enable refunds to be made. In previous correspondence on this subject (see my letters of Feb. 21, 1889, and Jan. 16, 1890), I suggested the propriety of having the moneys of this fund deposited as received to the credit of the Receiver General, and if necessary carried to the credit of a special account; and that being done, refunds could be made by the Commissioner drawing on his ordinary credit. After the close of each month, when making up his statement of cheques drawn, he could specify those drawn on trust account, and they would be charged against the account previously credited. I am still of opinion that it is not necessary to issue any further letters of credit. In reference to this subject, I may state that interest is allowed on the balances of this fund in the Merchants' Bank, Winnipeg, but none is allowed for the balances in the Bank of British Columbia. Statements of the accounts are received from this bank, but the cheques are not furnished, nor any statements from the Departmental agent who operates the account.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, Jan. 14, 1892.

DEAR MR. SMITH,— * * * * * *

You will require in future to authorize the agents to make drafts upon you as at present, but instead of paying these drafts by acceptances upon their respective offices, you will have to issue a cheque drawn against your ordinary letter of credit in payment of the amount. I understand that it has been customary in the past, when

the depositor of a bond fee so desires, to use $10 of the amount to pay the further entry fee, and the agent refunds the balance in cash out of his revenue. After discussion with the Auditor, I have concluded that this may be continued, but when it is resorted to, please see that the draft of the agent is covered by a cheque for deposit to the credit of the Receiver General on that particular agent's account. Where the draft has been discounted by a bank or a merchant at the place where drawn, the depositor should endorse this draft: "Pay to the order of "; and upon receipt of this order you should cover it by a cheque drawn against your ordinary letter of credit, payable to the order of whoever is mentioned on the back of the draft. This change will not interfere with the prompt refund of moneys properly returnable to depositors.

All moneys received by agents must be deposited to the credit of the Receiver General in accordance with the rule of the Treasury Board, and the Trust Account is entirely abolished. No money can be refunded except by official cheques drawn against your letters of credit, and signed by yourself, or whoever may be acting for you, and the accountant of your office.

* * * * * *

It is the desire of the Auditor and myself that all refund cheques, except for the return of bond fees, should emanate from this office. Please transfer the balance of the trust account in the Merchants' Bank to the credit of the Receiver General immediately, and send me a statement in duplicate of all items covered by this special deposit. One copy of this statement will be furnished to the Auditor General. In future, in making returns of your financial transactions, please specify in the usual way the amounts which have been paid out on account of these refunds.

Yours faithfully,

The Commissioner of Dom. Lands, Winnipeg. A. M. BURGESS.

AUDIT OFFICE, OTTAWA, May 23, 1891.

SIR,—It is provided in the rules and regulations governing the collection and accounting for the revenue, that a daily deposit must be made if the collections amount to $25, otherwise whenever that amount is on hand. It is important that this rule should be strictly enforced. If it be, the receipts in acquittance of the June returns should be to hand early in July, and should be credited to the fiscal year 1890-91. If this arrangement were carried out the sum of the Agents' collections from the 1st July in one year to the 30th June of the next would appear as the revenue of the year. It would also greatly facilitate the auditing and publishing of these accounts. I have to ask your attention to this matter.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, Dec. 19, 1891.

SIR,—Referring to your letter of October 19 last, asking for the usual statement showing arrears due June 30 last, remaining unpaid Sept. 30 by officers of this Department, I beg to inform you that, except in the case of the late Crown Timber Agent at Calgary, whose accounts were found to be short to the extent of $5,995.23, and who was subsequently convicted of embezzlement in connection with the said shortage, there were no arrears due by officers of this Department on June 30 last, remaining unpaid on Sept. 30 last.

I am, Sir, your obedient servant,

The Auditor General. JOHN R. HALL, *Secy.*

AUDIT OFFICE, OTTAWA, Dec. 19, 1891.

SIR,—I have to ask for a statement showing the arrears, principal and interest due on June 30 last, on account of Ordnance Lands, which were uncollected on Sept. 30.

I am, Sir, your obedient servant,

The Acting Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Jan. 7, 1891.

SIR,—I have to call your attention to the following observations in connection with the sales of condemned stores, &c., returns of which have lately reached this office :

(1.) Advertising sales : Vouchers have not been furnished for disbursements under this head for the sale at Quebec of two horses, $8.50, and of condemned stores, $15.75 ; for the sale at Toronto, $6, and for the sale at St. John, $4.

(2.) The Auctioneers' statements of the sales at Toronto, St. John and Winnipeg have not been certified by the officer of the Department in charge, and I have to ask that their certificates shall yet be procured. The very small prices realized at these sales, possibly arising from the condition of the articles sold, makes it all the more necessary that the auctioneers' statements should be certified by a responsible officer of the Department.

(3.) A commission at the rate of 10 per cent was charged by the auctioneer at Winnipeg on a sale amounting to $674.08, though 5 per cent is the charge made by the other auctioneers on much smaller and consequently less remunerative sales.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, Feb. 18, 1891.

SIR,—A bank receipt for $63.85 deposited by Lt.-Col. Dawson in settlement of balance of proceeds of condemned stores at London, has to-day come to account. I have also received the auctioneer's statement of the sale. I have now to make the following observations thereon :—

(1.) The date of the sale was Nov. 16, 1890 ; the deposit was not made till Jan. 24, 1891.

(2.) Deductions have been made for account of the "Free Press," $4.50, and the "Advertiser," $3 ; but the receipted accounts and clippings have not been furnished.

(3.) The gross proceeds of the sale were $91.35, and the auctioneer charges for his services at sale and two journeys to Department previous to and in interest of same, $20. Auctioneers at other places only charge a commission of 5 per cent.

(4.) The prices realized are very trifling, red tunics selling from 10 to 20 cents each and ovhrcoats from 20 to 30 cents each.

(5.) I am returning the auctioneer's statement in order that the militia officer in charge of the sale may certify to it. The certificate should state that the clothing, &c., has been examined and condemned by a Board of Examiners ; that the sale was duly advertised and was held in a public place ; that the charges for advertising and auctioneer's fees are fair and just ; and that the above statement is correct in every particular. It should also be examined and audited in the Department and certified by yourself and the Accountant.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A. G.*

MILITIA DEPT., OTTAWA, March 24, 1891.

SIR,—In reply to your letter of the 18th ultimo, respecting the returns of militia revenue, I have the honour to state that the returns of sales of ammunition, &c., are now being sent forward ; and that, as requested in your first paragraph, I have given instructions for their being in future sent monthly. The second clause of your letter has been submitted to the Minister of Militia and Defence.

I am, Sir, your obedient servant,

The Auditor General. C. EUG. PANET, *D. M. M. D.*

AUDIT OFFICE, OTTAWA, Jan. 5, 1891.

SIR,—In November, 1889, a statement was furnished to this office of the account of the late Lt.-Col. C. deBellefeuille, Paymaster at Montreal, in connection with the conversion of smooth-bore guns into rifled ordnance. That statement showed a debit balance against the late paymaster of $1,262.05, and a foot note stated that the Department of Justice had been instructed to collect the amount from his sureties. Please let me know what action was taken by the Department of Justice, and with what result.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

MILITIA DEPT., OTTAWA, Jan. 15, 1891.

SIR,—In reply to your enquiry of the 5th instant, I have the honour to state that proceedings have been taken by the Department of Justice against the sureties of the late Paymaster DeBellefeuille, and as they are now pending before the court I cannot yet mention the result; but I will write to you as soon as I receive the information.

I am, Sir, your obedient servant,

The Auditor General. C. EUG. PANET, *D.M.M.D.*

AUDIT OFFICE, OTTAWA, Sept. 24, 1891.

SIR,—*Re* Estate Beaudet & Chinic, I have to call your attention to the balance still standing against this estate. The only payment that came to account during 1890-91 was one in January last of $57.47 from D. Rattray, curator of the estate. In your letter of Sept. 15, 1888, you stated that Major Prévost and two sureties gave a bond guaranteeing the Government against any loss. I have to ask what action has been taken to procure payment of the balance due.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

MILITIA DEPT., OTTAWA, Nov. 26, 1891.

SIR,—Adverting to your letter of Sept. 24 last, asking what action had been taken to procure the balance due, in the matter of the Beaudet & Chinic estate, I have the honour to state that I applied to the Department of Justice for the information desired by you, and that the Deputy Minister of Justice has since suggested to me that the local officer of this Department should make enquiry, in order to save expense. The report obtained through the Superintendent of Stores has just reached me to the following effect:—The final dividend in the estate of Beaudet & Chinic will be declared in a few days, and will be somewhere in the neighbourhood of one cent in the dollar.

I am, Sir, yonr obedient servant,

The Auditor General. C. EUG. PANET, *D.M.M.D.*

AUDIT OFFICE, OTTAWA, Nov. 30, 1891.

SIR,—*Re estate Beaudet & Chinic*—Your letter of the 26th instant states that a final dividend of one cent on the dollar is expected from this estate in a few days. According to the statement of arrears due, furnished by you on the 11th instant, there was a balance due of $457.86, which will be slightly reduced by this dividend. You do not state that steps will be taken to secure payment of the remaining balance which according to your letter of the 15th September, 1888, was guaranteed by the bond of Major Prévost and two sureties.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

MILITIA DEPT., OTTAWA, Nov. 11, 1891.

SIR,—As requested in your letter of the 19th ultimo, I have the honour to transmit to you the statement of the Accountant of this Department, which shows in detail the arrears due on the 30th September :—

1. By collectors or other Government officers.
2. By persons not collectors or Government officers.

I am, Sir, your obedient servant,

The Auditor General. C. EUG. PANET, *D.M.M.D.*

Statement of arrears due the Dominion Government and remaining unpaid on September 30. 1891, viz. :—

Balance by the late Col. C. de Bellefeuille, Militia District Paymaster, Montreal, $1,262.05.

Balance, indebtedness of the insolvent estate, Beaudet & Chinic, Quebec, to the Crown, $457.86.

Statements of amounts due for military rents or for military stores purchased, can be furnished by the Director of Stores.

Nov. 11, 1891. C. HERBERT O'MEARA, *Acct.*

Arrears of Rent due to the Department of Militia and Defence, June 30, 1891, and unpaid September 30, 1891.

AUDIT OFFICE, OTTAWA, April 3, 1891.

SIR,—In revenue statement of the Manitoba Penitentiary for December, the last receipt entered is No. 876, and the first receipt entered in the statement for January is No. 880. The last receipt entered in the statement for January is No. 905 and the first receipt in the statement for February is No. 910. The last receipt entered in the statement for February is No. 938 but No. 933 is omitted. I have to ask that the missing receipts may be accounted for.

I am, Sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

PENITENTIARY BRANCH, OTTAWA, Feb. 6, 1892.

SIR,—Replying to your letter of the 3rd April last, asking that certain receipts for moneys collected on account of revenue at the Manitoba Penitentiary, during the month of December, 1890, and January and February, 1891, be accounted for, I have the honour to state, that the Warden of the Penitentiary informs me that the receipts referred to were destroyed to such an extent, when cutting them from the receipt book, that they could not be made use of.

I am, Sir, your obedient servant,

The Auditor General. ROBT. SEDGEWICK, *D. M. J.*

AUDIT OFFICE, OTTAWA, June 5, 1891.

SIR,—I have to acknowledge the receipt of your letters of the 3rd inst. enclosing returns of penitentiary revenue for the months of March and April last. In the return of the Dorchester Penitentiary for the month of April an item of $778.09 appears as received on the 10th, but no deposit was made till the 2nd May. The return of the Manitoba Penitentiary for the month of March amounted to $426.95, but was not deposited till the 10th April; and the return for the month of April amounted to $267.73, but was not deposited till 6th May. The counterfoils of the receipts issued are all dated the last day of the month. If the returns are examined and audited in your Department they are not certified by the Accountant and Examining Officer.

No certified departmental summary is furnished with the returns.

In regard to the above observations, I have to call your attention to the regulations, approved by the Treasury Board, which are published in the Audit Report for 1890, page E–4.

I am, Sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, Dec. 21, 1891.

SIR,—In reply to your circular letter of the 19th October last, I am to inform you that there are no arrears in the Revenue Accounts of this Department.

I am, Sir, your obedient servant,

The Auditor General. A. POWER, *for D. M. J.*

Halifax, 33; St. John, N.B., 15; Charlottetown, 5; Quebec, 25; Montreal, 122; Ottawa, 185; Kingston, 19; Toronto, 152; Hamilton, 54; London, 44; Winnipeg, 15; Victoria, 17; Regina, 5	691	
3 Optionals	3	
Total, 694 at $2 each		$1,388 00
May, 1891, Promotion—		
Halifax, 8; Charlottetown, 2; St. John, N.B., 14; Montreal, 28; Ottawa, 59; Kingston, 4; Toronto, 32; Winnipeg, 10,—total, 157 at $2 each		314 00
May, 1891, Excise Promotion Examinations		84 00
		$1,786 00

Dept. of State, Ottawa, Feb. 10, 1892.

Sir,—With reference to your request for a statement of arrears due this Department, I have the honour to inform you that such arrears consist wholly of unpaid fees (1) upon commissions to public officers and others, which, with three or four exceptions, have not yet been delivered to the appointees, and (2) upon similar commissions the right to charge a fee for which is in question. The aggregate amount is inconsiderable, and the publication of any detailed statement thereof would appear to be unnecessary.

I am, Sir, your obedient servant,

L. A. CATELLIER, *U. S. S.*

The Auditor General.

(a) Claims never received ; (b) Dead.

AUDIT OFFICE, OTTAWA, March 2, 1891.

SIR,—I have received from your Department a statement of the sale of a horse, buggy, sleigh, &c. It is not stated whether these articles were sold by public auction, by tender, or by private sale. Twenty-five dollars is deducted for board of horse, but no voucher is furnished, nor is it stated why there should be any charge for board.

I am, Sir, your obedient servant,

The Queen's Printer. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 4, 1891.

SIR,—Referring to the return of receipts on account of "Canada Gazette" for the month of May, just received from your Department, I find the total collections of the month amounted to $283.50, the deposit of which was made in one sum on the 30th May, part of receipt No. 441, Bank of Montreal. I have to call your attention to paragraph 5 of the Rules and Regulations, which provides that a deposit shall be made to the credit of the Receiver General daily, if the receipts amount to $25, otherwise whenever that sum or more is on hand.

I am, Sir, your obedient servant,

The Queen's Printer. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, July 8, 1891.

SIR,—I have to call your attention to an item of $3.56 in the June statement of receipts on account of the sale of publications, which has not been deposited. The entry on the statement is as follows: "amount collected by Stationery Office, and not remitted to Accountant."

I am, Sir, your obedient servant,

The Queen's Printer. J. L. McDOUGALL, *A.G.*

DEPT. OF PRINTING AND STATIONERY, OTTAWA, July 22, 1891.

SIR,—In reply to your letter of the 8th instant I beg to enclose herewith the report of the Superintendent of Stationery and that of Mr. Larochelle who has charge of the distribution of Hansard speeches, &c.

Mr. Villeneuve is no longer in the service.

I am, Sir, your obedient servant,

The Auditor General. B. CHAMBERLIN, *Q. P.*

DEPT. OF PRINTING AND STATIONERY, OTTAWA, July 18, 1891.

SIR,—With regard to the Auditor General's letter to you of 8th instant, I enclose you herewith the explanation respecting collection and nonpayment to Accountant of the sum of $3.56. I do not believe that Villeneuve is in a position to pay, though I see he is in town, and I understand his friends in Montreal have declined to do so.

I am, Sir, your obedient servant,

The Queen's Printer. H. J. BRONSKILL.

DEPT. OF PRINTING AND STATIONERY, OTTAWA, July 18, 1891.

SIR,—This amount of $3.56 is composed of two accounts for speeches as under: A. McNeil, M.P., $1.56, and J. A. Barron, M.P., $2. The amounts were collected by T. Villeneuve, then in Government employ. He neglected to pay them in, alleging that both the gentlemen would settle later on. As this sometimes happened at that time, no particular notice was taken of the matter, but on rendering the accounts for all outstandings after the Session it was found these two amounts had already been paid to Villeneuve. In the meantime Villeneuve had left the service and several attempts have since been made to collect from him without success. The money was returned as received, because it had, as stated, been collected by an officer of this office, and in order that the amounts should not appear as still owing in the Auditor General's report.

I am, Sir, your obedient servant,

Superintendent of Stationery, A. LAROCHELLE.

AUDIT OFFICE, OTTAWA, Sept. 9, 1891.

DEAR SIR,—Referring to the returns of revenue on account of the "Canada Gazette" for the fiscal year ended June 30 last, I find that the amount that came to account for subscriptions was only $130.78, compared with $494.33 during the previous year. Such a large reduction calls for some explanation. The counterfoil of each receipt for payment of a subscription should specify the period covered, which should be entered on the return. I have to ask for statements of the accounts of booksellers and others to whom a discount was allowed.

I am, Sir, your obedient servant,

The Queen's Printer. J. L. McDOUGALL, *A.G.*

DEPT. OF PRINTING AND STATIONERY, OTTAWA, Sept. 9, 1891.

SIR,—I am in receipt of your letter of to-day's date respecting the difference in the returns of revenue on account of the subscriptions to the "Canada Gazette" between the years ending June 30, 1890, and June 30, 1891. In reply I beg to say that by a mistake of the clerk in charge, the accounts for subscription to the "Canada Gazette" for 1890-91 were sent early in June, 1890, and paid in advance by more than half of the subscribers before the end of the fiscal year 1889-90. The payments therefor were credited to the latter year, although properly belonging to the following one, which now suffers in its total showing accordingly. There are about seventy-eight subscribers at $4 each; and adding the two years together you get $624, approximately the amount.

I am, Sir, your obedient servant,

The Auditor General. B. CHAMBERLIN, *Q. P.*

AUDIT OFFICE, OTTAWA, Dec. 15, 1891.

SIR,—The proceeds from sales of waste pater for 1890-91 amounted to $520.64. I have to ask for a statement of the sales that go to make up that sum; also a statement showing the Departments or other sources from which you received the waste paper.

I am, Sir, your obedient servant,

The Queen's Printer. J. L. McDOUGALL, *A.G.*

DEPT. OF PRINTING AND STATIONERY, OTTAWA, Dec. 17, 1891.

SIR,—In reply to your communication of Dec. 15, I beg to say that the sales of waste paper are carried on under a contract which will expire in Dec., 1892. An employé of the contractor goes round day by day and collects from the various Departments the waste paper which he finds there. One of the clerks from the Printing Bureau goes with him and sees that the paper is weighed. The paper so collected is paid for without distinguishing what comes from one Department or what comes from another. All I can therefore give you is the weight and the amount realized. The contractor pays once a month, and the amount so realized is deposited in the Bank of Montreal to the credit of the Receiver General. I notice that the figures which you give are not exactly the same as appear on the records of this Department, and I append herewith a statement of the amounts realized from the sale of the waste paper for which we hold deposit receipts from the Bank of Montreal.

I am, Sir, your obedient servant,

The Auditor General. S. E. DAWSON, *Q. P.*

AUDIT OFFICE, OTTAWA, Dec. 18, 1891.

SIR,—I am in receipt of your letter of yesterday in reference to sales of waste paper. As you cannot state the quantity collected at each Department, I have to ask for a list of the Departments and offices at which collections are made each day. I would also like to have a statement similar to that furnished last year, showing the quantities sold at the different prices.

The difference between your figures and those of this office has arisen from certain deposits, made subsequent to June 30, having been carried to account of 1891–92, they not having been marked as for 1890–91. As all the deposit receipts are now forwarded through the Accountant of the Printing Bureau, I presume there will be no further difficulty on that point.

I am, Sir, your obedient servant,

The Queen's Printer. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 23, 1891.

SIR,—It is provided in the rules and regulations governing the collection and accounting for the revenue, that a daily deposit must be made if the collections amount to $25, otherwise whenever that amount is on hand. It is important that this rule should be strictly enforced. If it be, the receipts in acquittance of the June returns should be to hand early in July, and should be credited to the fiscal year 1890-91. If this arrangement were carried out the sum of the agents' collections from 1st July in one year to the 30th June of the next would appear as the revenue of the year. It would also greatly facilitate the auditing and publishing of these accounts.

I have to ask your attention to this matter.

I am, Sir, your obedient servant,

The Deputy Supt. General of Indian Affairs. J. L. McDOUGALL, *A.G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, June 8, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 23rd ultimo, requesting that the rules and regulations governing the collection and accounting for revenue by agents of this Department may be strictly enforced; and in reply, I beg to inform you that many of the agents in outlying districts are located far from the banks, and their postal facilities are such that they cannot make daily deposits of their collections. It is, however, a rule of this Department that agents must not hold moneys in their possession any longer than is absolutely necessary.

I had intended to give effect to your suggestions with regard to the receipts in acquittance of the June returns being on hand early in July, so that they may be credited to the fiscal year 1890-91; and this will be done.

Your obedient servant,

L. VANKOUGHNET, *D.S.G.*

AUDIT OFFICE, OTTAWA, June 17, 1891.

SIR,—With reference to the books of receipt forms in connection with the Indian Fund Revenue I have to ask your consideration of the following observations:—

1. These books have been issued without regard to their number. They should be issued in consecutive order.

2. The letter of advice to this office should in all cases specify the series as well as the number of the book issued.

3. Books have been issued to the following agents by whom few if any collections are made. It is worthy of consideration whether it would not be advisable to recall these Books. The agent could remit direct to the Department immediately a collection was made and a receipt be issued therefrom.

John Beattie	C 3001–3200	D 1101–1200
E. Bennett		D 2601–2700
A. B. Cowan	C 2401–2600	D 801– 900
J. W. Jermyn		D 1201–1300
A. English		D 1701–1800
James Allen		D 2101–2200
H. H. Thompson		D 2301–2400
A. McKelvey		D 2501–2600
D. J. McPhee		D 2401–2500

4. According to your advice letters, Books of Receipts B 2001–2200 and D 2701–2800 were issued to Agent Chas. Sargeant in May, 1888, and D 3601–3700 in March last. I do not find that any returns of Mr. Sargeant's collections for 1889-90 reached this office, though deposits amounting to $1,081.90 came to account. The returns for the current year to the end of April last have been received, and there are only four

items in the 10 returns. I have now to ask how Mr. Sargeant accounted for the first books of receipt forms sent him.

I am, Sir, your obedient servant,

The Deputy Supt. General of Indian Affairs. J. L. McDOUGALL, *A.G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, June 20, 1891.

SIR,—I have the honour to inform you that in view of the fact that the agents of this Department, mentioned in the list herewith, make little or no revenue colleetions, it is proposed to withdraw from them the books of receipt forms sent to them. They have therefore been requested to return the books in question; and they have also been informed that on and after the 1st proximo it will not be necessary for them to forward copies of their cash statements.

I am, Sir, your obedient servant,

The Auditor General. R. SINCLAIR, *for D. S. G.*

Agents from whom it is proposed to withdraw Receipt Books.

A. B. Cowan, Indian Lands Agent, Gananoque, Ont.; John Beattie, Indian agent, Highgate, Ont.; J. W. Jermyn, Indian agent, Cape Croker, Ont.; James Allen, Chippawa Hill, Ont.; A. English, Sarnia, Ont.; H. H. Thompson, Penetanguishene, Ont.; D. J. McPhee, Atherley, Ont.; A. McKelvey, Wallaceburgh, Ont.; E. Bennett, Castile, Ont.; A. O. Bastien, Jeune Lorette, Que.; L. F. Boucher, Indian Superintendent, Betsiamits, Que.; Charles Sargeant, Chatham, N.B.; P. E. Robillard, Indian agent, Pierreville, Que.

DEPT. OF INDIAN AFFAIRS, OTTAWA, July 3, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 17th ultimo, making certain observations with reference to the books of receipt forms in connection with the Indian Fund Revenue; and in reply I have to inform you:—

1. That the books of receipt forms first issued were sent out without regard to their numbers but recent issues have been, and future issues will be made, in consecutive order.

2. That in the letter of advice to you the series, as well as the number of the book issued has been stated recently, and care will be taken that this is always done in future.

3. That your suggestion with regard to the books issued to agents who make few, if any, collections being recalled, has been anticipated; and the agents whose names are mentioned in the list which accompanied my letter of the 20th ultimo, have been instructed to return their books to the Department. Receipts for any collections made by them will be issued by the Department.

4. With regard to your enquiry as to Mr. Superintendent Sargeant's collections and receipts, the same will be answered as soon as his receipt books are received, he being one of the officers instructed to return them to the Department.

I am, Sir, your obedient servant,

The Auditor General. L. VANKOUGHNET, *D. S. G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, Nov. 20, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 19th ultimo; and in compliance with the request made therein, I enclose herewith a statement showing in detail the arrears due on June 30, last, and remaining unpaid on September 30, by two former agents of this Department, viz.: C. B. Savage, $3,542.11, and A. P. LeBel, $638.78.

I am, Sir, your obedient servant,

The Auditor General. L. VANKOUGHNET, *D.S.G.*

AUDIT OFFICE, OTTAWA, Nov. 21, 1891.

SIR,—The statements and vouchers covering fees and charges on Private Bills, Session 1891, was received on the 9th inst. I have again to call your attention to previous correspondence in reference to these fees. The statement furnished does not give the date of payment, name of payer, nor the number of the Bill.

The counterfoils of the receipts issued have not been furnished.

In the correspondence last year I pointed out the disproportion between the charge for advertising in the Manitoba Gazette, and the charge in the other Provincial Gazettes. I find the same disproportion still exists. The Queen's Printer in his letter of July 9, 1890, published in Audit Report, 1890, page E—139, indicates that the matter rests with the official giving the order.

No voucher nor cheque has been furnished for the charge *re* Montreal Bridge Co.'s. Bill for $103.60.

I have again to point out the irregularity of the payment from revenue of $200 to Mr. E. P. Hartney.

The items: Printing Committee for printing Bills, $833.39; Queen's Printer for printing Acts, $277.05, were included in the bank deposit receipt to close the account, which read on account of "Private Bills fees" and consequently the whole amount of $13,617.36 was entered to the credit of Casual Revenue. Your application is needed to make the necessary transfer.

I would beg again to refer to the question of complying with the requirements of the Statute, and the Minute of the Treasury Board, in regard to the deposit of these fees to the credit of the Receiver General as collected. I do not consider that this practice would be an inconvenience in carrying on the necessary transactions during the Session, as any payments necessary can be made by means of your letter of credit account. If you cannot see your way to carry out these regulations I would suggest that you should lay the matter before the Treasury Board.

Please send me the bank account connected with these fees.

I am, Sir, your obedient servant,

The Clerk, House of Commons. J. L. McDOUGALL, *A. G.*

HOUSE OF COMMONS, OTTAWA, Nov. 28, 1891.

SIR,—I have your letter of November 21 referring to the Private Bill fees, in my opinion the correspondence on this subject, printed in your report for 1888–89, on pages G. 121 and 122, and for 1889–90 on pages E. 137, 138 and 139 fully covers the points you direct my attention to in your present communication, except as respects the charge *re* Montreal Bridge Co.'s Bill, $103.60; in this case a cheque for $100, received from the promoters was protested by the bank for non-payment on presentation and charged back against the Private Bill fee account, the amount and costs of protest ($3.60) was shortly afterwards, no progress being made in the meantime with the Bill, received from the promoters and immediately deposited, and the protested cheque, of course, handed back to the promoters, which explains the abscence of a cheque or voucher in this case.

The numbers of the bills were not given, as was always formerly done, as the desire was to make the statement conform with the one printed in your report in which you will observe the numbers are omitted.

The deposit of the balance to the credit of the Receiver General was made in three separate sums as shown by the cheques; it was the bank's mistake in sending but one receipt. I would suggest the amount being printed in your report in the Casual Revenue Statement thus:—

Private Bill fee H. of C.	
Cheque No. 33, H. of C. bal. dep	$12,506 92
do 34, Queen's Printer, for printing Private Acts	277 05
do 35, Printing Committee for printing Private Bills	833 39
	$13,617 36

I am, Sir, your obedient servant,

The Auditor General. JNO. GEO. BOURINOT,
Clerk of Commons.

AUDIT OFFICE, OTTAWA, Dec. 1, 1891.

SIR,—I have received your letter of the 28th ult., in reply to mine of the 21st., in reference to fees on private Bills.

I quite agree with you that the correspondence in the Audit Reports of 1888–89 and 1889–90 covers several of the points raised in my letter ; but I beg to submit that, notwithstanding the correspondence referred to, the questions at issue remain as they were. Let me recapitulate :

1. In my letter of July 24, 1889, I asked for a detailed statement of the fees collected, giving date of payment, number and title of Bill, the name of the payer and the amount paid. In your reply, dated Aug. 29 following, you stated that the proper officer had been directed to give such information as would enable me to make a proper audit. The statement lately furnished did not give this information, and the counterfoils of the receipts issued have not been forwarded.

2. When the charge of the "Manitoba Gazette" was submitted to the Queen's Printer last year, he intimated that he had no recourse (as he did not give the order, and had no opportunity of limiting it) but to pass the accounts, if in accordance with the advertised rates. His letter is published in the Audit Report of 1889–90, page E—139. As the same disproportion between the charges of this and the other Gazettes, even allowing for the printing in two languages, still exists, I felt it my duty to again refer to it.

3. The exception taken to the payment of $200 to Mr. E. P. Hartney is that it should not be paid out of these fees. Sec. 27, chap. 29, Revised Statutes, provides that the gross revenues collected by all officers or others charged with the receipt of public moneys shall be deposited to the credit of the Receiver General ; and sec. 48 of the same Act directs that the Auditor General shall call attention to every case in which money received by a Department from other sources than the grants for the year to which the account relates has not been applied or accounted for according to the directions of Parliament. Though I have called attention to this matter several times, the payment is still made out of these fees.

4. By reference to the previous correspondence concerning the deposit of these fees to the credit of the Receiver General as collected, to comply with the Act and the Minute of the Treasury Board, it will be seen that the question was not disposed of. In your letter of Nov. 22, 1889, you stated that you were considering the matter with a view to meet the inconvenience that must ensue should it be necessary to carry out what I indicated. In reply to that letter I stated that I should be glad to discuss the matter with you, to see if I could not assist in removing the inconvenience you anticipated. In my letter of June 11, 1890, I again referred to this point, but no change has yet been made, the fees being retained till the close of the session and deposited in a lump sum.

Hence I felt constrained to again refer to the matter in my letter of the 21st ult., and suggested that if you could not see your way to carry out the regulations suggested, that you should lay the matter before the Treasury Board.

I have to ask your further consideration of these questions.

I am, Sir, your obedient servant,

The Clerk of the House of Commons. J. L. McDOUGALL, *A.G.*

HOUSE OF COMMONS, OTTAWA, Dec. 9, 1891.

SIR,—I have your letter of the 1st instant in reference to fees on Private Bills, in which you state that notwithstanding the correspondence on this subject printed in your Reports of 1888-89 and 1889-90, the questions at issue remain as they were,

You have evidently forgotten that after your letter of July 24, 1889, was received Mr. E. P. Hartney, who has charge of collecting these fees, saw you personally and discussed the whole matter, and you expressed yourself as satisfied with the statement then furnished you showing the amount of fees collected on each Bill and the disposition of the same; the statements sent you each year since have been in exactly the same form except that the numbers of the Bills were this year omitted as you never published them. The counterfoils of the receipts, the date of payment and the name of the payer have never been furnished you—a statement showing the amount and date of each payment and the name of the payer can be prepared, if you wish, but the original books can hardly be taken out of the office; they are, however, open at all times to any official you choose to send over to inspect them.

With regard to advertising—Rule 50 requires the Clerk of the House to publish the substance of certain Private Bill Rules in the official Gazette of each of the provinces, and for that publication we pay the rate advertized in each Gazette and no more, and do not pay that until the Queen's Printer first audits the account. It is quite true that the charge for advertizing in the "Manitoba Gazette" is higher than in the Gazettes of the other provinces, but the rule is absolute and their price is clearly advertized; the advertisement sent to each of the Gazettes is exactly the same and is published for the same length of time in each paper. You might on the same principle object to advertisements in the other Gazettes being paid for because the rates charged are not all alike.

With regard to the payment of $200 to Mr. E. P. Hartney and the deposit of these fees direct to the credit of the Receiver General, you quote section 27 of chapter 29 of the Revised Statutes. I think you should read sections 27 and 28 of that Act together and then turn to section 2 of the same Act for the interpretation of the expressions "public moneys," "public revenue," and "revenue," which will, I consider, convince you that sections 27 and 28 cannot be interpreted to include these fees; you may possibly contend that the words "or any other source whatsoever" in section 2 will cover, in which case I would point out to you that the rule of interpretation as laid down in the numerous works on the construction and effect of statutory law will not support such a contention, but, in fact, are directly opposed to such. To assist you in looking up the point I might refer you to Hardcastle on the rules which govern the construction and effect of statutory law, in which he says, on page 83: "This rule of law was enunciated by Lord Campbell in R. *vs.* Edmunson, 28 L. J. M. C., 215. 'I accede,' said he 'to the principle laid down in all the cases which have been cited, that, where there are general words following particular and specific words, the general words must be confined to things of the same kind as those specified.'" This rule of interpretation would clearly exempt these fees from the operation of sections 27 and 28 of chapter 29 of the Revised Statutes, and further, I may say these fees are not an appropriation account, neither are they revenue authorized to be collected by statute; they are simply fees collected under an order of the House and their disposition is clearly under the jurisdiction of the House and of the House only, and therefore I cannot adopt your suggestion and bring this matter before the Treasury Board.

Section 48 of the same Act has not been violated in paying the $200 to Mr. E. P. Hartney, because these fees are collected and applied as directed by the House of Commons, one of the Branches of Parliament, through the Commission on Internal Economy, which acts for the House in all matters pertaining to the conduct of its affairs. In 1887 the Honourable Mr. Kirkpatrick, the Speaker and Chairman of the Board, directed how these fees were to be collected and what disposition was to be made of them, and also authorized this payment (for the text of his letter see page G. 121 of your report for 1888-89).

For your information I may mention that these fees have always been paid into a special account in the Bank of Montreal, known as the Private Bill fee account and to

the credit of the Accountant of the House, and can only be withdrawn by him. The moneys collected are not even held until $25 is in hand, but are usually banked the day they are received, no matter how small the sum is.

The desire has been to meet your views in relation to these fees as far as possible and such has been done so long as the privileges and immunities of the House are not infringed, as would be the case were these fees deposited direct to the credit of the Receiver General as you desire, which therefore cannot be done, except by an express order of the House or the Commissioners on the Enternal Economy of the House ; but I shall at the earliest opportunity call the attention of the Commissioners to the subject and endeavour to arrange matters, as I am desirous of meeting your wishes as far as consistent with the privileges and convenience of the House.

I am, Sir, your obedient servant,

JOHN GEO. BOURINOT,

Clerk of the Commons.

THE SENATE, OTTAWA, Nov. 23, 1891.

SIR,—I have the honour to transmit herewith a statement of cash received from various sources during the fiscal year ended June 30 last. Also the receipt book.

I am, Sir, your obedient servant,

The Auditor General. EDOUARD J. LANGEVIN, *Clerk of the Senate.*

AUDIT OFFICE, OTTAWA, Dec. 3, 1891.

SIR,—I am returning herewith the book of receipt forms received with your letter of the 23rd ultimo.

I may state that deposits of $418.90 and $400 came to account on the 3rd and 10th of July last, and were credited to the revenue of 1890-91. The item of $7.20 refund. to the Manitoba and Assiniboia Grand Junction Railway Co., though entered on your letter of credit statement, was not included in the total and consequently was not repaid to the bank; and the item of $103.30 payment to Holland Bros., having been classified on your appropriation statement against expenditure, has been so treated.

The revenue for last year as shown by the books of this office is $1,837.10.

I am, Sir, your obedient servant,

The Clerk of the Senate. J. L. McDOUGALL, *A.G.*
